ACCESS STATEMENT

These digitized collections are accessible for purposes of education and research. We have indicated what we know about copyright and rights of privacy, publicity, or trademark. Due to the nature of archival collections, we are not always able to identify this information. We are eager to hear from any rights owners, so that we may obtain accurate information. Upon request, we will remove material from public view while we address a rights issue.

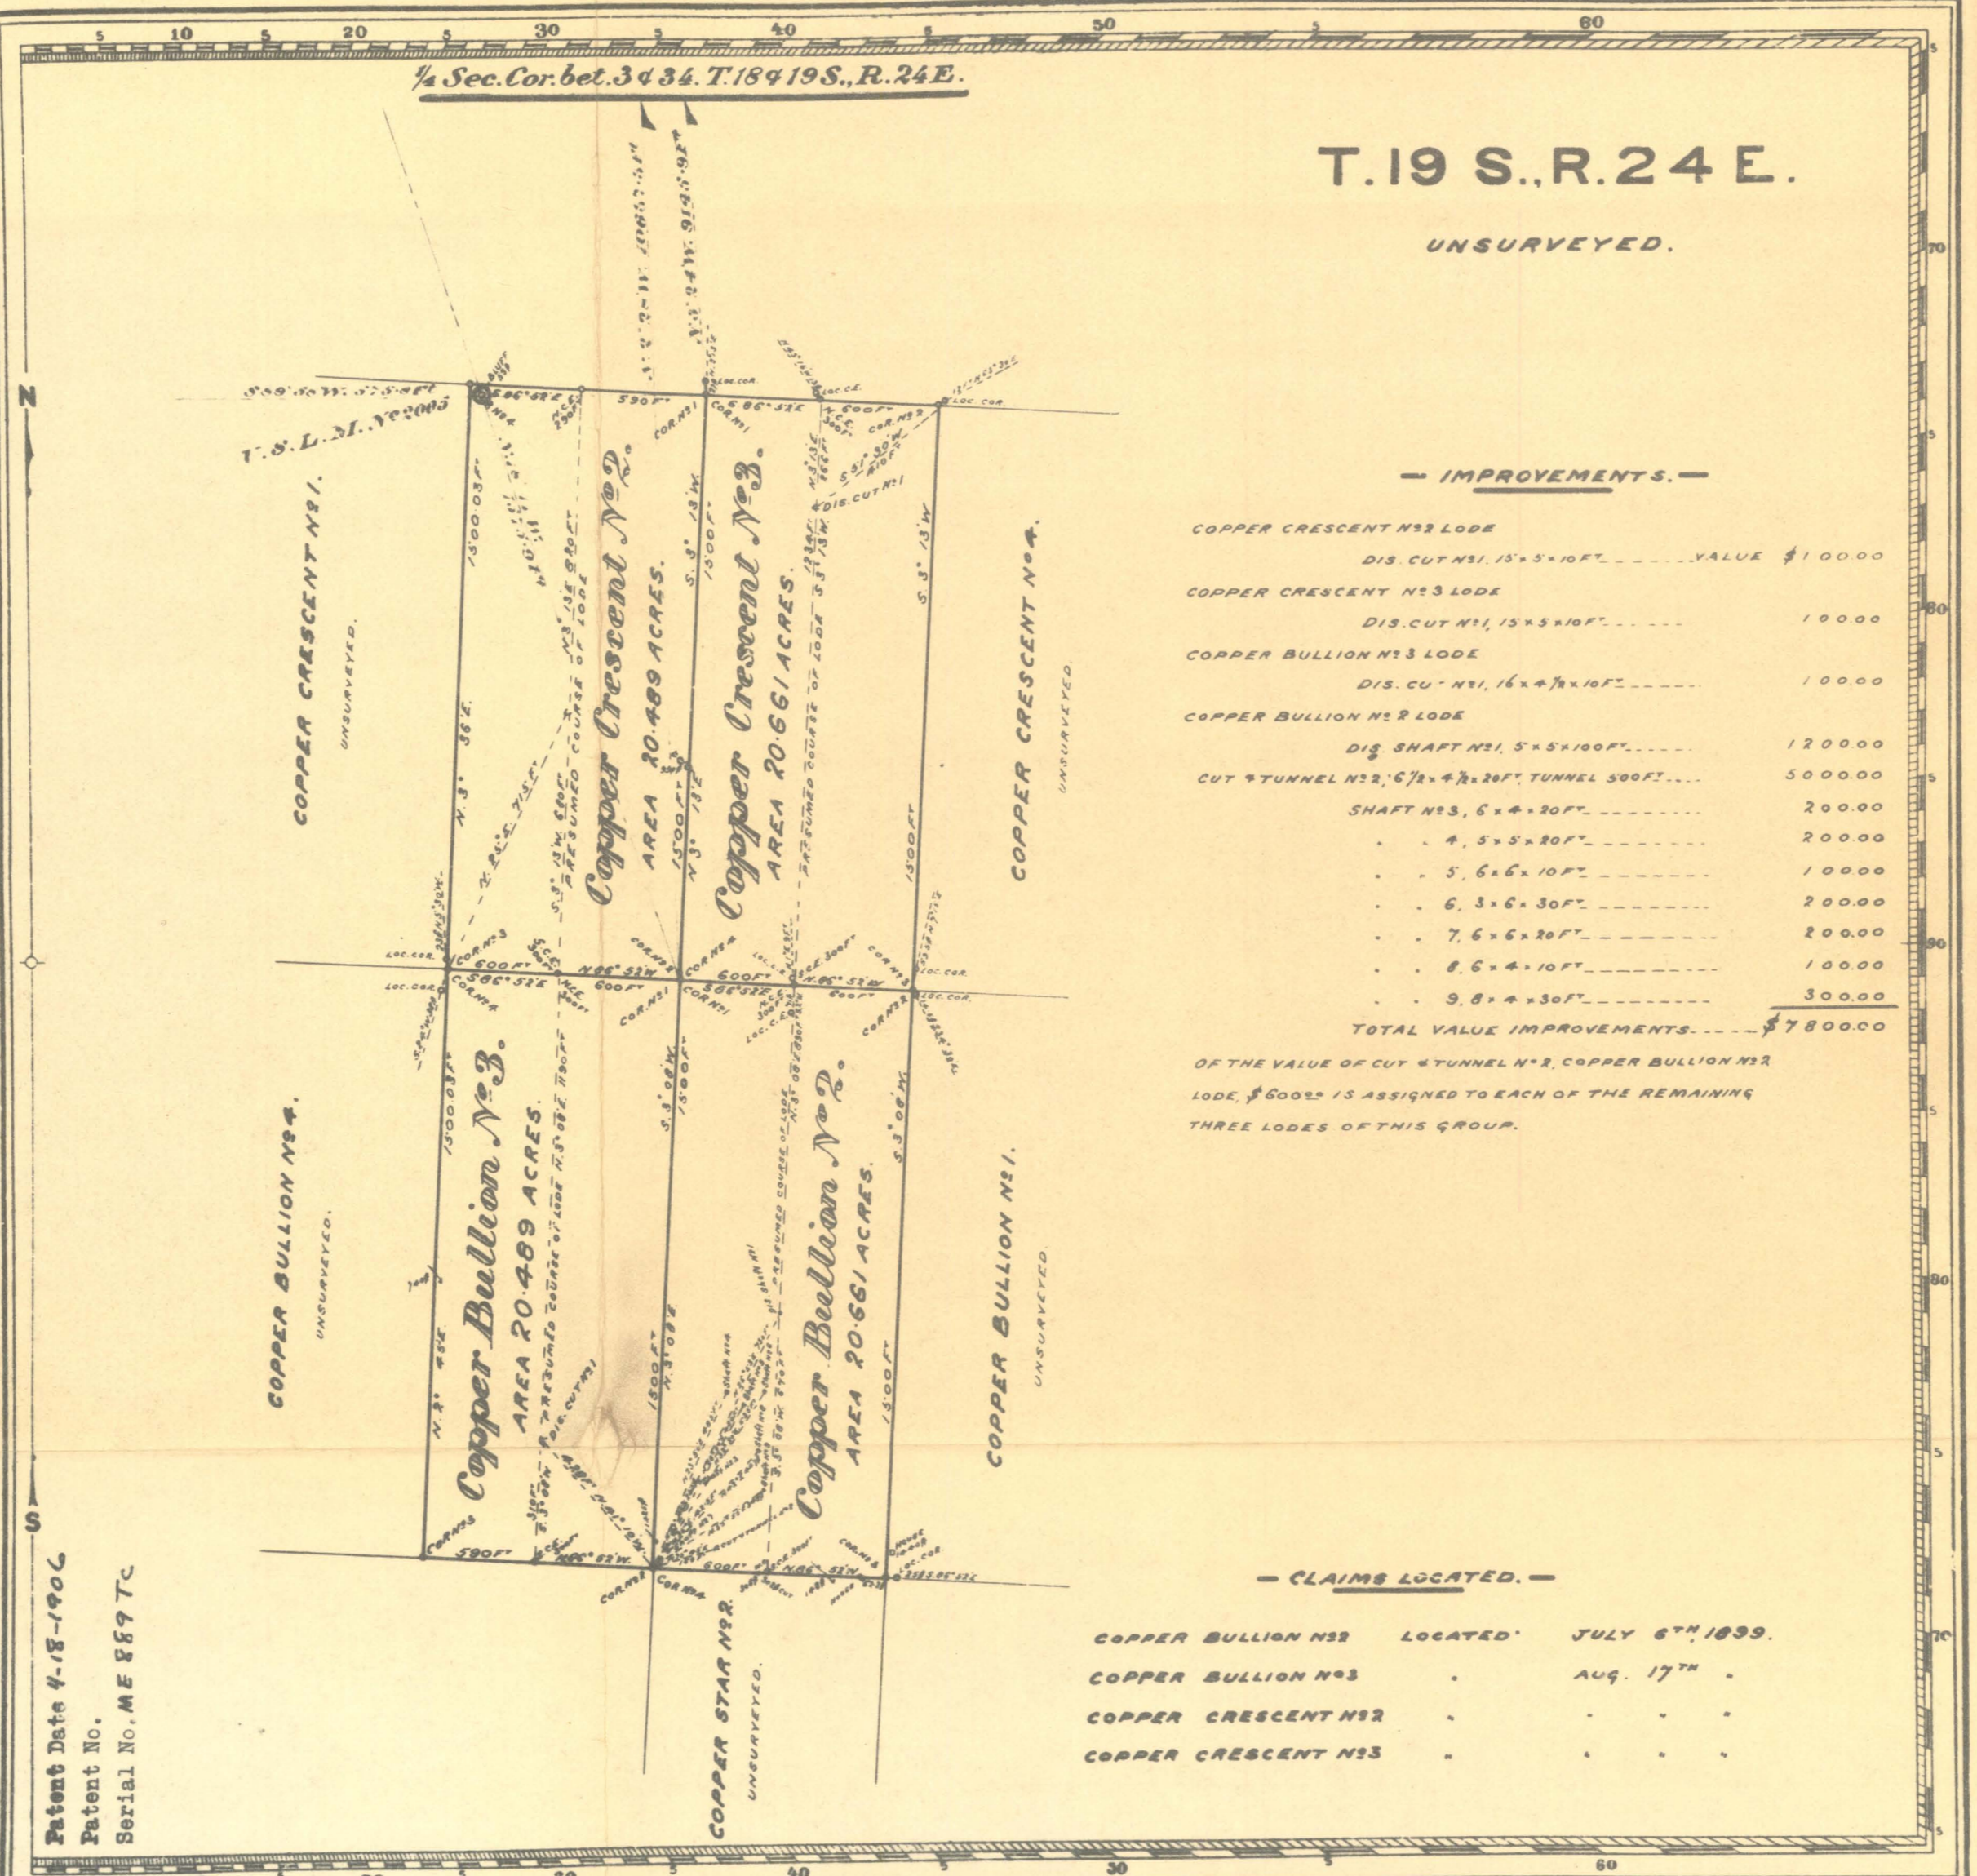

CONSTRAINTS STATEMENT

The Arizona Geological Survey does not claim to control all rights for all materials in its collection. These rights include, but are not limited to: copyright, privacy rights, and cultural protection rights. The User hereby assumes all responsibility for obtaining any rights to use the material in excess of "fair use."

The Survey makes no intellectual property claims to the products created by individual authors in the manuscript collections, except when the author deeded those rights to the Survey or when those authors were employed by the State of Arizona and created intellectual products as a function of their official duties. The Survey does maintain property rights to the physical and digital representations of the works.

QUALITY STATEMENT

The Arizona Geological Survey is not responsible for the accuracy of the records, information, or opinions that may be contained in the files. The Survey collects, catalogs, and archives data on mineral properties regardless of its views of the veracity or accuracy of those data.

Mining Claims

Mining Claims Declared Null and Void

Pursuant to requirements of the Federal Land Policy and Management Act of 1976, 43 U.S.C. 1744, and the implementing regulations in 43 CFR 3833.1-2, you filed for recording notices of location for the mining claims listed below.

<u>Serial No.</u>	<u>Claim Name</u>	<u>Date Located</u>	<u>Date Filed</u>
A MC 58849 thru A MC 58858	Amy #1 thru #10	7/11/79	8/30/79
A MC 58859 thru A MC 58877	Amy #11 thru #29	7/14/79	8/30/79
A MC 58878 thru A MC 58897	Erik #1 thru #20	7/18/79	8/30/79
A MC 58898 thru A MC 58903	Erik #21 thru #26	7/17/79	8/30/79

In addition to requiring recordation of your mining claims, the Act and the regulations require that prior to December 30 of each year following the calendar year in which such claims were located, you must file in the proper Bureau of Land Management office evidence of annual assessment work performed during the preceding assessment year or a notice of intention to hold the mining claims, 43 CFR 3833.2-1, copy enclosed.

An affidavit of labor performed or a notice of intention to hold the claims listed above was not received in this office prior to December 30, 1980. The failure to file one of these instruments within the time allowed is deemed conclusively to constitute abandonment of the claims and they are void, 43 CFR 3833.4. See Decision: Eugene M. Goatcher, 58 IBLA 337 (1981).
