Arizona Department of Mines and Mineral Resources Mining Collection

ACCESS STATEMENT

These digitized collections are accessible for purposes of education and research. We have indicated what we know about copyright and rights of privacy, publicity, or trademark. Due to the nature of archival collections, we are not always able to identify this information. We are eager to hear from any rights owners, so that we may obtain accurate information. Upon request, we will remove material from public view while we address a rights issue.

CONSTRAINTS STATEMENT

The Arizona Geological Survey does not claim to control all rights for all materials in its collection. These rights include, but are not limited to: copyright, privacy rights, and cultural protection rights. The User hereby assumes all responsibility for obtaining any rights to use the material in excess of "fair use."

The Survey makes no intellectual property claims to the products created by individual authors in the manuscript collections, except when the author deeded those rights to the Survey or when those authors were employed by the State of Arizona and created intellectual products as a function of their official duties. The Survey does maintain property rights to the physical and digital representations of the works.

QUALITY STATEMENT

The Arizona Geological Survey is not responsible for the accuracy of the records, information, or opinions that may be contained in the files. The Survey collects, catalogs, and archives data on mineral properties regardless of its views of the veracity or accuracy of those data.

Date: May 6, 1991

Dear Concerned Citizen:

The Bradshaw Ranger District has received two Plans of Operation and an amendment to an approved Plan of Operation for exploration projects to be conducted on the Forest. The legal description for the first proposal is Section 33, Township 12 North, Range 3 West; the legal description for the second proposal is Section 17, Township 13 North, Range 1 West; and the third is located in Section 20, Township 11 North, Range 2 West.

LUCY
ALICE (P)
YAVAPAI

The first proposal calls for the digging of a 30'W x 60'L x 40' deep pit for the purpose of sample collection. The excavated material will be run through a vibrator screen and onto a shaker table where it will be washed and the samples removed. The pit will be backfilled with the excavated material following sampling. Sample material would be evaluated off site. Reclamation would also include spreading salvaged topsoil and revegetating the site. As part of the approval, the operator would be required to post a reclamation bond sufficient for rehabilitation of the site.

NEW
STRIKE (P)
YAVAPAI

The second proposal involves rotary drilling four exploratory holes on an existing claim. Two of the holes will be on existing sites. The other two holes will develop two new 30'W x 50'L sites and require the construction of 300' x 12' of new roadway, not to exceed 15% slope. Several small oak and juniper shrubs will be disturbed or removed. The holes will be covered all times and the sites rehabilitated when geological evaluations are completed. As in the previous proposal, the operator will be required to post a reclamation bond.

MEMORIAL
PLACER (P)
YAVAPAI

The third proposal involves placer exploration in Milk Creek. The proponent has proposed use of an 8 inch dredge for sampling in the creek bottom. No disturbance outside the channel has been proposed. The site will be reclaimed upon completion and the operator will be required to post bond to insure this.

Minimizing impacts on vegetation and wildlife has been identified as a concern, as well as, protecting water quality. A cultural resource inventory and a biological evaluation will be completed prior to any disturbance.

Caring for the Land and Serving People

If you have any additional concerns or comments, please provide them to me by May 18, 1991. A copies of the proposal are available for review at this office. If you have questions, feel free to contact Doug Franch or Bill Cotee at (602) 445-7253.

Sincerely,

A handwritten signature in cursive script that reads "John W. Holt". The signature is written in black ink and is positioned above the typed name.

JOHN W. HOLT
District Ranger
