ACCESS STATEMENT

These digitized collections are accessible for purposes of education and research. We have indicated what we know about copyright and rights of privacy, publicity, or trademark. Due to the nature of archival collections, we are not always able to identify this information. We are eager to hear from any rights owners, so that we may obtain accurate information. Upon request, we will remove material from public view while we address a rights issue.

CONSTRAINTS STATEMENT

The Arizona Geological Survey does not claim to control all rights for all materials in its collection. These rights include, but are not limited to: copyright, privacy rights, and cultural protection rights. The User hereby assumes all responsibility for obtaining any rights to use the material in excess of "fair use."

The Survey makes no intellectual property claims to the products created by individual authors in the manuscript collections, except when the author deeded those rights to the Survey or when those authors were employed by the State of Arizona and created intellectual products as a function of their official duties. The Survey does maintain property rights to the physical and digital representations of the works.

QUALITY STATEMENT

The Arizona Geological Survey is not responsible for the accuracy of the records, information, or opinions that may be contained in the files. The Survey collects, catalogs, and archives data on mineral properties regardless of its views of the veracity or accuracy of those data.

VERBAL INFORMATION SUMMARY

Engineer: Ken A. Phillips

Date: June 29, 1989

Information from: Darrell Goode

Address: P O Box 8997, Catalina, AZ 85725

Phone: 825-9398

Mine: Wild Burro Marble

County: Pinal

Summary of information received:

Mr. Goode explained that this white marble deposit in the south central part of Sec 31, T10S R13E is held by him under lease from the State Land Department. The leases are part of a multisection holding often referred to as the San Francisco Marble Quarries.

He explained that the marble is good quality white material suitable for livestock feed supplement, swimming pool sand and decorative rock.
