Delbert Hicks was in for information on selling mica. His stepmother, Hazel Pierce has a group of claims in Sec 17, T7N R3W of Maricopa County on San Domingo Wash. Mansville Roofing purportedly had purchased mica schist from the property in the early 1960's. The mica schist was apparently obtained by having laborers collect surface material and load it on trucks. Mr. Hicks is living at the above address and is going to be handling the details of the claims. He explained that over the years there have been numerous samples assayed but the data is essentially meaningless due to lack of documentation. In addition to mica, other commoditites have been noted and include gold, silver, and copper. The claims are listed below:

<u>AMC Number</u>	<u>Claim Name</u>	<u>Location</u>	<u>Loc Date</u>
