ACCESS STATEMENT

These digitized collections are accessible for purposes of education and research. We have indicated what we know about copyright and rights of privacy, publicity, or trademark. Due to the nature of archival collections, we are not always able to identify this information. We are eager to hear from any rights owners, so that we may obtain accurate information. Upon request, we will remove material from public view while we address a rights issue.

CONSTRAINTS STATEMENT

The Arizona Geological Survey does not claim to control all rights for all materials in its collection. These rights include, but are not limited to: copyright, privacy rights, and cultural protection rights. The User hereby assumes all responsibility for obtaining any rights to use the material in excess of "fair use."

The Survey makes no intellectual property claims to the products created by individual authors in the manuscript collections, except when the author deeded those rights to the Survey or when those authors were employed by the State of Arizona and created intellectual products as a function of their official duties. The Survey does maintain property rights to the physical and digital representations of the works.

QUALITY STATEMENT

The Arizona Geological Survey is not responsible for the accuracy of the records, information, or opinions that may be contained in the files. The Survey collects, catalogs, and archives data on mineral properties regardless of its views of the veracity or accuracy of those data.

Mr. Charles H. Dunning, Director,
Arizona Bureau of Mineral Resources,
Home Builders Bldg.,
Phoenix, Arizona:

Dear Mr. Dunning:

I think your department has listings of my Mica properties. If not, however, will you list the following:

Giles & Hightower Mica Nos. 1--26
Giles & Hightower Mica Nos. 100-105
Giles and Hightower Mica Nos. 200-216 all
in Mobile District.

J. D. Holmes, 233 East Jefferson St., holds my power of attorney and can give information as to other properties.

I am especially interested in listing these properties for Feldspar. We also have massive quartz 99% pure.

I do not know when I shall be home to conduct my own affairs but meanwhile Mr. Holmes will give all necessary information.

Thanking you for anything you may be able to do,
I am

Very truly yours,

N. D. Hightower
