

Eliminate most of notes about the dike by showing its contacts (in dashed line if you want to)

No name on this slope - in part at least on Silver Thread rd

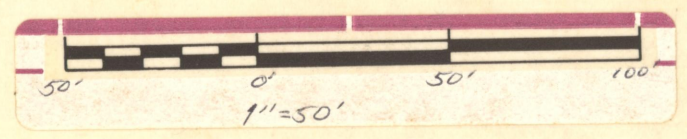

to shut out below 300

Acc. P. 146
Dike in slope below
level here. Can
it be shown?

bedding slip
grooves pitch 75° NW.
Thin-bedded
shaly ls.

Suspect from p. 142
that contacts of this
ls omitted inadvertently

Empire
200 Level
50 ft/inch
