ACCESS STATEMENT

These digitized collections are accessible for purposes of education and research. We have indicated what we know about copyright and rights of privacy, publicity, or trademark. Due to the nature of archival collections, we are not always able to identify this information. We are eager to hear from any rights owners, so that we may obtain accurate information. Upon request, we will remove material from public view while we address a rights issue.

CONSTRAINTS STATEMENT

The Arizona Geological Survey does not claim to control all rights for all materials in its collection. These rights include, but are not limited to: copyright, privacy rights, and cultural protection rights. The User hereby assumes all responsibility for obtaining any rights to use the material in excess of "fair use."

The Survey makes no intellectual property claims to the products created by individual authors in the manuscript collections, except when the author deeded those rights to the Survey or when those authors were employed by the State of Arizona and created intellectual products as a function of their official duties. The Survey does maintain property rights to the physical and digital representations of the works.

QUALITY STATEMENT

The Arizona Geological Survey is not responsible for the accuracy of the records, information, or opinions that may be contained in the files. The Survey collects, catalogs, and archives data on mineral properties regardless of its views of the veracity or accuracy of those data.

Mr. Paul Eimon
Manager of Exploration
ESSEX International, Incorporated
1704 West Grant
Tucson, Arizona 85705

Dear Mr. Eimon:

Inspiration Development Company controls a potential mining property known as the Lesley Den copper prospect in Township 36 North, Ranges 19 and 20 East, Mazama Mining District, Okanogan County, Washington. The property consists of 77 optioned, unpatented claims and 170 unpatented claims located by Inspiration.

Inspiration is considering a joint-venture with a selected company for additional exploration and development of this property, or sale of it. You are invited to examine information available from 21,632 feet of drilling, geological surface mapping, geophysical surveys, etc. to determine whether or not your company desires to participate in additional exploration of the Lesley Den Property or purchase of it.

Arrangements for examination of the property and respective data should be made with Mr. Pat DeWilliam, N. W. District Geologist, Inspiration Development Company, N. 2310 Pines Road, Spokane, Washington, 99216, Phone Number 509 - 928-1334. Prior to examining data a letter form entitled "Confidentiality of Information Furnished" shall be signed by representative of your company so confidential data pertaining to the property will not be revealed.

Inspiration management will be pleased to consider any proposal submitted to its Inspiration office by November 1, 1973,

Yours truly,

A handwritten signature in cursive script, reading "Hugh W. Olmstead". The signature is written in dark ink and is positioned above the typed name and title.

Dear Hugh:

This will acknowledge your letter of October 22nd. I am sorry that it appears to be impossible for us to consider your most interesting prospect. I hope that you will consider us for such joint ventures in the future.

I enclose recent finance statement from Essex for your information.

Best regards,

Paul I. Eimon
Manager of Exploration

Dear Paul:

In reply to your letter of October 19, 1973 inquiring about your visiting this office to look at some of preliminary data on the Lesley Den property in Washington and signing a letter of confidentiality, I feel you should know that proposals likely will be submitted by other companies by November 1, 1973 as requested in my letter of October 3rd.

If no acceptable proposals are received, we will be pleased to show you preliminary data available in this office during the first week in November as you requested. However, I have good reason to believe that others intend to have proposals in by November 1st.

Thank you for your interest in this matter.

Sincerely yours,

Hugh W. Olmstead
Chief Exploration Geologist
