Reconstruction Finance Corporation Arizona Records

ACCESS STATEMENT

These digitized collections are accessible for purposes of education and research. We have indicated what we know about copyright and rights of privacy, publicity, or trademark. Due to the nature of archival collections, we are not always able to identify this information. We are eager to hear from any rights owners, so that we may obtain accurate information. Upon request, we will remove material from public view while we address a rights issue.

CONSTRAINTS STATEMENT

The Arizona Geological Survey does not claim to control all rights for all materials in its collection. These rights include, but are not limited to: copyright, privacy rights, and cultural protection rights. The User hereby assumes all responsibility for obtaining any rights to use the material in excess of "fair use."

The Survey makes no intellectual property claims to the products created by individual authors in the manuscript collections, except when the author deeded those rights to the Survey or when those authors were employed by the State of Arizona and created intellectual products as a function of their official duties. The Survey does maintain property rights to the physical and digital representations of the works.

QUALITY STATEMENT

The Arizona Geological Survey is not responsible for the accuracy of the records, information, or opinions that may be contained in the files. The Survey collects, catalogs, and archives data on mineral properties regardless of its views of the veracity or accuracy of those data.

DEPARTMENT OF MINERAL RESOURCES STATE OF ARIZONA FIELD ENGINEERS REPORT

granted

Mine BINGHAMPTON, Cu.

Date

December 17, 1942

District

Agua Fria

Engineer

Earl F. Hastings

Subject:

Reconstruction Finance Corporation

Preliminary Development Loan

Date Application Received Date of Field Examination Date of Report C-ND-Phoenix 114 December 16, 1942 October 22, 1942 December 17, 1942

- 2. Character of project and estimated cost thereof:
 Cu. Cleaning up and repairing Adit level, "A" level, Raise #102 and Shaft "B" to
 make accessible an estimated 17,500 tons of carbonate copper ore assaying 31%.
 \$5000.00.
- 3. Location of property:
 Agua Fria Mining District, Yavapai County, Arizona.
- 4. Applicant's interest in or ownership of property:
 Applicant is one of three in a limited partnership. The other two partners are
 owners of the mine through purchase from Yavapai County.
- 5. Loan requested: \$5000.00.
- 6. Loan recommended: \$5000.00.
- 7. Comments:
- (A) Added to the Docket is the brief report of A. C. Nebeker, Field Engineer, Department of Mineral Resources, dated October 22, 1942.
- (B) The applicant appears to have corroborative evidence in the H. W. Squires report to support his claim of commercial value and quantity of ore to be made accessible by this loan.
- (C) Geographical location is such that profitable operation is entirely feasible. The applicant is an unusually capable, energetic operator and is thoroughly familiar with this particular property; these conditions tend to enhance the economic complexion and productive possibilities of the mine.
- (D) Over 1 million pounds of copper are available in direct shipping ore. The critical materials required for the production of this ore is on a highly favorable ratio to the copper yield.

December 17, 1942

BINGHAMPTON, Cu.

-2-

(E) The loan is strongly recommended.

ARIZONA DEPARTMENT OF MINERAL RESOURCES
