Mr. George M. Evans,

Baton Rouge, Louisiana.

Dear Mr. Evans:

I have your letter of September 9. Mr. Zaret still is working out of Phoenix and visiting many manganese properties; in fact, he is looking over the field very carefully.

We would indeed be glad to have you list your Bahoquivari property with us. We have quite a number of people who are coming into the office to look over the descriptions of manganese properties listed. I am enclosing a blank form for you to fill out.

I think it would be very valuable if we could have a copy of the Government data with this report.

Hoping to hear from you, I am

Yours very truly,

CHARLES F. WILLIS, Chairman

Dear Mr. Willis:-

Your letter of Sept. 3 received in regards to J. C. Meyers Co. El Paso I wrote to Mr. Zaret and informed him who to contact in Tucson during my absence. I expect to return to Tucson in the near future or not later than Oct. 1. I have another manganese property to list with you. it is in the Baboquivari District, it contains 4 claims. Manganese the Government engineers have looked this property over and approved it. It is U.S. Bureau of Mines Project No. 326. I rec'd a sample plan (Map) of this property from the U.S. Bureau of Mines a few days ago, and am forwarding it to Tucson for Mr.

Zaret inspection. As soon as I return
to Arizona I will contact you and give
you the Government's data on these Claims.

Thanking you very much for
your interest in our Mining projects.

Yours truly,

Geo. M. Evans.
