Arizona Department of Mines and Mineral Resources Mining Collection

ACCESS STATEMENT

These digitized collections are accessible for purposes of education and research. We have indicated what we know about copyright and rights of privacy, publicity, or trademark. Due to the nature of archival collections, we are not always able to identify this information. We are eager to hear from any rights owners, so that we may obtain accurate information. Upon request, we will remove material from public view while we address a rights issue.

CONSTRAINTS STATEMENT

The Arizona Geological Survey does not claim to control all rights for all materials in its collection. These rights include, but are not limited to: copyright, privacy rights, and cultural protection rights. The User hereby assumes all responsibility for obtaining any rights to use the material in excess of "fair use."

The Survey makes no intellectual property claims to the products created by individual authors in the manuscript collections, except when the author deeded those rights to the Survey or when those authors were employed by the State of Arizona and created intellectual products as a function of their official duties. The Survey does maintain property rights to the physical and digital representations of the works.

QUALITY STATEMENT

The Arizona Geological Survey is not responsible for the accuracy of the records, information, or opinions that may be contained in the files. The Survey collects, catalogs, and archives data on mineral properties regardless of its views of the veracity or accuracy of those data.

DEPT. MINERAL RESOURCES
PHOENIX, ARIZONA

December 16, 1960

Mr. Howard Gray
Box 48
Pauldin, Arizona

Dear Mr. Gray:

The Department of Mineral Resources is compiling a list of flagstone properties in Arizona. We would like to get the location of your quarries (Section, Township and Range).

Hoping that you can help us, I remain

Very truly yours,
Lewis A. Smith

Sorry for delay I misplaced your letter. If I can be of any help I promise to be more prompt & careful.
Thank you
Howard Gray

Flagstone and Coconino Co. all names

DEPARTMENT OF MINERAL RESOURCES
STATE OF ARIZONA
FIELD ENGINEERS REPORT

Mine Coconino Building Stone Company. +

District North Verde, Coconino Co.

Subject: Flagstone Quarries

Date May Ist 1946

Engineer A. C. Nebeker

DEPT. MINERAL RESOURCES
RECEIVED
MAY 7 1946
PHOENIX, ARIZONA

On May the Ist I went out to the Flagstone qarries, which are located about 45 miles North of Prescott and II miles N.E. of Drake Arizone. This district had the appearance of a Bee Hive as to activities. On the way out I meet two trucks coming to the R.R. loading station loaded with Flagstone.

At the Coconino Flagstone quarry, where 20 men are empoyed, there is a good company camp which furnish lodgings and board for the men empoyed.

The quarry is in the Coconino gray and red sandstone. This sandstone has a dip of nothing to 25 degrees. It is being worked by the bench method, drilling a row of holes about 4 feet back from the face and three to four feet deep, and blasted with 40% powder breaking the stone on a straight line along the line of the holes and loosening the stone along the bedding planes. The thin wedges and singlejacks are used to split the beds along seams to the thickness required by the market, which is ±inch to I5/4 inches. When the stone splits over the I 5/4 inch, it is used as building blocks.

Mr Howard Gray, who is Mgr. and operator informs me that he is shipping a car a day, and that his market is LosAngeles, Tucson, Phoeniz and Globe and is getting $I5.00 per ton on cars at R.R. for Flagstone and $I0.00 for building blocks. The freight to Los Angeles is $4.00 per ton. Price of trucking to other points depend on the distance of haul.

The property consists of 6 placer claims, and Gray's address is Box, I48 Ashfork, Ariz.

Other properties seen: The Northern Arizona Quarries, Mr John Kerr, operator, shipping two cars month. Adress Prescott. Ariz.

The Christ. Lafoon quarry, shipping two cars per month, address Prescott.

Those developing and not yet shipping, Clinton Morrison, Andrew West, and B. White and son.

ACN
