
OREGON TRAILS
BAKER RANGER DISTRICT

To meet Objectives C and D, the following trails are closed year long to all motorized vehicles except over-snow vehicles operating on 18 inches or more of snow.

1. Dutch Flat Creek Trail No. 1607 from junction with Forest boundary to the Wilderness boundary.
2. Lost Lake Trail No. 1621 from junction with North Powder Trail No. 1632 to the Wilderness boundary.
3. Summit Lake No. 1635 from junction of Road 7301 to Summit Lake and beyond to the Wilderness boundary.
4. Red Mountain Lake Trail No. 1625 from junction of Road 7301 to Red Mountain Lake.
5. Little Cracker Trail No. 1620 from private land to Elkhorn Crest Trail No. 1611.
6. Rock Creek Lake Trail No. 1626 from junction of Road 5520 to Pine Creek Reservoir.
7. Crawfish Lake Trail No. 1606 from trailhead on Road No. 7300218 to the Wilderness boundary.
8. Baldy Creek Trail No. 1601 from primitive road at Buckhorn Mine to the Wilderness boundary.
9. Van Patten Lake Trail No. 1634 from parking area to Van Patten Lake.

To meet Objectives C and D, the following trails are closed yearlong to all motorized vehicles over 40" total width except oversnow vehicles operating on 18 inches or more of snow.

10. North Powder Trail No. 1632 from junction with Road 7301 to junction with Lost Lake Trail No. 1621.

To meet Objectives C and D, the following trails are closed yearlong to all motorized vehicles except snow grooming equipment. (See OREGON AREAS (14) Anthony Lakes Basin.)

11. Hoffer Lake Trail No. 1641 from Anthony Lakes Campground to junction with Road 7300185.
12. Lost Dutchman Trail No. 1600 from Anthony Lake to Black lake.

To meet Objective E, the following trail is closed yearlong to all motorized vehicles.

13. Crawfish Lake Trail No. 1606 from trailhead on Road 7300320 to the Wilderness boundary.
14. Elkhorn Crest Trail No. 1611 from trailhead at Road No. 73 to the Wilderness boundary.

OREGON AREAS
BAKER, LA GRANDE, AND UNITY RANGER DISTRICTS

To meet the specific objectives listed for the time period described, the following areas, including roads and trails, are closed to all motorized vehicles and the landing of aircraft.

(1) Dark Canyon

Closure Effective - From three days prior to the opening of rifle bull elk season through the close of antlerless elk season.

Objective: A and B

Open Routes: Road No. 11, 1115, 1110, 1110150, 1105070

Green Dots Used

(2) Trail Creek

Closure Effective - Same as Dark Canyon Map Code (1)

Objective: A and B

Open Routes: Road No. 51
Green Dots Used

(3) Indian-Gorham

Closure Effective - Same as Dark Canyon Map Code (1)

Objective: A and B

Open Routes: Road No. 7300140,
Green Dots Used 7302, 7302012, 7302014, 015, 016, 017, 018, 019, 020, 030, 033, 040, 7312, 7312038, 7312029, 065, 7320, 7320020, 7320025

(4) Clear Creek

Closure Effective - Same as Dark Canyon Map Code (1)

Objective: A & B

Open Routes: Road No. 43, 4300, 060, 160, 310, 4315, 4316, 4320, 4330

Green Dots Used

(5) Dry Beaver - Limber Jim

Closure Effective - Same as Dark Canyon Map Code (1)

Objective: A & B

Open Routes: No. 43, 4300300, 310, 4305, 4305270, 850, 980, 4315, 4316, 4320
Green Dots Used 51, 5110, 5110040, 050, 160, 210, 5125, 5125365, 5130, 5130110, 115, 120, 210, 5140

(6) Spring Creek Winter Range

Closure Effective - From December 15, through March 30.

Objective: G

Open Routes: 21, 2100600

(7) McCarty Winter Range

Closure Effective - From December 15 through March 30.

Objective: G

Open Routes: None

Green Dots Used

(8) Patrick Creek

Closure Effective - From three days prior to the opening of rifle bull elk season through the close of rifle bull elk season and from April 15 to June 15.

Objective: A, B, and F

Open Routes: Spring closure; State
Green Dots Used Hwy 7, and 2620. Elk Season; State Hwy 7, 2620 and 1040

(9) La Grande Watershed

Closure Effective - Year long (except over-snow vehicles operating on 18 inches or more of snow).

Objectives: A, D, F, and I

Open Routes: Road No. 43, (see
Green Dots Used Oregon Roads No. 3) 4300250, 4300300, (4305270 to intake gate).

(10) Starkey Meadows Creek Study

Closure Effective - Yearlong

Objective: J

Open Routes: Roads No. 21, 2105, 2115, 2115125. 2120

NOTE: Travel limited to roads only. The 300-foot corridor is not open to motor vehicle entry.

(11) Starkey Forest

Closure Effective - From three days prior to the opening of rifle bull elk season through the close of antlerless elk season.

Objective: J, A, and C

Open Routes: Road No. 21, 2100020, 2105, 2105015, 2115, 2120, 2120025, 730,

Green Dots Used

(12) Phillips Lake Shoreline

Closure Effective - Yearlong except to oversnow vehicles from November 15 through March 15.

Objectives: D, H, and N

Open Routes: 2200200, 300, 400, 2220, 2220020, 480, 460, 2230

NOTE: Travel limited to roads only. The 300-foot corridor is not open to motor vehicle entry.

(13) Baker City Watershed

Closure Effective - Yearlong

Objectives: A, D, H, and I

Open Routes: Roads No. 6510, and 7140350

To meet the objectives listed, the following area is closed during the ski season to all motorized vehicles except snow-grooming equipment. (See OREGON TRAILS 11 and 12.)

(14) Anthony Lakes Basin

Closure Effective - Ski Season

Objectives: C, D, and K

Open Routes: 7300170, 17300184

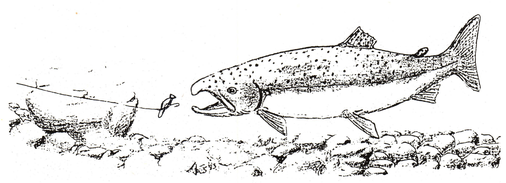
To meet the objective listed, the following area is closed to all motorized vehicles.

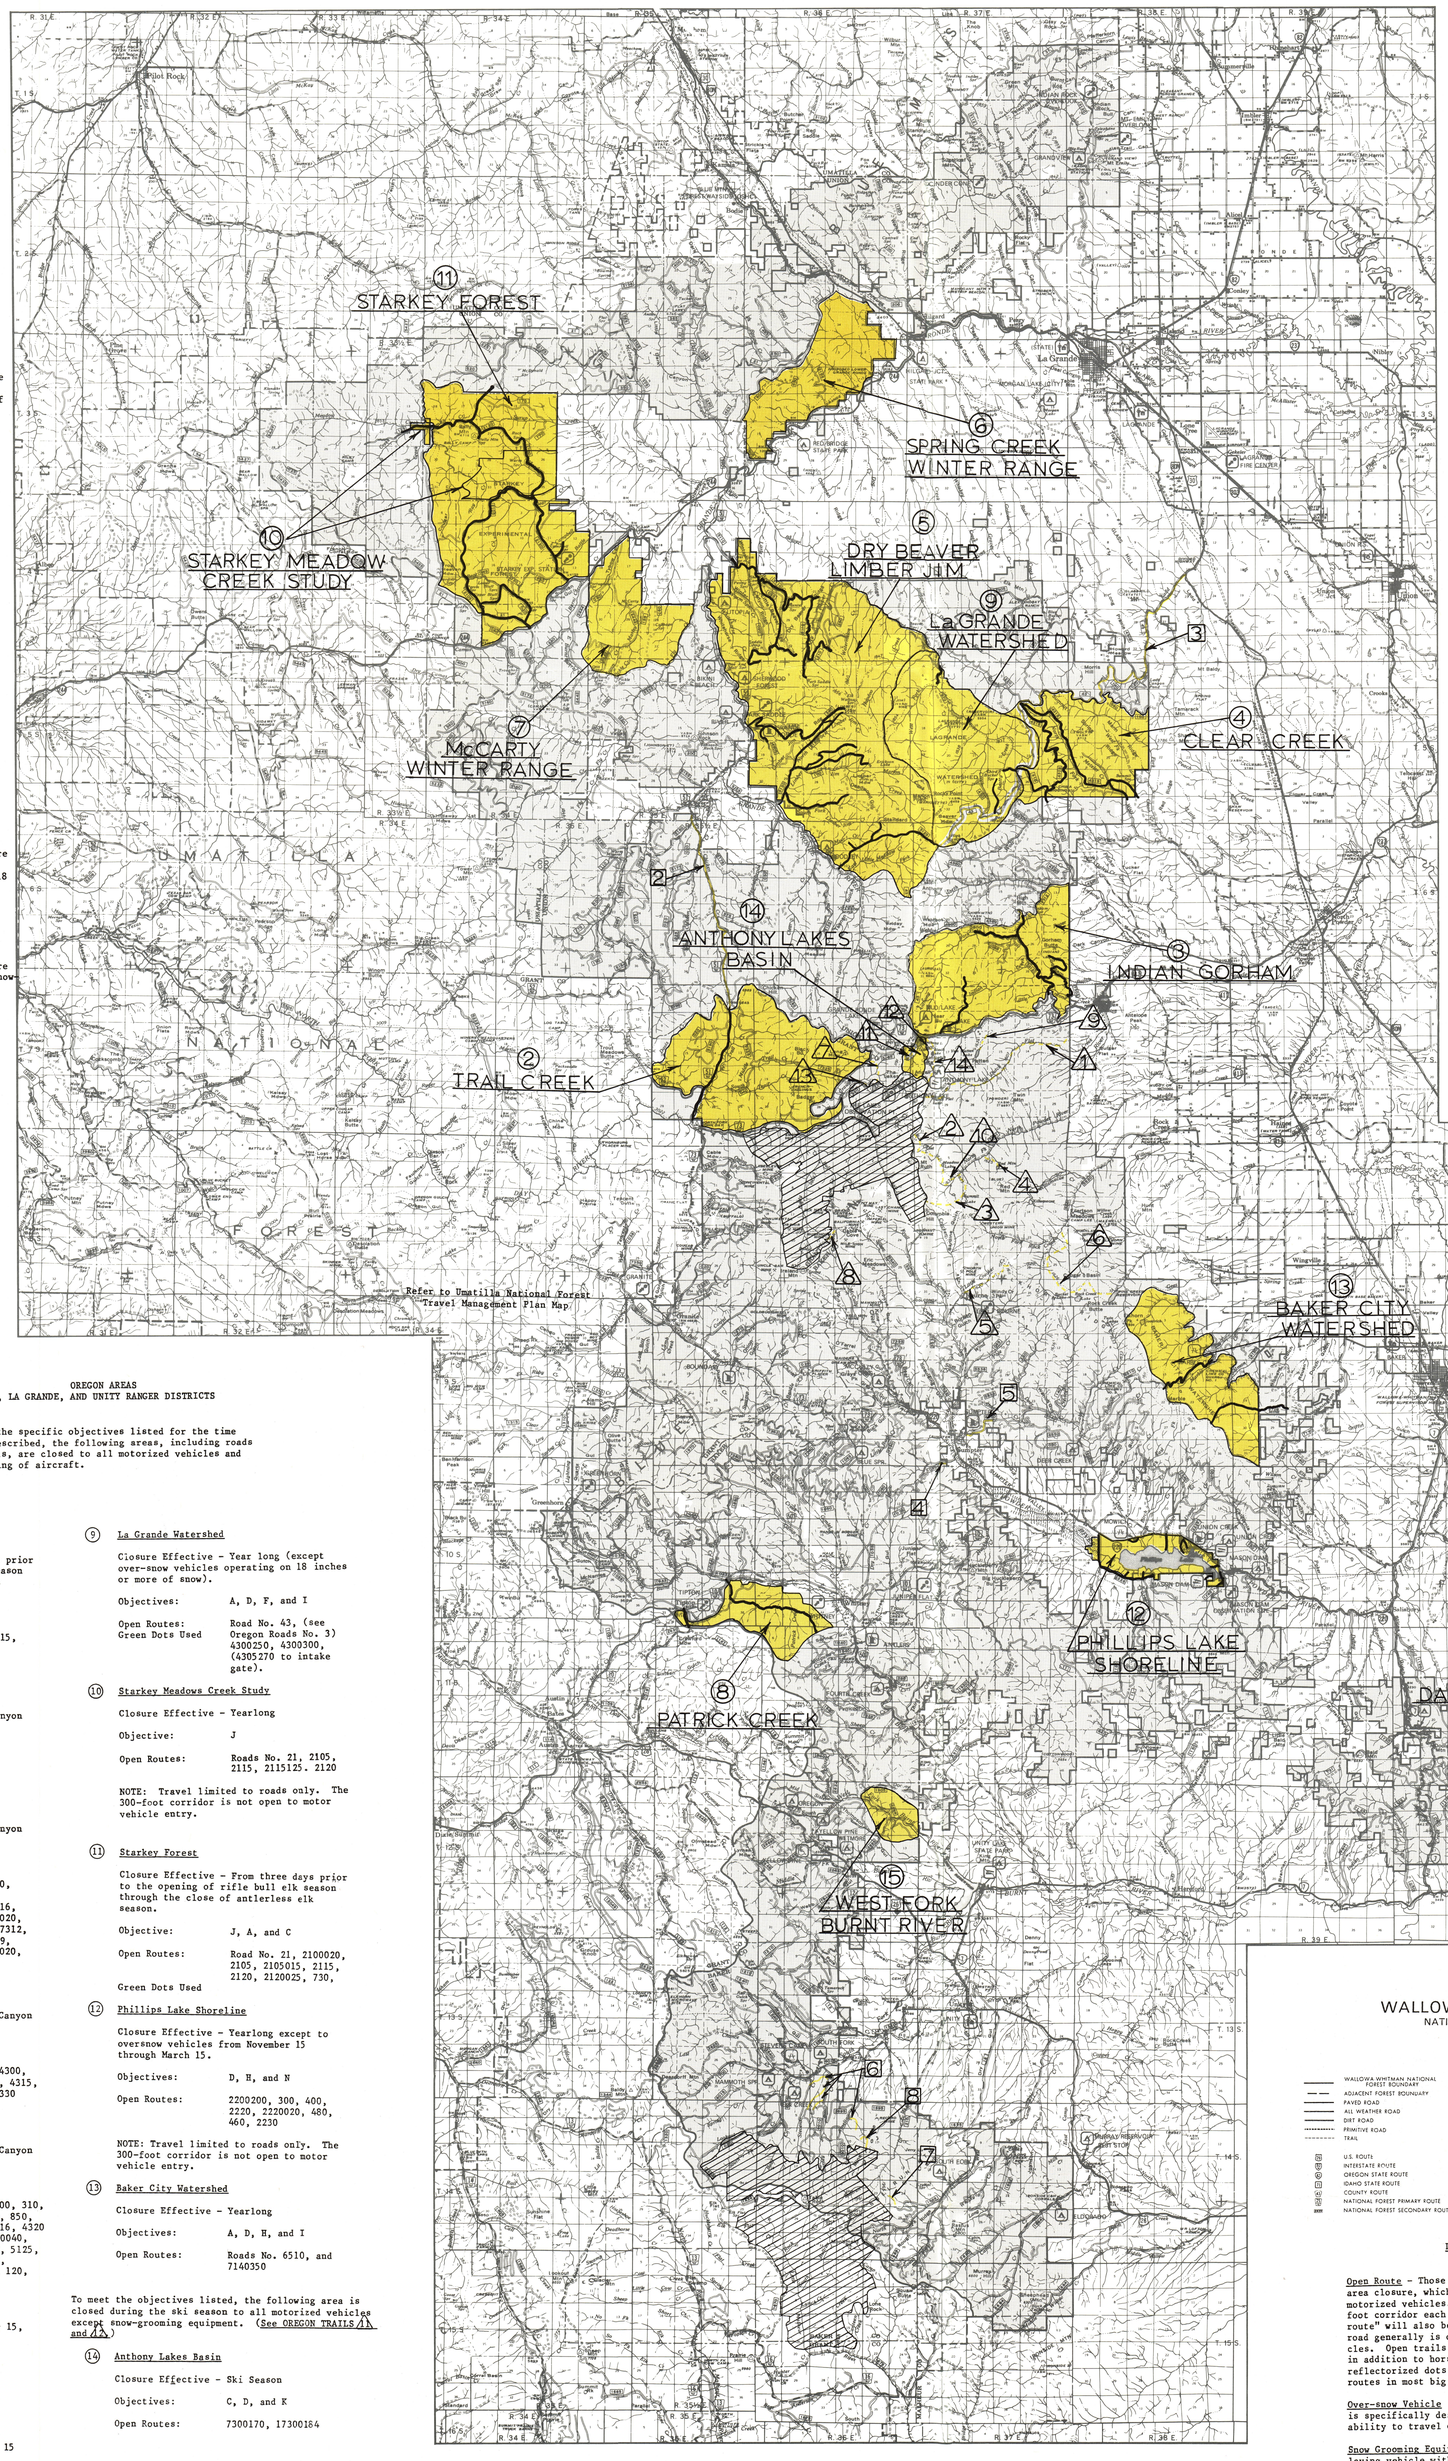
(15) West Fork Burnt River

Closure Effective - January 1 through August 31.

Objective: H

Open Routes: None





OREGON ROADS
BAKER, LA GRANDE, AND UNITY RANGER DISTRICTS

To meet Objectives A and B the following roads are closed to all motorized vehicles from three days prior to the opening of rifle bull elk season through the close of antlerless elk season.

1. No. 1110 and 1110095 in the Dark Canyon vicinity, T. 11 S., R. 41 E., Section 31.

To meet Objective K, the following roads are closed to all wheeled motorized vehicles except snow-grooming equipment and over-snow vehicles when the snow depth is 12 inches or more and/or the snow is groomed.

2. Grande Ronde River Road No. 51 from its junction with Road No. 5160 to its junction with Road No. 5185.
3. Ladd Creek Road No. 43 from its junction with Road No. I-84 to its junction with Road No. 5125.
4. Sawmill Gulch Road No. 1055 from the Forest boundary to its junction with Road No. 1080.
5. Deer Creek Road No. 6550 from the Forest boundary to its junction with Road No. 5536.

To meet Objective K, the following roads are closed beginning June 1 through September 30 to all motorized vehicles.

6. Roads 6010040, 6010055, and 6010.060 in the Stevens Creek Burn vicinity from their junctions with Road 6010 to the burn area fence and/or gates; and 1695450 from its junction with Road 1695300 to the barrier in SE¼ SE¼ Section 3, T. 14 S., R. 36 E.

To meet Objective E, the following roads are closed yearlong to all motorized vehicles.

7. Road No. 1689040 in T. 14 S., R. 36 E., W.M. Sections 24 and 25, from the barrier to its junction with the Wilderness boundary.
8. Road No. 6010142 in T. 14 S., R. 36 E., W.M., Sections 19, 11, and 14 from the barrier to its junction with the Wilderness boundary.

WALLOWA-WHITMAN NATIONAL FOREST

TRAVEL PLAN

Effective August 1, 1986 Until Rescinded

Throughout the Wallowa-Whitman National Forest there are areas in which we have special management concerns. To protect the resources of these areas and enhance your Forest visit, a minimum number of restrictions governing the use of motorized vehicles have been established.

Shown on both sides of this map are the roads, trails, and areas affected. Each is keyed by a number on the map to a brief description of the purpose, dates, and type of restrictions along the margin. Those National Forest lands not specifically listed are open to motorized vehicle use. Use may be temporarily limited on some areas, trails, and roads during hazardous periods or when use would damage resources. Public notice of temporary restrictions will be given and all restrictions will be posted on the ground.

Except as noted, direct ingress and egress is permitted to temporary campsites within 300 feet of designated open routes. Please select your egress and ingress route carefully to avoid damage to the land and streams and do not cut live trees. Temporary exceptions to the above listed controls are authorized by permit, license, or contract from the District Ranger.

If you have questions or wish to discuss in detail the management of the Wallowa-Whitman National Forest, please call or visit the National Forest Headquarters in Baker, Oregon, or any of the District offices listed.

Please note the additions to the Eagle Cap and Hells Canyon Wildernesses and the newly established Wildernesses on Baker and Unity Districts. These boundaries are shown to the best of our knowledge at the time of printing. As soon as possible, all major Wilderness access points will be signed on the ground.

DEFINITIONS

Open Route - Those roads and trails, within an area closure, which are designated open to motorized vehicles. Except as noted, a 300 foot corridor each side of the designated open route" will also be open for camping. An open road generally is open to all forms of vehicles. Open trails are open to trail vehicles in addition to horse and foot traffic. Green reflectorized dots are used to mark open routes in most big game-related area closures.

Over-snow Vehicle - A motorized vehicle that is specifically designed for and has the ability to travel on top of snow.

Snow Grooming Equipment - Generally a track-laying vehicle with enclosed cab, i.e., snow cat. Often used to pack a path in deep snow or pull a track-setter which grooves a parallel set of trails one, for each of a pair of cross-country skis.

Trail Vehicle - A motorized vehicle which is 40 inches or less in width.

Motorized Vehicles - Any vehicle propelled by an internal combustion, turbine or jet engine, or electric motor.

Objectives of Road, Trail, or Area Closures

A. Make available additional habitat where big-game can easily find rest, shelter, and temporary escape from otherwise highly mobile hunters, thereby reducing stress, and helping to insure the animals survive the season in better physical condition.

B. Provide additional area for a primarily foot and/or horseback oriented hunting experience.

C. Provide an area for a foot and/or horseback traveling experience.

D. Protect fragile soils, both on and adjacent to existing roads and trails, from eroding and maintain existing soil rehabilitation measures.

E. Establish administrative control at a logical point on an access route into an established wilderness.

F. Maintain high quality big-game calving and fawning and rearing areas.

G. Prevent harassment of big-game while on their winter range.

H. Reduce harassment of waterfowl, shore birds, raptors, or other birds during their nesting season.

I. Protect and maintain the quality of water used for municipal needs.

J. Protect scientific experiments.

K. Provide for public safety and avoid conflict with established users.

L. Comply with existing law.

M. Establish administrative control at logical point on existing access route into area with travel restrictions.

N. Provide an opportunity for motorized snowplay.

WALLOWA-WHITMAN NATIONAL FOREST

TRAVEL PLAN

Effective August 1, 1986 Until Rescinded

To meet specific objectives listed for the time period described, the following areas, including roads and trails, are closed to all motorized vehicles and the landing of aircraft.

Eagle Cap, Pine, Wallowa Valley,

and Hells Canyon NRA

(16) Mt. Howard

Closure Effective: Yearlong

Objective: D and K

Open Routes: None

(17) Grouse-Lick

Closure Effective - From 3 days prior to the opening of rifle bull elk season through the close of rifle bull elk season.

Objectives: A, B

Open Routes: 39, 3930, 3935, Green Dots Used 3900100, 3925015

(18) Chesnimnus

Closure Effective - From 3 days prior to the opening of rifle bull elk season through the close of antlerless elk season.

Objectives: A, B, D

Open Routes: 46, 4600450, 4600580, 4600595, 4600788, 4600810, 4600783, 4600930, 4620, 4620190, 4625, 4650, 4650050, 4655, 4660, 4670, 4670350, 4630, 4630250, 4695, 4680, 4690. Note to meet Objective K, Road 788 is closed at the intersection near Buckhorn Springs from June 1 until three days prior to the opening of general buck season.

Green Dots Used

(19) Norgaard

Closure Effective - From three days prior to the opening of archery season through the close of antlerless elk season.

Objectives: A, B, D

Open Routes: Indian Point Road No. 8260. Green Dots Used. See State Fish and Wildlife brochure for further information concerning private lands.

(20) Eagle Creek

Closure Effective - From December 1 through March 31.

Objective: G

Open Routes: 7735

(21) Okanogan Fish

Closure Effective - From eight days prior to the opening of general deer season through the close of elk season, and from May 1 through June 15.

Objectives: A B, and F

Open Routes: 3994, 3992030

(22) Dutchman

Same as Okanogan Fish, 21, above

Objectives A, B, and F

Open Routes None

(23) Boulder Creek

Same as Okanogan Fish, 21, above.

Objectives A, B, and F

Open Routes None

(24) Holcomb Creek

Closure effective from eight days prior to the opening of general deer season through March 31.

Objectives A, B, D, F, and G

Open Routes None

(25) Little Eagle Meadows

Closure Effective - Yearlong, except to over-snow vehicles on snow, and aircraft from December 1 through the 4th Saturday in September.

Objectives: A, B, and D

Open Routes: None

(26) Melhorn Reservoir

Closure Effective - Same as Little Eagle, 23, above.

Objectives: A, B, and D

Open Route: Russell Mountain L.O. Road No. 6600450

(27) Lake Fork

Closure Effective - From three days prior to the opening of archery season through the close of elk season and from May 1 through June 15.

Objectives: A, B, D, and F

Open Routes: None

Hells Canyon NRA

To meet the specific objectives listed for the time period described, the following area including roads and trails is closed to all motorized vehicles.

(28) Lord Flat

Closure Effective - Yearlong

Objectives A and B

Open Route Trail No. 1774 from Warnock Corral to Lord Flat Airstrip; Trail No. 1782 to range fence; Trail No. 1760 to barricade and Schaeffer Spring Road.

To meet the specific objective listed for the time period described, the following areas including roads and trails are closed to all motorized vehicles, except over-snow vehicles operating on snow.

(29) Black Lake

Closure Effective - Yearlong.

Objectives: D and E

Open Routes: Trails 191 and 188 are open to all motorized vehicles under 40" total width. Roads 112 and 114.

(30) Hells Canyon National Recreation Area

Closure Effective - Yearlong.

Objective: D

Open Routes: Roads 493, 517.3, 672, 1819, 2060, 1805, 2060A, 2062 Dixon Cow Camp Road, 420, and the unnumbered roads to Lower Pittsburg Landing and Pleasant Valley. Trail 132 open to motorized vehicles by permit from Slate Creek Ranger Station, Whitebird, Idaho, and the Hells Canyon NRA Office, Riggins Idaho. Permits required March 1 through June 30.

To meet the specific objectives listed below, the following area including roads, trails, and the Snake River, is closed to all motorized vehicles.

(31) Snake River Corridor

Closure Effective - Yearlong on trails and roads. Permits required to operate power boat beginning the Friday preceeding Memorial Day Weekend through September 15. Permit obtainable from Lewiston, Idaho office or from self issue station at Pittsburg Landing, Idaho; Grande Ronde Launch, Washington; and the North Boundary of the Scenic Snake River.

Exceptions: Aircraft may land in the Scenic River Corridor from Pittsburg Landing north to the Washington/Oregon border and at Big Bar in the Wild River Corridor.

Objectives: D, G, and K

Open Routes - IDAHO, Upper Idaho Pittsburg Landing Road No. 493, unnumbered Lower Pittsburg and Pleasant Valley Roads, Wilson Ranch Trail No. 132; OREGON Hells Canyon Creek Road No. 3810, Dug Bar Road No. 4260, and Immaha River Trail No. 1713.
