Arizona Department of Mines and Mineral Resources Mining Collection

ACCESS STATEMENT

These digitized collections are accessible for purposes of education and research. We have indicated what we know about copyright and rights of privacy, publicity, or trademark. Due to the nature of archival collections, we are not always able to identify this information. We are eager to hear from any rights owners, so that we may obtain accurate information. Upon request, we will remove material from public view while we address a rights issue.

CONSTRAINTS STATEMENT

The Arizona Geological Survey does not claim to control all rights for all materials in its collection. These rights include, but are not limited to: copyright, privacy rights, and cultural protection rights. The User hereby assumes all responsibility for obtaining any rights to use the material in excess of "fair use."

The Survey makes no intellectual property claims to the products created by individual authors in the manuscript collections, except when the author deeded those rights to the Survey or when those authors were employed by the State of Arizona and created intellectual products as a function of their official duties. The Survey does maintain property rights to the physical and digital representations of the works.

QUALITY STATEMENT

The Arizona Geological Survey is not responsible for the accuracy of the records, information, or opinions that may be contained in the files. The Survey collects, catalogs, and archives data on mineral properties regardless of its views of the veracity or accuracy of those data.

ADMMR CINDER HILL QUARRY FILE

ARIZONA DEPARTMENT OF MINES AND MINERAL RESOURCES

VERBAL INFORMATION SUMMARY

1. Mine file: CINDER HILL QUARRY
2. Mine name if different from above:
3. County: Cochise
4. Information from: Mr. Krentz

Company: Krentz Ranch

Address: Portal, AZ 85632

Phone: 558-2359

5. Summary of information received, comments, etc.:

Mr. Krentz reported that he had been contacted by the James Stewart company to lease a cinder deposit on the Krentz Ranch (believed to be Cinder Hill Quarry). Mr. Krentz was concerned their interests were to promote a precious-metals-contained-in-cinders scam. Cinders have been mined in the past on the property to produce cinder block but he currently has little desire to lease the property.

Date: November 29, 1988

Nyal J. Niemuth, Mining Engineer

CINDER HILL QUARRY

COCHISE COUNTY

NJN WR 10/10/86: Joe Elston, quality control manager for Superlite Builders Supply (f) visited. Superlite is looking for cinder and/or scoria deposits closer to their Tucson market. They will be examining the Douglas Cinder Plant (Cinder Hill Quarry - file) Cochise County next week and considering its acquisition.

DEPARTMENT OF MINERAL RESOURCES

STATE OF ARIZONA
FIELD ENGINEERS REPORT

Mine Douglas Cinder Plant

Date Jan. 31, 1962 & Feb. 19, 1962

District Douglas District, Cochise Co.

Engineer Axel L. Johnson

Subject: Field Engineers Report. Information from Duane D. Bryan

Location Near Bernardino, about 27 miles NE of Douglas, and near Hwy. # 80.

Number of Claims 12, (or possibly more), claims on State land, covered by State leases.
Operations, at present, confined to only two of the claims.

Owners State of Arizona.

Lessees San Xavier Rock and Sand, and San Xavier Materials, Inc., 600 W. 25th St.,
Tucson, Ariz. Duane D. Bryan, Asst. Manager.

Principal Materials Cinder and Scoria

Present Activity Excavating cinder and scoria, and loading same in trucks for transportation to Douglas, where it is loaded in Ry. cars for shipment to Tucson. Before the S. P. Ry, from Douglas to Columbus, N. Mex, was discontinued, the material was loaded at the San Bernardino Ry. siding, and then shipped from there by railroad to Tucson. Now, it is necessary to truck the material to Douglas for shipment. Production is about 100 tons per day. 3 men are working -- 5 days per week.

Uses Material is used by San Xavier Materials, Inc. in the manufacture of concrete blocks and other products.

Actual 10-62 - 3 men working
