The following file is part of the

Arizona Department of Mines and Mineral Resources Mining Collection

ACCESS STATEMENT

These digitized collections are accessible for purposes of education and research. We have indicated what we know about copyright and rights of privacy, publicity, or trademark. Due to the nature of archival collections, we are not always able to identify this information. We are eager to hear from any rights owners, so that we may obtain accurate information. Upon request, we will remove material from public view while we address a rights issue.

CONSTRAINTS STATEMENT

The Arizona Geological Survey does not claim to control all rights for all materials in its collection. These rights include, but are not limited to: copyright, privacy rights, and cultural protection rights. The User hereby assumes all responsibility for obtaining any rights to use the material in excess of "fair use."

The Survey makes no intellectual property claims to the products created by individual authors in the manuscript collections, except when the author deeded those rights to the Survey or when those authors were employed by the State of Arizona and created intellectual products as a function of their official duties. The Survey does maintain property rights to the physical and digital representations of the works.

QUALITY STATEMENT

The Arizona Geological Survey is not responsible for the accuracy of the records, information, or opinions that may be contained in the files. The Survey collects, catalogs, and archives data on mineral properties regardless of its views of the veracity or accuracy of those data.

Visited the Bledsoe Mill and camp at Minnehaha, near Silver Mountain in the south portion of the Bradshaw Mountains some 36 miles westerly from Wagoner. A small crude mill is being rehabilitated here. Mr. William Bledsoe is the principal in an exploratory development project on a broad copper showing in the canyon about a half mile below the old Oro Belle Mine. The property comprises three unpatented Copper Stack claims. Bledsoe's two sons are working with him along with 2 other men. The road is extremely rough. Richard Kinney works with Bledsoe when the mill runs. He owns the Blue Star Group of gold claims near the Bledsoe camp. Bledsoe owns the old Button gold mine - also near the camp. TPL WR 6-30-60

Basin Mining Co. a subsidiary of Great American Industries has the Copper Stack Mine, owned by Mrs. Bill Bledsoe. FTJ WR 6-24-66

Basin Mining Co. - Tom Beard of Prescott - have located a large group of claims and have optioned the Copper Stack property. Dozer cuts have exposed some good ore and drill sites are being made for an extensive drilling program. FTJ QR 7-8-66

Al Mille is Sec'y. for Great American - office at 333 S. Alarcon, Prescott. Learned that Great American Industries have pulled out of the Copper Stack-Oro Belle area and were examining Copper Basin area. Interview with Joe Anderson who is working for Great American Minerals - moving all equipment from Copper Stack mine. FTJ WR 3-24-67
