ACCESS STATEMENT

These digitized collections are accessible for purposes of education and research. We have indicated what we know about copyright and rights of privacy, publicity, or trademark. Due to the nature of archival collections, we are not always able to identify this information. We are eager to hear from any rights owners, so that we may obtain accurate information. Upon request, we will remove material from public view while we address a rights issue.

CONSTRAINTS STATEMENT

The Arizona Geological Survey does not claim to control all rights for all materials in its collection. These rights include, but are not limited to: copyright, privacy rights, and cultural protection rights. The User hereby assumes all responsibility for obtaining any rights to use the material in excess of "fair use."

The Survey makes no intellectual property claims to the products created by individual authors in the manuscript collections, except when the author deeded those rights to the Survey or when those authors were employed by the State of Arizona and created intellectual products as a function of their official duties. The Survey does maintain property rights to the physical and digital representations of the works.

QUALITY STATEMENT

The Arizona Geological Survey is not responsible for the accuracy of the records, information, or opinions that may be contained in the files. The Survey collects, catalogs, and archives data on mineral properties regardless of its views of the veracity or accuracy of those data.

Field interview. Mr. George Audish re: his Calif. Gulch Property (Big Apache).
GWI WR 1/18/72

Field interview. Mr. George Audish, owner of the Big Apache mine that he has leased to Archie Pitts and Emet Kolk. They have continued the assessment work. He also reports that he has located the engine driven pump that he had in California Gulch. GWI WR 7/12/72

The Big Apache mine was supposed to be opened but apparently only assessment work being done. GWI AR 73-74

Field interview - George Audish to see if there were any reports of activity in the Calif. Gulch at his property. He said none, but that Charlie Lemons had dropped in to report that he had recovered a power pump that had been stolen from the Audish property. GWI WR 12/2/75
