Arizona Department of Mines and Mineral Resources Mining Collection

ACCESS STATEMENT

These digitized collections are accessible for purposes of education and research. We have indicated what we know about copyright and rights of privacy, publicity, or trademark. Due to the nature of archival collections, we are not always able to identify this information. We are eager to hear from any rights owners, so that we may obtain accurate information. Upon request, we will remove material from public view while we address a rights issue.

CONSTRAINTS STATEMENT

The Arizona Geological Survey does not claim to control all rights for all materials in its collection. These rights include, but are not limited to: copyright, privacy rights, and cultural protection rights. The User hereby assumes all responsibility for obtaining any rights to use the material in excess of "fair use."

The Survey makes no intellectual property claims to the products created by individual authors in the manuscript collections, except when the author deeded those rights to the Survey or when those authors were employed by the State of Arizona and created intellectual products as a function of their official duties. The Survey does maintain property rights to the physical and digital representations of the works.

QUALITY STATEMENT

The Arizona Geological Survey is not responsible for the accuracy of the records, information, or opinions that may be contained in the files. The Survey collects, catalogs, and archives data on mineral properties regardless of its views of the veracity or accuracy of those data.

Kingman, Ariz. 86401

Dear Sir,

Thank you for your letter. I am sending you a flyer for your club use. Also here are a few more details you will be interested in. The mine is located in a remote area thats hard to get to. You ~~will~~ will need four-wheel drive or at least four- speed vehicles to reach it. There is an area about 2 miles from the mine where campers can park. If you have no transportation on up to the mine I am sure we can arrange some kind of transport for you. Now for fees---We are giving a rate of \$10.00 per person per day for groups of 20 or more people. If less than 20 but more than 10 the fee is \$15.00. From 3 to 10 the fee is \$ 20.00 per person.

If your club decides to come let us know in advance so we can schedule you and also tell you Where and at What Time to meet. Bring your own water and digging tools.

The mine is only 6 miles from Oatman, Ariz. an old ghost town. They have old-time entertainment on Sunday afternoon, plus many small shops and swap-meet tables. Its fun to visit and I am sure you will all enjoy it.

There is a K.O.A camp ground here, with pool and store.

Yours sincerely,

Leslie Lander

ACREE FIRE AGATE (file)

ARIZONA DEPARTMENT OF MINES AND MINERAL RESOURCES

VERBAL INFORMATION SUMMARY

1. Information from: Ed Huskinson (c)

Company:

Address: 845 Ridgecrest, Kingman, AZ 86401

2. Phone: 757-5828

3. Mine: ACREE FIRE AGATE

4. ADMMR Mine File: Same

5. County: Mohave

6. Summary of information received, comments, etc.:

This mine is the location Tom Dodge, Ed Huskinson and others have been intermittantly producing fire agate from during the last few years. Production has been hampered by the Mount Nutt WSA which restricts access to foot and mining to hand methods.
