Arizona Department of Mines and Mineral Resources Mining Collection

## **ACCESS STATEMENT**

These digitized collections are accessible for purposes of education and research. We have indicated what we know about copyright and rights of privacy, publicity, or trademark. Due to the nature of archival collections, we are not always able to identify this information. We are eager to hear from any rights owners, so that we may obtain accurate information. Upon request, we will remove material from public view while we address a rights issue.

## **CONSTRAINTS STATEMENT**

The Arizona Geological Survey does not claim to control all rights for all materials in its collection. These rights include, but are not limited to: copyright, privacy rights, and cultural protection rights. The User hereby assumes all responsibility for obtaining any rights to use the material in excess of "fair use."

The Survey makes no intellectual property claims to the products created by individual authors in the manuscript collections, except when the author deeded those rights to the Survey or when those authors were employed by the State of Arizona and created intellectual products as a function of their official duties. The Survey does maintain property rights to the physical and digital representations of the works.

## **QUALITY STATEMENT**

The Arizona Geological Survey is not responsible for the accuracy of the records, information, or opinions that may be contained in the files. The Survey collects, catalogs, and archives data on mineral properties regardless of its views of the veracity or accuracy of those data.

OWNERS MINE REPORT

Date June 22, 1939

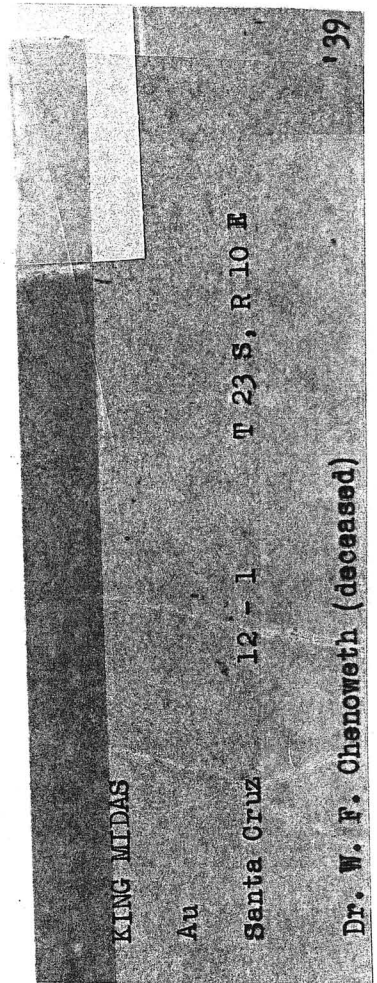

1. Mine King Midas
2. Mining District & County Oro Blanco
3. Former name
4. Location 36 mi. west from Nogales.
5. Owner Dr. W. F. Chenoweth (R. R. Pollock)
6. Address (Owner) Nogales, Arizona
7. Operator Same
8. Address (Operator)
9. President
10. Gen. Mgr.
11. Mine Supt.
12. Mill Supt.
13. Principal Metals Gold, silver
14. Men Employed
15. Production Rate Not established
16. Mill: Type & Cap.
17. Power: Amt. & Type None
18. Operations: Present Assessment work.

19. Operations Planned Depend on financing

20. Number Claims, Title, etc. 4 unpatented lode claims public domain.

21. Description: Topography & Geography Peak and small hill in valley. Located atop mesa, about 1000 feet wide, and 3000 feet long, varying in height from 100 to 250 feet above valley floor. Montana Peak is a conspicuous landmark, three or four miles away. Valley on east side unites with valley at foot of Montana Peak.

22. Mine Workings: Amt. & Condition 4 shafts. No drifting.

23. **Geology & Mineralization** Fissured and brecciated rhyolite diagonally across the mesa, with numerous veins carrying brecciated veins of varying width. Considerable faulting. Where the ore is fissured and brecciated, values are found, but where rock is massive, no values are found except at contacts in crack along faults, etc.
24. **Ore: Positive & Probable, Ore Dumps, Tailings** Has to be developed before estimates of quantities can be made.
- 24-A **Vein Width, Length, Value, etc.**
25. **Mine, Mill Equipment & Flow Sheet**
26. **Road Conditions, Route** Two roads. One on east side connecting with road on flank of Monte Peak to Ruby. One mile and half from California Gulch Road connects with road that goes to the road north of Ruby and then connecting with Arivaca and Ruby Roads.
27. **Water Supply** In California Gulch.
28. **Brief History** A new location, made April 13, 1936.
29. **Special Problems, Reports Filed**
30. **Remarks** This is believed to be a potential steam shovel operation with gold as princ. May carry silver, zinc, etc. Probably of some type as Eagle Picher deposits. at depth.
31. **If property for sale: Price, terms and address to negotiate.**

32. **Signed**..... W. L. Chenoweth.....

33. **Use additional sheets if necessary.** Robert R. Pollock, E. M.  
Mina Hotel,  
Nev. 4
