The following file is part of the Grover Heinrichs Mining Collection

ACCESS STATEMENT

These digitized collections are accessible for purposes of education and research. We have indicated what we know about copyright and rights of privacy, publicity, or trademark. Due to the nature of archival collections, we are not always able to identify this information. We are eager to hear from any rights owners, so that we may obtain accurate information. Upon request, we will remove material from public view while we address a rights issue.

CONSTRAINTS STATEMENT

The Arizona Geological Survey does not claim to control all rights for all materials in its collection. These rights include, but are not limited to: copyright, privacy rights, and cultural protection rights. The User hereby assumes all responsibility for obtaining any rights to use the material in excess of "fair use."

The Survey makes no intellectual property claims to the products created by individual authors in the manuscript collections, except when the author deeded those rights to the Survey or when those authors were employed by the State of Arizona and created intellectual products as a function of their official duties. The Survey does maintain property rights to the physical and digital representations of the works.

QUALITY STATEMENT

The Arizona Geological Survey is not responsible for the accuracy of the records, information, or opinions that may be contained in the files. The Survey collects, catalogs, and archives data on mineral properties regardless of its views of the veracity or accuracy of those data.

July 22, 1970

TO: H. Lanier

FROM: E. G. Heinrichs

Copper Coin

E.G.H. phoned Guy Anderson July 13, 1970. Guy said the Copper Coin people backed out of a deal with him and so he is not interested in the Copper Coin anymore.

Greenback

The Greenback is still tied up in litigation. Guy Anderson suggested Essex paying off the third party. I countered to say that we do not at the moment have any idea of the value of the property. We are at the moment trying to develop some info.

We plan to send a man to the field for two or three days to develop a feel for the property, and also search the files and contact Harold Ferrin, former president of Pinal Copper Co., who reportedly has much data on the property.

I know Ferrin personally and, confidentially, I suspect that most of his information will not contribute much but we should make an effort to evaluate the data, nevertheless.
