The following file is part of the Grover Heinrichs Mining Collection

#### **ACCESS STATEMENT**

These digitized collections are accessible for purposes of education and research. We have indicated what we know about copyright and rights of privacy, publicity, or trademark. Due to the nature of archival collections, we are not always able to identify this information. We are eager to hear from any rights owners, so that we may obtain accurate information. Upon request, we will remove material from public view while we address a rights issue.

#### **CONSTRAINTS STATEMENT**

The Arizona Geological Survey does not claim to control all rights for all materials in its collection. These rights include, but are not limited to: copyright, privacy rights, and cultural protection rights. The User hereby assumes all responsibility for obtaining any rights to use the material in excess of "fair use."

The Survey makes no intellectual property claims to the products created by individual authors in the manuscript collections, except when the author deeded those rights to the Survey or when those authors were employed by the State of Arizona and created intellectual products as a function of their official duties. The Survey does maintain property rights to the physical and digital representations of the works.

#### **QUALITY STATEMENT**

The Arizona Geological Survey is not responsible for the accuracy of the records, information, or opinions that may be contained in the files. The Survey collects, catalogs, and archives data on mineral properties regardless of its views of the veracity or accuracy of those data.

Ed Stacy prospect near Rose Peak on  
Rousensock and Squaw Creeks.

about 100 claims staked to date - about  
July 1, 1974. Greenlee County, Arizona

Probably need Rose Peak 7 1/2 min topo  
quadrangle.

July 23, 1974

Mr. Ed Stacy  
P.O. Box 1656  
Clifton, Arizona 85533

Dear Ed:

I have to go out of state this week to help out on a job that can only be done in the summer months, and may be gone until early September. If someone else is available to come to Clifton and get out in the field at Rose Peak they will get in touch with you. Otherwise, I will call when I get back.

Yours truly

J.K. Jones  
Chief Geologist

ESSEX INTERNATIONAL, INC.
