Arizona Department of Mines and Mineral Resources Mining Collection

ACCESS STATEMENT

These digitized collections are accessible for purposes of education and research. We have indicated what we know about copyright and rights of privacy, publicity, or trademark. Due to the nature of archival collections, we are not always able to identify this information. We are eager to hear from any rights owners, so that we may obtain accurate information. Upon request, we will remove material from public view while we address a rights issue.

CONSTRAINTS STATEMENT

The Arizona Geological Survey does not claim to control all rights for all materials in its collection. These rights include, but are not limited to: copyright, privacy rights, and cultural protection rights. The User hereby assumes all responsibility for obtaining any rights to use the material in excess of "fair use."

The Survey makes no intellectual property claims to the products created by individual authors in the manuscript collections, except when the author deeded those rights to the Survey or when those authors were employed by the State of Arizona and created intellectual products as a function of their official duties. The Survey does maintain property rights to the physical and digital representations of the works.

QUALITY STATEMENT

The Arizona Geological Survey is not responsible for the accuracy of the records, information, or opinions that may be contained in the files. The Survey collects, catalogs, and archives data on mineral properties regardless of its views of the veracity or accuracy of those data.

JAY JAY CLAIMS

PIMA COUNTY

John W. Markham, Tucson, reports that recent lessees of his marble claims have dropped the lease, but that he expects to lease it again soon to a Ralph Clemens of Colton, Calif.
ALJ WR 3-9-64

Closed down. ALJ WR 5-4-64

Mr. John Markham hasn't made a deal on his marble property yet. Planning on going back to Mexico. GWI WR 7-17-65

MG WR 4/8/83: Mr. John "Jack" Markham, previous owner of the Jay Jay marble property in Pima County, is deceased. A check of the BLM microfiche showed no valid claims in Sec. 14, T18S R10E, where this property occurs.

DEPARTMENT OF MINERAL RESOURCES

STATE OF ARIZONA
FIELD ENGINEERS REPORT

Mine Jay Jay Claims (Marble) Date April 25, 1963
District Papago District - Pima County Engineer Axel L. Johnson
Subject: Field Engineer's Report. Personal visit.

References: Report of June 15, 1962

Location: 22 miles southeast of Three Points. For details see report of 6-15-63.

Owner: John W. Markham, 2638 N. Edith Blvd., Tucson, Arizona

Number of Claims: 4 unpatented claims on Federal land.

Principal Minerals: White marble

Present Activity: None

Crushing and Screening Equipment: The following crushing and screening equipment was found on the property:

- (1) Eagle Jaw Crusher ----8" x 16"
- (2) Shafer Rolls ---- 16" x 16"
- (3) Overstrom Screens ---- 2' x 4'
- (4) Fine ore bin ---- 8' x 10' x 2' steel
- (5) 1 belt conveyor in poor shape.

Only the jaw crusher and rolls and the belt conveyor between them was mounted in place.

Indications show a limited amount of marble had been crushed and screened, but this was not a recent operation.

Mine Workings: 1 small open cut just above the location of the crushing and screening equipment. This was shallow and not very extensive.

1 small open cut on top of the hill.

1 small open cut on a hill to the right of the crusher and about 300 ft. away.

The material seems to be of fair quality, about the same as that found at the Marble Top Quarry, which is about 2 miles east of the Jay Jay Claims. The last mentioned open cut seems to have the best color.

More exploration is required to determine the amount and grade of marble.

DEPARTMENT OF MINERAL RESOURCES

STATE OF ARIZONA

FIELD ENGINEERS REPORT

Mine Jay Jay Claims (Marble)

Date June 15, 1962

District Papago District, Pima Co.

Engineer Axel L. Johnson

Subject: Field Engineers Report. Information from John W. Markham, owner.

Location About 22 miles SE of Three Points. Sec. 14 - T 18 S - R 10 E.
From Three Points, drive south on Hwy. 286 for a distance of 15 miles to mile post 31.
Turn left (east) and drive for a distance of 5.6 miles to a side road (big barrel on corner)
Turn left (NE) and drive about 1 1/2 miles to the claims.

Number of Claims 4 unpat. claims on Federal land.

Owner John W. Markham, 2638 N. Edith Blvd., Tucson, Ariz.

Principal Minerals White marble
