ACCESS STATEMENT

These digitized collections are accessible for purposes of education and research. We have indicated what we know about copyright and rights of privacy, publicity, or trademark. Due to the nature of archival collections, we are not always able to identify this information. We are eager to hear from any rights owners, so that we may obtain accurate information. Upon request, we will remove material from public view while we address a rights issue.

CONSTRAINTS STATEMENT

The Arizona Geological Survey does not claim to control all rights for all materials in its collection. These rights include, but are not limited to: copyright, privacy rights, and cultural protection rights. The User hereby assumes all responsibility for obtaining any rights to use the material in excess of "fair use."

The Survey makes no intellectual property claims to the products created by individual authors in the manuscript collections, except when the author deeded those rights to the Survey or when those authors were employed by the State of Arizona and created intellectual products as a function of their official duties. The Survey does maintain property rights to the physical and digital representations of the works.

QUALITY STATEMENT

The Arizona Geological Survey is not responsible for the accuracy of the records, information, or opinions that may be contained in the files. The Survey collects, catalogs, and archives data on mineral properties regardless of its views of the veracity or accuracy of those data.

The work done on these claims was performed for the assessment year ending September 1, 1974 and fulfills the requirements for annual labor for the period and was for the benefit of the claims and consisted of rotary drilling and drill site preparation and road construction.

The cost of the work done was in excess of $100.00 per claim and exceeded a total cost of $15,200.00 and fulfills the requirements of assessment work as prescribed by the statutes of the State of Arizona and the United States of America.

All the work was done under a common plan of exploration at the expense of Essex International, Inc., a Michigan corporation, authorized to do business in the State of Arizona for the benefit of and at the request of the owners of record, Squaw Peak Copper Mining Co., an Arizona corporation.

Personnel and companies who worked on the claims and did said work for the benefit of the owners in addition to E. Grover Heinrichs, Assistant Manager of Exploration for Essex International, Inc., are listed as follows:

Ken Jones, Chief Geologist; Bob Roe, Geologist and Project Manager; and Bill Brown, Assistant Geologist, all employees of Essex International, Inc.; and Hugh M. Harris Drilling Co. under the supervision of Hugh M. Harris; C.A. McDonald, Dozer operator and Owner from Camp Verde, Arizona, and all can be contacted at 1704 W. Grant Road, Tucson, Arizona 85705.
