NOTICE OF LOCATION

Notice is hereby given that COPPER KING
 Mining claim was located by JOHN DOE AND RICH-
ARD ROE on the 11th day of June, 1966,
 for mining purposes. Said claim is 1500 feet in length
 along its vein or deposit of mineral-bearing rock in
 place and 300 feet in width on each side of the center
 of said vein or deposit from end to end of claim. The
 general course of this claim is NORTH AND SOUTH
 and is situated in the WRIGHTON mining district
CRUZ County, Arizona, about TWO
MILES SOUTHEAST FROM ROCK PEAK. This
 claim runs from the discovery monument or stake,
 upon which the notice is posted, 750 feet in a
SOUTHERLY direction to the SOUTHERLY center
 end monument, or stake, and 750 feet in a
NORTHERLY direction from the aforesaid location
 monument, or stake, to the NORTHERLY center
 end monument, or stake, and is also marked by two
 corner monuments, or stakes, at each end of said
 claim, one on each side of and 300 feet from the center
 end monuments, or stakes, making claim in the form
 of a parallelogram.

JOHN DOE,
 RICHARD ROE,
 Locators.

How to fill out a location notice:

Stone monuments must be three feet high. Stakes must be four feet above ground and substantial, no thickness is specified.

You can record as soon as you locate if you desire to, and do your location work at any time within 90 days from date of location.

Notice is hereby given that the COPPER KING Mining Claim was located by JOHN DOE AND RICHARD ROE on this the 11th day of June, 1946, for mining purposes. Said claim is 1500 feet in length along this vein or deposit of mineral-bearing rock in place and 300 feet in width on each side of the center of said vein or deposit from end to end of claim. The general course of this claim is NORTH AND SOUTH and is situated in the WRIGHTON mining district TA CRUZ County, Arizona, about TWO MILES SOUTHEAST FROM ROCK PEAK. This claim runs from the discovery monument or stake, upon which the notice is posted, 750 feet in a SOUTHERLY direction to the SOUTHERLY center end monument, or stake, and 750 feet in a NORTHERLY direction from the aforesaid location monument, or stake, to the NORTHERLY center end monument, or stake, and is also marked by two corner monuments, or stakes, at each end of said claim, one on each side of and 300 feet from the center end monuments, or stakes, making claim in the form of a parallelogram.

JOHN DOE,
 RICHARD ROE,
 Locators.

How to fill out a location notice:

Stone monuments must be three feet high. Stakes must be four feet above ground and substantial, no thickness is specified.
 You can record as soon as you locate if you desire to, and do your location work at any time within 90 days from date of location.

NOTICE OF LOCATION

NOTICE IS HEREBY GIVEN That the TW 46 Mining Claim was located by Clyde R. Caviness, A Citizen of the United States on this 7th day of August, 1967, for mining purposes. Said claim is 1500 feet in length along the vein or deposit of mineral-bearing rock in place and 300 feet in width on each side of the center of said vein or deposit, from end to end of said claim. The general course of this claim is N70E and is situated in the Cochran Mining District Pinal County, Arizona, about 3100 feet east, 1800 feet north of the SW corner, Section 34, T3S, R12E

(Write on above lines the distance and direction the claim is from some permanent and natural object, such as a mountain, peak, stream, etc.)

This claim runs from the discovery monument, or stake on which the notice is posted, 50 feet in a southwest direction to the southwest center end monument, or stake, and 1450 feet in a northeast direction from the aforesaid monument, or stake, to the northeast center end monument or stake, and is also marked by two corner monuments, or stakes, at each end of said claim, one on each side of and 300 feet from the center end monuments, or stakes, making the claim in the form of a parallelogram.
