Mr. Thos. Sutcliffe
Box 5,
Cherry, Arizona.

Dear Mr. Sutcliffe:

I have your letter of July 14 relative to getting your mine into production.

I wish that some time when you can you would have a talk with A. G. Nebeker who is field engineer for your district and he can tell you what is the best thing to do. From the information you give me in the letter it looks as though you should make application for a development loan. However, it is difficult to judge this from a letter description.

Mr. Nebeker makes his headquarters with the Yavapai Associates in Prescott and can be reached there. He will be mighty glad to assist you.

Yours very truly,

CHARLES F. WILLIS, Chairman
Board of Governors
