

Mud (N. 88-E) ?

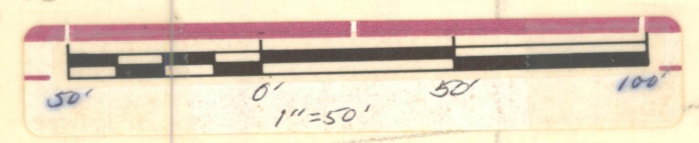

See Pump shaft 600 level map

If possible, discontinue the transect. I think the line must be made in the shale baffles etc.

Map "Tranquility fault" ?

Tranquility and Empire 500 level  
Geology according to C.W. Poindexter and F.L. Ransome

Remember and incorporate in Empire mine series (pls. 36-38)
