The following file is part of the Doug K. Martin Mining Collection

ACCESS STATEMENT

These digitized collections are accessible for purposes of education and research. We have indicated what we know about copyright and rights of privacy, publicity, or trademark. Due to the nature of archival collections, we are not always able to identify this information. We are eager to hear from any rights owners, so that we may obtain accurate information. Upon request, we will remove material from public view while we address a rights issue.

CONSTRAINTS STATEMENT

The Arizona Geological Survey does not claim to control all rights for all materials in its collection. These rights include, but are not limited to: copyright, privacy rights, and cultural protection rights. The User hereby assumes all responsibility for obtaining any rights to use the material in excess of "fair use."

The Survey makes no intellectual property claims to the products created by individual authors in the manuscript collections, except when the author deeded those rights to the Survey or when those authors were employed by the State of Arizona and created intellectual products as a function of their official duties. The Survey does maintain property rights to the physical and digital representations of the works.

QUALITY STATEMENT

The Arizona Geological Survey is not responsible for the accuracy of the records, information, or opinions that may be contained in the files. The Survey collects, catalogs, and archives data on mineral properties regardless of its views of the veracity or accuracy of those data.

(My commission expires.....)

Lloyd Dickson

Raymond K. Walter
Notary Public

Affidavit of Labor Performed and Improvements Made

STATE OF ARIZONA, }
County of MOHAVE } ss.

I, Lloyd Dickson being duly sworn, deposes and says that he is a citizen of the United States and more than twenty-one years of age, and resides at Phoenix in Maricopa County, State of Arizona, and is personally acquainted with the mining claim known as LAST MINUTE #1 THRU #16

mining claim, situate in TOPAC Mining District, County of MOHAVE, State of Arizona, the location notice of which is recorded in the office of the County Recorder of said County, in Book 6B of Records of Mines, at page 206-235; that between the 1st day of September, A. D. 1979, and the 31st day of August, A. D. 1980, at least \$1700⁰⁰ SEVENTEEN HUNDRED dollars worth of work and improvements were done and performed upon said claim, not including the location work of said claim. Such work and improvements were made by and at the expense of M. LOGAS & D. MARTIN

owners of said claim for the purpose of complying with the laws of the United States pertaining to assessment of annual work, and WM LOGAS & OTHERS

were the men employed by said owners and who labored upon said claim, did said work and improvements, the same being as follows, to-wit: ROAD IMPROVEMENT
MONUMENT MAINTENANCE - SAMPLING, ASSAYING

SECT 26, T 16N R 20 1/2 W

WHEN RECORDED, Please return to:

Revised Statutes of 1913

4028. Such location shall be made by erecting at or contiguous to the point of discovery a conspicuous monument of stones not less than three feet in height, or an upright post, securely fixed, projecting at least four feet above the ground, in which monument of stones or on which post there shall be posted a location notice which shall be signed by the name or names of the locator or locators.

4030. From the time of the location of a mining claim, as above specified, the locator shall be allowed ninety days within which to do or cause to be done the following things:

- (1) To cause to be recorded in the office of the county recorder of the county in which the claim is situated a copy of the location notice;
- (2) To sink a discovery shaft in the claim to a depth of at least eight feet from the lowest part of the rim of the shaft at the surface, and deeper, if necessary, until there is disclosed in said shaft mineral in place;
- (3) To monument the claim on the ground so that its boundaries can be readily traced.

4033. Any open cut, adit or tunnel which shall be made as above provided for, as a part of the location of a lode mining claim, and which shall be equal in amount of work to a shaft eight feet deep and four feet wide by six feet long, and which shall cut a lode or mineral in place at a depth of ten feet from the surface, shall be equivalent, as discovery work, to a shaft sunk from the surface.

4034. Location notices may be amended at any time and the monuments changed to correspond with the amended location; provided, that no change shall be made that will interfere with the rights of others.

This diagram is to give locator a general idea of plan of location under the law. The discovery shaft can be in the center of the claim or any distance from either end desired. In the diagram it is placed 500 feet from one end and 1,000 feet from the other. Commence description of claim at a center end monument, giving its distance and direction from center of discovery; thence bound the claim in either direction. In description be careful to state locality of claim with reference to some natural object or permanent monument as will identify the claim.

Notice of Mining Location

LODE CLAIM

TO ALL WHOM IT MAY CONCERN:

This Mining Claim, the name of which is the Uno-Mas Dome #1

Mining Claim, situate on lands belonging to the United States of America and in which there are valuable mineral deposits, was entered upon and located for the purpose of exploration and purchase by

Lloyd H. Moss & Ann P. Maluia

Citizens of the U.S.

(Locator must either insert "a citizen of the United States," or "who has declared his intention to become a citizen of the United States")

the undersigned, on the 26 day of July, 1966

The length of this claim is 1500 feet

and we claim 1350 feet

in a Northerly direction and

150 feet in a Southerly direction

from the center of the discovery shaft, at which this notice is posted, lengthwise of the claim, together with

300 feet in width of the surface grounds

on each side of the center of said claim. The general course of the lode deposit and premises is from the

Northerly to the Southerly

The claim is situated and located in the Topock Mining District

in Mohave County, in the State of Arizona about 2 miles

in a Southerly direction from U.S. Highway 66

Section 26 Township 16 N Range 20 1/2 W

The surface boundaries of the claim are marked upon the ground as follows: Beginning at

Stone monument

at a point in a Southerly direction 150 feet from

the discovery shaft (at which this notice is posted), being in the center of the South

end line of said claim, thence Westerly, 300 feet to a stone monument, being the

Southwest corner of said claim; thence Northerly, 1500 feet to a stone monument

being at the Northwest corner of said claim; thence Easterly, 300 feet to a

11219 stone monument at the center of the

INDEXED

North end of said claim; thence

Easterly, 300 feet to a stone monument,

being at the Northeast corner of said claim;

thence Southerly, 1500 feet to a Stone monument

at the Southeast corner of said claim; thence

Westerly, 300 feet to the place of beginning.

Dated and posted on the grounds, this 26 day of

July, 1966.

4030. From the time of the location of a mining claim, as above specified, the locator shall be allowed ninety days within which to do or cause to be done the following things:

- (1) To cause to be recorded in the office of the county recorder of the county in which the claim is situated a copy of the location notice;
- (2) To sink a discovery shaft in the claim to a depth of at least eight feet from the lowest part of the rim of the shaft at the surface, and deeper, if necessary, until there is disclosed in said shaft mineral in place;
- (3) To monument the claim on the ground so that its boundaries can be readily traced.

4033. Any open cut, adit or tunnel which shall be made as above provided for, as a part of the location of a lode mining claim, and which shall be equal in amount of work to a shaft eight feet deep and four feet wide by six feet long, and which shall cut a lode or mineral in place at a depth of ten feet from the surface, shall be equivalent, as discovery work, to a shaft sunk from the surface.

4034. Location notices may be amended at any time and the monuments changed to correspond with the amended location; provided, that no change shall be made that will interfere with the rights of others.

This diagram is to give locator a general idea of plan of location under the law. The discovery shaft can be in the center of the claim or any distance from either end desired. In the diagram it is placed 500 feet from one end and 1,000 feet from the other. Commence description of claim at a center end monument, giving its distance and direction from center of discovery; thence bound the claim in either direction. In description be careful to state locality of claim with reference to some natural object or permanent monument as will identify the claim.

Notice of Mining Location

LODE CLAIM

TO ALL WHOM IT MAY CONCERN:

This Mining Claim, the name of which is the Uno-Mas Dome # 7

Mining Claim, situate on lands belonging to the United States of America and in which there are valuable mineral deposits, was entered upon and located for the purpose of exploration and purchase by

Lloyd H. Moss & Ann P. Maluia

Citizens of the U.S.

(Locator must either insert "a citizen of the United States," or "who has declared his intention to become a citizen of the United States")

the undersigned, on the 26 day of July, 1966

The length of this claim is 1500 feet

and we claim 150 feet

in a Northerly direction and

1350 feet in a Southerly direction

from the center of the discovery shaft, at which this notice is posted, lengthwise of the claim, together with 300 feet in width of the surface grounds

on each side of the center of said claim. The general course of the lode deposit and premises is from the

Northerly to the Southerly

The claim is situated and located in the Topock Mining District

in Mohave County, in the State of Arizona about 2½ miles

in a Southerly direction from U.S. Highway 66

Section 26 Township 16 N Range 20½ W

Adjoining Uno-Mas #3 on Northerly end of # 7

and Uno-Mas Dome # 6 on westerly side of # 7

The surface boundaries of the claim are marked upon the ground as follows: Beginning at stone monument

at a point in a Northerly direction 150 feet from

the discovery shaft (at which this notice is posted), being in the center of the North

end line of said claim, thence Easterly, 300 feet to a stone monument, being the

Northeast corner of said claim; thence Southerly, 1500 feet to a stone monument

being at the Southeast corner of said claim; thence Westerly, 300 feet to a

stone monument at the center of the

South end of said claim; thence

Westerly, 300 feet to a stone monument,

being at the Southwest corner of said claim;

thence Northerly, 1500 feet to a stone monument

at the Northwest corner of said claim; thence

Easterly, 300 feet to the place of beginning.

Dated and posted on the grounds, this 26 day of

July, 1966.

Such location shall be made by erecting at or contiguous to the point of discovery a conspicuous monument of stones not less than three feet in height, or an upright post, securely fixed, projecting at least four feet above the ground, in which monument of stones or on which post there shall be posted a location notice which shall be signed by the name or names of the locator or locators.

4030. From the time of the location of a mining claim, as above specified, the locator shall be allowed ninety days within which to do or cause to be done the following things:

- (1) To cause to be recorded in the office of the county recorder of the county in which the claim is situated a copy of the location notice;
- (2) To sink a discovery shaft in the claim to a depth of at least eight feet from the lowest part of the rim of the shaft at the surface, and deeper, if necessary, until there is disclosed in said shaft mineral in place;
- (3) To monument the claim on the ground so that its boundaries can be readily traced.

4033. Any open cut, adit or tunnel which shall be made as above provided for, as a part of the location of a lode mining claim, and which shall be equal in amount of work to a shaft eight feet deep and four feet wide by six feet long, and which shall cut a lode or mineral in place at a depth of ten feet from the surface, shall be equivalent, as discovery work, to a shaft sunk from the surface.

4034. Location notices may be amended at any time and the monuments changed to correspond with the amended location; provided, that no change shall be made that will interfere with the rights of others.

This diagram is to give locator a general idea of plan of location under the law. The discovery shaft can be in the center of the claim or any distance from either end desired. In the diagram it is placed 500 feet from one end and 1,000 feet from the other. Commence description of claim at a center end monument, giving its distance and direction from center of discovery; thence bound the claim in either direction. In description be careful to state locality of claim with reference to some natural object or permanent monument as will identify the claim.

Notice of Mining Location

LODE CLAIM

TO ALL WHOM IT MAY CONCERN:

This Mining Claim, the name of which is the Uno-Mas Dome #13
Mining Claim, situate on lands belonging to the United States of America and in which there are valuable mineral
deposits, was entered upon and located for the purpose of exploration and purchase by
Lloyd H. Moss & Ann P. Maluia
Citizens of the U.S.

Locator must either insert "a citizen of the United States," or "who has declared his intention to become a citizen
of the United States"

the undersigned, on the 5 day of September, 1969

The length of this claim is 1500 feet
and we claim 1350 feet
in a Easterly direction and
150 feet in a Westerly direction
from the center of the discovery shaft, at which this notice is posted, lengthwise of the claim, together with
300 feet in width of the surface grounds

on each side of the center of said claim. The general course of the lode deposit and premises is from the
Northerly to the Southerly

The claim is situated and located in the Topock Mining District
in Mohave County, in the State of Arizona about 4 miles
in a Southerly direction from U.S. Highway 66
Sec 26 T 16 N R 20 1/2 W
Adjoining Uno-Mas #10,11,12 on Northerly side of #13

The surface boundaries of the claim are marked upon the ground as follows: Beginning at
stone monument

at a point in a Westerly direction 150 feet from
the discovery shaft (at which this notice is posted), being in the center of the West
end line of said claim, thence Northerly 300 feet to a stone monument, being the
Northwest corner of said claim; thence Easterly 1500 feet to a stone monument,
being at the Northeast corner of said claim; thence Southerly 300 feet to a
stone monument at the center of the
East end of said claim; thence
Southerly 300 feet to a stone monument,
being at the Southeast corner of said claim;
thence Westerly 1500 feet to a stone monument
at the Southwest corner of said claim; thence
300 feet to the place of beginning.
