Arizona Department of Mines and Mineral Resources Mining Collection

## **ACCESS STATEMENT**

These digitized collections are accessible for purposes of education and research. We have indicated what we know about copyright and rights of privacy, publicity, or trademark. Due to the nature of archival collections, we are not always able to identify this information. We are eager to hear from any rights owners, so that we may obtain accurate information. Upon request, we will remove material from public view while we address a rights issue.

## **CONSTRAINTS STATEMENT**

The Arizona Geological Survey does not claim to control all rights for all materials in its collection. These rights include, but are not limited to: copyright, privacy rights, and cultural protection rights. The User hereby assumes all responsibility for obtaining any rights to use the material in excess of "fair use."

The Survey makes no intellectual property claims to the products created by individual authors in the manuscript collections, except when the author deeded those rights to the Survey or when those authors were employed by the State of Arizona and created intellectual products as a function of their official duties. The Survey does maintain property rights to the physical and digital representations of the works.

## **QUALITY STATEMENT**

The Arizona Geological Survey is not responsible for the accuracy of the records, information, or opinions that may be contained in the files. The Survey collects, catalogs, and archives data on mineral properties regardless of its views of the veracity or accuracy of those data.

DEPARTMENT OF MINERAL RESOURCES  
STATE OF ARIZONA  
MINE OWNERS REPORT

Date August 20, 1941

Mine Cactus Queen Mine

Location - 7 miles west of  
Morristown

Mining District & County -Vulture Dist.  
Maricopa Co.

Former Name

Owner - W. C. Yell ✓

Address - 805 S. Central  
Phoenix, Arizona

Operators - G. E. Hartin ✓

Address - 805 S. Central  
Phoenix, Arizona

H. A. Narvill ✓  
President, Owning Co.

President, Operating Co.

Gen. Mgr.

Principal Minerals - Fluorspar ✓

Mine Supt.

Production Rate - Can produce 200  
tons per week

Mill Supt.

Mill: Type & Cap.- None

Men Employed

Power: Amt. & Type

Operations: Present

Operations: Planned - Development to 50 ft. and start shipping to  
Continental Ore Corp. of New York.

Number Claims, Title, etc. - 2 claims. More available.

Description: Topography & Geography - 7 miles west of Morristown  
Fair roads, but county will assist in  
repairing.

Mine Workings: Amt. & Condition - Incline shaft 16 ft. deep. 45 per cent.

Geology & Mineralization - Apparently grano diorite foot wall  
Granite hanging wall

Ore: Positive & Probable, Ore Dumps, Tailings - No dumps. Vein shows 5 ft. wide  
at 16 ft. thick. It will widen out with  
with depth.

Dimensions and Value of Ore body - Outcropping about 400 ft. long.  
Assay of ore 85 per cent. \$10 to \$11 per ton  
f.o.b. Morristown.

Mine, Mill Equipment & Flow Sheet - Have all equipment necessary for mining.

Road Conditions, Route - Fair roads.

Water Supply - Water must be hauled.

Brief History - Do not know the history

Special Problems, Reports Filed - None

Remarks

If property for sale: Price, terms and address to negotiate - Property not for sale.  
Finances wanted to develop and ship 100 tons per  
week. Net profit \$3 to \$4 per ton.

SIGNED - G. E. Hartin
