Dear Adalaide:-

I was a long time in getting the information I wanted about the Union Grand copper property but finally succeeded. The information is not very much in detail but may assist you in getting some one interested in the property.

I have always thought the Union Grand would develop in a very large copper mine if properly financed and developed.

I will be glad to write any one about the property if they wish to ask me any questions about it.

Yours truly,

Ow Mitchell
