Arizona Department of Mines and Mineral Resources Mining Collection

ACCESS STATEMENT

These digitized collections are accessible for purposes of education and research. We have indicated what we know about copyright and rights of privacy, publicity, or trademark. Due to the nature of archival collections, we are not always able to identify this information. We are eager to hear from any rights owners, so that we may obtain accurate information. Upon request, we will remove material from public view while we address a rights issue.

CONSTRAINTS STATEMENT

The Arizona Geological Survey does not claim to control all rights for all materials in its collection. These rights include, but are not limited to: copyright, privacy rights, and cultural protection rights. The User hereby assumes all responsibility for obtaining any rights to use the material in excess of "fair use."

The Survey makes no intellectual property claims to the products created by individual authors in the manuscript collections, except when the author deeded those rights to the Survey or when those authors were employed by the State of Arizona and created intellectual products as a function of their official duties. The Survey does maintain property rights to the physical and digital representations of the works.

QUALITY STATEMENT

The Arizona Geological Survey is not responsible for the accuracy of the records, information, or opinions that may be contained in the files. The Survey collects, catalogs, and archives data on mineral properties regardless of its views of the veracity or accuracy of those data.

To the Owner or Operator of the Arizona Mining Property named below:

| | |
|--------------------------------|----------------------|
| <u>ESCONDIDO</u> (Property) | <u>GOLD</u> (ore) |
|--------------------------------|----------------------|

We have an old listing of the above property which we would like to have brought up to date.

Please fill out the enclosed Mine Owner's Report form with as complete detail as possible and attach copies of reports, maps, assay returns, shipment returns or other data which you have not sent us before and which might interest a prospective buyer in looking at the property.

FRANK P. KNIGHT,
Director.

Enc: Mine Owner's Report

DEPARTMENT OF MINERAL RESOURCES
STATE OF ARIZONA
FIELD ENGINEERS REPORT

Mine Escondido Date January 23, 1943
District Ash Creek (Cherry), Yavapai County Engineer A. C. Nebeker

Subject:

Location: Prescott, Arizona

Former Name: Same.

Owner: Clem Rust and Frank J. Rust

Address: Dewey, Arizona

Operator: Same.

Principal Metals: Copper.

Men employed: None.

Production Rate: None.

Operations: Present: Idle.

Operations Planned: No definite plans as to operations.

Number Claims, Title, etc.: 6 claims, held by location and work.

Description: Topog. & Geog.: These claims are 6 miles east of Dewey on the Dewey-Cherry Creek highway. Rolling country, the granite hills are well worn down with gentle slope.

Mine Workings: Amt. & Condition: One 100 foot tunnel all in granite, in good condition. One 100 foot tunnel with a 20 foot cross-cut shows some soft seams with some copper, tunnel in good shape. One 80 foot shaft in the granite but the dump shows some andesite, indicating andesite was cut in the bottom. This shaft needs repair before work could be done below.

Geology & Mineralization: Formation granite containing some soft seams in which is found quartz and some copper ore. Mineralization is weak.

Ore: Positive & Probable, Ore Dumps, Tailings: No ore in sight and the development work to date indicates very little probable ore. The owners report that they have taken ore out assaying from 6% to 22% copper, \$25.00 gold and \$16 silver.

Road Conditions, Route: Good highway.

Water Supply: By well development.

Brief History: No past history as I am able to learn.

Special Problems, Reports Filed: The problem is to find more ore in a more promising place for the ore to make.

If property for sale: Price, terms and address to negotiate: Not for sale.

Mr. Frank Rust
Dewey
Arizona

Dear Mr. Rust:

Many thanks for your letter of January 15. I am sorry to say that I find no report from Mr. A. C. Nebeker on the Escondido mine.

It is possible that he has made certain notes on his visit to your property but did not make a formal report. I am sending a copy of this letter to Mr. Nebeker so that he might contact you within the near future and if he can be of assistance he will make a report so that you may use it in connection with the questionnaire from the Bureau of Mines at Tucson.

With best wishes and kindest regards, I am

Very truly yours,

J. S. Coupal
Director

Dewey Ariz. Jan. 14 - 1943

Dep. of Mineral Resources

Phoenix Ariz.

Gentleman,

A couple months ago Mr. A. C. Nebeker
Engineer of your Dep. has been here to inspect
the Esccondido our Mine and I suppose he
must have send a report of some kind to the Dep.

I would verry much appreciate if possible
I could get a copie of it.

I am in touch with the Bureau of Mines
Tucson and they want to know a lot of information,
especially analyses reports and so on and a
Copie of said report may would help a lot.

Verry Respectfully yours

Frank Rust.
