IN REPLY REFER TO:

Branch of Sedimentary Processes

July 27, 1994

Mr. Thomas D. Mulhern  
National Park Service  
Western Regional Office  
Park Historic Preservation  
600 Harrison Street, Suite 600  
San Francisco, California 94107

Dear Mr. Mulhern:

Approximately a year ago copies of a "draft National Register of Historic Places nomination form for the Orphan Lode Mine in Grand Canyon National Park, Arizona" were sent to Mr. William Chenoweth, Grand Junction, CO and to myself. Mr. Chenoweth sent you a letter on August 31, 1993 making some review suggestions, as well as some very significant input for why the Orphan should be made a National Historic Place. To date neither of us has heard anything concerning the status of the mine. Mr. Chenoweth was concerned as to whether you had received his letter.

We both want to state that we think that Mr. Unrau did an excellent job of researching the history, although there are some errors. Mr. Chenoweth pointed out several and I have attached a sheet showing some. I assume that someone caught all of the spelling errors of the mineral names--corrections attached in case this has not been done. We were told that the report would be sent to the Arizona State Historic Preservation Office. Has it?

Our major concern is that we do not think that Mr. Unrau presented a compelling case (see item #2 on attached correction sheet) for making this a historic site. Several of the four most important points were not brought out in his document that we believe qualify the Orphan mine for a National Historic Site: (1) The founder of the mine itself was a very colorful historic figure. Daniel Hogan was not only one of Teddy Roosevelt's "Rough Riders", but he was also a sheriff of Coconino County in the 19th century. (2) Hogan's original adits that produced copper are still present along the Coconino Sandstone-Hermit Shale contact. These adits are over 100 years old. (3) The Orphan Lode was a world class uranium deposit and represents a deposit type (solution-collapse breccia) that became the geologic model in the search for other similar ore-bearing pipes in the Canyon region and elsewhere in the world. This deposit type contains the highest grade uranium that we have in the United States. (4) The Orphan was the only uranium mine to ever produce within a national park.

We believe strongly that the public should not be denied the opportunity to visually appreciate our mining heritage. Whether or not the National Park deems mining to be bad is irrelevant--it is part of this countries heritage and should

not be swept from the public's sight. Mr. Chenoweth and I believe that removal of the headframe would destroy any visual representation of mining in this region to the public. It does little good to provide the public with interpretive pamphlets if there is no authentic visual representation to leave a lasting memory. There is nothing that represents mining more than a headframe--see most art work from mining districts throughout the western U.S.

Mr. Chenoweth and I would like to know the current status of the Orphan Mine as a National Historic Site and Mr. Unrau's report. We look forward to hearing from you.

Sincerely,

Karen J. Wenrich  
Geologist

Suggested Corrections for Orphan Mine  
National Register of Historic Places Nomination Form

1. Section 7, p. 5--2nd paragraph from the bottom starts "A second edit..." should be "A second ~~edit~~".
2. Section 7, p. 7--3rd paragraph, last sentence. "Most of these remnants can be best characterized as mine-related ~~junk~~". This entire sentence should be deleted--it demonstrates prejudice on the part of the Park Service against the preservation of the mine as a historic site, and perhaps sheds light on why Mr. Unrau didn't present very compelling arguments for the preservation of the mine.
3. Section 8, p. 16--1st paragraph, 1st sentence. "...of Arthur R. Still, a consulting USGS geologist...." I don't know what a USGS consulting geologist is, but it is illegal for any USGS geologist to consult! I suggest strongly that you take the words USGS out of there. In addition, there is no such person listed in the USGS directory.
4. Section 8, p. 16--last paragraph, 3rd line. "...Mining geologist form Tempe, Arizona" should read "...Mining geologist ~~from~~ Tempe, Arizona".
5. Section 8, p. 29--last paragraph, 4th line. The subscript "a" in  $\text{CaCO}_3$  should be a regular lower case "a".
6. Section 8, p. 31--2nd paragraph, 4th line. The sentence "The Tuba City mill was modified with the installation of a carbonate leaching circuit and a sulfide flotation cell to recover copper and treat high lime ores, which the lime Orphan was increasingly producing" doesn't make sense? What is "the lime Orphan"?
7. Section 8, p. 36--2nd paragraph, 1st line. "Data on the content of other minerals...." Those aren't minerals that he is talking about they are elements. The sentence should read "Data on the content of other elements". Or the term "metals" would be appropriate.
8. Section 8, p. 36--last paragraph, 5th line. "Furthermore, the deposit combines characteristics of sedimentary Colorado Plateau uranium deposits with structural features suggestive of hydrothermal veins". This is geologically totally wrong! There are no veins and the deposit is not "hydrothermal" in nature. It is solution collapse with temperatures < 170°C--this is well documented in all of the current geological literature--in fact, if one looks in either of the two references cited at the bottom of that page one can find this information.
9. Section 8, p. 36--footnote #59. the name "Sutphia" should be "~~Sutphin~~".
10. Section 8, p. 37-38--corrected copies of pages attached. This is probably the greatest conglomeration of misspelled mineral names I have ever seen.
11. Section 8, p. 39--1st paragraph, 4th line. "minor amounts of nickel and

cobalt, and low vanadium content." This is a strange way to describe a mine that has produced uranium, copper, vanadium, and silver, but not nickel and cobalt. The nickel and cobalt contents are much more minor from a stand point of potential economics than are the other 4 elements.

12. Section 8, p. 39. "The structure and mineralogy of the Orphan Mine seem to support the hydrothermal theory of origin..." Such a statement indicates that the Park Service is not reading any of the current literature (much of which I personally supplied Mr. Unrau with). That statement is from literature that is 35 years out of date. New data and mapping by multitudes of geologists have indicated otherwise. I suggest strongly that you update that statement. In fact, the solution-collapse origin of the breccia pipes is one of the features that makes this deposit type so unique. Once again it appears that Mr. Unrau is trying to downplay the uniqueness of this deposit.
13. Section 9, p. 3. This is a very strange list of references. I have never seen a reference list before that doesn't show the authors of the papers. For instance the 6th reference down (Open-File Report 89-550) on the list is by H.B. Sutphin and K.J. Wenrich, but no where are there names present in the reference citation.

Dr. H. Mason Coggin, Director  
Arizona Department of Mines and Mineral Resources  
1502 West Washington  
Phoenix, Arizona 85007

Dear Dr. Coggin:

I am writing to you regarding the abandoned Orphan Lode uranium mine in Grand Canyon National Park. I studied the mine in the 1950's and 1960's for the Atomic Energy Commission and Karen Wenrich, USGS, has been involved in a study of the uranium-bearing breccia pipes in northwestern Arizona since 1978. We believe the Orphan mine deserves to be recognized as a National Historic site because it is the first of these high-grade breccia pipes to have been mined (highest grade uranium in this country), and also because of the colorful history surrounding the site. Knowledge gleaned from this mine was subsequently used as a model for exploration throughout the entire northwestern Arizona district. We believe that removal of the headframe would destroy any visual representation of mining in this region to the public.

Karen Wenrich of the USGS and I asked the Park Service in August 1992 to leave the headframe intact as part of the mining history of the canyon. In fact, in the August 92 letter we proposed a popular interest pamphlet about this unique mine to the Park Service. Jere Krakow (NPS, Denver) began to prepare a draft for the National Register of Historic Places nomination, which was to be submitted to the Arizona State Historic Preservation Office. I was sent a copy in July, 1993 for review. I reviewed it, sent in my suggested changes, but have never been informed of the fate of the mine. In December 1992 we followed up with a proposal and budget, at the suggestion of Jere Krakow and Ellis Richards (NPS, Grand Canyon), to write a more comprehensive historical and geological brochure on the Orphan mine to be available to the public. In June, 1993 we sent a separate proposal to Ellis Richards. To date we have heard nothing from the Park Service regarding any of these proposals or our correspondence. While some personnel of the Park Service in Denver and San Francisco seem to be sympathetic to retaining the headframe as part of a historic site, officials at Grand Canyon National Park apparently would like to see it torn down (as evidenced by the part superintendent removing some of the structures in the area at his whim). We are concerned that members of the NPS would prefer to remove any evidence of mining in the Grand Canyon, and once they succeed there will be nothing we can do to reverse the process.

We would like your department to help support efforts to save the headframe and designate this as a National Historic Site. We believe that you may have more impact than we have apparently had. Could you possibly inform me of who in the Arizona Historical Society, such as the State Historic Preservation Officer, I could contact about this matter--or perhaps you might have more impact with such a contact? If you have any questions please don't hesitate to call me (303-242-9062).

Sincerely,

William L. Chenoweth

TUBA CITY MILL  
RARE METALS CORP.

COCONINO COUNTY

Visited the Tuba City Mill of Rare Metals Corp. and obtained from Mr. Gommel, Supt., the August production figures, sources of mill feed, etc.

The milling rate and grade of ore milled in August was normal. Receipts of ore were as follows:

Orphan Mine	6576 tons	.28	U <sub>3</sub> O <sub>8</sub>
Ramco & Huskon properties	48 "	.30	
Hope No. 3 (H.C.Smith)	434 "	.48	
Twilight	91 "		
Utah Southern	<u>105</u>		
	7254		

The balance of the August mill feed (total 9300) was obtained from the mill stockpile. Cameron shipments were unusually low because of low production by Cameron Mining Co. during Blakemore's absence of more than 2 weeks from the district and because of equipment breakdown at another property. The Orphan output was low but is expected to be higher in September, perhaps 7500 tons or better.

Interviewed Ray D. Eicher, Land Operations Officer at the Tuba City Navajo sub-agency office. He reported no new leasing activity and no mine work in progress in the White Mesa region.

April, 13, 1961 - Visited the Orphan Mine. Recent production rate has been around 7000 TPM, with grade just under .30% U<sub>3</sub>O<sub>8</sub> (.27% in March). The payroll numbers 90 men including 20 on the surface. No action is reported to date on Bill S 383 which was introduced Jan. 13, 1961 in the Senate by Hayden. This bill is identical to S 3094 introduced Feb. 2, 1960 in the Senate and which expired in committee. The bill proposed leasing of certain Park land which is in conflict with Western Gold & Uranium's ore deposit.

Visited the Rare Metals Co. Mill at Tuba City. Mr. Gommell discussed current activity and the outlook which is uncertain because of unsolved problems as between AEC - Rare Metals Co. - Orphan Mine - National Park Service. Another pressing problem is posed by the increasing lime content in the ore milled (over 21% CaO in March). Milling costs due to this excessive lime have just about reached an economic limit and a changeover to a carbonate circuit is imperative. The present acid circuit would be maintained to handle the small amount of non-carbonate ore coming from the Cameron area.

ORPHAN MINE

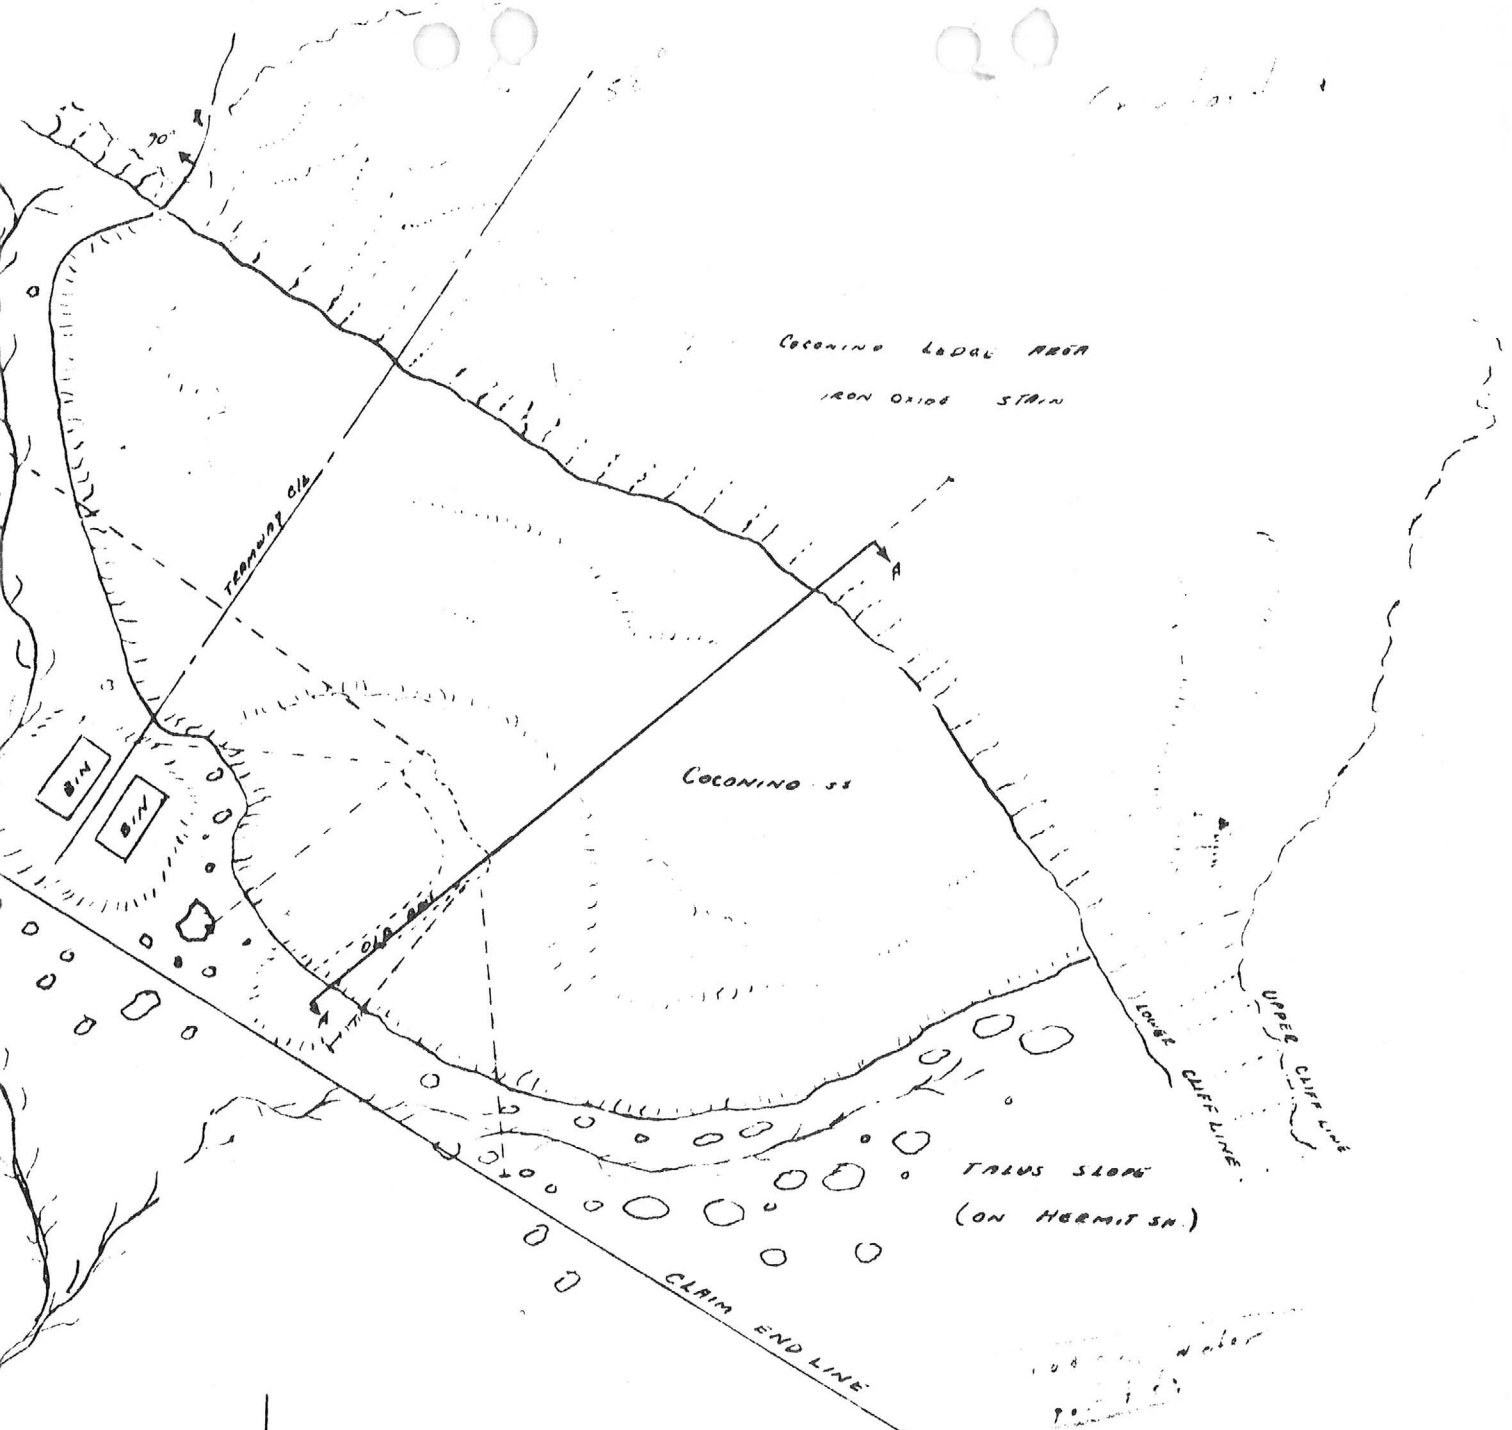

COCONINO COUNTY  
GRAND VIEW (GRAND CANYON)

Visited the Orphan Mine of the Western Gold and Uranium Co. at Grand Canyon. The President of the Company, Mr. Russell Richards, was present. He and Joe Fakler (Treasurer) and Max Kofford (Geologist) talked quite freely concerning the operation and the expansion program in progress, also the long range outlook. Maurice Castague, Supt., was away on vacation. The Asst. Supt., Bob Hartman, conducted me on a tour of the workings. The new shaft on the rim of the canyon is bottomed at 1600', and the main 1500' level connects by a raise with the adit workings in the canyon wall far below the rim. The aerial bucket train is still used for transport of men and supplies and hoisting of ore. The shaft is used only for hoisting development waste derived from drifting on the 1500' level and from three additional raises being driven to connect with the adit workings. It will probably be several months before the shaft can be used for all purposes (supplanting completely the aerial tram). A winze near the main adit entrance serves levels at 175' and 245' below the adit, and stoping is in progress on and above both these levels. The 245' level is the present lowest working level. The 1500' shaft level corresponds with a depth of 400 feet below the adit level.

TRAVIS P. LANE --- REPORT --- 8-19-59

Production is averaging around 2000 TPM, all being sent to the Tuba City mill of Rare Metals Corp. The intensive development program under way throughout the mine envisages an eventual production rate several times the current rate. The management considers that the ore potential of the mine will easily support the greater rate of production. The work crew has recently varied from 80 to 90 men. About 20 are office and surface employees and of the rest more than half are on development.

Mine Visit to the Orphan Mine. Shut down except for exploration. 4 men underground and looking for a diamond driller. Talked with geologist. Mine has produced \$40 million worth of ore, \$7million of it from the first ring stope. Cost have been \$13 mining and \$12.50 transportation. For the past several months, have been taking the high-grade center of mineralized pipe and have left about 250,000 tons of 0.10 ore. Lower prospects are not as good as would like, but they cut a little 0.48 and 0.26 stuff below the 550 which could open into something on the north side of the diatreame. Geology is complicated. The hope is to find enough ore to justify an extraction plant probably at Williams, but they don't know where it will show up. In their U<sub>3</sub>O<sub>8</sub> ore there is some copper and quartz which might be recovered. Copper recovery would probably require regrinding - the solvent extraction being done at 16 mesh.

Engineer Travis P. Lane

Subject: Visit of Aug. 20, 1959

The operating company is Western Gold & Uranium, Inc. Company officers and key personnel at the mine are as follows:

President	✓ Russell Richards	Supt.	✓ Maurice Castagne
Treasurer	✓ Joe Fakler	Asst. Supt.	✓ Bob Hartman
Mining Director	✓ C. E. Pryor	Geologist	✓ Max Kofford

Mr. Richards was present at the time of this visit. Mr. Castagne was absent on vacation. Mr. Hartman conducted a tour of the workings. Mr. Kofford supplied much helpful information re the operation.

The deposit is a brecciated volcanic pipe, technically described as a cryptovolcanic diatreme. The pipe workings in depth penetrate the beds of the Hermit shale formation and enter the underlying beds of the Supai formation. However, the breccia filling of the pipe is Coconino sandstone, its presence being attributed to a slumping into the pipe vent of material from the Coconino sandstone formation lying directly over the Hermit shale. A number of similar breccia filled diatremes have been recognized in the Canyon area and the company has investigated several of them. However, none occur in close proximity to the Orphan deposit and none indicated a content of U<sub>3</sub>O<sub>8</sub>. (2)

The long axis of the pipe is apparently vertical. The horizontal section is roughly circular with many lateral bulges. At the horizon of the adit workings the diameter is about 180' and in the lowest workings the diameter is estimated at about 400'. Most of the production to date has been derived from an annular ring on the periphery of the pipe. Recently however some excellent ore has been developed in the lower part of the workings in a secondary breccia pipe in the interior of the main pipe, and this is considered to hold good promise for the future. The pipe material contains a fair amount of pyrite throughout and in places the pyrite occurrence is abundant. Some silver is present, and some tetrahedrite and other non-ferrous sulphides have been noted but only in very minor amounts.

The operators during the past year have conducted an intensive development program and are continuing with this program. The aim is to fully explore the ore potential of the deposit and to put the workings in shape to economically handle a greatly expanded rate of production.

The vertical shaft which was collared last spring <sup>(1958)</sup> a short distance back from the rim of the canyon near the head of the aerial tram was completed at 1600' and a level at 1500' driven southwesterly some 900' connects by a raise with the northeastern workings of the 245' adit winze level (referred to the adit level as (0)). The 1500' shaft level corresponds to a depth of 400' below the adit level which is driven northeasterly into the canyon wall. A winze at about 100' in from the portal of the adit opens levels at 100', 175' and 245' below the adit. The 1500' shaft level is being continued under the adit workings and two connecting raises are being run and third is planned.

Stoping is presently in progress between the 175' and 245' levels and between the

100' and 175' levels.

An important feature of the mining operation is the systematic drilling of long holes into the walls of the mine openings to determine (by probes) the economic ore limits beyond those openings. At present only development material is being hoisted thru the vertical shaft. Ore and men and most supplies are still handled by the aerial tram. The operators anticipate that within two to three months it will be possible to serve all mining needs thru the shaft and thus obviate the costly multiple handling incident to the tram operation. Also, the limited capacity of the tram has been a bottle neck to expanding the mine output.

The work crew varies from 80 to 90 men of whom about 20 are surface plant and office employees. Of the rest more than half are on development.

Current production is averaging about 2000 TPM, all going to the Tuba City plant of Rare Metals Corp. The Company hopes to double or triple this production rate when the necessary underground connections with the shaft are completed.

Visited with Maurice Castagne, Manager of Orphan Mine. He has started to pull rail and equipment from the mine preparing to shut down by the end of May, when their uranium allotment will have been fulfilled. The ore is stockpiled at the Tuba City mill where it will furnish mill feed to the end of 1966.

Interview with Maurice Castagne. Cotter Corp. of Roswell, N. Mexico and <sup>CANON</sup> Carson City, Colo. have bought the Orphan Mine for approximately \$1,000,000. Castagne to remain at the Orphan as Manager. E.W. Bruner, geologist also to remain at the Orphan. The mine is reported to have 500,000 pounds of U<sub>3</sub>O<sub>8</sub> blocked out. The ore averages about .35% U<sub>3</sub>O<sub>8</sub>.

Mining at 100 Tpd is to start Sept. 27. Ore will be shipped by rail to Cotters mill at <sup>NON</sup> Carson City, Colo.

Officers of the company are: Don Anderson - President, Roswell, N. Mex.

Sept. 13, 1961 - Visited the Orphan mine of Western Gold and Uranium Co. Discussed with Maurice Castaigne, Supt. the recent company personnel changes; Lee Ackerman of the Lee Ackerman Investment Co. will become President of the company following a deal whereby in return for 200,000 shares of Western Gold & Uranium Co. the Investment Co. will become a wholly owned subsidiary of Western Gold. R. W. Ince will continue as Chairman of the Board, in an inactive role. Ackerman will direct land development and other interests (other than mining). C. E. Prior will direct (as presently) the mining operations. Joe Fakler, formerly Secretary and Treasurer has resigned. Harry Leigh has taken over some of Fakler's duties principally as Chief Accountant at the mine.

The main company office is to be moved from New York to Phoenix. A special meeting is to be held in Phoenix Sept. 15-19 and this will be followed by a meeting at the mine on Sept. 20.

Company officials are deeply concerned with the outcome of pending legislation re transfer of its land to the National Park Service, also re possible extension by AEC of the Rare Metals Corp. concentrate procurement contract beyond 1962, etc.

Mine production is being maintained at about 6000 TPM. During recent months ore grade has ranged from 0.27 to 0.32%  $U_3O_8$  with around 16% CaO. Ore is currently coming approximately 1/3 from the 245' sub-level, 1/3 from the "B zone (interior of the pipe) and 1/3 from scattered development headings. Exploratory drilling includes a down hole from a winze 150' below the 400' level. Employment averages about 90 men of whom 20 are on the surface.

The company pays the Park 1¢ per ton mile for ore hauled over 32 miles of Park road (the rate was recently reduced from 2¢ per ton mile). Lime penalty assessed against the company by the Tuba City Plant ranges around \$25,000 per month.

Orphan Lode

1. Original Orphan Lode claim staked by Daniel Hogan and Henry Ward in 1893.
2. Continued copper prospecting through early 1920's. Hogan patented the claim in 1906, three years before the establishment of Grand Canyon National Park. Patent papers signed by President Theodore Roosevelt. Hogan had been one of Roosevelt's "Rough Riders" in Cuba.
3. Claim sold to Madeline Jacobs in August, 1946.
4. Radioactivity in ore samples from old workings noted by Harry Granger, USGS, in 1951. (Tested samples were in a garage in Prescott).
5. Golden Crown Mining Company acquired mineral rights in 1953. Five short jack hammer holes drilled in old Hogan adit in 1955-56.
6. Based on drilling results an early tramway was constructed in March, 1956, but proved ineffective. A second tramway was built in May, 1956.
7. First ore shipped April, 1956. Early production was about 1,000 tons per month @ 1.0%  $U_3O_8$ .
8. Drilling in 1958-59 located "B" ore zone and the annular ring ore zone.
9. A 1,600 ft shaft and 1,400 ft cross cut to the 400 ft mine level were completed in 1959. In August, 1959 initial ore removal through the shaft. Production increased to 7,000 tons per month at a lower grade of 0.40 - 0.45%  $U_3O_8$ .
10. Ore bin on headframe collapsed into shaft in December, 1961; mine shut down and Tuba City mill closed.
11. Bill to mine in Park Service land outside (north) of claim passed U.S. Congress May, 1962, in exchange for NPS ownership of the claim 25 years hence, in 1987. Tuba City mill converted to alkaline leach circuit in 1962 to handle high-lime Orphan ores, and began renewed activity in March, 1963.
12. Mining resumed at Orphan in November, 1962.
13. Tuba City mill (Rare Metals Corporation of America) contract with AEC expired at end of 1966. This plus financial troubles of Western Equities (owners since 1961) caused mine to close in August, 1966. The troubles included FTC suspension of Western Equities stock on the Exchange due to "stock maneuvering" by Westex personnel.
14. Cotter Corporation of Canon City, Colorado acquired Orphan from bankruptcy court in 1967. Mine opened and shipments began to the company mill via railroad in 1967. Cotter's AEC contract had expired so they made sales to electric utilities.
15. Due to high costs, etc., Orphan closed in April, 1969.

Subject: Present activity

Mr. R. V. Wyman is still superintendent of operations at this property. During recent months the property has put on production and at the present time about 40 tons a day is being processed and shipped to the mill at Tuba City.

Reports indicate that the ore is of extremely good grade and that the property has a considerable tonnage developed.

ORPHAN MINE

Information supplied by Mr. Crawford, Geologist for the Golden Crown Mining Co regarding the Orphan mine.

The uranium ore is in the form of pitchblende and metatorbernite, running from .1% to 3%. Other minerals are: copper 5%, lead 6.5%, nickel 4%, zinc 1% and silver 4 oz. Secondary minerals are columbium & manganese - the gangue minerals are silica, pyrite and calcite.

They are installing a 50-ton per 8-hour tramway; 1800' long; 1100' difference in elevation from top to bottom with two buckets.

# THE STORY of THE ORPHAN MINE

1958

The Orphan mining claim was first located in 1893 when a seasoned prospector named Daniel Hogan found copper showings on the wall of the Grand Canyon 1,100 feet below the South Rim. Development of the find was slow because Hogan had to climb down a combination of trail, ladders and ropes to reach the site. Remnants of his trail and parts of his ladders still remain on the cliff near the Orphan tramway.

After serving as a Rough Rider during the Spanish American War, Hogan returned to prospecting and in 1906 filed for a patent on his claim. His old commandant, President Theodore Roosevelt, signed the patent himself. This, of course, was long before Grand Canyon was made a National Monument.

Hogan proved to be fifty years too early, for in his search for copper he had actually been digging in high grade uranium ore, which at that time was almost worthless.

Many years later, when tourist travel through the area began to grow, the Grand Canyon Inn was built on the old claim, the only privately-owned property on the Rim of the Grand Canyon. In 1953, Golden Crown Mining Company acquired mining rights on the claim after finding a promising uranium outcrop. The company started construction of the aerial tramway in 1955 and began regular production in August 1956.

All ore produced by the Orphan is brought to the Rim by the tramway. The ore buckets hoist about 800 pounds of ore per trip—a soaring journey requiring four minutes. The ore is then hauled to the Rare Metals Company mill at Tuba City, Ariz., 85 miles away, where the uranium content is recovered and sold to the U. S. Atomic Energy Commission.

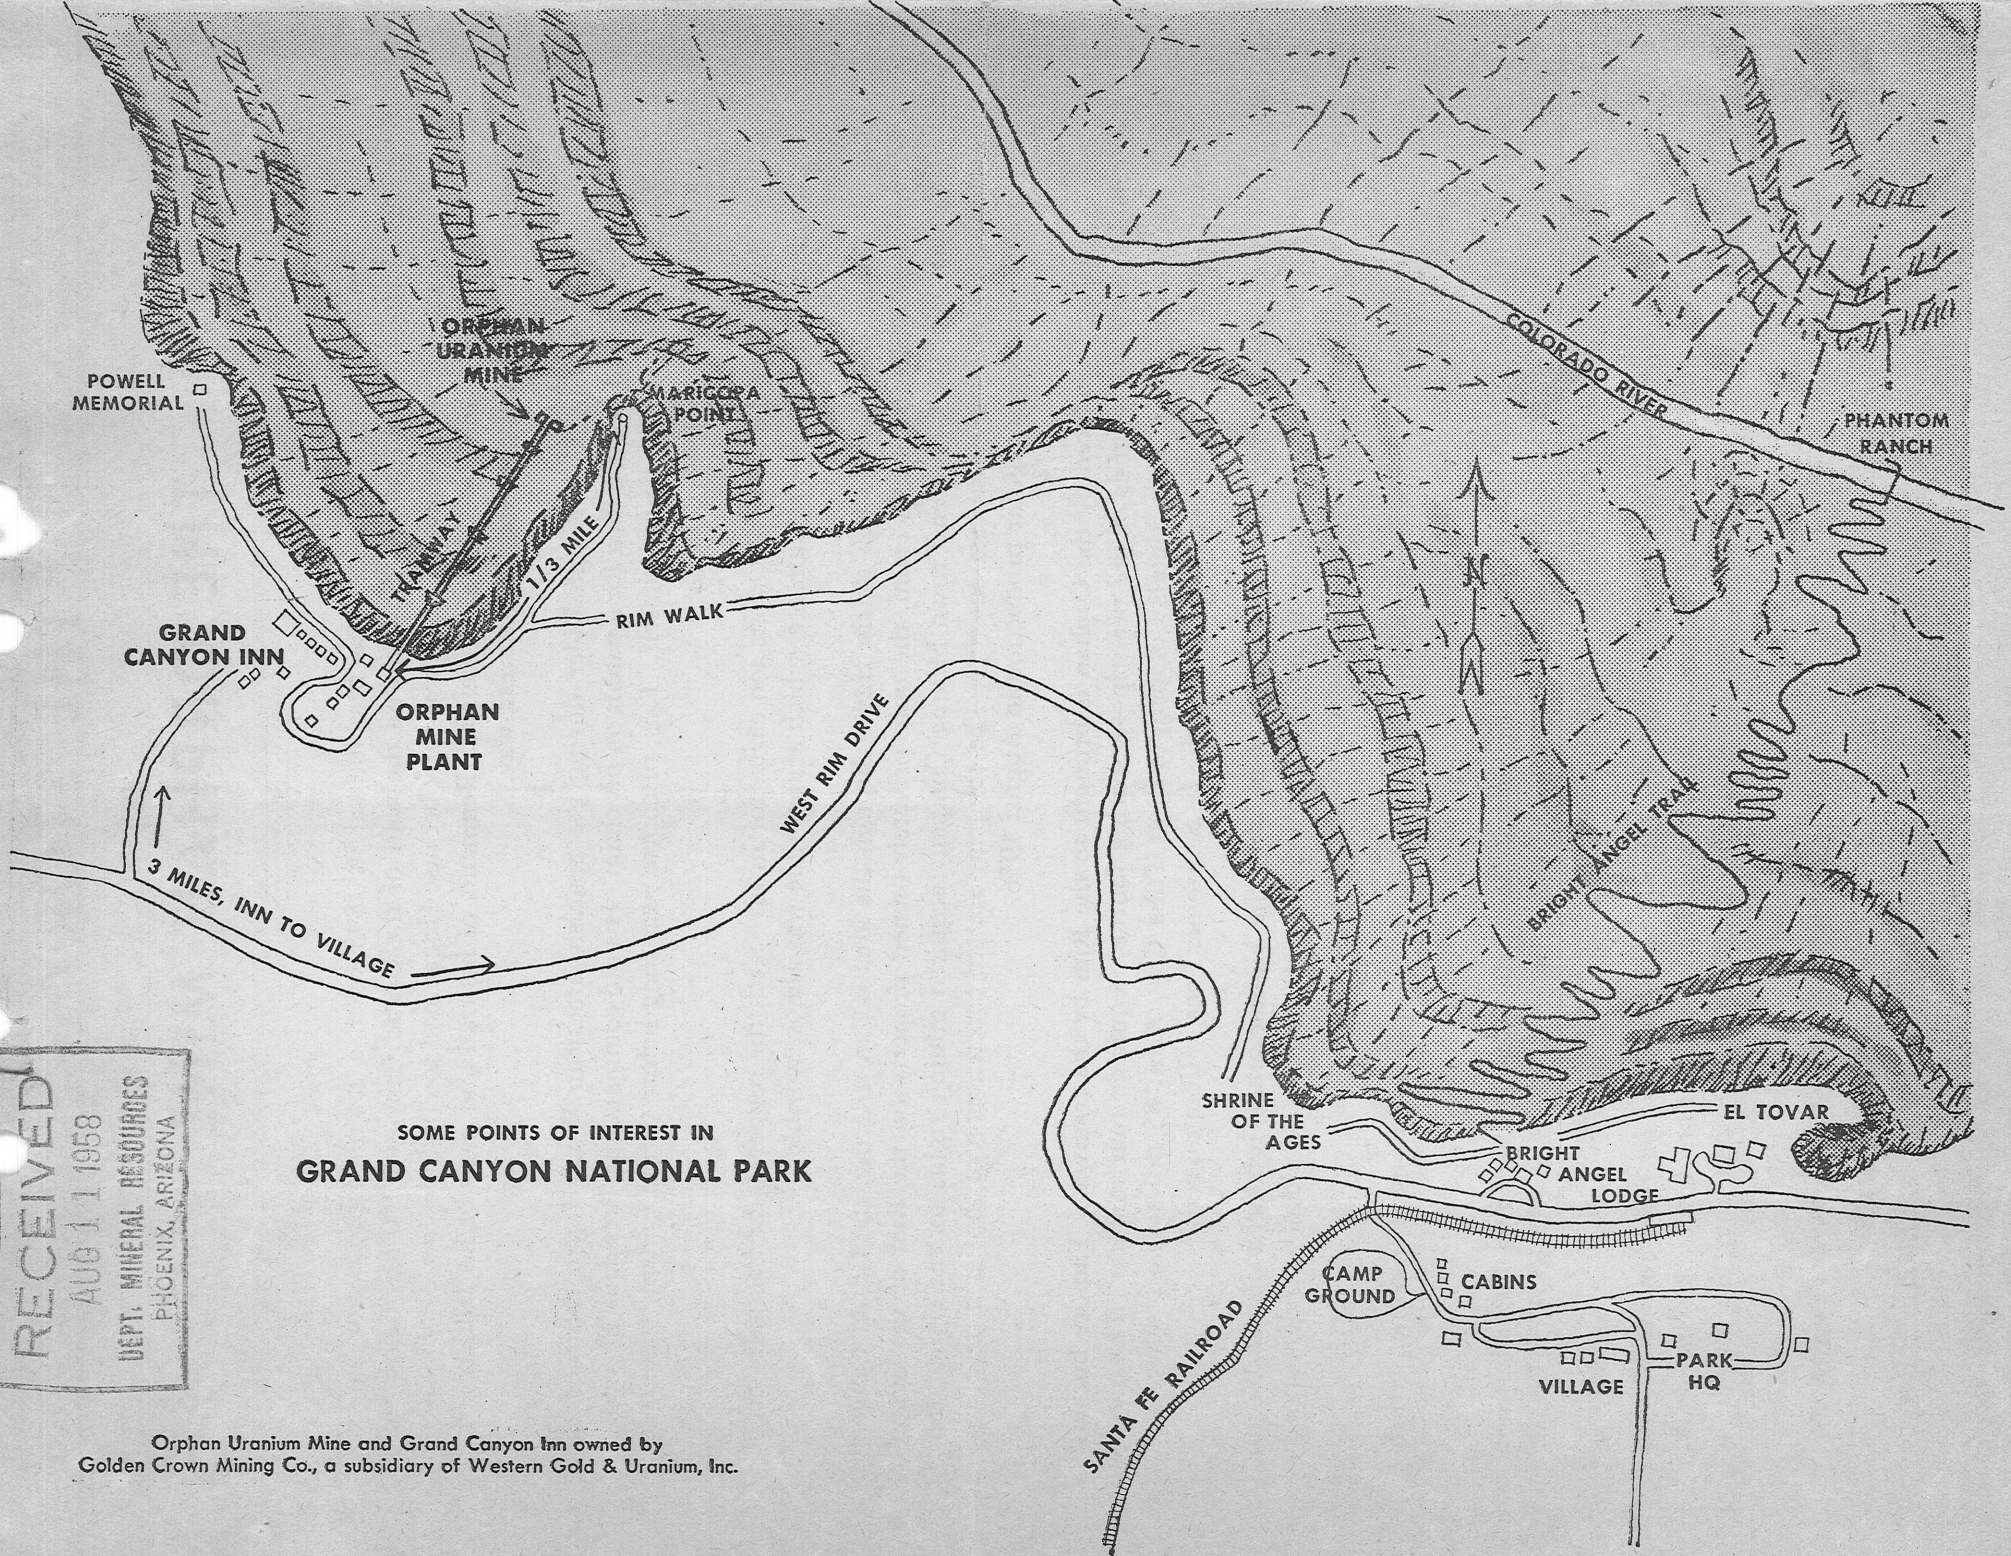

The uranium ore from the Orphan mine is of the highest grade produced on the North American continent. Besides uranium, it also contains small amounts of nickel, cobalt, copper, silver, gold, lead and zinc, but these are not recovered at present.

In November 1956, Golden Crown bought all the stock of Grand Canyon Inn, Inc., which firm now operates as a subsidiary.

On the reverse side of this sheet is a map showing the route to Maricopa Point by foot path, from which the mining operation can be observed. We ask that you DO NOT THROW ROCKS OVER THE CLIFF in this area, because men are working below.

We regret that safety considerations prevent our taking visitors on the tramway or into the Orphan mine. However, we welcome your watching our operations from the Rim Walk. Should you like to take home a sample of uranium ore from the Orphan, they are on sale at Grand Canyon Inn.

protected by the applicable provisions of Canadian law.

Section 6(c) of the Act provides that the Commission, by order upon application, may conditionally or unconditionally exempt any person, security or transaction from any provision or provisions of the Act, if and to the extent that such exemption is necessary or appropriate in the public interest and consistent with the protections of investors and the purposes fairly intended by the policy and provisions of the Act.

Applicant submits that it is appropriate in the public interest and consistent with the protection of investors and the purposes fairly intended by the policy and provisions of the Act for the Commission to enter an order exempting MVCA from all the provisions of the Act and applicant has agreed to the following conditions in the event such order should be issued by the Commission:

1. Applicant will inform the Commission, on or before April 1 of each year, of the extent, if any, to which U.S. citizens are the holders of participating interests in MVCA.

2. The Commission may reserve jurisdiction to modify or rescind such order, after opportunity for hearing, if at any time in the future, the facts pertaining to the operations of MVCA should warrant such action.

Notice is further given, that any interested person may, not later than May 7, 1969 at 5:30 p.m., submit to the Commission in writing a request for a hearing on the matter accompanied by a statement as to the nature of his interest, the reason for such request and the issues of fact or law proposed to be controverted, or he may request that he be notified if the Commission shall order a hearing thereon. Any such communication should be addressed: Secretary, Securities and Exchange Commission, Washington, D.C. 20549. A copy of such request shall be served personally or by mail (airmail if the person being served is located more than 500 miles from the point of mailing) upon Applicant at the address stated above. Proof of such service (by affidavit or in case of an attorney at law by certificate) shall be filed contemporaneously with the request. At any time after said date, as provided by Rule 0-5 of the rules and regulations promulgated under the Act, an order disposing of the application herein may be issued by the Commission upon the basis of the information stated in said application, unless an order for hearing upon said application shall be issued upon request or upon the Commission's own motion. Persons who request a hearing or advice as to whether a hearing is ordered, will receive notice of further developments in this matter, including the date of the hearing (if ordered) and any postponements thereof.

### SOUTHERN RAILWAY CO. AND MISSOURI-KANSAS-TEXAS RAILROAD CO.

## Car Distribution

Pursuant to section 1 (15) and (17) of the Interstate Commerce Act and authority vested in me by Interstate Commerce Commission Service Order No. 1002:

*It is ordered,* That:

(1) Each common carrier by railroad subject to the Interstate Commerce Act shall comply with the following distribution directions:

(a) Southern Railway Co. shall deliver to the Missouri-Kansas-Texas Railroad Co. a weekly total of 175 empty plain serviceable boxcars with inside length less than 44 feet 8 inches and doors less than 8 feet wide. Exceptions: Canadian ownerships.

*It is further ordered,* That the rate of delivery specified in this direction shall be maintained within weekly periods ending each Sunday at 11:59 p.m., so that at the end of each 7 days the full delivery required for that period shall have been made.

*It is further ordered,* That cars applied under this direction shall be so identified on empty car cards, movement slips, and interchange records as moving under the provisions of this direction.

(b) The carrier delivering the empty boxcars as described above must advise Agent R. D. Pfahler each Wednesday as the number of cars, covered by this direction, delivered during the preceding week, ending each Sunday at 11:59 p.m.

(c) The carrier receiving the cars described above must advise Agent R. D. Pfahler each Wednesday as to the number of cars received during the preceding week, ending each Sunday at 11:59 p.m.

(2) Regulations suspended: The operation of all rules and regulations, insofar as they conflict with the provisions of this direction, is hereby suspended.

(3) Effective date: This direction shall become effective at 12:01 a.m., April 24, 1969.

(4) Expiration date: This direction shall expire at 11:59 p.m., May 11, 1969, unless otherwise modified, changed, or suspended by order of this Commission.

*It is further ordered,* That a copy of this direction shall be served upon the Association of American Railroads, Car Service Division, as agent of all railroads subscribing to the car service and per diem agreement under the terms of that agreement; and that notice of this direction be given to the general public by depositing a copy in the Office of the Secretary of the Commission in Washington, D.C., and by filing it with the Director, Office of the Federal Register.

### MOTOR CARRIER TEMPORARY AUTHORITY APPLICATIONS

APRIL 22, 1969.

The following are notices of filing of applications for temporary authority under section 210a(a) of the Interstate Commerce Act provided for under the new rules of Ex Parte No. MC-67 (49 CFR Part 340), published in the FEDERAL REGISTER, issue of April 27, 1965, effective July 1, 1965. These rules provide that protests to the granting of an application must be filed with the field official named in the FEDERAL REGISTER publication, within 15 calendar days after the date of notice of the filing of the application is published in the FEDERAL REGISTER. One copy of such protest must be served on the applicant, or its authorized representative, if any, and the protests must certify that such service has been made. The protests must be specific as to the service which such protestant can and will offer, and must consist of a signed original and six copies.

A copy of the application is on file, and can be examined at the Office of the Secretary, Interstate Commerce Commission, Washington, D.C., and also in the field office to which protests are to be transmitted.

## SMALL BUSINESS ADMINISTRATION

[Declaration of Disaster Loan Area 695]

### HAWAII

#### Declaration of Disaster Loan Area

Whereas, it has been reported that during the month of February 1969, because of the effects of certain disasters, damage resulted to residences and business property located on the Windward Area of the Island of Oahu, Hawaii;

Whereas, the Small Business Administration has investigated and received other reports of investigations of conditions in the area affected;

Whereas, after reading and evaluating reports of such conditions, I find that the conditions in such area constitute a catastrophe within the purview of the Small Business Act, as amended.

Now, therefore, as Acting Administrator of the Small Business Administration, I hereby determine that:

1. Applications for disaster loans under the provisions of section 7(b) (1) of the Small Business Act, as amended, may be received and considered by the office

parties an opportunity to make their respective offers of proof at the evidentiary hearing (see, Columbia Broadcasting System, Inc., 6 FCC 2d 821, 9 RR 2d 541 (1967); and WATR, Inc., FCC 68-1098, 15 FCC 2d 103). The inquiry should include the possibility that the prevailing circumstances warrant a waiver of the applicable rules. An appropriate issue under § 73.685 (a) and (b) will therefore be added.

10. Petitioner claims that an issue is required to determine whether WSTE's use of the Jiminez site will result in an efficient use of the channel allocation. Petitioner's position is that the issue derives from the allegations that there will be significant shadowing and signal loss in Fajardo and that, from Jiminez, WSTE will place a 77 dbu signal into San Juan. To the extent that the shadowing and signal loss raise questions as to the "efficiency" of WSTE's proposal, the matter may be appropriately considered under the § 73.685 issue specified herein; the other allegation in support of the request, i.e., the coverage of San Juan, standing alone, does not raise a substantial question as to the efficiency of the proposal; cf. WATR, Inc., FCC 68-1098, 15 FCC 2d 103. Nor does it aid petitioner's cause to treat the request as one for a de facto reallocation issue.<sup>8</sup> In denying the original request to add a de facto reallocation issue, the Commission pointed out that the transmitter would be located less than 10 miles from Fajardo; that WSTE's main studio would be located at an unspecified site in Fajardo; and that the applicant indicated it would still serve the program needs of Fajardo. The Commission also specifically rejected petitioner's contentions derived from the past broadcast experience of WSTE's principals as well as those contentions seeking to derive significance from WSTE's coverage of San Juan.<sup>9</sup> Petitioner's present request for an issue is based solely upon its challenge to the Commission's conclusion that WSTE would place a principal city signal over Fajardo; it argues that the extent of signal loss in Fajardo together with the 77 dbu coverage of San Juan warrant the imposition of an issue.<sup>10</sup> In our view, to

<sup>8</sup> The Review Board is not persuaded that the requested issue is, in fact, distinguishable from a so-called de facto reallocation issue. As framed by petitioner, the requested issue is in haec verba with de facto reallocation issue designated by the Commission in prior cases; see, e.g., Central Coast Television (KCOY-TV), supra. Moreover, the ultimate question under de facto reallocation issues and the requested issue is the same: Whether the station will actually serve the community to which the channel was allocated.

<sup>9</sup> The Commission stated that television stations are encouraged to operate with maximum facilities, where such operation will not conflict with rules or policy.

<sup>10</sup> WAPA's argument that WSTE will necessarily serve San Juan in order to meet its higher site construction costs at Jiminez is entirely unsubstantiated.

add an issue on the basis of the contentions raised before the Commission taken together with the arguments now made before the Board would be to entirely ignore the undisputed facts noted in the designation order, and Commission precedent; see Cosmos Broadcasting Corp. (WSEA-TV), 5 FCC 2d 690, 8 RR 2d 975 (1966); WATR, supra. The addition of an issue inquiring into principal city coverage does not, under these circumstances, also necessitate the addition of a de facto reallocation issue.

11. Accordingly, it is ordered, That the petition to enlarge issues, filed November 1, 1968, by WAPA-TV Broadcasting Corp., is granted to the extent indicated herein, and is denied in all other respects; and

12. It is further ordered, That the issues in this proceeding are enlarged by the addition of the following issue: To determine whether the proposal of WSTE-TV, Inc., will comply with the provisions of § 73.685 (a) and (b) of the rules, and, if not, whether good cause exists for a waiver of such provisions.

and

13. It is further ordered, That the burden of proceeding and proof as to the issue added herein shall be upon WSTE-TV, Inc.

Adopted: February 10, 1969.

Released: February 11, 1969.

## FEDERAL POWER COMMISSION

[Docket No. RI69-411, etc.]

PAN AMERICAN PETROLEUM CORP.  
ET AL.

Order Amending Orders To Permit  
Change in Suspension Periods and  
Acceptance of Substitute Rate  
Filings

FEBRUARY 4, 1969.

Pan American Petroleum Corp. and Pan American Petroleum Corp. (Operator) et al. (both referred to herein as Pan American), request that the suspension orders issued in Docket Nos. RI69-349, RI69-350, RI69-411 (with respect to Rate Schedule Nos. 225 and 280 only) and RI69-413 be changed to reflect suspension periods until June 1, 1969, instead of June 2, 1969, and the suspension order issued in Docket No. RI69-351 reflect a suspension period until January 2, 1969, instead of January 3, 1969. In each instance Pan American requested an effective date of January 1, 1969, but the proposed increased rates were suspended upon expiration of the 30-day statutory

notice period from December 2, 1968, the filing date stamped on each filing. In support, Pan American has submitted evidence of a registered mail receipt reflecting that the filings were received in the Commission on November 29, 1968, allowing adequate notice for the proposed effective dates of January 1, 1969. In view of the above, we conclude that the suspension periods be changed as requested by Pan American.<sup>1</sup>

In addition, Pan American proposes to reduce four of the above rate increases suspended, among others, in Docket Nos. RI69-349 and RI69-350 for sales to Arkansas Louisiana Gas Co. in the Oklahoma "Other" Area. To avoid controversy with the buyer, Pan American is reducing the previously filed rates by 0.0056 cent which reflected partial tax reimbursement for increased taxes based on the application of the existing 5 percent Oklahoma production tax to 0.015 cent partial reimbursement for the increase in the Oklahoma excise tax (the present 5 percent production tax is computed on the total price, including tax reimbursement, received from the buyer). Such reduction in tax reimbursement would amount to approximately \$5 annually. We believe that it would be in the public interest to accept Pan American's proposed rates to be substituted for the previously filed rates now under suspension to remain suspended until the end of the suspension period (June 1, 1969) in Dockets Nos. RI69-349 and RI69-350.

The Commission orders:

(A) The orders suspending Pan American's rate filings issued on December 27, 1968, in Dockets Nos. RI69-349, RI69-350, and RI69-351, and December 31, 1968, in Dockets Nos. RI69-411 (with respect to Rate Schedules Nos. 225 and 280 only) and RI69-413 are amended to reflect (1) the filings were tendered on November 29, 1968, (2) the effective date unless suspended is January 1, 1969, the requested effective date, and (3) Pan American's filings suspended in Dockets Nos. RI69-349, RI69-350, RI69-411, and RI69-413 are suspended until June 1, 1969. Pan American's filing in Docket No. RI69-351 is suspended for 1 day until January 2, 1969.

(B) The order issued in Docket No. RI69-349 is amended to substitute the proposed increase to 16.015 cents under Pan American's Rate Schedule No. 364 and the proposed increases to 17.815 cents under Pan American's Rate Schedules Nos. 380 and 395 for the previously proposed increases to 16.01556 cents and 17.81556 cents, respectively, as shown in Appendix "A" hereto.

(C) The order issued in Docket No. RI69-350 is amended to substitute the proposed rate of 17.815 cents under Pan American's Rate Schedule No. 381 for

<sup>1</sup> On Jan. 27, 1969, Pan American Petroleum Corp., filed an application for rehearing of those matters which, as a result of the action taken herein, has become moot.

## MOTOR CARRIER ALTERNATE ROUTE DEVIATION NOTICES

DECEMBER 20, 1968.

The following letter-notices of proposals to operate over deviation routes for operating convenience only have been filed with the Interstate Commerce Commission, under the Commission's Deviation Rules Revised, 1957 (49 CFR 211.1 (c) (8)) and notice thereof to all interested persons is hereby given as provided in such rules (49 CFR 211.1(d) (4)).

Protests against the use of any proposed deviation route herein described may be filed with the Interstate Commerce Commission in the manner and form provided in such rules (49 CFR 211.1(e)) at any time, but will not operate to stay commencement of the proposed operations unless filed within 30 days from the date of publication.

Successively filed letter-notices of the same carrier under the Commission's Deviation Rules Revised, 1957, will be numbered consecutively for convenience in identification and protests if any should refer to such letter-notices by number.

### MOTOR CARRIERS OF PROPERTY

No. MC 10343 (Deviation No. 14), CHURCHILL TRUCK LINES, INC., U.S. Highway 36 West, Post Office Box 250, Chillicothe, Mo. 64601, filed December 12, 1968. Carrier proposes to operate as a *common carrier*, by motor vehicle, of *general commodities*, with certain exceptions, over a deviation route as follows: From Lake City Arsenal, Lake City, Mo., over Missouri Highway 7 to junction Interstate Highway 70, thence over Interstate Highway 70 to St. Louis, Mo., and return over the same route, for operating convenience only. The notice indicates that the carrier is presently authorized to transport the same commodities, over a pertinent service route as follows: From

Potomac, and West Penn (the "subsidiary companies") as hereinafter outlined.

The subsidiary companies propose to amend their respective charters to increase the authorized shares of common stock, and to issue and sell to APS from time to time, prior to December 31, 1969, additional shares of their common stock for cash considerations equal to the aggregate par or stated values thereof, as follows:

	Proposed increase in authorized shares	Proposed issuance of shares	Cash consideration
-----	600,000	200,000	\$10,000,000

### COLUMBIA GAS SYSTEM, INC.

#### Order Suspending Trading of Proposed Issue and Sale of Debentures at Competitive Bidding

AUGUST 22, 1968.

It is hereby given that the Columbia Gas System, Inc. ("Columbia"), 120 Broadway Street, New York, N.Y. 10017, a public utility holding company, has filed a statement with the Commission pursuant to the Public Utility Holding Company Act of 1935 designating sections 6 and 7 of Rule 50 promulgated thereunder as applicable to the proposed transaction. All interested persons are invited to file their comments on the proposed transaction, which is described below, for a complete statement of the proposed transaction.

Columbia proposes to issue and sell, through a competitive bidding process, the competitive bidding series of Rule 50 under the Act, in the principal amount of \$10,000,000 of debentures, series due October 1, 1978, with an interest rate of the debentures to be a multiple of one-eighth of one percent (0.125%) and the price, exclusive of interest, to be paid to Columbia

(which will be not less than 98½ percent nor more than 101½ percent of the principal amount thereof) will be determined by the competitive bidding. The debentures will be issued under an indenture between Columbia and Morgan Guaranty Trust Company of New York, trustee, dated as of June 1, 1961, as heretofore supplemented by various indentures and as to be further supplemented by a 12th supplemental indenture to be dated October 1, 1968.

The net proceeds from the sale of the debentures will be added to the general funds of Columbia and together with funds presently available and funds to be generated from operations, will be used by Columbia to finance, in part, the cost of its subsidiary companies' 1968 construction program, estimated at \$173 million.

It is stated that no State commission and no Federal commission, other than this Commission, has jurisdiction over the proposed transaction. A statement of the fees, commissions, and expenses related to the proposed transaction is to be filed by amendment.

Notice is further given that any interested person may, not later than September 13, 1968, request in writing that a hearing be held on such matter, stating the nature of his interest, the reasons for such request, and the issues of fact or law raised by said declaration which he desires to controvert; or he may request that he be notified if the Commission should order a hearing thereon. Any such request should be addressed: Secretary, Securities and Exchange Commission, Washington, D.C. 20549. A copy of such request should be served personally or by mail (airmail if the person being served is located more than 500 miles from the point of mailing) upon the declarant at the above-stated address, and proof of service (by affidavit or, in case of an attorney at law, by certificate) should be filed with the request. At any time after said date, the declaration, as filed or as it may be amended, may be granted as provided in Rule 23 of the general rules and regulations promulgated under the Act, or the Commission may grant exemption from such rules as provided in Rules 20(a) and 100 thereof or take such other action as it may deem appropriate. Persons who request a hearing or advice as to whether a hearing is ordered will receive notice of further developments in this matter, including the date of the hearing (if ordered) and any postponements thereof.

For the Commission (pursuant to delegated authority).

**WESTERN MASSACHUSETTS ELECTRIC CO.**

**Notice of Proposed Issue and Sale of Notes to Banks and to Dealer in Commercial Paper and Exemption From Competitive Bidding**

MARCH 27, 1968.

Notice is hereby given that Western Massachusetts Electric Co., 174 Brush Hill Avenue, West Springfield, Mass. ("WMECO"), an electric utility subsidiary company of Northeast Utilities, a registered holding company, has filed a declaration and amendments thereto with this Commission pursuant to the Public Utility Holding Company Act of 1935 ("Act"), designating sections 6(a) and 7 of the Act and Rule 50(a) (5) promulgated thereunder as applicable to the proposed transactions. All interested persons are referred to the declaration, which is summarized below, for a complete statement of the proposed transactions.

WMECO proposes, from time to time but not later than March 31, 1969, to issue and sell short-term notes (including commercial paper), in an aggregate principal amount outstanding at any one time of not more than \$30 million. WMECO intends to utilize the proceeds of the sale of its notes (i) for construction expenditures, (ii) for investments in nuclear generating companies, and (iii) to pay outstanding bank notes presently aggregating \$2,100,000. WMECO's construction program contemplates gross construction expenditures of approximately \$24 million for 1968 and \$28,700,000 for 1969. Estimated investments in or advances to nuclear generating companies (i.e., Connecticut Yankee Atomic Power Co., Maine Yankee Atomic Power Co., and Vermont Yankee Nuclear Power Corp.) are estimated to aggregate approximately \$885,000 during 1968 and \$620,000 during 1969.

WMECO proposes to issue and sell to banks up to \$30 million of short-term notes (and to renew such notes) from time to time but not later than March 31, 1969. The aggregate amount of WMECO's bank notes at any one time outstanding will at no time exceed \$30 million. Upon the effective date of this declaration, WMECO will issue no further notes to banks pursuant to the Commission's authorization in File No. 70-4453 (Holding Company Act Release No. 15678 (March 7, 1967)). The proposed bank notes will each be dated the date of issue, will have maximum maturity dates of 6 months, with right of renewal, will bear interest at the prime rate (currently 6 percent per annum in all cases) in effect at the lending bank on the date of issue, and will be subject to prepayment at any time at the company's option without premium. Although no formal commitments for future borrowings have been made with any bank, WMECO expects such borrowings will be effected from the following banks:

	<i>Maximum to be borrowed</i>
The First National Bank of Boston.....	\$25,000,000
New England Merchants National Bank.....	4,000,000
Valley Bank and Trust Co.....	1,000,000
Total.....	30,000,000

WMECO also proposes to issue and sell to a commercial paper dealer up to an aggregate face amount at any one time outstanding of \$10 million of commercial paper in the form of short-term promissory notes, from time to time but not later than March 31, 1969, to meet portions of its capital requirements. The total amount of commercial paper and bank notes outstanding at any one time will not exceed \$30 million. The commercial paper notes will be issued in denominations of not less than \$50,000 and not more than \$1 million and will be sold by WMECO directly to Lehman Commercial Paper Incorporated ("Lehman") at the discount rate per annum prevailing at the date of issuance for commercial paper of comparable quality and of the

particular maturity sold by public-utility issuers to commercial paper dealers. The effective interest costs for the commercial paper will not exceed the commercial bank prime rate on the date of issue. The declaration states that historically the cost of commercial paper borrowings for companies of comparable credit to WMECO has averaged less than the cost of bank borrowings, and, based on the recent experience of other companies, WMECO desires the flexibility of using commercial paper borrowings to supplement its bank borrowings. No commission or fee will be payable in connection with the issuance and sale of the commercial paper. Maturities of the commercial paper may vary from one to 270 days with specific maturities determined by market conditions, effective interest cost to WMECO, and WMECO's anticipated cash flow. It is stated that in accordance with established custom and practice in the market, the commercial paper will not be prepayable prior to maturity.

Lehman, as principal, will reoffer the commercial paper to institutional investors at a discount of no more than one-eighth of 1 percent per annum less than the prevailing discount rate of WMECO. The commercial paper will be reoffered to not more than 100 identified and designated customers in a list (non-public) prepared in advance by Lehman. No additions will be made to this customer list, which includes commercial banks, insurance companies, corporate pension funds, investment trusts, foundations, colleges, and universities, municipal and state benefit funds, eleemosynary institutions, finance companies, and nonfinancial corporations purchasing such paper for the purpose of investing their funds on a short-term basis. It is anticipated that the commercial paper will be held by customers to maturity, but if such customers desire to resell prior to maturity, Lehman, pursuant to a verbal repurchase agreement, will repurchase the commercial paper and reoffer the same to others in the group of 100 customers.

WMECO expects to retire all of the bank notes and commercial paper notes prior to April 1, 1969, from the net proceeds of the sale of additional first mortgage bonds and/or other securities. In the event the company effects any permanent financing prior to the repayment of all notes outstanding pursuant to this declaration, it will apply the net proceeds of such permanent financing in reduction of such outstanding notes. WMECO states that the maximum amount of indebtedness authorized pursuant to this declaration will be reduced by the amount of the net proceeds of any such permanent financing.

WMECO asserts that the issue and sale of its commercial paper notes should, pursuant to subparagraph (a)(5) of Rule 50, be exempted from the requirements thereof, in view of the fact that the proposed promissory notes to be issued by WMECO as commercial paper will have a maturity of not more than 270 days, the interest costs thereof will not exceed the prime rate for commercial

borrowings from commercial banks, the current rates for commercial paper for prime borrowers such as WMECO are readily ascertainable by reference to daily financial publications, and that it is not practical to invite competitive bids for commercial paper.

Fees and expenses to be incurred by WMECO in connection with the proposed transactions are estimated at \$1,250, including legal fees of \$750. It is stated that no State commission and no Federal commission, other than this Commission, has jurisdiction over the proposed transactions.

Notice is further given that any interested person may, not later than April 15, 1968, request in writing that a hearing be held on such matter, stating the nature of his interest, the reasons for such request, and the issues of fact or law raised by said declaration which he desires to controvert; or he may request that he be notified if the Commission should order a hearing thereon. Any such request should be addressed: Secretary, Securities and Exchange Commission, Washington, D.C. 20549. A copy of such request should be served personally or by mail (air mail if the person being served is located more than 500 miles from the point of mailing) upon the declarant at the above-stated address, and proof of service (by affidavit or, in case of an attorney at law, by certificate) should be filed with the request. At any time after said date, the declaration, as amended or as it may be further amended, may be permitted to become effective as provided in Rule 23 of the general rules and regulations promulgated under the Act, or the Commission may grant exemption from such rules as provided in Rules 20(a) and 100 thereof or take such other action as it may deem appropriate. Persons who request a hearing or advice as to whether a hearing is ordered will receive notice of further developments in this matter, including the date of the hearing (if ordered) and any postponements thereof.

For the Commission (pursuant to delegated authority).

## INTERSTATE COMMERCE COMMISSION

[Notice 557]

### MOTOR CARRIER TEMPORARY AUTHORITY APPLICATIONS

FEBRUARY 27, 1968.

The following are notices of filing of applications for temporary authority under section 210a(a) of the Interstate Commerce Act provided for under the new rules of Ex Parte No. MC 67 (49 CFR Part 340), published in the FEDERAL REGISTER, issue of April 27, 1965, effec- tive July 1, 1965. These rules provide

that protests to the granting of an ap- plication must be filed with the field official named in the FEDERAL REGISTER pub- lication, within 15 calendar days after the date of notice of the filing of the application is published in the FEDERAL REGISTER. One copy of such protest must be served on the applicant, or its au- thorized representative, if any, and the protests must certify that such service has been made. The protests must be specific as to the service which such protestant can and will offer, and must consist of a signed original and six copies.

A copy of the application is on file, and can be examined at the Office of the Secretary, Interstate Commerce Com- mission, Washington, D.C., and also in the field office to which protests are to be transmitted.

the proposed transactions. Fees and expenses to be incurred by Louisiana in connection with the bonds are estimated at \$95,000, including legal fees of \$30,000 and auditor's fees of \$3,000. The fee of counsel for the underwriters, to be paid by the successful bidders, is estimated at \$9,000.

Notice is further given that any interested person may, not later than March 8, 1968, request in writing that a hearing be held on such matter, stating the nature of his interest, the reasons for such request, and the issues of fact or law raised by said declaration which he desires to controvert; or he may request that he be notified if the Commission should order a hearing thereon. Any such request should be addressed: Secretary, Securities and Exchange Commission, Washington, D.C. 20549. A copy of such request should be served personally or by mail (airmail if the person being served is located more than 500 miles from the point of mailing) upon the declarant at the above-stated address, and proof of service (by affidavit or, in case of an attorney at law, by certificate) should be filed with the request. At any time after said date, the declaration, as filed or as it may be amended, may be granted as provided in Rule 23 of the general rules and regulations promulgated under the Act, or the Commission may grant exemption from such rules as provided in Rules 20(a) and 100 thereof or take such other action as it may deem appropriate. Persons who request a hearing or advice as to whether a hearing is ordered will receive notice of further developments in this matter, including the date of the hearing (if ordered) and any postponements thereof.

**Notice of Applications for Certificates, Abandonment of Service and Petitions To Amend Certificates <sup>1</sup>**

FEBRUARY 2, 1968.

Take notice that each of the Applicants listed herein has filed an application or petition pursuant to section 7 of the Natural Gas Act for authorization to sell natural gas in interstate commerce or to abandon service heretofore authorized as described herein, all as more fully described in the respective applications and amendments which are on file with the Commission and open to public inspection.

Protests or petitions to intervene may be filed with the Federal Power Commission, Washington, D.C. 20426, in accordance with the rules of practice and procedure (18 CFR 1.8 or 1.10) on or before February 26, 1968.

Take further notice that, pursuant to the authority contained in and subject

<sup>1</sup> This notice does not provide for consolidation for hearing of the several matters covered herein, nor should it be so construed.

to the jurisdiction conferred upon the Federal Power Commission by sections 7 and 15 of the Natural Gas Act and the Commission's rules of practice and procedure, a hearing will be held without further notice before the Commission on all applications in which no protest or petition to intervene is filed within the time required herein if the Commission on its own review of the matter believes that a grant of the certificates or the authorization for the proposed abandonment is required by the public convenience and necessity. Where a protest or petition for leave to intervene is timely filed, or where the Commission on its own motion believes that a formal hearing is required, further notice of such hearing will be duly given: *Provided, however*, That pursuant to § 2.56, Part 2, Statement of General Policy and Interpretations, Chapter I of Title 18 of the Code of Federal Regulations, as amended, all permanent certificates of public convenience and necessity granting applications, filed after July 1, 1967, without further notice, will contain a condition precluding any filing of an increased rate at a price in excess of that designated for the particular area of production for the period prescribed therein unless at the time of filing of protests or petitions to intervene the Applicant indicates in writing that it is unwilling to accept such a condition. In the event Applicant is unwilling to accept such condition the application will be set for formal hearing.

Under the procedure herein provided for, unless otherwise advised, it will be unnecessary for Applicants to appear or be represented at the hearing.

established for such goods during the period March 1, 1967, through February 29, 1968. In the event that the levels of restraint established for such goods for that period have been exhausted by previous entries, such goods shall be subject to the directives set forth in this letter.

The levels of restraint set forth above are subject to adjustment pursuant to the provisions of the bilateral agreement of March 15, 1967, between the Governments of the United States and Poland which provides in part that within the aggregate and applicable group limits, limits on certain categories may be exceeded by not more than 5 percent; and for administrative arrangements. Any appropriate adjustments pursuant to the provisions of the bilateral agreement referred to above, will be made to you by letter from the Chairman of the Interagency Textile Administrative Committee.

A detailed description of the categories in terms of T.S.U.S.A. numbers was published in the FEDERAL REGISTER on January 17, 1968 (33 F.R. 582).

In carrying out the above directions, entry into the United States for consumption shall be construed to include entry for consumption into the Commonwealth of Puerto Rico.

The actions taken with respect to the Government of Poland and with respect to imports of cotton textiles and cotton textile products from Poland have been determined by the President's Cabinet Textile Advisory Committee to involve foreign affairs functions of the United States. Therefore, the directions to the Commissioner of Customs, being necessary to the implementation of such actions, fall within the foreign affairs exception to the notice provisions of 5 U.S.C. 553 (Supp. II, 1965-66). This letter will be published in the FEDERAL REGISTER.

Sincerely yours,

A. B. TROWBRIDGE,  
Secretary of Commerce, Chairman,  
President's Cabinet Textile Advisory Committee.

## INTERAGENCY TEXTILE ADMINISTRATIVE COMMITTEE

### CERTAIN COTTON TEXTILES AND COTTON TEXTILE PRODUCTS PRO- DUCED OR MANUFACTURED IN POLAND

#### Entry or Withdrawal From Warehouse for Consumption

FEBRUARY 20, 1968.

On March 15, 1967, the U.S. Government, in furtherance of the objectives of, and under the terms of, the Long-Term Arrangement Regarding International Trade in Cotton Textiles done at Geneva on February 9, 1962, concluded a comprehensive bilateral agreement with the Government of the Polish People's Republic concerning exports of cotton textiles from Poland to the United States over a 3-year period. Under this agreement the Polish People's Republic has undertaken to limit its exports to the United States of certain cotton textiles and cotton textile products to specified annual amounts. Among the provisions of the agreement are those applying specific export limitations to Categories 19, 26 (including a sub-limit on duck fabric), 28, 42, 43, 46, 53, 60, and 62, for the second agreement year beginning March 1, 1968.

There is published below a letter of February 19, 1968, from the Chairman of the President's Cabinet Textile Advisory Committee to the Commissioner of Customs, directing that the amounts of cotton textiles and cotton textile products in Categories 19, 26, 28, 42, 43, 46, 53, 60, and 62, produced or manufactured in Poland which may be entered or withdrawn from warehouse for consumption in the United States for the 12-month period beginning March 1, 1968, and extending through February 28, 1969, be limited to certain designated levels.

This letter and the actions pursuant thereto are not designed to implement all of the provisions of the bilateral agreement but are designed to assist only in the implementation of certain of its provisions.

Chairman, Interagency Textile  
Administrative Committee,  
and Deputy Assistant Secre-  
tary for Resources.

THE SECRETARY OF COMMERCE

PRESIDENT'S CABINET TEXTILE  
ADVISORY COMMITTEE

WASHINGTON, D.C. 20230  
February 19, 1968.

COMMISSIONER OF CUSTOMS,  
Department of the Treasury,  
Washington, D.C. 20226.

DEAR MR. COMMISSIONER: Under the terms of the Long-Term Arrangement Regarding International Trade in Cotton Textiles done at Geneva on February 9, 1962, pursuant to the bilateral cotton textile agreement of March 15, 1967, between the Governments of the United States and Poland, and in accordance with the procedures outlined in Executive Order 11052 of September 28, 1962, as amended by Executive Order 11214 of April 7, 1965, you are directed to prohibit, effective March 1, 1968, and for the 12-month period extending through February 28, 1969, entry into the United States for consumption and withdrawal from warehouse for consumption, of cotton textiles and cotton textile products produced or manufactured in Poland in excess of the following 12-month levels of restraint:

Category	12-Month level of restraint
19 -----squad yards--	945,000
26 -----do-----	525,000
28 -----pieces--	210,000
42 -----dozen--	26,250
43 -----do-----	47,250
46 -----do-----	10,500
53 -----do-----	11,550
60 -----do-----	14,175
62 -----pounds--	154,350

<sup>1</sup> Of this amount, not more than 157,500 square yards may be in duck, T.S.U.S.A. Nos.:

320...01 through 04, 06, 08	
321...01 through 04, 06, 08	
322...01 through 04, 06, 08	
326...01 through 04, 06, 08	
327...01 through 04, 06, 08	
328...01 through 04, 06, 08	

In carrying out this directive, entries of cotton textiles and cotton textile products in Categories 19, 26, 28, 42, 43, 46, 53, 60, and 62, produced or manufactured in Poland and which have been exported to the United States from Poland prior to March 1, 1968, shall, to the extent of any unfilled balances, be charged against the levels of restraint

Take further notice that, pursuant to the authority contained in and subject to the jurisdiction conferred upon the Federal Power Commission by sections 7 and 15 of the Natural Gas Act and the Commission's rules of practice and procedure, a hearing will be held without further notice before the Commission on this application if no protest or petition to intervene is filed within the time required herein, if the Commission on its own review of the matter finds that a grant of the certificate is required by the public convenience and necessity. If a protest or petition for leave to intervene is timely filed, or if the Commission on its own motion believes that a formal hearing is required, further notice of such hearing will be duly given.

Under the procedure herein provided for, unless otherwise advised, it will be unnecessary for Applicant to appear or be represented at the hearing.

These rules provide that protests to the granting of an application must be filed with the field official named in the FEDERAL REGISTER publication, within 15 calendar days after the date of notice of the filing of the application is published in the FEDERAL REGISTER. One copy of such protest must be served on the applicant, or its authorized representative, if any, and the protests must certify that such service has been made. The protests must be specific as to the service which such protestant can and

company under the Investment Company Act of 1940 ("Act"), has filed an application pursuant to section 8(f) of the Act for an order of the Commission declaring that applicant has ceased to be an investment company as defined in the Act. All interested persons are referred to the application on file with the Commission for a statement of applicant's representations, which are summarized below.

Applicant states that it has determined not to proceed with its proposed public offering, that it expects to file an application for dissolution under State law upon receipt of the Commission's order on the application pursuant to section 8(f), that no shares of the applicant have ever been issued, and that it has no assets and has had no operations. Applicant has applied for the Commission's consent to withdrawal of its registration statement pursuant to Rule 477 under the Securities Act of 1933.

Section 8(f) of the Act provides, in pertinent part, that when the Commission, upon application, finds that a registered investment company has ceased to be an investment company, it shall so declare by order, and upon the taking effect of such order, the registration of such company shall cease to be in effect.

Notice is further given that any interested person may, not later than December 29, 1967, at 5:30 p.m., submit to the Commission in writing a request for a hearing on the matter accompanied by a statement as to the nature of his interest, the reason for such request, and the issues of fact or law proposed to be controverted, or he may request that he be notified if the Commission shall order a hearing thereon. Any such communication should be addressed: Secretary, Securities and Exchange Commission, Washington, D.C. 20549. A copy of such request shall be served personally or by mail (airmail if the person being served is located more than 500 miles from the point of mailing) upon applicant at the address set forth above. Proof of such service (by affidavit or in case of an attorney at law by certificate) shall be filed contemporaneously with the request. At any time after said date, as provided by Rule 0-5 of the rules and regulations promulgated under the Act, an order disposing of the application herein may be issued by the Commission upon the basis of the information stated in said application, unless an order for hearing upon said application shall be issued upon request or upon the Commission's own motion. Persons who request a hearing or advice as to whether a hearing is ordered, will receive notice of further developments in this matter, including the date of the hearing (if ordered) and any postponements thereof.

For the Commission (pursuant to delegated authority).

[Notice 1132]

### MOTOR CARRIER, BROKER, WATER CARRIER AND FREIGHT FOR- WARDER APPLICATIONS

DECEMBER 8, 1967.

The following applications are governed by Special Rule 1.247<sup>1</sup> of the Commission's general rules of practice (49 CFR, as amended), published in the FEDERAL REGISTER issue of April 20, 1966, effective May 20, 1966. These rules provide, among other things, that a protest to the granting of an application must be filed with the Commission within 30 days after date of notice of filing of the application is published in the FEDERAL REGISTER. Failure seasonably to file a protest will be construed as a waiver of opposition and participation in the proceedings. A protest under these rules should comply with § 1.247(d) (3) of the rules of practice which requires that it set forth specifically the grounds upon which it is made, contain a detailed statement of protestant's interest in the proceeding (including a copy of the specific portions of its authority which protestant believes to be in conflict with that sought in the application, and describing in detail the method—whether by joinder, interline, or other means—by which protestant would use such authority to provide all or part of the service proposed), and shall specify with particularity the facts, matters, and things relied upon, but shall not include issues or allegations phrased generally. Protests not in reasonable compliance with the requirements of the rules may be rejected. The original and one copy of the protest shall be filed with the Commission, and a copy shall be served concurrently upon applicant's representative, or applicant if no representative is named. If the protest includes a request

<sup>1</sup> Copies of Special Rule 1.247 (as amended) can be obtained by writing to the Secretary, Interstate Commerce Commission, Washington, D.C. 20423.

for oral hearing, such requests shall meet the requirements of § 1.247(d) (4) of the special rule, and shall include the certification required therein.

Section 1.247(f) of the Commission's rules of practice further provides that each applicant shall, if protests to its application have been filed, and within 60 days of the date of this publication, notify the Commission in writing (1) that it is ready to proceed and prosecute the application, or (2) that it wishes to withdraw the application, failure in which the application will be dismissed by the Commission.

Further processing steps (whether modified procedure, oral hearing, or other procedures) will be determined generally in accordance with the Commission's General Policy Statement Concerning Motor Carrier Licensing Procedures, published in the FEDERAL REGISTER issue of May 3, 1966. This assignment will be by Commission order which will be served on each party of record.

The publications hereinafter set forth reflect the scope of the applications as filed by applicants, and may include descriptions, restrictions, or limitations which are not in a form acceptable to the Commission. Authority which ultimately may be granted as a result of the applications here noticed will not necessarily reflect the phraseology set forth in the application as filed, but also will eliminate any restrictions which are not acceptable to the Commission.

### MASSACHUSETTS INVESTORS TRUST

#### Notice of Filing of Application for Order Exempting Sale

NOVEMBER 8, 1967.

Notice is hereby given that Massachusetts Investors Trust ("Applicant"), 200 Berkeley Street, Boston, Mass., a Massachusetts common law trust registered under the Investment Company Act of 1940, 15 U.S.C. section 80a-1, et seq. ("Act"), as an open-end diversified investment company, has filed an application pursuant to section 6(c) of the Act requesting an order of the Commission exempting from the provisions of section 22(d) of the Act a transaction in which Applicant's redeemable securities will be issued at a price other than the current public offering price described in the prospectus in exchange for the assets of Nela Alpha Investing Co. ("Nela Alpha"). All interested persons are referred to the application on file with the Commission for a statement of Applicant's representations which are summarized below.

Nela Alpha, a Maine corporation, is a personal holding company all of whose outstanding common stock is held by eight individuals and 12 trusts. Its outstanding preferred stock is held by 33 individuals, seven trusts, and three estates. It is excepted from the Act by reason of the provisions of section 3(c) (1) thereof. Pursuant to an agreement between Applicant and Nela Alpha substantially all of the cash and securities owned by Nela Alpha, with a value of approximately \$6,375,297 as of June 30,

1967, will be transferred to Applicant in exchange for shares of beneficial interest in Applicant.

The number of shares of beneficial interest of Applicant to be issued to Nela Alpha is to be determined by dividing the aggregate market value (with certain adjustments set forth in the application) of the assets of Nela Alpha to be transferred to Applicant, by the net asset value per share of Applicant, both to be determined as of the valuation time, as defined in the agreement. If the valuation under the agreement had taken place on June 30, 1967, Nela Alpha would have received 385,214 of Applicant's shares. The exchange contemplated by the agreement would be prohibited by section 22(d) as being a sale of a redeemable security by a registered investment company at a price other than a current offering price described in the prospectus, unless exempted by an order under section 6(c) of the Act.

When received by Nela Alpha, the shares of Applicant are to be distributed to the stockholders of Nela Alpha on the liquidation of Nela Alpha. Applicant has been advised by the management of Nela Alpha that the stockholders of Nela Alpha do not have any present intention of redeeming or otherwise transferring the shares of Applicant to be received on such liquidation.

There is no connection between Applicant and Nela Alpha and no officer or shareholder of Nela Alpha is an affiliated person of Applicant. The agreement was negotiated at arm's length by the two companies. The management of Applicant approved the agreement as being beneficial to its shareholders, taking all relevant considerations into account including, among others, the fact that the resulting increase in assets will tend to reduce per share expenses.

Section 6(c) of the Act provides, among other things, that the Commission, by order upon application, may conditionally or unconditionally exempt any transaction from any provision or provisions of the Act or of any rule or regulation thereunder, if and to the extent that such exemption is necessary or appropriate in the public interest and consistent with the protection of investors and the purposes fairly intended by the policy and provisions of the Act.

Notice is further given that any interested person may, not later than November 18, 1967, file with the Commission

*It is ordered*, Pursuant to sections 15(c) (5) and 19(a) (4) of the Securities Exchange Act of 1934, that trading in such securities on the American Stock Exchange and otherwise than on a national securities exchange be summarily suspended, this order to be effective for the period November 9, 1967, through November 18, 1967, both dates inclusive.

### NORTHERN NATURAL GAS CO.

#### Notice of Amendment to Application

NOVEMBER 8, 1967.

Take notice that on September 15, 1967, Northern Natural Gas Co. (Applicant), 2223 Dodge Street, Omaha, Nebr. 68102, filed an amendment to its application filed August 21, 1967, in Docket No. CP68-57 by requesting authorization to make increased deliveries to certain of its resale and industrial customers and to construct and operate certain natural gas facilities for the transportation and sale of natural gas in interstate commerce, all as more fully set forth in the amendment-to-application which is on file with the Commission and open to public inspection.

By the application of August 21, 1967, Applicant sought to increase its system capacity by 28,180 Mcf of natural gas per day of which 10,000 Mcf was requested for unallocated capacity.

Two of Applicant's resale customers, Iowa Public Service Co., and the city of Hutchinson, Minn., have requested an increase in gas sold and delivered to them of 4,000 Mcf per day and 250 Mcf per day, respectively, for resale to certain of their industrial customers. Applicant requests authorization to meet these requests out of the 10,000 Mcf unallocated capacity hereinbefore described.

In the application of August 21, 1967, Applicant requested authorization to sell 75 Mcf per day of firm gas to Schuyler Packing Co. near Schuyler, Nebr., but did not request authorization to construct and operate measuring facilities to effectuate this direct industrial sale. The total estimated cost of the proposed facilities is \$4,495.

Applicant further states that, since filing the original application in this docket, its Peoples Division has requested 350 Mcf of firm gas per day for Hormel Packing Co. located at Austin, Minn., which service Peoples Division proposes to provide from its existing contract demand.

Protests or petitions to intervene may be filed with the Federal Power Commission, Washington, D.C. 20426, in accordance with the rules and practice and procedure (18 CFR 1.8 or 1.10) and the regulations under the Natural Gas Act (§ 157.10) on or before December 1, 1967.

Take further notice that, pursuant to the authority contained in and subject to the jurisdiction conferred upon the Federal Power Commission by sections 7 and 15 of the Natural Gas Act and the Commission's rules of practice and procedure, a hearing will be held without further

notice before the Commission on this application, as amended, if no protest or petition to intervene is filed within the time required herein, if the Commission on its own review of the matter finds that a grant of the certificate is required by the public convenience and necessity. If a protest or petition for leave to intervene is timely filed, or if the Commission on its own motion believes that a formal hearing is required, further notice of such hearing will be duly given.

Under the procedure herein provided for, unless other wise advised, it will be unnecessary for Applicant to appear or be represented at the hearing.

GORDON M. GRANT,  
Secretary.

## FEDERAL RESERVE SYSTEM

### BANCSTOCK CORPORATION OF AMERICA

#### Notice of Application for Approval of Acquisition of Shares of Bank

Notice is hereby given that application has been made to the Board of Governors of the Federal Reserve System pursuant to section 3(a) of the Bank Holding Company Act of 1956 (12 U.S.C. 1842(a)), by Bancstock Corporation of America, which is a bank holding company located in Riviera Beach, Fla., for the prior approval of the Board of the acquisition by Applicant of 11,337 (51.53 percent) of the voting shares of First Commercial Bank of Live Oak, Live Oak, Fla.

Section 3(c) of the Act provides that the Board shall not approve (1) any acquisition or merger or consolidation under this section which would result in a monopoly, or which would be in furtherance of any combination or conspiracy to monopolize or to attempt to monopolize the business of banking in any part of the United States, or (2) any other proposed acquisition or merger or consolidation under this section whose effect in any section of the country may be substantially to lessen competition, or to tend to create a monopoly, or which in any other manner would be in restraint of trade, unless it finds that the anticompetitive effects of the proposed transaction are clearly outweighed in the public interest by the probable effect of the transaction in meeting the convenience and needs of the community to be served.

Section 3(c) further provides that in every case, the Board shall take into consideration the financial and managerial resources and future prospects of the company or companies and the banks concerned, and the convenience and needs of the community to be served.

Not later than thirty (30) days after the publication of this notice in the FEDERAL REGISTER, comments and views regarding the proposed acquisition may be

filed with the Board. Communications should be addressed to the Secretary, Board of Governors of the Federal Reserve System, Washington, D.C. 20551.

Dated at Washington, D.C., this 7th day of November 1967.

By order of the Board of Governors.

Applicant submits that in light of the foregoing and the fact that the terms of the management contract to be renewed and the proposed change in control of the sole stockholder of the investment adviser have been determined and are set forth in the proxy statement, it is appropriate for applicant on April 1, 1968, to enter into a renewed management contract on the same terms as that in force immediately prior thereto if such action is approved by shareholders of the fund at their November 15, 1967, annual meeting.

Section 6(c) of the Act provides that the Commission, by order upon application, may exempt any person or transaction from any provision of the Act or of any rule or regulation thereunder, if and to the extent that such exemption is necessary or appropriate in the public interest and consistent with the protection of investors and the purposes fairly intended by the policy and provisions of the Act.

Notice is further given that any interested person may, not later than November 13, 1967 at 5:30 p.m., submit to the Commission in writing a request for a hearing on the matter accompanied by a statement as to the nature of his interest, the reason for such request and the issues of fact or law proposed to be controverted, or he may request that he be notified if the Commission should order a hearing thereon. Any such communication should be addressed: Secretary, Securities and Exchange Commission, Washington, D.C. 20549. A copy of such request shall be served personally or by mail (airmail if the person being served is located more than 500 miles from the point of mailing) upon applicant at the address set forth above. Proof of such service (by affidavit or in case of an attorney at law by certificate) shall be filed contemporaneously with the request. At any time after said date, as provided by Rule 0-5 of the rules and regulations promulgated under the Act, an order disposing of the application herein may be issued by the Commission upon the basis of the information stated in said application, unless an order for hearing upon said application be issued upon request or upon the Commission's own motion. Persons who request a hearing or advice as to whether a hearing is ordered will receive notice of further developments in this matter including the date of the hearing (if ordered) and any postponements thereof.

## INTERSTATE COMMERCE COMMISSION

[Notice 1119]

### MOTOR CARRIER, BROKER, WATER CARRIER AND FREIGHT FORWARDER APPLICATIONS

OCTOBER 27, 1967.

The following applications are governed by Special Rule 1.247<sup>1</sup> of the Commission's general rules of practice (49 CFR, as amended), published in the FEDERAL REGISTER issue of April 20, 1966, effective May 20, 1966. These rules provide, among other things, that a protest to the granting of an application must be filed with the Commission within 30 days after date of notice of filing of the

<sup>1</sup> Copies of Special Rule 1.247 (as amended) can be obtained by writing to the Secretary, Interstate Commerce Commission, Washington, D.C. 20423.

application is published in the FEDERAL REGISTER. Failure seasonably to file a protest will be construed as a waiver of opposition and participation in the proceeding. A protest under these rules should comply with § 1.247(d)(3) of the rules of practice which requires that it set forth specifically the grounds upon which it is made, contain a detailed statement of protestant's interest in the proceeding (including a copy of the specific portions of its authority which protestant believes to be in conflict with that sought in the application, and describing in detail the method—whether by joinder, interline, or other means—by which protestant would use such authority to provide all or part of the service proposed), and shall specify with particularity the facts, matters, and things relied upon, but shall not include issues or allegations phrased generally. Protests not in reasonable compliance with the requirements of the Rules may be rejected. The original and one copy of the protest shall be filed with the Commission, and a copy shall be served concurrently upon applicant's representative, or applicant if no representative is named. If the protest includes a request for oral hearing, such requests shall meet the requirements of § 1.247(d)(4) of the special rule, and shall include the certification required therein.

Section 1.247(f) of the Commission's rules of practice further provides that each applicant shall, if protests to its application have been filed, and within 60 days of the date of this publication, notify the Commission in writing (1) that it is ready to proceed and prosecute the application, or (2) that it wishes to withdraw the application, failure in which the application will be dismissed by the Commission.

Further processing steps (whether modified procedure, oral hearing, or other procedures) will be determined generally in accordance with the Commission's General Policy Statement Concerning Motor Carrier Licensing Procedures, published in the FEDERAL REGISTER issue of May 3, 1966. This assignment will be by Commission order which will be served on each party of record.

The publications hereinafter set forth reflect the scope of the applications as filed by applicants, and may include descriptions, restrictions, or limitations which are not in a form acceptable to the Commission. Authority which ultimately may be granted as a result of the applications here noticed will not necessarily reflect the phraseology set forth in the applications as filed, but also will eliminate any restrictions which are not acceptable to the Commission.

## INTERSTATE COMMERCE COMMISSION

[Notice 1111]

### MOTOR CARRIER, BROKER, WATER CARRIER, AND FREIGHT FOR- WARDER APPLICATIONS

SEPTEMBER 29, 1967.

The following applications are governed by Special Rule 1.247<sup>1</sup> of the Commission's general rules of practice (49 CFR, as amended), published in the FEDERAL REGISTER issue of April 20, 1966, effective May 20, 1966. These rules provide, among other things, that a protest to the granting of an application must be filed with the Commission within 30 days after date of notice of filing of the application is published in the FEDERAL REGISTER. Failure seasonably to file a protest will be construed as a waiver of opposition and participation in the proceeding. A protest under these rules should comply with § 1.247(d) (3) of the rules of practice which requires that it set forth specifically the grounds upon which it is made, contain a detailed statement of protestant's interest in the proceeding (including a copy of the specific portions of its authority which protestant believes to be in conflict with that sought in the application, and describing in detail the method—whether by joinder, interline, or other means—by which protestant would use such authority to provide all or part of the service proposed), and shall specify with particularity the facts, matters, and things relied upon, but shall not include issues or allegations phrased generally. Protests not in reasonable compliance with the requirements of the rules may be rejected. The original and one copy of the protest shall be filed with the Commission, and a copy shall be served concurrently upon applicant's

<sup>1</sup> Copies of Special Rule 1.247 (as amended) can be obtained by writing to the Secretary, Interstate Commerce Commission, Washington, D.C. 20423.

Emerak. All interested persons are referred to the application, which is on file with the Commission, for a statement of the representations therein, which are summarized below.

*The proposed transaction.* Austin, Nichols is a Virginia corporation engaged primarily in importing and distributing wines and liquors and blending and rectifying alcoholic products. It has two authorized classes of capital stock: Common Stock and \$1.20 Cumulative Convertible Prior Preference Stock, \$20 par value ("Preference Stock"), both listed on the New York Stock Exchange. Each share of Common Stock is entitled to one vote, and each four shares of Preference Stock is entitled to one vote. The Preference Stock has been called for redemption on November 1, 1967, at \$20.30 per share. Each share of Preference Stock may be converted prior to November 1, 1967, at the holder's option into 2.397021 shares of Common Stock. As of July 31, 1967, there were 654,681 shares of Common Stock and 19,933 shares of Preference Stock issued and outstanding.

On July 31, 1967, Fifth Avenue Coach held 105,538 shares of Common Stock (16.1 percent of the total outstanding) and no shares of Preference Stock of Austin, Nichols. Under section 2(a)(3) of the Act when one person owns 5 percent or more of the outstanding voting securities of another person each person is an affiliate of the other. Fifth Avenue Coach and Austin, Nichols are therefore affiliated persons of each other under the Act. Fund A and Austin, Nichols are also affiliated persons of one another under the Act because Fund A owns 51,291 shares of Common Stock and 3,100 shares of Preference Stock.

Fund A, Stock Fund, Huntington, and Emerak have entered into separate stock purchase agreements with Fifth Avenue Coach dated July 17, 1967, providing for the purchase by Fifth Avenue Coach of all of the shares of Common Stock, \$1 par value, and/or Preference Stock, of Austin, Nichols owned by such corporations for \$35 per share of common stock and \$35 times the number of shares into which one share of Preference Stock is convertible on the date of closing of such purchase, per share of Preference Stock.

The closing price of the Common Stock on July 31, 1967, on the New York Stock Exchange was 25½. Although listed on the New York Stock Exchange, the Preference Stock was not traded on July 31, 1967. The bid and asked prices of the Preference Stock on that date were 60 and 60½ respectively. An aggregate of 58,285 shares of Common Stock (8.9 percent) and 3,200 shares of Preference Stock (16.1 percent) are to be sold under the four separate stock purchase agreements.

If the proposed transaction is consummated and Fifth Avenue Coach purchases the shares of Common Stock and Preference Stock now held by Fund A, Stock Fund, Huntington, and Emerak, then Fifth Avenue Coach would hold 25 percent of the total outstanding shares of Common Stock, and 16.1 percent of the total shares of Preference Stock.

Each stock purchase agreement also obligates Fifth Avenue Coach to enter into agreements identical to the stock purchase agreements to purchase a maximum of 1,799 shares of Common Stock of Austin, Nichols now owned by three individuals, two trusts and an estate, all of which are investment advisory clients of E. W. Axe & Co., Inc. Two of the directors of Emerak are beneficiaries of one and trustees of both of such trusts.

Fund A and Stock Fund each has six of its directors who are also directors of the other and each has six of its officers serving the other Fund in similar capacities. Each employs E. W. Axe & Co., Inc., as investment adviser and Axe Securities Corp. as its principal underwriter. The Common Stock of E. W. Axe & Co., Inc., and Axe Securities Corp. is owned of record 50 percent by the Estate of R. H. Axe, 25 percent by Axe-Houghton Foundation, and 25 percent by the Estate of E. W. Axe. Some of Huntington's officers also serve as officers of one or both of the Funds. E. W. Axe & Co., Inc., also furnishes investment advice to Huntington and to Emerak. Huntington's Common Stock is owned of record 50 percent by the Estate of R. H. Axe and 50 percent by the Estate of E. W. Axe. The Huntington stock owned of record by the Estate of E. W. Axe is beneficially owned one-half by the Estate of R. H. Axe, and one-half by Axe-Houghton Foundation. Under the Will of R. H. Axe, her stock interests in E. W. Axe & Co., Inc., Axe Securities Corp. (consisting of 75 percent of the voting stock) and in Huntington (consisting of 75 percent of the voting stock) are specifically bequeathed to a trust established by the will. Dr. Dorothy Houghton and Justin S. Dunn, a vice president of both Funds, are named as trustees of this Trust and will have the right to vote the stock held by the Trust. Dr. Houghton is also President of Axe-Houghton Foundation and, as such, has the right to vote the stock of E. W. Axe & Co., Inc., and Axe Securities Corp. held by the Foundation. The Common Stock of Emerak is owned of record 91 percent by the Estate of E. W. Axe and 9 percent by the Estate of Akvata Van S. Shaw. The stock owned of record by the Estate of E. W. Axe, is beneficially owned one-half by the Estate of R. H. Axe, and one-half by Axe-Houghton Foundation.

*Commission jurisdiction.* Section 17(a), as here pertinent, makes unlawful the purchase by Fifth Avenue Coach, an affiliated person of an affiliated person (Austin, Nichols) of a registered investment company (Fund A), of any securities from Fund A.

The Commission may, upon application pursuant to section 17(b), issue an order exempting a transaction from the prohibitions of section 17(a) if it finds that the terms of the proposed transaction, including the consideration to be paid or received, are reasonable and fair and do not involve overreaching on the part of any person concerned, that the proposed transaction is consistent with

the policy of the registered investment company concerned, as recited in its registration statement and reports filed under the Act, and is consistent with the general purposes of the Act.

Section 17(d) of the Act and Rule 17d-1 thereunder as here pertinent, prohibit an affiliated person of a registered investment company acting as principal to effect any transaction in which such registered company is a joint or joint and several participant unless an application regarding such joint participation has been granted by the Commission. Fund A, Stock Fund, Huntington, and Emerak may be deemed affiliated persons of one another and the sale by them to Fifth Avenue Coach of the shares of the common and preference stocks of Austin, Nichols owned by each of them may be deemed transactions in connection with a joint enterprise or other joint arrangement. Rule 17d-1 provides that in passing upon an application, the Commission will consider whether the participation of the registered company in the joint enterprise on the basis proposed is consistent with the provisions, policies, and purposes of the Act and the extent to which such participation is on a basis different from or less advantageous than that of other participants.

*Supporting statements.* The application states that the terms of the Stock Purchase Agreement are fair to the stockholders of Fund A and Stock Fund because the prices they will receive for its holdings of Austin, Nichols stock are higher under the stock purchase agreement than those Fund A and Stock Fund could obtain on the open market.

It appearing to the Commission that it is appropriate in the public interest and in the interest of investors that a hearing be held with respect to the application pursuant to section 17 of the Act.

*It is ordered,* Pursuant to section 40(a) of the Act, that a hearing on the aforesaid application under the applicable provisions of the Act and of the rules of the Commission thereunder be held on the 16th day of October 1967, at 10 a.m., in the offices of the Securities and Exchange Commission, 500 North Capitol Street NW., Washington, D.C. 20549. At such time the Hearing Room Clerk will advise as to the room in which such hearing will be held. Any person desiring to be heard or otherwise wishing to participate in this proceeding is directed to file with the Secretary of the Commission his application as provided by Rule 9(c) of the Commission's rules of practice, on or before the date provided in the rule, setting forth any issues of law or fact which he desires to controvert or any additional issues which he deems raised by this notice and order or by such application. Persons filing an application to participate or be heard will receive notice of any adjournment of the hearing as well as other actions of the Commission involving the subject matter of these proceedings.

*It is further ordered,* That any officer or officers of the Commission, designated by it for that purpose, shall preside at

wise than on a national securities exchange is required in the public interest and for the protection of investors;

*It is ordered,* Pursuant to section 15 (c) (5) of the Securities Exchange Act of 1934, that trading in such securities otherwise than on a national securities exchange be summarily suspended, this order to be effective for the period June 22, 1967, through July 1, 1967, both dates inclusive.

<sup>1</sup> Copies of Special Rule 1.247 (as amended) can be obtained by writing to the Secretary, Interstate Commerce Commission, Washington, D.C. 20423.

CFR, as amended), published in the FEDERAL REGISTER issue of April 20, 1966, effective May 20, 1966. These rules provide, among other things, that a protest to the granting of an application must be filed with the Commission within 30 days after date of notice of filing of the application is published in the FEDERAL REGISTER. Failure seasonably to file a protest will be construed as a waiver of opposition and participation in the proceeding. A protest under these rules should comply with § 1.247(d)(3) of the rules of practice which requires that it set forth specifically the grounds upon which it is made, contain a detailed statement of protestant's interest in the proceeding (including a copy of the specific portions of its authority which protestant believes to be in conflict with that sought in the application, and describing in detail the method—whether by joinder, interline, or other means—by which protestant would use such authority to provide all or part of the service proposed), and shall specify with particularity the facts, matters, and things relied upon, but shall not include issues or allegations phrased generally. Protests not in reasonable compliance with the requirements of the rules may be rejected. The original and one copy of the protest shall be filed with the Commission, and a copy shall be served concurrently upon applicant's representative, or applicant if no representative is named. If the protest includes a request for oral hearing, such requests shall meet the requirements of § 1.247(d)(4) of the special rule, and shall include the certification required therein.

Section 1.247(f) of the Commission's rules of practice further provides that each applicant shall, if protests to its application have been filed, and within 60 days of the date of this publication, notify the Commission in writing (1) that it is ready to proceed and prosecute the application, or (2) that it wishes to withdraw the application, failure in which the application will be dismissed by the Commission.

Further processing steps (whether modified procedure, oral hearing, or other procedures) will be determined generally in accordance with the Commission's General Policy Statement Concerning Motor Carrier Licensing Procedures, published in the FEDERAL REGISTER issue of May 3, 1966. This assignment will be by Commission order which will be served on each party of record.

The publications hereinafter set forth reflect the scope of the applications as filed by applicants, and may include descriptions, restrictions, or limitations which are not in a form acceptable to the Commission. Authority which ultimately may be granted as a result of the applications here noticed will not necessarily reflect the phraseology set forth in the application as filed, but also will eliminate any restrictions which are not acceptable to the Commission.

## DEPARTMENT OF LABOR

### Wage and Hour Division

#### CERTIFICATES AUTHORIZING EMPLOYMENT OF FULL-TIME STUDENTS WORKING OUTSIDE OF SCHOOL HOURS AT SPECIAL MINIMUM WAGES IN RETAIL OR SERVICE ESTABLISHMENTS OR IN AGRICULTURE

Notice is hereby given that pursuant to section 14 of the Fair Labor Standards Act of 1938 (52 Stat. 1060, as amended, 20 U.S.C. 201 et seq.), the regulation on employment of full-time students (29 CFR, Part 519), and Administrative Order No. 595 (31 F.R. 12981), the establishments listed in this notice have been issued special certificates authorizing the employment of full-time students working outside of school hours at hourly wage rates lower than the minimum wage rates otherwise applicable under section 6 of the act. The effective and expiration dates are as indicated below. The minimum certificate rates are not less than 85 percent of the applicable statutory minimum.

The following certificates provide for an allowance not to exceed the proportion of the total hours worked by full-time students at rates below \$1 an hour to the total number of hours worked by all employees in the establishment during the base period in occupations of the same general classes in which the establishment employed full-time students at wages below \$1 an hour in the base period.
