The following file is part of the

Arizona Department of Mines and Mineral Resources Mining Collection

ACCESS STATEMENT

These digitized collections are accessible for purposes of education and research. We have indicated what we know about copyright and rights of privacy, publicity, or trademark. Due to the nature of archival collections, we are not always able to identify this information. We are eager to hear from any rights owners, so that we may obtain accurate information. Upon request, we will remove material from public view while we address a rights issue.

CONSTRAINTS STATEMENT

The Arizona Geological Survey does not claim to control all rights for all materials in its collection. These rights include, but are not limited to: copyright, privacy rights, and cultural protection rights. The User hereby assumes all responsibility for obtaining any rights to use the material in excess of "fair use."

The Survey makes no intellectual property claims to the products created by individual authors in the manuscript collections, except when the author deeded those rights to the Survey or when those authors were employed by the State of Arizona and created intellectual products as a function of their official duties. The Survey does maintain property rights to the physical and digital representations of the works.

QUALITY STATEMENT

The Arizona Geological Survey is not responsible for the accuracy of the records, information, or opinions that may be contained in the files. The Survey collects, catalogs, and archives data on mineral properties regardless of its views of the veracity or accuracy of those data.

MINE OWNER'S REPORT

Date.....

1. Mine: *Iron Mountain*
2. Location: Sec. *17* Twp. *35* Range *12E* Nearest Town *Price* Distance *17*
 Direction *SW* Nearest R.R. *Price* Distance *17*
 Road Conditions *Poor for 3 miles, Fair for 5 miles and good for 8 1/2 miles*
3. Mining District and County: *Martinez, Pinal County*
4. Former Name of Mine: *(new)*
5. Owner: *D.A. Eicher - R. Springer*
 Address: *6703 W. Northern St. Coolidge, Ariz.*
6. Operator:
 Address:
7. Principal Minerals: *Manganese, (Psilomelane)*
8. Number of Claims: Lode *3* Patented..... Unpatented
 Placer..... Patented..... Unpatented.....
9. Type of Surrounding Terrain: *Mountainous south Big Hogs Tooth. Canyons boxed. Physiography is new topography in this area and cutting has been rapid and narrow.*
10. Geology and Mineralization: *Veins 4-7' wide, c. 27 to 33% Mn, in limestone, capped by rhyolite. Higher grade exceeds 40% - 900' exposure. Strikes N15W, nearly vertical. Main impurity is calcite so far. Complete analysis is being made for deleterious constituents. Black calcite is principal manganese. Exposure shows vertical range of several hundred feet from bottom of Martinez Canyon up over the ridge to the north.*
11. Dimension and Value of Ore Body: *Not known*

Please give as complete information as possible and attach copies of engineer's reports, shipment returns, maps, etc. if you wish to have them available in this Department's files for inspection by prospective lessors or buyers.

12. Ore "Blocked Out" or "In Sight": Unknown

Ore Probable: Unknown

13. Mine Workings—Amount and Condition:

No.	Feet	Condition
Shafts	—	
Raises	—	
Tunnels	—	
Crosscuts	—	
Stopes	—	

Shallow cuts, only, for testing

14. Water Supply: Camp water - developable nearby

15. Brief History: New mine

16. Remarks: operators plan to install jigs to upgrade the material. They will have a crusher and screening set up. Their plan is to ship the 40% plus under the car lot program and to ship lower grade to Mohave, or some other mill for blending.

17. If Property for Sale, List Approximate Price and Terms: _____

18. Signature: Reinhold Springer
D.A. Eicher
