Re: North Star Red Unpatented Lode Mining Claims

Dear Randy:

I have enclosed an Abstract of Title for the North Star Red 1-31 Unpatented Lode Mining Claims.

Marie Pearse is the record owner. Several judgments were found against the Pearse's. None involving the subject property.

May 11, 1990 a Notice of Realty Action was filed. This action involves all of the property surrounding the North Star Red claims. The action withdraws the area from mining. John Lacy, "Notice of Realty Action is good for two years, if the transaction is not completed the action expires." If you elect to deal for this property I will find out what the disposition of the action has been.

The North Star Red claims were staked prior to the action, so they are grandfathered.

The Pearse's have a Material Contract for Sale on part of NSR 4 and NSR 10. The contract allows them to produce and market decorative rock.

The Notice of Realty Action could create a problem if satellite ore bodies are located.

If you have any question please give me a call.

Thank you for the work.

Sincerely,

Robert Gilmore

CHAIN OF TITLE
North Star Red 1-31

Present Owner of Record:
Pearse Marie

The North Star Red 1-31 was staked in 1986-87 by Wally Pearse then Quit Claim Deeded to Marie Pearse, his wife.

Comments:

Several judgments were found but none affecting the property.

MT Plat shows section 7 except SE4, SE4NW4, Section 18 except NE4, are under a **Notice of Realty Action**. Segregates lands from appropriation under the public land leases and mining, but leasing for geothermal allowed. **Date of Action 5/11/90.**

The North Star Red Lode Mining Claims pre-date this action.

A Material Contract for Sale is a contract between the BLM or Forest Service where they will sell you a specified amount of material. (sand, gravel, ect.)

BLM In order to acquire a Material Contract for Sale the Mining Claims covering the area would have to be dropped. This could explain the Quit Claim Deed for a 2 1/2 portion of NSR 4 Forest Service no need to drop the Mining Claims. (????)

Anyone can file a Mining Claim over a Material Sales Contract. But you have to have peaceful enjoyment.

Conflicts: The BLM Geographic Index shows no existing valid claims in the area.

Notice of Realty Action, withdraws from mining all of the area surrounding the NSR claims.

Sections: 5, 6, 7, 8, 17, 18 Segregates lands from appropriation under the public land leasing and Mining laws, but mineral leasing and geothermal.

NOTICE TO MINING CLAIMANTS

North Star Red:
Your annual filing of an affidavit of assessment work or notice of intention to hold did not contain the required Bureau of Land Management serial number assigned to each claim.

We have researched our records and determined the number to be:

North Star Red #2 thru North Star Red #13

A MC 250858 thru A MC 250869

Our records for the claim(s) have been updated to show receipt of the required annual filing for 1987.

The regulations under 43 CFR Subpart 3833 state: "Citing the serial number shall comply with the requirement in the Act to file an additional description of the claim."

To receive proper credit in the future, in addition to naming each claim on the affidavit, always include the correct serial numbers assigned to each of the mining claims, mill or tunnel sites.

Sincerely,

Thomas E. Reitmeyer
