#### **ACCESS STATEMENT**

These digitized collections are accessible for purposes of education and research. We have indicated what we know about copyright and rights of privacy, publicity, or trademark. Due to the nature of archival collections, we are not always able to identify this information. We are eager to hear from any rights owners, so that we may obtain accurate information. Upon request, we will remove material from public view while we address a rights issue.

#### **CONSTRAINTS STATEMENT**

The Arizona Geological Survey does not claim to control all rights for all materials in its collection. These rights include, but are not limited to: copyright, privacy rights, and cultural protection rights. The User hereby assumes all responsibility for obtaining any rights to use the material in excess of "fair use."

The Survey makes no intellectual property claims to the products created by individual authors in the manuscript collections, except when the author deeded those rights to the Survey or when those authors were employed by the State of Arizona and created intellectual products as a function of their official duties. The Survey does maintain property rights to the physical and digital representations of the works.

#### **QUALITY STATEMENT**

The Arizona Geological Survey is not responsible for the accuracy of the records, information, or opinions that may be contained in the files. The Survey collects, catalogs, and archives data on mineral properties regardless of its views of the veracity or accuracy of those data.

OPTION TO SELL OR MINE

This agreement between John Godsfil and Frank H. Clark is an agreement for Frank H. Clark to sell or mine the following patented and unpatented Lode Mining claims.

Loco Ruby 1 thru 17 inclusive which are unpatented lode mining claims in the County of Santa Cruz. They have been properly recorded by the County recorder of Santa Cruz and the Bureau of Land Management, U.S. Government, Dept. of the Interior, with all required assessment and validation work complied with and are free and clear of any liens and encumbrances.

Patented claim called Ruby, which the owner John Godsfil represents that he owns the entire undivided title to and has the exclusive possession of the premises; that the owner's title is free and clear of all liens and encumbrances. Ruby claim has Patent # 3049.

I John Godsfil give Frank H. Clark the power of Attorney to act on my behalf in any sale concerning the above mentioned mining claims with the one stipulation, that the down payment of One Hundred Thousand Dollars (\$100,000.00) is Firm and is to be considered an earned premium to allow the purchaser to prospect, drill, assay, survey, and use any other means he may desire to determine the total value which will be used to determine the Total price for said claims.

All proceeds are to be divided between John Godsfil and Frank H. Clark who are the owners of these claims, on a 50%-50% Basis.

TO ALL WHOM IT MAY CONCERN:

This Mining Claim, the name of which is the

Nueva Ruby #1

217-48

Mining Claim, situate on lands belonging to the United States of America and in which there are valuable mineral deposits, was entered upon and located for the purpose of exploration and purchase by Frank H. Clark (6942 W. Olive St. #68 Peoria Ariz 85345) a citizen of the U.S. & John G. Godsil (Box 17 Arivaca Ariz 85601) a citizen of the U.S. Locator must either insert "a citizen of the United States," or "who has declared his intention to become a citizen of the United States")

the undersigned, on the 21 day of January, December, 19 77

The length of this claim is 1500 feet and we claim 750 feet

in a northerly direction and 750 feet in a southerly direction

from the center of the discovery shaft, at which this notice is posted, lengthwise of the claim, together with 300 feet in width of the surface grounds

on each side of the center of said claim. The general course of the lode deposit and premises is from the north to the south

The claim is situated and located in the Oro Blanco Mining District in Santa Cruz County, in the State of Arizona about 1 mile

in a southwesterly direction from Montana Peak, T. 23 S. R. 11 E. Sec. 8; parallel to & east of patented claim #3049 - its southern end is contiguous with claim Nueva Ruby #2

The surface boundaries of the claim are marked upon the ground as follows: Beginning at the northern end monument (300 feet east of corner #1 patented claim #3049)

at a point in a northerly direction 750 feet from the discovery shaft (at which this notice is posted), being in the center of the northerly

end line of said claim, thence 300 feet to a survey marker #1, being the northwesterly corner of said claim; thence 1500 feet to a survey marker #1, patented claim #3049

being at the southwesterly corner of said claim; thence 300 feet to a rock monument at the center of the

southerly end of said claim; thence 300 feet to a rock monument

being at the southeasterly corner of said claim; thence 1500 feet to a rock monument

at the northeasterly corner of said claim; thence 300 feet to the place of beginning.

Dated and posted on the grounds, this 12 day of January, 19 77.

LODE CLAIM

DOCK 217 PAGE 49

TO ALL WHOM IT MAY CONCERN:

This Mining Claim, the name of which is the

Nueva Ruby #2

Mining Claim, situate on lands belonging to the United States of America and in which there are valuable mineral

deposits, was entered upon and located for the purpose of exploration and purchase by Frank H. Clark  
6942 W. Olive St #68 Peoria Ariz 85345 a citizen of the U.S.

& John G. Godsil (Box 17 Arivaca, Ariz 85601) a citizen of the U.S.  
(Locator must either insert "a citizen of the United States," or "who has declared his intention to become a citizen of the United States")

the undersigned, on the 21st day of January December, 19 77

The length of this claim is 1500 feet  
and we claim 750 feet

in a northerly direction and  
750 feet in a southerly direction

from the center of the discovery shaft, at which this notice is posted, lengthwise of the claim, together with  
300 feet in width of the surface grounds

on each side of the center of said claim. The general course of the lode deposit and premises is from the  
North to the South

The claim is situated and located in the Oro Blanco Mining District  
in Santa Cruz County, in the State of Arizona about 1 mile

in a Southwesterly direction from Montana Peak, T.23.S.  
R.11.E, Sec. 8 & 17 & parallel to the Nueva Ruby #3  
on its westerly boundary - its Northwesterly  
corner is Corner #4 of patented claim #3049

The surface boundaries of the claim are marked upon the ground as follows: Beginning at

Northern end monument (200 feet east  
of corner #4 patented claim #3049)

at a point in a northerly direction 750 feet from  
the discovery shaft (at which this notice is posted), being in the center of the northerly

end line of said claim, thence 300 feet to a rock monument (survey marker #4 of #3049) being the

Northwesterly corner of said claim; thence 1500 feet to a rock monument  
being at the southwesterly corner of said claim; thence 300 feet to a

rock monument at the center of the  
southerly end of said claim; thence  
300 feet to a rock monument

being at the southeasterly corner of said claim;  
thence 1500 feet to a rock monument

at the Northeasterly corner of said claim; thence  
300 feet to the place of beginning.

Dated and posted on the grounds, this 17 day of

January, 19 77

Excerpts from the Mining Laws of the State of Arizona

Title XXXIV of the Revised Statutes of 1923, Chap. 1, and Amendments thereto.

Section 4038. Such location shall be made by erecting at or contiguous to the point of discovery a conspicuous monument of stone not less than three feet in height, or an upright post, securely fixed, projecting at least four feet above the ground, in which monument of stones or on which post there shall be posted a location notice which shall be signed by the name or names of the locator or locators.

Sec. 4039. From the time of the location of a mining claim, as above specified, the locator shall be allowed ninety days within which to do or cause to be done the following things:

• • • • •

2. To sink a discovery shaft in the claim to a depth of at least eight feet from the lowest part of the rim of the shaft at the surface, and deeper, if necessary, until there is disclosed in said shaft mineral in place.

• • • • •

Sec. 4032. Such surface boundaries shall be marked by six substantial posts projecting at least four feet above the surface of the ground, or by substantial stone monuments at least three feet high, to-wit: One at each corner of said claim and one at the center of each end-line thereof.

Provided, however, that when the point of a monument of a mining claim is at the same point, and coincides with a monument of the survey of the United States, the monument of such government survey shall be and is hereby declared to be a mining claim monument of claims heretofore or hereafter located.

Sec. 4034. Location notices may be amended at any time and the monuments changed to correspond with the amended location; Provided, That no change shall be made that will interfere with the rights of others.

This diagram is to give locator a general idea of plan of location under the new law. The Discovery Shaft can be in the center of claim or any distance from either end desired. In the diagram it is placed 500 feet from one end, and 1000 feet from the other. Commence description of claim at a center end monument, giving its distance and direction from center of Discovery Shaft; thence bound the claim in either direction. In description be careful to state locality of claim with reference to some natural object, or permanent monument, as will identify the claim.

in a southwesterly direction from Montana Peak T.23 S.

R.11 E. sec. 8 (adjacent to & parallel to claim Nueva Ruby # 8 to the west & Nueva Ruby #10 to the east  
& its southern end monument is 300 ft west of corner #2 patented claim #3049)

The surface boundaries of the claim are marked upon the ground as follows: Beginning at the  
northern end monument

at a point in a northerly direction 750 feet from  
the discovery shaft (at which this notice is posted), being in the center of the northerly

end line of said claim, thence 300 feet to a rock monument, being the  
north easterly corner of said claim; thence 1500 feet to a survey marker #2 patented claim #3049

being at the south easterly corner of said claim; thence 300 feet to a  
rock monument at the center of the

southerly end of said claim; thence  
300 feet to a rock monument

being at the south westerly corner of said claim;  
thence 1500 feet to a rock monument

at the north westerly corner of said claim; thence  
300 feet to the place of beginning.

Dated and posted on the grounds, this 12 day of  
January, 19 77

Excerpts From the Mining Laws of  
the State of Arizona  
TITLE XXXIV of the  
Revised Statutes of 1913

4028. Such location shall be made by erecting at or contiguous to the point of discovery a conspicuous monument of stones not less than three feet in height, or an upright post, securely fixed, projecting at least four feet above the ground, in which monument of stones or on which post there shall be posted a location notice which shall be signed by the name or names of the locator or locators.

4030. From the time of the location of a mining claim, as above specified, the locator shall be allowed ninety days within which to do or cause to be done the following things:

(1) To cause to be recorded in the office of the county recorder of the county in which the claim is situated a copy of the location notice;

(2) To sink a discovery shaft in the claim to a depth of at least eight feet from the lowest part of the rim of the shaft at the surface, and deeper, if necessary, until there is disclosed in said shaft mineral in place;

(3) To monument the claim on the ground so that its boundaries can be readily traced.

4033. Any open cut, adit or tunnel which shall be made as above provided for, as a part of the location of a lode mining claim, and which shall be equal in amount of work to a shaft eight feet deep and four feet wide by six feet long, and which shall cut a lode or mineral in place at a depth of ten feet from the surface, shall be equivalent, as discovery work, to a shaft sunk from the surface.

4034. Location notices may be amended at any time and the monuments changed to correspond with the amended location; provided, that no change shall be made that will interfere with the rights of others.

This diagram is to give locator a general idea of plan of location under the law. The discovery shaft can be in the center of the claim or any distance from either end desired. In the diagram it is placed 500 feet from one end and 1,000 feet from the other. Commence description of claim at a center end monument, giving its distance and direction from center of discovery; thence bound the claim in either direction. In description be careful to state locality of claim with reference to some natural object or permanent monument as will identify the claim.

LODE CLAIM

DOCK 217 PAGE 50

## TO ALL WHOM IT MAY CONCERN:

This Mining Claim, the name of which is the Nueva Ruby #3

Mining Claim, situate on lands belonging to the United States of America and in which there are valuable mineral

deposits, was entered upon and located for the purpose of exploration and purchase by Frank H. Clark

(6942 W. Olive St. #68 Peoria, Ariz. 85345) (Citizen of the U.S.)

& John G. Godsil (Box 17 Arivaca, Ariz. 85601) (Citizen of the U.S.)

(Locator must either insert "a citizen of the United States," or "who has declared his intention to become a citizen of the United States")

the undersigned, on the 21<sup>st</sup> day of ~~January~~ December, 19 77

The length of this claim is 1500 feet and we claim 750 feet

in a northerly direction and 750 feet in a southerly direction

from the center of the discovery shaft, at which this notice is posted, lengthwise of the claim, together with 300 feet in width of the surface grounds

on each side of the center of said claim. The general course of the lode deposit and premises is from the north to the south

The claim is situated and located in the Oro Blanco Mining District in Santa Cruz County, in the State of Arizona about 1 mile

in a south westerly direction from Montana Peak, T. 23. S. R. 11. E. Sec. 8 & 17, & contiguous to

on its northern end the patented claim #3049 its boundary markers (corners #3 & #4) being the northern corners

*N. Ruby #3*

The surface boundaries of the claim are marked upon the ground as follows: Beginning at the northern end monument (300 feet <sup>east west</sup> from southern corners #3 & #4 of patented claim #3049)

at a point in a northerly direction 750 feet from

the discovery shaft (at which this notice is posted), being in the center of the northerly end line of said claim, thence 300 feet to a rock monument #4 <sup>survey marker #3049</sup> being the

northeast corner of said claim; thence 1500 feet to a rock monument

being at the southeast corner of said claim; thence 300 feet to a rock monument

at the center of the southerly end of said claim; thence 300 feet to a rock monument

being at the south westerly corner of said claim; thence 1500 feet to a rock monument

at the north westerly corner of said claim; thence 300 feet to the place of beginning.

Dated and posted on the grounds, this 12 day of January, 19 77

Frank H. Clark  
John G. Godsil

Excerpts From the Mining Laws of  
the State of Arizona  
TITLE XXXIV of the  
Revised Statutes of 1913

4028. Such location shall be made by erecting at or contiguous to the point of discovery a conspicuous monument of stones not less than three feet in height, or an upright post, securely fixed, projecting at least four feet above the ground, in which monument of stones or on which post there shall be posted a location notice which shall be signed by the name or names of the locator or locators.

4030. From the time of the location of a mining claim, as above specified, the locator shall be allowed ninety days within which to do or cause to be done the following things:

- (1) To cause to be recorded in the office of the county recorder of the county in which the claim is situated a copy of the location notice;
- (2) To sink a discovery shaft in the claim to a depth of at least eight feet from the lowest part of the rim of the shaft at the surface, and deeper, if necessary, until there is disclosed in said shaft mineral in place;
- (3) To trace the claim on the ground so that its boundaries can be readily traced.

4033. Any open cut, adit or tunnel which shall be made as above provided for, as a part of the location of a lode mining claim, and which shall be equal in amount of work to a shaft eight feet deep and four feet wide by six feet long, and which shall cut a lode or mineral in place at a depth of ten feet from the surface, shall be equivalent, as discovery work, to a shaft sunk from the surface.

4034. Location notices may be amended at any time and the monuments changed to correspond with the amended location; provided, that no change shall be made that will interfere with the rights of others.

This diagram is to give locator a general idea of plan of location under the law. The discovery shaft can be in the center of the claim or any distance from either end desired. In the diagram it is placed 500 feet from one end and 1,000 feet from the other. Commence description of claim at a center end monument, giving its distance and direction from center of discovery; thence bound the claim in either direction. In description be careful to state locality of claim with reference to some natural object or permanent monument as will identify the claim.

LODE CLAIM

DOCK 217 PAGE 49

## TO ALL WHOM IT MAY CONCERN:

This Mining Claim, the name of which is the Nueva Ruby #2

Mining Claim, situate on lands belonging to the United States of America and in which there are valuable mineral deposits, was entered upon and located for the purpose of exploration and purchase by Frank H. Clark (6942 W. Olive St. #68 Peoria Ariz. 85345) a citizen of the U.S. and John G. Godsil (Box 17 Arivaca, Ariz. 85601) a citizen of the U.S.

(Locator must either insert "a citizen of the United States," or "who has declared his intention to become a citizen of the United States")

the undersigned, on the 21st day of January ~~December~~, 19 77

The length of this claim is 1500 feet and we claim 750 feet

in a northerly direction and 750 feet in a southerly direction

from the center of the discovery shaft, at which this notice is posted, lengthwise of the claim, together with 300 feet in width of the surface grounds

on each side of the center of said claim. The general course of the lode deposit and premises is from the North to the South

The claim is situated and located in the Oro Blanco Mining District in Santa Cruz County, in the State of Arizona about 1 mile

in a Southwesterly direction from Montana Peak, T. 23 S. R. 11 E, Sec. 8 & 17 & parallel to the Nueva Ruby #3 on its westerly boundary - its Northwesterly corner is corner #4 of patented claim #3049

The surface boundaries of the claim are marked upon the ground as follows: Beginning at

Northern end monument (300 feet east of corner #4 patented claim #3049)

at a point in a ~~North~~ Northerly direction 750 feet from the discovery shaft (at which this notice is posted), being in the center of the Northerly

end line of said claim, thence 300 feet to a rock monument (Survey marker #4 of #3049), being the Northwesterly corner of said claim; thence 1500 feet to a rock monument

being at the Southwesterly corner of said claim; thence 300 feet to a rock monument

at the center of the Southerly end of said claim; thence 300 feet to a rock monument

being at the southeasterly corner of said claim; thence 1500 feet to a rock monument

at the North easterly corner of said claim; thence 300 feet to the place of beginning.

Dated and posted on the grounds, this 17 day of January, 19 77

Frank H. Clark  
John G. Godsil

Excerpts From the Mining Laws of  
the State of Arizona  
TITLE XXXIV of the  
Revised Statutes of 1913

4028. Such location shall be made by erecting at or contiguous to the point of discovery a conspicuous monument of stones not less than three feet in height, or an upright post, securely fixed, projecting at least four feet above the ground, in which monument of stones or on which post there shall be posted a location notice which shall be signed by the name or names of the locator or locators.

4030. From the time of the location of a mining claim, as above specified, the locator shall be allowed ninety days within which to do or cause to be done the following things:

- (1) To cause to be recorded in the office of the county recorder of the county in which the claim is situated a copy of the location notice;
- (2) To sink a discovery shaft in the claim to a depth of at least eight feet from the lowest part of the rim of the shaft at the surface, and deeper, if necessary, until there is disclosed in said shaft mineral in place;
- (3) To monument the claim on the ground so that its boundaries can be readily traced.

4033. Any open cut, adit or tunnel which shall be made as above provided for, as a part of the location of a lode mining claim, and which shall be equal in amount of work to a shaft eight feet deep and four feet wide by six feet long, and which shall cut a lode or mineral in place at a depth of ten feet from the surface, shall be equivalent, as discovery work, to a shaft sunk from the surface.

4034. Location notices may be amended at any time and the monuments changed to correspond with the amended location; provided, that no change shall be made that will interfere with the rights of others.

This diagram is to give locator a general idea of plan of location under the law. The discovery shaft can be in the center of the claim or any distance from either end desired. In the diagram it is placed 500 feet from one end and 1,000 feet from the other. Commence description of claim at a center end monument, giving its distance and direction from center of discovery; thence bound the claim in either direction. In description be careful to state locality of claim with reference to some natural object or permanent monument as will identify the claim.
