AGREEMENT

(Unpatented Mining Claims)

THIS AGREEMENT is made effective as of the ____ day of May, 1972 by and between PAUL R. POWERS and DOMINGA POWERS, husband and wife, and HAROLD PHILLIPS and LOIS ANN PHILLIPS, husband and wife (hereinafter collectively designated as "OWNERS") and ESSEX INTERNATIONAL, INC., a Michigan corporation qualified to do business in the State of Arizona (hereinafter designated as "ESSEX");

W I T N E S S E T H:

WHEREAS, OWNERS own certain unpatented lode mining claims situated in the Lone Star Mining District, Graham County, Arizona all more particularly described in Exhibit A attached hereto and made a part of this Agreement (which mining claims are hereinafter collectively referred to as the "Subject Premises"); and

WHEREAS, OWNERS and ESSEX desire to enter into an Agreement whereunder ESSEX shall have the exclusive right to enter upon the Subject Premises and the exclusive right to explore the Subject Premises for minerals thereon and thereunder, together with the exclusive option to purchase the Subject Premises, all as hereinafter set forth;

NOW THEREFORE, in consideration of the obligations assumed and the agreements to be performed by the parties hereto, OWNERS and ESSEX agree as follows:

1. Warranties and Representations

OWNERS represent and warrant to ESSEX that subject to the paramount title of the United States, OWNERS own the

entire undivided title to, and have the exclusive possession of, the Subject Premises; that OWNERS' title to the Subject Premises is free and clear of all liens and encumbrances; that the acts of location performed by OWNERS or their predecessors in interest on the unpatented lode mining claims described in Exhibit A have been completed in compliance with the laws of the State of Arizona and of the United States of America; that sufficient annual assessment work has been performed on each of the said unpatented claims for the annual assessment period ending September 1, 1971; and that OWNERS have the full right, power and capacity to enter into this Agreement upon the terms set forth herein.

2. Term

The term of this Agreement shall be for a period of eight (8) years from the effective date hereof unless sooner terminated pursuant to the provisions of Section 12 or unless ESSEX sooner purchases the Subject Premises pursuant to the provisions of Section 6. -

3. Grant

OWNERS hereby grant to ESSEX the exclusive right to enter upon and take possession of the Subject Premises with the exclusive right to explore the Subject Premises for minerals thereon or thereunder, including, but not limited to, the right to perform geological, geochemical and geophysical work and the right to construct roads and drill sites, excavate, trench, sink shafts, test pits, recover bulk samples for metallurgical testing and to conduct such other operations as deemed necessary by ESSEX to determine the mineral content and mineability and treatment thereof; TOGETHER WITH the exclusive option to purchase the Subject Premises at any time prior to expiration or

termination of this Agreement, which option shall be exercisable in the manner and on the terms and conditions set forth in Section 6.

4. Payments to OWNERS; Manner of Making Payment

While this Agreement is in effect and prior to exercise by ESSEX of its option to purchase, ESSEX shall make payments to OWNERS as follows:

- (a) A sum equal to \$30 per claim on or before the date six months from the effective date of this Agreement;
- (b) A sum equal to \$40 per claim on or before the date twelve months from the effective date of this Agreement;
- (c) A sum equal to \$50 per claim on or before the date eighteen months from the effective date of this Agreement;
- (d) A sum equal to \$60 per claim on or before the date twenty-four months from the effective date of this Agreement;
- (e) A sum equal to \$70 per claim on or before the date thirty months from the effective date of this Agreement and a like sum at each six-month interval thereafter while this Agreement is in effect;

it being agreed and understood that ESSEX shall not be required to make any of the foregoing payments, the due date for payment of which occurs after the termination of this Agreement. All payments made by ESSEX under the provisions of this Section 4 shall be a credit against the total purchase price in the event ESSEX exercises its option to purchase the Subject Premises. Prior to establishment of an escrow, as set forth in Section 5, all payments required to be made by ESSEX to OWNERS may be made in currency, or by draft or by check, at the option of ESSEX, and said payments may be mailed or delivered (and made payable to) to _____ at the following address:

_____ . If an escrow

is established pursuant to Section 5, all payments thereafter shall be mailed or delivered in escrow for the credit of OWNERS. Such payee and the escrow agent, as the case may be, shall be deemed the agent of the OWNERS for purposes of collecting and disbursing such payments, and upon making any payment in such manner, ESSEX shall be relieved of all responsibility for the distribution of such payment to OWNERS or to their successors in interest. The delivery or the deposit in the mail of any payment hereunder on or before the due date thereof shall be deemed timely payment hereunder.

5. Escrow of Documents

At any time prior to termination or expiration of this Agreement, ESSEX may elect to require this Agreement to be escrowed. In such event ESSEX shall designate, by notice to OWNERS, a bank or title insurance company in Arizona to serve as escrow agent. Promptly thereafter, and in any event within forty-five (45) days after the giving of said notice, OWNERS and ESSEX shall execute and deliver to the escrow agent instructions to be prepared by ESSEX and setting forth the terms of the escrow consistent with the terms and conditions of this Agreement. Upon execution of escrow instructions, OWNERS shall execute and deliver to the escrow agent a deed in recordable form acceptable to ESSEX conveying to ESSEX title to the Subject Premises as represented in Section 1 and ESSEX shall execute and deliver to the escrow agent a relinquishment in recordable form acceptable to OWNERS, relinquishing unto OWNERS all of the interest of ESSEX in and to the Subject Premises. The instructions shall provide that in the event of exercise by ESSEX of its option to purchase: (i) the escrow shall close on a date no later than sixty (60) days following exercise by ESSEX of its option to purchase the Subject Premises; (ii) the deed

from OWNERS to ESSEX shall be delivered to ESSEX upon closing; (iii) the cost of all deed or transfer stamps or taxes shall be charged to OWNERS; (iv) all ad valorem taxes and other assessments shall be prorated as of the date of closing; and (v) upon recording of the above-described deed, the "Net Purchase Price" (as defined in Section 6) shall be paid to OWNERS. The instructions shall also provide that in the event ESSEX terminates this Agreement (other than by exercise of its option to purchase) or in the event this Agreement expires by its own terms, ESSEX shall pay all fees of the escrow agent and that the escrow agent shall deliver the above-described deed and the above-described relinquishment to OWNERS.

6. Exercise by ESSEX of its Option to Purchase; Purchase Price

At any time as hereinafter provided prior to termination or expiration of this Agreement, ESSEX shall have the exclusive right to purchase the Subject Premises or any portion thereof consisting of at least twenty-five percent (25%) of the total claims described in Exhibit A by giving notice in the manner set forth in Section 13 to OWNERS of its election to purchase. If ESSEX elects to purchase all or any permitted portion of the Subject Premises the total purchase price of the Subject Premises shall be computed on the basis of \$8,000.00 for each full-sized claim; provided, however, that if ESSEX elects to purchase at least twenty-five percent (25%) but less than fifty percent (50%) of the total claims described in Exhibit A, the total purchase price of the Subject Premises shall be computed on the basis of \$10,000.00 for each full-sized claim. The term "full-sized claim" as used herein shall mean a claim measuring 600 feet by 1500 feet. With respect to claims or portions of claims which are not full-sized claims (including portions of claims which are reduced because of overlap with prior claims), the purchase

price of each such claim shall be the portion of the applicable purchase price which the acreage of the claim bears to the acreage of a full-sized claim of 20.661 acres. The total purchase price shall be reduced by all payments made to OWNERS under the provisions of Section 4 and shall be further reduced by any applicable credits or deductions as provided in Section 11. The total purchase price less all such credits and deductions is hereinafter called the "Net Purchase Price". ESSEX shall pay to OWNERS, through the escrow agent, the Net Purchase Price upon the closing of the escrow as described in Section 5.

7. Protection from Liens and Damages

ESSEX shall pay all expenses incurred by it in its operations on the Subject Premises hereunder and shall allow no liens arising from any act of ESSEX to remain upon the Subject Premises. ESSEX shall indemnify OWNERS against and hold them harmless from any liability to third persons resulting from ESSEX's operations hereunder. If, pursuant to Arizona Revised Statute § 33-990, OWNERS post a no-lien notice, ESSEX agrees to maintain the posted notice.

8. Taxes

OWNERS shall timely pay all taxes, assessments and other governmental charges imposed upon the Subject Premises prior to closing of the escrow provided for in Section 5; provided that OWNERS shall have the right to contest, in the courts or otherwise, the validity or amount of any such taxes or assessments, if they deem the same unlawful, unjust, unequal or excessive, and to take such other steps or proceedings as they deem necessary to secure a cancellation, reduction, readjustment or equalization thereof, before they shall be required to pay the same, but in no event shall OWNERS permit or allow title to the Subject Premises to be lost as the result of nonpayment of any taxes, assessments or other such charges.

9. Assessment Work

ESSEX shall perform the annual assessment work required to maintain the unpatented mining claims described in Exhibit A and timely record or furnish to OWNERS for recording an affidavit of such performance for the assessment year ending on the first day of September, 1972. Commencing with the annual assessment year beginning the 1st day of September, 1972, ESSEX shall perform annual assessment work required to maintain those of the unpatented mining claims described in Exhibit A and timely record or furnish to OWNERS for recording affidavits of such performance for any assessment year in which this Agreement has not expired or been terminated as to such claims prior to sixty (60) days before the end of any annual assessment work year. OWNERS agree that in the event ESSEX owns or acquires by location, purchase, lease or option, the right to explore claims or groups of claims adjacent to the Subject Premises, ESSEX shall have the right to perform assessment work required hereunder pursuant to a common plan of exploration or development for all of the claims or groups of claims, whether performed on or off the Subject Premises. ESSEX shall not be liable on account of holdings by any court or governmental agency that the effects of work so elected and performed by ESSEX do not constitute the required annual assessment work for purposes of preserving title to such claims, provided that the work so done is of the kind generally accepted as assessment work and that ESSEX has expended a total amount sufficient to meet the minimum requirements with respect to all of the unpatented claims.

10. Amendment, Relocation and Patent of Claims

ESSEX shall have the right to amend or relocate in the name of OWNERS, as their interests may appear, any of the

unpatented mining claims which ESSEX, in its sole discretion, deems advisable to so amend or relocate. In the event of any such amendment or relocation, ESSEX agrees that it shall use its best efforts to complete the same in compliance with the applicable statutes and regulations but shall not be liable to OWNERS for any act (or failure to act) by it or any of its agents in connection with the amendment or relocation of claims as long as such act (or omission) is not made in bad faith. Upon request by ESSEX, OWNERS shall apply for a patent to any of the unpatented mining claims so designated by ESSEX and shall execute all necessary applications and documents in connection therewith and shall cooperate fully with ESSEX in securing such patents. All expenses incurred or authorized by ESSEX in connection with such amendment, relocation and patent proceedings shall be borne by ESSEX. The rights of ESSEX under this Agreement shall extend to any of the amended, relocated or patented mining claims.

11. Title Matters

(a) Title Documents - Upon written request of ESSEX at any time during the term hereof, OWNERS shall promptly deliver to ESSEX all abstracts of title to and copies of all title documents affecting the Subject Premises which OWNERS have in their possession, together with copies of any plats and field notes of surveys of the Subject Premises which OWNERS have in their possession.

(b) Title Defects, Defense and Protection - If -- (i) in the opinion of counsel for ESSEX, OWNERS' title to any of the Subject Premises is defective or less than as represented in Section 1, or (ii) OWNERS' title is contested or questioned by any person, entity or governmental agency -- and if OWNERS are unable or unwilling to promptly correct the defects or

alleged defects in title, ESSEX may attempt to perfect, defend or initiate litigation to protect OWNERS' title. In that event, OWNERS shall execute all documents and shall take such other actions as are reasonably necessary to assist ESSEX in its efforts to perfect, defend or protect OWNERS' title. If title is less than as represented in Section 1, then (and only then) the costs and expenses of perfecting, defending or correcting title (including, but without being limited to, the cost of attorneys' fees and the cost of releasing or satisfying any mortgages, liens or encumbrances) shall be a credit against payments thereafter to be made to OWNERS under the provisions of Section 4 and against the total purchase price set forth in Section 6 unless the encumbrance or dispute arises from ESSEX's failure to perform obligations hereunder (in which case such costs shall be borne by ESSEX).

(c) Lesser Interest Provisions - If the title granted hereunder is less than the full undivided title to Subject Premises, ESSEX shall have the right to elect to accept such lesser title by giving notice of such election to OWNERS, in which event all payments to be made to OWNERS hereunder (including the total purchase price) shall be reduced to the same proportion thereof as the undivided interest owned by OWNERS bears to the entire undivided title granted hereunder.

(d) General - Nothing herein contained and no notice or action which may be taken under this Section 12 shall limit or detract from the right of ESSEX to terminate this Agreement in the manner set forth in Section 12(b) at any time prior to exercise by ESSEX of its option to purchase.

12. Termination; Removal of Property

(a) Termination by OWNERS - In the event of any default by ESSEX in the performance of its obligations hereunder, OWNERS

shall give to ESSEX written notice specifying the default.

If the default is not cured within thirty (30) days after ESSEX has received the notice, or if ESSEX has not within that time begun action to cure the default and does not thereafter diligently prosecute such action to completion, OWNERS may terminate this Agreement by delivering to ESSEX written notice of such termination, subject to the right of ESSEX to remove its property and equipment from the Subject Premises, as hereinafter provided. OWNERS shall have no right to terminate this Agreement except as set forth in this subparagraph (a) of Section 12.

(b) Termination by ESSEX - ESSEX shall have the right to terminate this Agreement at any time as to all of the claims upon written notice to OWNERS and ESSEX shall have the further right to terminate this Agreement as to any one or more of the claims from time to time upon written notice to OWNERS; provided, however, that ESSEX's right of partial termination shall be limited to termination of not to exceed seventy-five percent (75%) of the claims described in Exhibit A. Upon such termination, all right, title and interest of ESSEX under this Agreement shall terminate with respect to the claims to which such termination applies and ESSEX shall not be required to make any further payment, the due date of which occurs from and after the date that ESSEX gives such notice of termination as to all of the claims. Subject to the obligation, as set forth in Section 9 above to perform annual assessment work for the assessment year ending September 1, 1972 and for any assessment year thereafter, the expiration of which occurs prior to the date 60 days from the giving by ESSEX of such notice of termination, and subject to any obligation of ESSEX to furnish data to OWNERS as set forth in subparagraph (c) of this Section

12, ESSEX shall be relieved of any and all further obligations set forth in this Agreement, except for obligations, if any, that the due dates for the performance of which occurs prior to such termination.

(c) Delivery of Data - In the event of expiration or any termination of this Agreement (other than by exercise by ESSEX of its option to purchase the Subject Premises), ESSEX shall, upon written request given by OWNERS within thirty (30) days of such expiration or termination, furnish OWNERS within a reasonable time thereafter one set of copies of all available noninterpretive data pertaining to the claims to which such termination applies and developed or prepared by or for ESSEX and shall permit OWNERS, at OWNERS' expense, to pick up any available core from the claims to which such termination applies; provided, however, that ESSEX shall in no event be liable to OWNERS for the loss or destruction of any such core.

(d) Removal of Property - Upon any termination or expiration of this Agreement, ESSEX shall have a period of thirty (30) days from and after the effective date of termination in which to remove from the claims to which such termination applies all of its machinery, buildings, structures, facilities, equipment and other property of every nature and description erected, placed or situated thereon, except supports placed in shafts, drifts or opening therein. Any property of ESSEX not so removed at the end of said thirty-day period shall become the property of OWNERS.

13. Notices

Any notice or communication required or permitted hereunder shall be effective when personally delivered or

shall be effective when addressed:

If to ESSEX:

Essex International, Inc.
1601 Wall Street
Fort Wayne, Indiana 46804

With copy to:

Essex International, Inc.
1704 West Grant Road
Tucson, Arizona 85705

If to OWNERS:

and deposited postage prepaid, certified or registered, in the United States mail. Either party may, by notice to the other given as aforesaid, change its mailing address for future notices hereunder. If an escrow is established pursuant to Section 5, thereafter copies of notices given hereunder shall be sent to the escrow agent.

14. Right of First Refusal

If, at any time during the term hereof, OWNERS or any of them, intend to sell, assign, transfer or convey all or any part of the interest of OWNERS under this Agreement, OWNERS shall deliver to ESSEX at least thirty (30) days' prior written notice, describing all of the terms of the proposed sale, assignment, transfer or conveyance. ESSEX shall have the exclusive right during the above thirty (30) day period, at its election, to purchase the interest described in said notice, for a sum of money equal in value to the consideration which would be received by OWNERS under the terms set forth in the written notice. If ESSEX elects to purchase the interest described in the notice, ESSEX shall so notify OWNERS within the thirty (30)

day period. If ESSEX has not notified OWNERS of its above-election within the thirty (30) day period, OWNERS shall have the right during the succeeding thirty (30) day period to sell, assign, transfer or convey the interest as described in said notice, but all subject, however, to this Agreement. Upon expiration of the above-described second thirty (30) day period, any subsequent sale, assignment, transfer or conveyance of any interest of OWNERS shall be subject to ESSEX's foregoing right of first refusal, all upon the terms and conditions set forth above. Nothing contained in this Section 14 shall prevent any individual OWNER from selling, assigning, transferring or conveying such individual's interest to any other OWNER nor from passing such interest by gift, devise or descent, but in such event the party acquiring such interest shall take the same subject to the provisions of this Section 14.

15. Entire Agreement; Construction; Memorandum

All of the agreements and understanding of ESSEX and OWNERS with reference to the Subject Premises are embodied in this Agreement, which supersedes all prior agreements or understandings between ESSEX and OWNERS with reference to the Subject Premises. This Agreement, and the rights and obligations of the parties hereunder, shall be governed by the laws of the State of Arizona. Section headings in this Agreement are for convenience only, and shall not be considered a part of this Agreement or used in its interpretation. ESSEX and OWNERS shall join in the execution of a Memorandum in a recordable form sufficient to constitute notice of this Agreement to third parties under the laws of the State of Arizona.

16. Inurement

Subject only to the provisions of Section 14, the rights of the parties hereto may be assigned in whole or in

part and in the event of any such assignment, the terms and conditions hereof shall be binding upon and extend to the successors, heirs and assigns of the parties hereto.

IN WITNESS WHEREOF, this AGREEMENT has been executed as of the date first above set forth.

NOTICE OF LOCATION

Western Exploration Office, Drawer 1217, Douglas, Arizona 85607 • (602) 364-8414

March 15, 1972

Mr. Harold M. Phillips.
Main Street Development &
Investment Co., Inc.
P O Box 46
Safford, Arizona 85546

Dear Mr. Phillips:

Mr. Lentz referred to me your letter dated March 3, 1972 concerning certain mining claims our company has located in the Lone Star Mining District near Safford. In accordance with our usual practice, prior to locating any mining claims, our personnel checked this area and the Graham County records to determine whether there were any active claims in the same area. There not having been any recent assessment work affidavits filed, nor any evidence of work having been done in the area, we assumed that the land was open for location and, accordingly, located our claims.

You have advised us now that some of our claims overlap mining claims belonging to you and Mr. Paul Powers. We certainly would not intentionally locate any mining claims over other valid claims, and if it becomes clear that we have done so, we would want to remedy our action. Therefore, to determine whether our claims overlap any valid claims which you hold, we would appreciate your furnishing to us whatever information you have showing the extent of the overlap, and that your claims are valid and have been maintained as required by the federal and state laws.

Very truly yours,

Jack V. Lorenz

Mr. John Lentz

Dear Mr. Lentz:

Your employees recently staked mining claims in the Lone Star Mining District near Safford, which overlap mining claims belonging to Paul Powers and I.

This letter is written to formally notify you of the overlapping claims and to request that you remove your monuments and make no further claim to the area included in our mining claims.

We hereby request a quit claim deed to us from your company on these claims.

Your prompt attention will be appreciated.

Very truly yours,

Harold M. Phillips,
