Arizona Department of Mines and Mineral Resources Mining Collection

ACCESS STATEMENT

These digitized collections are accessible for purposes of education and research. We have indicated what we know about copyright and rights of privacy, publicity, or trademark. Due to the nature of archival collections, we are not always able to identify this information. We are eager to hear from any rights owners, so that we may obtain accurate information. Upon request, we will remove material from public view while we address a rights issue.

CONSTRAINTS STATEMENT

The Arizona Geological Survey does not claim to control all rights for all materials in its collection. These rights include, but are not limited to: copyright, privacy rights, and cultural protection rights. The User hereby assumes all responsibility for obtaining any rights to use the material in excess of "fair use."

The Survey makes no intellectual property claims to the products created by individual authors in the manuscript collections, except when the author deeded those rights to the Survey or when those authors were employed by the State of Arizona and created intellectual products as a function of their official duties. The Survey does maintain property rights to the physical and digital representations of the works.

QUALITY STATEMENT

The Arizona Geological Survey is not responsible for the accuracy of the records, information, or opinions that may be contained in the files. The Survey collects, catalogs, and archives data on mineral properties regardless of its views of the veracity or accuracy of those data.

BLM MOD SHEET # 425

SCOTCHMAN CLAIMS

YUMA COUNTY

Conference with P. A. Birdick (783-5012) 48 2nd Street, Yuma

Owner: P. A. Birdick

Property: 7 patented claims (Clemet E., Clemet W. , Ethel, Helen B., Teddy R. Scotchman and Big Swede)

Location: Adjoins the old Dutchman mine (famous for "secondary enriched" gold ore) on the northwest.

Work: This and some other ground (presumably on the Dutchman) was drilled 2 years ago, by the Simplot Co. Several holes were sunk that had good core results hampered by very heavy water flow. (Evidently they did not get satisfactory results, since they did not return).

2-8-67

Mr. Petrus (Pete) W. Fleming, consulting engineer (mining), 18588 Linnet St., Tarzana, Calif. 91356, came into office in reference to Barite Mines that he said he had an interest in. They are located in the Bouse district, particularly in Secs. 7 & 34, T7N, R17W. Said he has an option on the Scotchman, Little Butte, Teddy R, and others in that area. GBG WR 11-8-68

NJN WR 7/31/87: Russ Corn (card) has the claims that cover the Dutchamn (file), Scotchman (Bullion Mine Group) and Old Maid workings to the south of the Little Butte Mine (file) La Paz County and also the shallow alluvial cover to the west. This is the property position that US Boraz had and includes Tennecos old claims. Home-stake Mining Company (file) has picked up the Brindle Claims that cover the Little Butte proper. Russ Corn is interested in having these claims optioned.
