DECISION  
MINING CLAIMS DECLARED ABANDONED

The Federal Land Policy and Management Act (FLPMA) of 1976, 43 U.S.C. 1744, and the implementing regulations in 43 CFR 3833.2, require an annual filing for all mining claims recorded with the Bureau of Land Management. The Act provides that failure to file evidence of annual assessment work or a notice of intention to hold by December 30 each year shall be deemed conclusively to constitute an abandonment of the claim and it is void by operation of law. The constitutionality of Section 314 of FLPMA was upheld on April 1, 1985 by the United States Supreme Court in U.S. et al v. Locke et al, No. 83-1394.

The Bureau of Land Management records do not show receipt of either an affidavit of annual assessment work performed or a notice of intention to hold for the claims listed on the attached sheet during the year(s) cited.

If you did timely file an affidavit or notice of intention to hold with the Bureau of Land Management during the stated year(s), notify this office. Please furnish one of the following for each missing year: (1) a letter of acknowledgement from this office; (2) a postcard of acknowledgement (BLM Form 3830-1); (3) a copy of the affidavit showing the Bureau of Land Management date and time stamp; or (4) other evidence of receipt by our office.

Your proof must show the required documents were timely filed with the Bureau of Land Management for the year(s) shown as missing, otherwise, they will not be accepted. The evidence must be received in this office no later than 30 days from receipt of this decision. If the proof is not furnished during this 30 day period, the claim(s) listed will be removed from our records as abandoned and void.

John T. Mezes  
Chief, Branch of Lands &  
Minerals Operations

### NOTICE TO MINING CLAIMANTS

Your annual filing of an Affidavit of Assessment Work or Notice of Intention to Hold did not contain the required Bureau of Land Management Serial Number(s) assigned to each claim.

We have researched our records and have determined it (them) to be:

FC #1      A MC 187220  
FC #2      A MC 187221

The Regulations under 43 CFR Subpart 3833 state: "Citing the Serial Number shall comply with the requirement in the Act to file an additional description of the Claim."

To receive proper credit in the future, in addition to naming each claim on the affidavit, always include the correct Serial Numbers assigned to each of the mining claims, mill or tunnel sites.

Sincerely,

Mario L. Lopez  
Chief, Branch of Lands and Minerals
