ACCESS STATEMENT

These digitized collections are accessible for purposes of education and research. We have indicated what we know about copyright and rights of privacy, publicity, or trademark. Due to the nature of archival collections, we are not always able to identify this information. We are eager to hear from any rights owners, so that we may obtain accurate information. Upon request, we will remove material from public view while we address a rights issue.

CONSTRAINTS STATEMENT

The Arizona Geological Survey does not claim to control all rights for all materials in its collection. These rights include, but are not limited to: copyright, privacy rights, and cultural protection rights. The User hereby assumes all responsibility for obtaining any rights to use the material in excess of "fair use."

The Survey makes no intellectual property claims to the products created by individual authors in the manuscript collections, except when the author deeded those rights to the Survey or when those authors were employed by the State of Arizona and created intellectual products as a function of their official duties. The Survey does maintain property rights to the physical and digital representations of the works.

QUALITY STATEMENT

The Arizona Geological Survey is not responsible for the accuracy of the records, information, or opinions that may be contained in the files. The Survey collects, catalogs, and archives data on mineral properties regardless of its views of the veracity or accuracy of those data.

BLACK HAWK GROUP

MB-68

May 3, 1941

GOLD-SILVER-COPPER AND LEAD -- 23 unpatented claims; Black Rock mining Dist., Yavapai Co.; Developed by 350 ft. shaft, 70 ft. shaft, various drifts and crosscuts; ore all the way down the 200 ft. shaft; 2% to 14% in copper and \$1 to \$14 in gold; road passable; water stands at 200 ft. in 350 ft. shaft; several parallel veins on the property; for sale, apply for terms.

OR

18 July 1941

Mr. G. R. Ramsay,
607 Sabine Street,
Houston, Texas.

My dear Mr. Ramsay:

With further reference to your request for information concerning gold mines in Arizona, I am enclosing herewith a copy of mine owners report covering the BLACK HAWK GROUP in the Black Rock Mining District, Yavapai County, Arizona, owned by Mr. L. N. Lenson, 32 South Central Avenue, Phoenix, Arizona.

Mr. Lenson has requested that I send this report to you, and I should suggest that you communicate directly with him for further information

Yours very truly,

Charles F. Willis,
Chairman, Board of Governors

CFW-jrf

Geology & Mineralization Main vein 200 ft. wide, shows 1/2 yth of 4 claims. Foot wall muscovite mica, other wall granite. There is a fissure 90 ft. on foot wall side (south) at 75 ft. it took dip, drifted 28 ft. easterly. Crosscut 40 ft. Ore ran \$7 gold (old price). Sunk shaft 20 ft., crosscut 40 ft. and ore showed same as above. Some granitic rock with hematite all through it. This is on a ridge or hill. There is a 70 ft. shaft in ore all the way down, gold-silver. Copper-lead. Runs from 2% to 14% copper and from \$1 to \$14 in gold. This shaft is in a gulch - 45 ft. of drift at bottom of shaft.

Ore: Positive & Probable, Ore Dumps, Tailings - About 200 tons of ore in 2 dumps. The vein is a fissure vein.

Dimensions and Value of Ore body

Mine, Mill Equipment & Flow-Sheet - None

Road Conditions, Route - Not very good at present but passable, due to rains. Cross bridge at Wickenburg, turn north on Monte Cristo Road - 9 miles to Abe Lincoln road, over Morgan Hill. The property lies between top of hill and Groom mine, which can be seen to the north from flat. Take left hand road at flat to property.

Water Supply

Brief History

Special Problems, Reports Filed

Remarks

If property for sale: Price, terms and address to negotiate - Property for sale. See owner J. N. Lenson, 32 S. Central Ave, Room 311, Phoenix, Arizona. Purchaser to examine property and make offer.

SIGNED - J. N. Lenson.

MINE OWNER'S REPORT

Formerly known as Burns Property
BURNS
Hawk Group

Date

- 1. Mine *Black Hawk Group*
- 2. Location *1923 - 15 miles N (NE) from Wickenburg - near Groom Mine*
- 3. Mining District & County *Black Rock, Yavapai Co*
- 4. Former name
- 5. Owner *J. N. Lenson*
- 6. Address (Owner) *J. N. Lenson 328 Ave - PHOENIX*
- 7. Operator
- 8. Address (Operator)
- 9. President, Owning Co.
- 9A. President, Operating Co.
- 10. Gen. Mgr.
- 14. Principal Minerals *Gold Silver copper lead*
- 11. Mine Supt.
- 15. Production Rate
- 12. Mill Supt.
- 16. Mill: Type & Cap.
- 13. Men Employed
- 17. Power: Amt. & Type
- 18. Operations: Present

- 19. Operations: Planned *put mill on 200 ft vein or clean out 350 ft shaft*
- 20. Number Claims, Title, etc. *23 @ Title Sheriff Deed.*

21. Description: Topography & Geography *I don't no the Elevation But the Morgan Hill is one of the highest around there and the 350 ft shaft is not far from top rugged hills 2 canyons near on the ground River. Northwesterly bounds westerly empty in Hasian River. the 350 shaft may be 400 ft. Higher than 70 ft shaft which is one of those gulches near lower end of Property.*

22. Mine Workings: Amt. & Condition *Morgan shaft about 200 feet to the water 70 shaft 25 ft to water 95 ft shaft 85 feet to water the Morgan shaft is a cross vein running nearly East & West it is gold just trace of copper; there are several veins Part the 200 foot vein gold and copper (over)*

I am not an Engineer but I will do the best I can

3. Geology & Mineralization The vein 900 ft wide and Shows length of 4 miles
a foot wall is muscovite the other side is granite
a fissure 90 on foot wall side being south side at 70 it took
drifted 28 ft easterly cross cut 40 ft ore ran 70 gold and silver

4. Ore: Positive & Probable, Ore Dumps, Tailings Junk shaft 50 feet cross cut 40 feet
and gravity Rock with hematite streaks all through it
is on a ridge or hill. There is 70 foot shaft it is in ore all
the way down gold silver there is copper lead there are both sulphides

34A. Dimensions and Value of Ore body runs a beam 2 feet at 14 per cent and from
one 100 to 14 dollars gold this shaft is
in a gutch 45 ft of work at bottom of shaft
I would say 200 tons of ore on the 2 dumps
The vein is a feeder

25. Mine, Mill Equipment & Flow-Sheet none

26. Road Conditions, Route not very good just now rains out thin up
and but passable we go to bridge at Wicksburg turn north
then a main road exists Road about 9 miles to sign say the
line take right hand follow to where the line goes to
the right we go to the left over Morgan Hill the property says
between the top and the Green mine which you can
see to the north when you get to a flat place take
left hand you are on ground there. See dump to west
on side Hill deep shaft on top of dump see tunnel
below dump and little south runs west 150 ft cross cut
over to shaft 68 ft. ore milled at Superior about 14%
milled at that time ran better than forty dollars
per ton

27. Water Supply
28. Brief History
29. Special Problems, Reports Filed none

30. Remarks

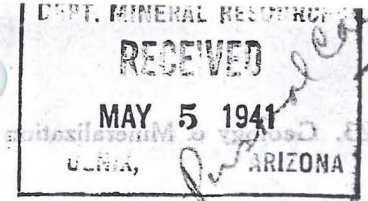

31. If property for sale: Price, terms and address to negotiate. Property for sale in Jensen
328 Center St Room 311, P would purchaser to see and
Examine Property and make offer

32. Signature J. N. Jensen

33. Use additional sheets if necessary.
