OF
EARTH SCIENCE
CLUBS IN
ARIZONA

COMPILED BY
THE ARIZONA DEPARTMENT OF MINERAL RESOURCES

MINERAL BUILDING-FAIRGROUNDS
PHOENIX, ARIZONA 85007

John H. Jett
Director

Glenn A. Miller
Mineral Resources Specialist

January 1976

BOARD OF GOVERNORS

WILLIAM T. ELSING, PHOENIX - CHAIRMAN
(TERM EXPIRES JANUARY 31, 1976)

WALTER HEINRICHS, JR., TUCSON
(TERM EXPIRES JANUARY 31, 1977)

RONALD F. TEISSERE, KINGMAN
(TERM EXPIRES JANUARY 31, 1978)

ALBERT J. PERRY, TUCSON
(TERM EXPIRES JANUARY 31, 1979)

CURTIS RITTER, KIRKLAND
(TERM EXPIRES JANUARY 31, 1980)

Each club is listed by club name alphabetically. The listing for each club includes all of the following, whenever available; club name, club mailing address, club secretary's name, time of meeting, place of meeting, club bulletin, bulletin editor's name, club specialty, if any, and membership restrictions, if any.

Every attempt has been made to obtain complete and correct information on every rockhound club, lapidary club and mineralogical society in Arizona. The Arizona Department of Mineral Resources regrets any errors that may have been included and would appreciate receiving any corrections or suggestions users may have for this directory.

A note about club bulletins: Club bulletins are produced for club members only and are not generally available to dealers or non-members. Many clubs do establish bulletin exchanges with other clubs.

ROCKHOUND CODE OF ETHICS

I will respect both private and public property and will do no collecting on privately owned land without the owner's, or claimholder's, permission.

I will keep informed on all laws, regulations, or rules governing collecting on public lands and will observe them.

I will, to the best of my ability, ascertain the boundary lines of property on which I plan to collect.

I will use no firearms or blasting material in collecting areas.

I will cause no willful damage to property of any kind - fences, signs, buildings, etc.

I will leave all gates as found.

I will build fires in designated or safe places only and will be certain they are completely extinguished before leaving the area.

I will discard no burning material - matches, cigarettes, etc.

I will fill all excavation holes which may be dangerous to livestock.

I will not contaminate wells, creeks, or other water supply.

I will cause no willful damage to collecting material and will take home only what I can reasonably use.

I will support the rockhound project H.E.L.P. (Help Eliminate Litter Please) and will leave all collecting areas devoid of litter, regardless of how found.

I will cooperate with field trip leaders and those in designated authority in all collecting areas.

I will report to the Bureau of Land Management, or other proper authorities, any deposit of petrified wood or other material on public land which should be protected for the enjoyment of future generations for public, educational and scientific purposes.

I will appreciate and protect our heritage of natural resources.

I will observe the "Golden Rule," will use "Good Outdoor Manners," and will at all times conduct myself in a manner which will add to the stature and "Public Image" of rockhounds everywhere.

--Adopted from the American Federation of Mineralogical Societies Code of Ethics

Arizona Department of Mineral Resources' Services and Library
and Research Materials of Special Interest to Rockhounds and
Earth Science Clubs.

The Department's library includes:

Approximately 4,000 data files on old mines and prospects in Arizona.

Nearly every U.S. Geological Survey and U.S. Bureau of Mines publication pertaining to Arizona.

All Arizona Department of Mineral Resources and Arizona Bureau of Mines publications.

A complete set of U.S. Geological Survey topographic maps for Arizona

A complete set of Arizona State Highway Department county road map atlases.

A large number of historical and reference books and technical periodicals.

Every issue of the Arizona Mining Journal and Pay Dirt.

The Department can be of assistance to rockhounds and Earth Science clubs in a variety of ways. The Department can often:

Suggest collecting areas.

Assist clubs in forming good relations with mine owners and mining companies.

Assist in determining ownership of mining properties and legal status of lands.

Assist clubs in obtaining speakers and programs for meetings.

Inform rockhounds of changes in legislative and administrative rules that affect the rockhound hobby.

Assist clubs in arranging collecting trips.

STATE AND NATIONAL ASSOCIATIONS AND SOCIETIES

Club name: Arizona Association of Earth Science Clubs

* * * *

Club name: World of Western Rockhounds Association (WRA)
Mailing address: P.O. Box 124
Artesia, California 90701

Secretary:

Meeting

Time:

Day of month: as called

Location:

Club bulletin: same as name

Editor: Colleen Woods

Club specialty:

Membership restrictions:

Mr. Walter Peck, Association Past President, states that, "The Association was formed in 1971 encompassing Gem and Mineral Clubs from throughout the state of Arizona. Our purposes are to bring about a closer association between the various earth science groups and to increase and disseminate knowledge and skills in the earth science and lapidary arts and to practice, endorse and support the Code of Ethics of the American Federation of Mineralogical Societies. Also to conduct meetings, lectures, displays, field trips, seminars and trade shows to further our hobby. A most important function is to closely observe the legislative processes affecting our hobby and to keep our member clubs advised of legislative and governmental administrative activity."

* * * *

The primary purposes of WRA are:

1. To gather, study and disseminate information regarding rock collecting and other outdoor recreation, leisure time activities and the conservation of natural resources.
2. To study proposed and existing local, state and federal legislation and policy affecting rockhounds and recommend appropriate action in keeping with the stated objectives of the Association.
3. To promote the understanding of rockhounding as a beneficial activity with recreational, educational and scientific values.

Club name: A.L. Flagg Foundation for the Advancement
of Earth Science
