ACCESS STATEMENT

These digitized collections are accessible for purposes of education and research. We have indicated what we know about copyright and rights of privacy, publicity, or trademark. Due to the nature of archival collections, we are not always able to identify this information. We are eager to hear from any rights owners, so that we may obtain accurate information. Upon request, we will remove material from public view while we address a rights issue.

CONSTRAINTS STATEMENT

The Arizona Geological Survey does not claim to control all rights for all materials in its collection. These rights include, but are not limited to: copyright, privacy rights, and cultural protection rights. The User hereby assumes all responsibility for obtaining any rights to use the material in excess of "fair use."

The Survey makes no intellectual property claims to the products created by individual authors in the manuscript collections, except when the author deeded those rights to the Survey or when those authors were employed by the State of Arizona and created intellectual products as a function of their official duties. The Survey does maintain property rights to the physical and digital representations of the works.

QUALITY STATEMENT

The Arizona Geological Survey is not responsible for the accuracy of the records, information, or opinions that may be contained in the files. The Survey collects, catalogs, and archives data on mineral properties regardless of its views of the veracity or accuracy of those data.

MAP OF MINING CLAIM LOCATION

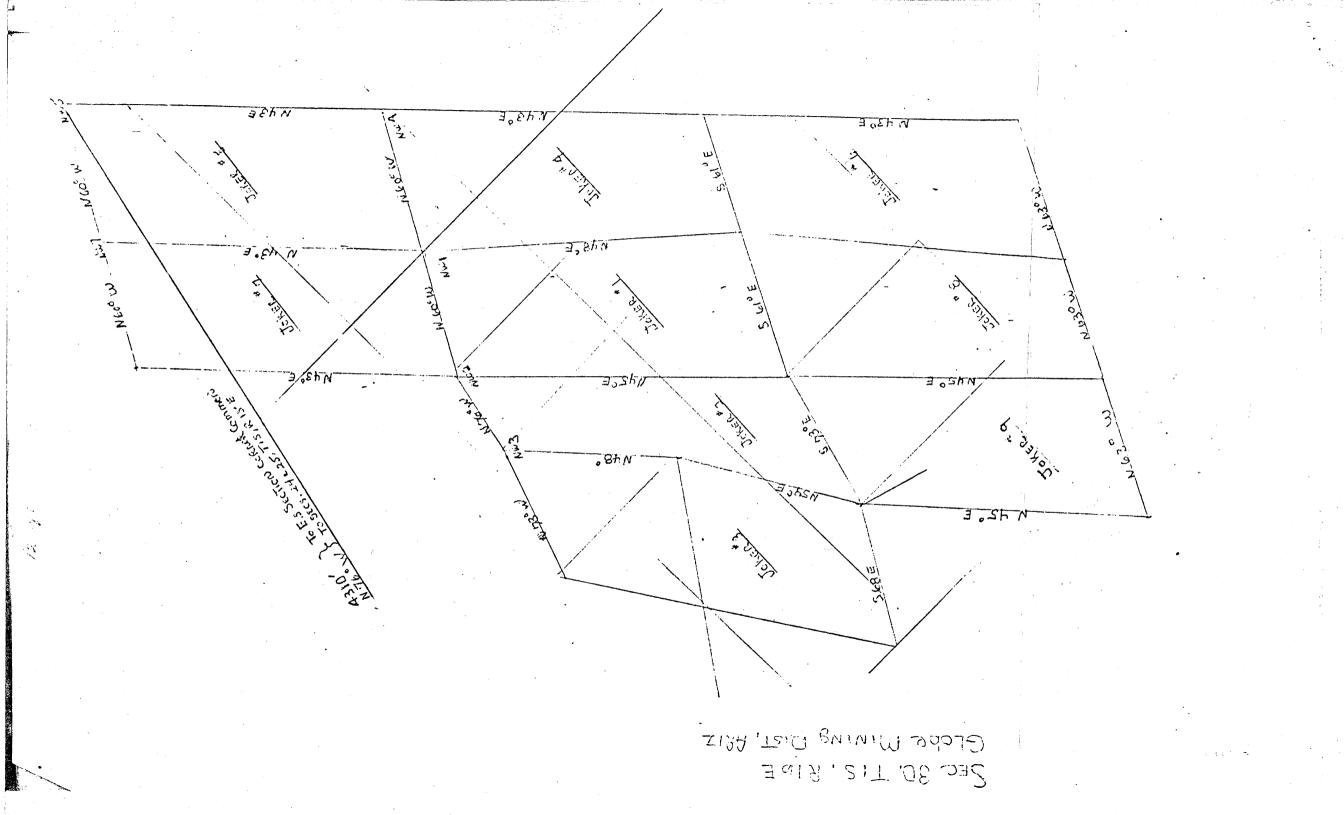

- 1. The name of the claim is ______ Joker # 9
- 2. The <u>s</u> corner of the claim is <u>600</u> feet in a <u>NoW</u> direction to a survey monument or permanent natural object described as <u>Forest Service Water Tank</u>
- 3. The type of location monument is <u>Rock U. 2 (4x4) Wood Stakes W. Claim Papers</u>. The type of corner and end monuments are <u>Rock W. 4x4 Wood Stakes</u>.
- 4. The bearing and distance between the corners of the claim are beginning at the <u>N.E.</u> corner of the claim, <u>600</u> feet in a <u>N.W.</u> direction to the <u>N.E.</u> corner, then <u>1500</u> feet in a <u>S.E.</u> direction to the <u>N.E.</u> corner, then <u>600</u> feet in a <u>S.E.</u> direction to the <u>N.W.</u> corner, then <u>1500</u> feet in a <u>N.E.</u> direction to the <u>N.W.</u>

JOKER #1-#3

Gila County Pinal Mountain (Pioneer)

Sec. 25, T1S, R15E Sec. 30, T1S, R16E

RRB WR 7/11/80: Ollie Johnson, P.O. Box 8124, Van Nuys, California 91409, phone (213) 761-0454, and Steve LeMaster (her son), 3702 N. Delaware, Indianapolis, Indiana 86204, were in to report that they are filing on an old mine in Sec. 25, T1S, R15E, and Sec. 30, T1S, R16E, Pinal Mountain (Pioneer) District, Gila County. They have an assay report of 5 oz Ag and .49 oz Au. The old workings have been fi-led in by Forest Service.

KAP WR 8/1/80: Mrs. Ollie Johnson, P.O. Box 8124, Van Nuys, California 91409, phone (213) 761-0454, reported that she along with her son, Steve E. LeMasters, 3702 N. Delaware, Indianapolis, Indiana, 86204 (see RRB WR 7-11-80) have located three lode claims -- Joker #1-#3. According to the location papers Mrs Johnson exhibited, the claims are located in Section 25, TIS, RI5E, and Section 30, TIS, RI6E, Pinal Mountain (Pioneer) District, Gila County. However, when the claims were plotted for her on Pinal Peak $7\frac{1}{2}$ Min. Quad. as per her location notice, she explained that it is not really where she wants the claims. She thought they were locating some old prospects in the general vicinity and has asked for our help in determining the proper location and advising her on further activity on the prospect. Assay reports made out to Lee Johnson, which reports on analysis of two samples from the prospect, was provided for inclusion into a file. The assay results show indication of potential economic quantities of gold and silver. Future samples should also be analyzed for lead content. The prospect will be visited on our next trip into the Globe area.

KAP WR 11/28/80: Traveled to Globe and met Mrs. Ollie Johnson and continued on to the Joker Claims, Globe District, Gila County. Mrs. Johnson and her sons located three lode claims (Joker #1 thru #3) on the old Gertrude, Florence, and Spring Mines. (A separate report will be written.) $\leq Maporly$

KAP WR 5/8/81 - Brooks W. Copeland reported no recent work has been done. He reported that the property contains free gold in quartz and was worked by old timers. Cutter Qual

RRB WR 1/29/82: Linda Otto, 544 N. 50th Way, Phoenix, AZ 85008 - phone 276-0226 and Steve LeMasters, 2018 45th Street, Phoenix, AZ 85008 - phone 276-8084, daughter and son of Ollie Johnson, owner of the Joker #1=#3, Gila County were in to check the file. They report assays from some outfit in California of from 4 to 10 oz. of gold per ton. They are now taking in a D-9 Cat to "expose the veins."

JOKER #1 - #3

GILA COUNTY

RRB_WR 5/21/82: Linda Otto was in and reports that they are filing more claims around the Joker claims, Pioneer District, Gila County.

KAP WR 7/6/84: Rick and Sue Hodgson came in to discuss the possibility of developing the Joker property - Joker #1-#3 (file) Gila County. They were under the impression that they would be in production within two weeks based on what they had been told by the owners. They were admittedly unfamiliar with mining. The necessity of finding some ore (other than surface float) and the economic facts of life were explained to them. Later in the week they were back with the propertys owners to discuss the same topics. Additionally, it appears the data in the Poindexter Group file for Gila County should be combined into the Joker #1-#3 (file) and the Poindexter file eliminated (except as a reference card in the mine file)

KAP WR 10/10/86: Olie Johnson, (new phone - 963-9243) was in with a man she claimed was going to lease the Joker 1,2,3 (file) in Gila County from her and operate it. She said he has the equipment and knowledge necessary. He exhibited a bead of gold reportedly recovered from concentrate he produced from specimens collected at the property.

KAP WR 12/18/87: Mrs. Ollie Johnson, 15606 S. Gilbert Road, Space 56, Chandler, AZ 85225 reported that the owner of the Vanicek Claims which cover most of Mrs. Johnson's Joker Claims (file) Gila County claims that she held the ground first. The owner of the Vanicek Claims is Elizabeth H. Lopez, 921 E. Palm Tree Drive, Tucson, Arizona 85721. Mrs. Johnson states that there was no indication of anyone else's current claims on the ground or in the recrods when she located her Joker Claims. I was on the ground at the time her claims were mapped (see file) and saw no evidence of other claims being kept up. Further, the Vanicek claims have apparently been amended so as to move their location to those of the Joker's.

LEASE OF MINING CLAIMS

STATE OF ARIZONA

straight

Ollie Johnson that resides at 15606 So. Gilbert Rd.Sp.56, Chandler, Arizona 85225 is leasing to independent contractors Wilbert Wax 18435 So. Val Vista, Gilbert, Arizona 85234 and Jimmey E. McKinney 20 W. Park Ave. Apt.#2, Gilbert, Arizona 85234, the following unpatented mining claims situated in Globe ming district, Gila County, Arizona, the names, books, pages of recording of the location notices in the recorder office of said county and BLM serial numbers of which are as follows:

RECORDED

CLAIM NAME	BOOK	PAGE	A <u>MC. NO.</u>
Joker I thru 3	522	I2I- I27	AMCIII254III256
Joker 4	527	284	AMCI25897
Joker 5	557	019	AMCI58591
Joker 6 thru 9	557	92 3- 93I	AMCI58587158590

That the notices of location of said claims are posted within the following section 30, township IS, range I6E, G SRM, Arizona.

The terms of the lease are as follows: Wilbert Wax will have final say on all decisions in regard to operating the mine. There will be a separate agreement between Wilbert Wax and Jimmy E. McKinney. They will have one year to prove and develope said claims. They will expend reasonable effort in doing work on the listed above claims. After one year, if they do not continue work on claims, they will notify Ollie Johnson in writing of intent to quit. They agree to supply Leasor with all assay papers and details of work done up to time of quiting.

Any ore sold from said claims during lease or future date, Leasees will pay 5% of proceeds to Ollie Johnson or heirs . They will give access to papers pertaining to assays and sell of ore. The 5% of the net profit verified.

• The lease will stay in force and binding, without interference, as long as mine is producingwith accurate royalities, and reasonable effort is being used. Concerned parties will notify in writing if discontent arises.

The work done on claims will be filed for assessment work by Ollie Johnson with County and BLM.

Wilbert Wax and Jimmey McKinney agrees to comply with all Federal, State, or any regulation imposed on mining in the state of Arizona on Forest Service land.

LEASE OF MINING CLAIMS

The Leasees will be legally responsible for all debts to investors or in regards to anything pertaining to proving or operating mine.

One year proving and delopment time begins with the signing of this lease. The 5% royality will be paid the first of each consecative month after mine becomes operational. The 5% is of net profit before investors are paid.

This lease is binding on all heirs of Ollie Johnson. The mine is to operate uninterrupted in the event of Ollie Johnson's demise.
