ACCESS STATEMENT

These digitized collections are accessible for purposes of education and research. We have indicated what we know about copyright and rights of privacy, publicity, or trademark. Due to the nature of archival collections, we are not always able to identify this information. We are eager to hear from any rights owners, so that we may obtain accurate information. Upon request, we will remove material from public view while we address a rights issue.

CONSTRAINTS STATEMENT

The Arizona Geological Survey does not claim to control all rights for all materials in its collection. These rights include, but are not limited to: copyright, privacy rights, and cultural protection rights. The User hereby assumes all responsibility for obtaining any rights to use the material in excess of "fair use."

The Survey makes no intellectual property claims to the products created by individual authors in the manuscript collections, except when the author deeded those rights to the Survey or when those authors were employed by the State of Arizona and created intellectual products as a function of their official duties. The Survey does maintain property rights to the physical and digital representations of the works.

QUALITY STATEMENT

The Arizona Geological Survey is not responsible for the accuracy of the records, information, or opinions that may be contained in the files. The Survey collects, catalogs, and archives data on mineral properties regardless of its views of the veracity or accuracy of those data.

OWNERS MINE REPORT

Date DEC 29, 1939

Mine ESCONDIDO

District SQUAW PEAK

Location T. 13-N--R. 4E
Sec. 28, Yavapai Co. Ariz.
Adjacent to Wire Gold patented.

Former name WIRE GOLD EXTENSION
& MOON ANCHOR

Owner MRS HARRIET ARNOLD $\frac{1}{2}$
L.H. & G.E. BEST $\frac{1}{2}$

Address COTTONWOOD ARIZ.

Operator non existent

Address NONE

President non existent

Gen. Mgr. NONE

Mine Supt. non existent

Mill Supt. NOBE

Principal Metals GOLD

Men Employed NONE

Production Rate NONE

Mill: Type & Cap. THREE 1000 pd STAMP
CAPACITY BASED ON NATURE OF HEADS
HANDLED (1 to 3 tons per shift of 8 hrs)

Power: Amt. & Type NONE

Operations: Present NONE

Operations Planned NONE

Number Claims, Title, etc.

ONE FULL CLAIM. TITLE IS CLEAR AND UNINCUMBERED

Description: Topog. & Geog. Irregular orographic, capped by flat paleozoic beds and tertiary lavas. Bounded on the east by the deep Verde valley, on the West by the higher plains of Lonesome valley.

Mine Workings: Amt. & Condition TUNNEL 40 ft. raise 18 ft. Tunnel and incline winzes 65 ft. condition good.

(over)

Geology & Mineralization

The country rock is the normal Bradshaw granite, massive and forming rounded outcrops. The veins undoubtedly high temperature deposits of the quartz tourmaline type, emanating from and following shattered or sheared dikes of granite.

Ore: Positive & Probable, Ore Dumps, Tailings Ore dumps tailings none.

The ore is pockety or in irregular small shoots. Chalcopyrite, botnite, sphaferite and galena are observed in small quantities, The gold occurs in association with cubes of limonite pseudomorphous after pyrite. Avarage width of vein 4-6 inches. .06 gold content the writer interperets the surface as indicating probable ore bodies with Mine, Mill Equipment & Flow Sheet depth.

Refer to Mill type and Cap.

Road Conditions, Route

Road conditions are fairly good. Route-Prescott to Dewey, take Cherry Creek road to Hackberry wash, look for pointers marked Hannah Ranch, from Hannah ranch road cintinues on to mine.

Water Supply

Water is supplied from a shallow well enough has been developed for presents needs, potential waters in favorable evidence.

Brief History

None

Special Problems, Reports Filed

NONE NONE

Remarks

The above statements are to be accepted as merely the honest opinion of the writer, not designed to invegle another to purchase; but merely as introduction, suggesting examination of property by compent authority.

If property for sale: Price, terms and address to negotiate.

COTTONWOOD, ARIZONA

July 6, 1940

Mr. J.S. Coupal
Phoenix Ariz

Dear Mr. Coupal--

Am enclosing the balance of my report for the year, outside of the necessary work required to hold Escondido #1 nothing has been done, I refused to put any more money for him to live on, consequently he would do nothing more on the claim, he did do the development work on the Escondido #2 which adjoins #1, the two claims together make a nice property, and held at the same price I quoted you. #4000.

I am not in on the #2 claim that is why the two quarter share holders have their shares listed at \$3000, and mine at \$1000.

I would like to see these claims sold for I have to make another trip back to Mayo Bros Clinic for an operation this fall, I could certainly use the cash, if you can scare up a sale I would certainly appreciate it.

Yours very truly

Mrs H.A. Arnold

Mr. J.S. Coupal
Phoenix Ariz
Dear Mr. Coupal-

Recieved you letter with mine owners report enclosed, and have moreinformation to report but will have to wait until the man working the claims comes in to give me the data, I just talked with his wife and he will be in about the second of July, and as soon as he gets the additional information I will add it to my report and mail to you.

There are two claims now the Escondido #1 and #2 seems the tunnel is running back into the other claim so he took up #2, but the price remains the same.

Thanks for writing me.

Yours very truly

Mrs H Arnold

ESCONDIDO #1 AND ESCONDIDO #2

MINERAL DIVISION

All necessary work has been done on Escondido #1 required for the year.

Work on Escondido #1 has not changed the report you already have on hand.

#2

Escondido, an adjoining claim has been added to #1 and all location work has been done on same.

The same formation appears in #2 that is in #1,

Mrs. Harriet Arnold

Dec. 29, 1939

Mr. J. S. Coupal
Phoenix Ariz
Dear Mr. Coupal--

After due time I have been able to get the man that worked the mine to fill out the the enclosed for me, regarding the Gold Coin claim you write about, I have never heard about that one, you wouldn't by chance have reference to the Wire Gold which adjoins our claim.

The Wire Gold if you remember was sold for taxes about the time you were in this district, and I am told from good source that they are taking out ore which runs \$100.00 to the ton, there are several in the company working, and doing fine.

It might be well to clip this letter to the report showing that our claim adjoins such a producing mine.

Wishing you a very Happy New Year, I am

Yours very truly

Mrs. H. A. Arnold
