ACCESS STATEMENT

These digitized collections are accessible for purposes of education and research. We have indicated what we know about copyright and rights of privacy, publicity, or trademark. Due to the nature of archival collections, we are not always able to identify this information. We are eager to hear from any rights owners, so that we may obtain accurate information. Upon request, we will remove material from public view while we address a rights issue.

CONSTRAINTS STATEMENT

The Arizona Geological Survey does not claim to control all rights for all materials in its collection. These rights include, but are not limited to: copyright, privacy rights, and cultural protection rights. The User hereby assumes all responsibility for obtaining any rights to use the material in excess of "fair use."

The Survey makes no intellectual property claims to the products created by individual authors in the manuscript collections, except when the author deeded those rights to the Survey or when those authors were employed by the State of Arizona and created intellectual products as a function of their official duties. The Survey does maintain property rights to the physical and digital representations of the works.

QUALITY STATEMENT

The Arizona Geological Survey is not responsible for the accuracy of the records, information, or opinions that may be contained in the files. The Survey collects, catalogs, and archives data on mineral properties regardless of its views of the veracity or accuracy of those data.

Gentlemen:

This will acknowledge receipt of your Notice of Intent to Conduct Mining Operations with surface disturbance under 5 acres. If subsequent operations involve surface disturbance of over 5 acres, a plan of operations under 43 CFR 3802 will be necessary. Your claims are not within a wilderness study area.

If you have any questions, feel free to call our Area Geologist, Richard Park, at 241-2947.

Sincerely,

Frank E Daniels

Gentlemen:

Pursuant to 43CFR Subpart 3809.1-3, notice is hereby given that Uranerz U.S.A., Inc., intends to conduct operations on Federal lands that will cause accumulative surface disturbance of less than 5 acres. In accordance with the notice provision:

1. The name and mailing address of the mining claimant and operator is:

Uranerz U.S.A., Inc.
445 Union Boulevard
Suite #230
Denver, CO. 80228

2. The names and serial numbers of the mining claims on which disturbance will likely take place as a result of the operations are:

<u>Claim Name</u>	<u>BLM Serial Number</u>
West # 10	AMC 6691
West # 11	AMC 6692

3. Uranerz U.S.A., Inc. intends to start operations on or later than March 1, 1982. Operations will involve:

- Making improvements to and upgrading of an access trail
- Drilling 3 holes and drill site preparation.

The location of the trail and drillsites are shown on the attached plat. A small bulldozer will be used to prepare drillsites and to make road improvements. A truck mounted drill rig and a 1500 gallon water truck will likely be used for the drilling operations.

4. Reclamation of all areas disturbed will be completed according to the standard described in 43CFR Subpart 3809.1-3(d) and reasonable measures will be taken to prevent unnecessary or undue degradation of Federal lands during operations.
