Mammoth Mining Claim

MS 1130 & 3886 Patented December 23, 1964

Mammoth No. 2 Mining Claim

MS 1130 & 3886, Unpatented

Nettie Mining Claim

Found Brass Cap, Cor. M1/3886, N1/3886, BB1 4/4529 This cap set by surveyor of MS 4529 as replacement for wooden post, 4 x 4 ins, 2 ft. above ground, marked 3886 N1 M1, found in place at this location during that survey.

Cor. M1/3886, found hollow 1-in. drill steel driven below grade per field notes MS 3886.

Cor WC M1/3886, found stub of 4x4 post; set 1/2 in. rebar in center of post.

South End Line, Mammoth Lode. Survey No. 3886, Apr. 18 - May 11, 1923

South End Line, Mammoth Lode. Survey No. 1130, Jan. 7-12, 1894

Cor. A1 N4/3886, found broken concrete base of monument with smooth round hole 1" in. diameter in center, from which 3/4 in iron pipe had obviously been removed; set 1/2 in. rebar in center of hole.

Found Brass Cap A1 N4/3886 obviously moved to this location; wrench marks on pipe and cap, cap turned 90° CCW, marks partly obliterated by hammering.

Old Wasp line 6-1-2 MS 1134: 600 ft.; MS 3886 & this survey: 599.90 ft.

MS 1134: N.75° 20' E.

MS 3886 & this survey: N.75° 14' E.

Found remains of stone monument

Corner 2/1134 found iron nail

Zero

Tract A

106.25

Corner 37/1130, found nothing

Found Brass Cap, Witness Cor. N2 WC/3886

Cor. OW6/1134, found fragments of wooden post at record bearing and distance; set 1 1/2 in. iron pipe.

N2 N2/3886, found nothing

NOTE: U.S.L.M. No. 1130, the reference monument for the original survey of the Old Wasp Mining Claim, after search, was determined wholly obliterated. Corner BB1/4/4529 was found to align properly with other landmarks clearly in evidence, and was accepted as the reference point for this resurvey, the results of which verify the correct location of the boundaries established.

RECORD OF LAND SURVEY

OLD WASP MINING CLAIM

In Sec. 1, T. 1 N, R. 8 E, G & SRB&M, Pinal County, Arizona, as located by Joseph Riley Morse on Jan. 31, 1893, surveyed by Mineral Survey No. 1134 on March 19, 1894, and as granted by Patent dated Aug. 6, 1896, recorded in Book 25 of Mining Deeds, page 257, records of Pinal County, Arizona.

SCALE: 1 inch = 50 feet

50 40 30 20 10 0 50 100 Feet

* True Meridian / Magnetic N. 14° 05' E.

BASIS OF BEARINGS:

MS 1134, Old Wasp Mining Claim, was referenced to corners of prior survey MS 1130 of contiguous claims. These were later resurveyed under MS 3886 and MS 3886 Amended, with minor corrections made. Original Old Wasp corners found during the subject survey aligned with MS 3886 Amended.

Bearing of Old Wasp line 2-3 (determined S. 13° 42' 40" E. this survey, by observation on Polaris at elongation) was RECORDED S. 13° 42' E. under MS 3886 AMENDED, and this RECORDED BEARING was accepted as the BEARING OF REFERENCE from which all bearings on this survey were deflected

DISTANCES OF RECORD (MS 3886 Amended) are shown in parentheses, following the field measurements, for comparison: 193.32 (193.63).
