Arizona Department of Mines and Mineral Resources Mining Collection

ACCESS STATEMENT

These digitized collections are accessible for purposes of education and research. We have indicated what we know about copyright and rights of privacy, publicity, or trademark. Due to the nature of archival collections, we are not always able to identify this information. We are eager to hear from any rights owners, so that we may obtain accurate information. Upon request, we will remove material from public view while we address a rights issue.

CONSTRAINTS STATEMENT

The Arizona Geological Survey does not claim to control all rights for all materials in its collection. These rights include, but are not limited to: copyright, privacy rights, and cultural protection rights. The User hereby assumes all responsibility for obtaining any rights to use the material in excess of "fair use."

The Survey makes no intellectual property claims to the products created by individual authors in the manuscript collections, except when the author deeded those rights to the Survey or when those authors were employed by the State of Arizona and created intellectual products as a function of their official duties. The Survey does maintain property rights to the physical and digital representations of the works.

QUALITY STATEMENT

The Arizona Geological Survey is not responsible for the accuracy of the records, information, or opinions that may be contained in the files. The Survey collects, catalogs, and archives data on mineral properties regardless of its views of the veracity or accuracy of those data.

DEPARTMENT OF MINERAL RESOURCES
STATE OF ARIZONA
OWNERS MINE REPORT

Date March 31, 1941

Mine Rand Group

District - Cole *Pinal Co.*

Location - 22 miles northwest of Magma Mine, 14 miles by trail.

Former Name - *Maverick*

Owner George N. Lobb
Minnie Lobb *dec'd*

Address - Superior, Arizona

Operator

Address

President

Gen. Mgr.

Mine Supt.

Mill Supt.

Principal Metals - Copper

Men Employed - None at present

Production Rate

Mill: Type & Cap.

Power: Amt. & Type

Operations: Present $\frac{1}{2}$ - None at present

Operations: Planned - Assessment work soon.

Number Claims, Title; etc. - 12 unpatented

Description: Topography & Geography - Surrounded by high steep hills or mountains
Claims on rolling hills (Clifton Rhyolite)
Elevation 2,800 to 3,500 ft.
Very few large trees.

Mine Workings: Amt. & Condition - 200 ft. surface tunnel
120 ft. shaft
Several shallow shafts and cuts
Tunnel and shaft partly caved
Water in shaft.

Geology & Mineralization - Schist and granite formation with intrusions of porphyry and diabase.
Schist zones are from 40 to 600 ft. wide and shows copper carbonates all along outcrop.

Ore: Positive & Probable, Ore Dumps, Tailings - No estimate

Mine, Mill Equipment & Flow Sheet - None on property at present

Road Conditions, Route - Very bad, by trail only.

Water Supply - Very good..

Brief History - Copper Queen Company, Bisbee had it bonded at one time for \$100,000.

Special Problems, Reports Filed - Lack of capital.
In a new country so too far from paved highway for mining engineers to look at property.
Magma Copper nearest mine working.

Remarks - Assays 1/2 to 1% to 15% copper in shaft and crosscut. Have sample of rock here in Superior.

If property for sale: Price, terms and address to negotiate. - Property for sale.
\$25,000 on terms.
See owners.

SIGNED - George N. Lobb and Minnie Lobb.
