## **ACCESS STATEMENT**

These digitized collections are accessible for purposes of education and research. We have indicated what we know about copyright and rights of privacy, publicity, or trademark. Due to the nature of archival collections, we are not always able to identify this information. We are eager to hear from any rights owners, so that we may obtain accurate information. Upon request, we will remove material from public view while we address a rights issue.

## **CONSTRAINTS STATEMENT**

The Arizona Geological Survey does not claim to control all rights for all materials in its collection. These rights include, but are not limited to: copyright, privacy rights, and cultural protection rights. The User hereby assumes all responsibility for obtaining any rights to use the material in excess of "fair use."

The Survey makes no intellectual property claims to the products created by individual authors in the manuscript collections, except when the author deeded those rights to the Survey or when those authors were employed by the State of Arizona and created intellectual products as a function of their official duties. The Survey does maintain property rights to the physical and digital representations of the works.

## **QUALITY STATEMENT**

The Arizona Geological Survey is not responsible for the accuracy of the records, information, or opinions that may be contained in the files. The Survey collects, catalogs, and archives data on mineral properties regardless of its views of the veracity or accuracy of those data.

SUMMARY

Chuck Smith reported he has been hired by an undisclosed client to obtain permits for a cyanide leaching operation at the B & F Millsite. According to him the location should be grandfathered for a cyanide operation. It was explained that it was very unlikely that a pilot cyanide operation in the mid 1980's would automatically allow for a new operation. He was sent a copy of our Pertinent Data ... circular and referred to the Kingman BLM office.

B & F Mining Co., Inc.  
P.O. Box 326  
Kingman, Arizona 86402

Gentlemen:

Patent No. 02-88-0006 was issued November 5, 1987, for a millsite known as the B & F MILLSITE No. 1 in the Peacock Mining District, Mohave County, Arizona, to B & F MINING CO., INC.

The patent application Serial Number is A 22564. The land included in the patent is described as Sec. 30, N $\frac{1}{2}$ NE $\frac{1}{4}$ NE $\frac{1}{4}$ NW $\frac{1}{4}$ , T. 23 N., R. 13 W., GSR Mer., Arizona, comprising 5.00 acres.

It is the responsibility of the patentee to record the patent in the County Recorder's Office, Mohave County, located in Kingman, Arizona. Taxes assessed against this property will be payable to that County Treasurer.

Sincerely,

John T. Mezes  
Chief, Branch of Lands and  
Minerals Operations
