The following file is part of the Cambior Exploration USA Inc. records

ACCESS STATEMENT

These digitized collections are accessible for purposes of education and research. We have indicated what we know about copyright and rights of privacy, publicity, or trademark. Due to the nature of archival collections, we are not always able to identify this information. We are eager to hear from any rights owners, so that we may obtain accurate information. Upon request, we will remove material from public view while we address a rights issue.

CONSTRAINTS STATEMENT

The Arizona Geological Survey does not claim to control all rights for all materials in its collection. These rights include, but are not limited to: copyright, privacy rights, and cultural protection rights. The User hereby assumes all responsibility for obtaining any rights to use the material in excess of "fair use."

The Survey makes no intellectual property claims to the products created by individual authors in the manuscript collections, except when the author deeded those rights to the Survey or when those authors were employed by the State of Arizona and created intellectual products as a function of their official duties. The Survey does maintain property rights to the physical and digital representations of the works.

QUALITY STATEMENT

The Arizona Geological Survey is not responsible for the accuracy of the records, information, or opinions that may be contained in the files. The Survey collects, catalogs, and archives data on mineral properties regardless of its views of the veracity or accuracy of those data.

WESTMONT
MINING INC.

Prospect and Submittal Report

Date: _____

Property Name: SO PERILLA MTNS.

Township: 24S

County, State: Cochise County, Arizona

Range: 29E

Date Examined: _____ By: _____

Section: 9,15,16,17

Reply and Date: _____

Quadrangle Name: College Peaks 15'

AMS Sheet: _____

Summary, Conclusions, Actions Recommended These prospects have been repeatedly staked; drilled in 1981(?). Most sampling done south of Geronimo trail; no Au-Ag anomalies found., Further sampling might focus on sections 9 and 17.

Location and Accessibility Excellent access from Geronimo Trail road up sandy wash to mine sites.

Owners and Intermediaries, Address, Phone, Zip _____

Property Description, Status _____

Terms _____

Previous Exploration and Production _____

General Geology _____

Geology of Prospect* _____

Mineralization* (Primary and Secondary) _____

Geochem Results _____

Exploration Recommended _____

Attachments _____

References _____

* Attach geologic map, sketch or otherwise, including examiner's observations with emphasis on mineralization and alteration and their relationships to other geological features. Other desirable attachments: Location map, property map, sample results, etc.
