ACCESS STATEMENT

These digitized collections are accessible for purposes of education and research. We have indicated what we know about copyright and rights of privacy, publicity, or trademark. Due to the nature of archival collections, we are not always able to identify this information. We are eager to hear from any rights owners, so that we may obtain accurate information. Upon request, we will remove material from public view while we address a rights issue.

CONSTRAINTS STATEMENT

The Arizona Geological Survey does not claim to control all rights for all materials in its collection. These rights include, but are not limited to: copyright, privacy rights, and cultural protection rights. The User hereby assumes all responsibility for obtaining any rights to use the material in excess of "fair use."

The Survey makes no intellectual property claims to the products created by individual authors in the manuscript collections, except when the author deeded those rights to the Survey or when those authors were employed by the State of Arizona and created intellectual products as a function of their official duties. The Survey does maintain property rights to the physical and digital representations of the works.

QUALITY STATEMENT

The Arizona Geological Survey is not responsible for the accuracy of the records, information, or opinions that may be contained in the files. The Survey collects, catalogs, and archives data on mineral properties regardless of its views of the veracity or accuracy of those data.

RRB WR 6/17/88: Lisle Patton, R A Thompson and Ray Navarre of Butterfield Mining Ltd, 3017 Rolling Hills, Carrollton, Texas 75007 (214) 242-9510 report that they have leased a property 4.5 miles north of Mobile which have high values of gold, silver and platinum group metals. They showed me assays by Don Jordon and said they had similar assays from Arizona Testing Labs. They also showed me a gold button (approx 0.1 oz) that they said they extracted from a sample that they collected themselves and treated with their bromine process. They were looking for a mill somewhere northwest of Phoenix and from thier description it was determined that it was the Colorado Gold and Silver Mill at Forepaugh. Their lease covers NE1/2 Sec 32 (state section) E1/2 Sec 29, S1/2 Sec 20, S1/2 Sec 21, T3S R1E, Maricopa County. New MILS and file named RBV Placers.
