ACCESS STATEMENT

These digitized collections are accessible for purposes of education and research. We have indicated what we know about copyright and rights of privacy, publicity, or trademark. Due to the nature of archival collections, we are not always able to identify this information. We are eager to hear from any rights owners, so that we may obtain accurate information. Upon request, we will remove material from public view while we address a rights issue.

CONSTRAINTS STATEMENT

The Arizona Geological Survey does not claim to control all rights for all materials in its collection. These rights include, but are not limited to: copyright, privacy rights, and cultural protection rights. The User hereby assumes all responsibility for obtaining any rights to use the material in excess of "fair use."

The Survey makes no intellectual property claims to the products created by individual authors in the manuscript collections, except when the author deeded those rights to the Survey or when those authors were employed by the State of Arizona and created intellectual products as a function of their official duties. The Survey does maintain property rights to the physical and digital representations of the works.

QUALITY STATEMENT

The Arizona Geological Survey is not responsible for the accuracy of the records, information, or opinions that may be contained in the files. The Survey collects, catalogs, and archives data on mineral properties regardless of its views of the veracity or accuracy of those data.

Sec. 25, T9N, R3W

KAP WR 12/6/79: Walter Edgar reported he wants to re-open the Crown Point Mine near Wagner, Yavapai County. He is not knowledgeable about mining and reports he has never been to the property.

CJH WR 9.25.81: Visitor: Richard Young, President, Kent Masonry, Inc., Tucson, Tel: 881-6797 is interested in the Crown Point patented claims, Black Rock District, Yavapai County. I described how to determine land ownership and sample dumps.

KAP WR 4/15/83: Jim McCarthy reported that Mutual Oil is building a road from the Constellation Road to their properties in the southeast corner of T9N R2W (probably includes the Duco Boy Mine, the Crown Point Mine and the Mutual Oil properties).

NJN WR 4/22/83: Cecil Van Kon reported that Brammex, Inc., also known as Bradshaw Mountain Mineral Exploration and Development, P.O. Box 499, Wickenburg, Arizona 85358, phone 684-3461, Lynn H. Brown, President, were cutting miles of new road to connect the Mutual Oil and Crown Point Mines, Yavapai County, to the Constellation Road which goes into Wickenburg.

MG WR 10/12/84: Lorraine Burgin of the U.S. Bureau of Mines (Denver) reports that the Mutual Oil Co. of America has announced discovery of one billion ounces of gold in a deposit within 200 feet of the surface. The deposit is apparently in Arizona. Our files indicate Mutual is most active on the adjacent properties of Duco Boy, Mutual Oil, and Crown Point (all in Yavapai Co.)

- 17. New Work Planned: Mr. Brown of Mutual Oil Company of America, address above,
plans to determine owner of the four patented claims in the Crown Point Mine
Group. They are: Crown Point, Silver King, Yankee Boy and Yankee Girl. He
~~XXXXXXXXXXXXXXXXXXXX~~ has provided the Department with a copy of M.S. 1259 covering
the four contiguous patents for inclusion in a Crown Point Mine file.
Mr. Brown further reported that he has visited the Crown
Point patent and that all of buildings have collapsed but the mine workings
are generally open and accessible.
Know early day owners of the claim group were Alex O.
Brodie and H. S. Van Buren.
