Dear Mr. Cummings:

Many thanks for your letter of November 16 regarding the north Santo Nino and the reference to Mr. H. J. Farmer at Nogales.

I am sending a copy of this letter to Mr. George Ballam so that he might call on Mr. Farmer and noting that Mr. Farmer might be found part of the time at the carpenter shop just north of the Nogales Welding Shop near the power plant on Grand Avenue.

Mr. Ballam may call on you to get some additional information or for your assistance in locating Mr. Farmer.

With best wishes and kindest regards, I am

Very truly yours,

MEMORANDUM

H. J. Farmer
Nogales, Ariz.

To: Director, Dept. Mineral Resources
From: George A. Ballam

Saw Mr. Farmer in Nogales. He holds 4 claims, Cu-Mo, just north of the Santo Nino, which he is willing to lease to the right party.

In addition he holds the Columbia, 6 miles north of Nogales, a Cu-Pb, with quite a little development. It appears to be in a district where it would be OK to do some gentleman's mining. Everything seems to be comfortable and pleasant and enjoyable, including the hunting, but I couldn't learn much about ore. However I am having him submit mine owners reports on both properties, both of which he wants to lease.

Mr. J. S. Coupal, Director,
Department of Mineral Resources,
Phoenix, Arizona.

Dear Sir:

Regarding the molybdenum property - the North Santo Nino - the man to see is Mr. H. J. Farmer who has done most of the work on the property. His address is Nogales. If Mr. Ballam should desire to talk with Mr. Farmer he will probably be found a part of the time at the carpenter shop just north of the Nogales Welding shop near the power plant on Grand Avenue.

Mr. Farmer tells me that this property carries the extension of the Santo Nino vein, and that immediately east of that vein there is a promising copper vein.

Yours very truly,

W. J. Cummings
