The land was classified for Recreation and Public Purposes on November 17, 1981. The land was segregated from entry under the general mining laws, and from all other appropriation, as provided by the Recreation and Public Purposes Act on that date.

"Land segregated pursuant to a Recreation Public Purpose Act classification was not available for the location of mining claims, and claims thereafter located are null and void ab initio." Gloria Ann Sandvik, Judy Neff, 73 IBLA 82 (1983).

"Mining claims located on lands which are closed to mineral entry are null and void from their inception as a matter of law, and no property rights are created thereby. Therefore, no contest proceeding, notice, or hearing is required preliminary to a decision holding that such claims are invalid." John A. Ross, Maxine Lidke, 73 IBLA 16 (1983).

An appeal from this decision may be taken to the Interior Board of Land Appeals, Office of Hearings and Appeals, in accordance with the regulations in Title 43 Code of Federal Regulations (CFR), Parts 1 and 4, and the enclosed Form 1842-1. If an appeal is taken, the notice of appeal must be filed in the Arizona State Office of the Bureau of Land Management, P.O. Box 16563, Phoenix, Arizona, within thirty days from the receipt of this decision. Do not send the appeal directly to the Board. The appeal and case history file will be sent to the Board from this office. Within thirty days after filing the notice of appeal, file a complete statement of the reasons why you are appealing. This must be filed with the U.S. Department of the Interior, Office of the Secretary, Board of Land Appeals, 4015 Wilson Boulevard, Arlington, Virginia 22203. If you fully stated your reasons for appealing when filing the notice of appeal, no additional statement is necessary. Additionally, within fifteen days after each document is filed, the regulations also require the appellant to serve a copy of the notice of the appeal, statement of reasons, written arguments or briefs on the Field Solicitor, U.S. Department of the Interior, 2080 Valley Bank Center, Phoenix, Arizona 85073. To avoid summary dismissal of the appeal, there must be strict compliance with the regulations.

If no appeal is taken, this decision constitutes final administrative action of this Department as affects the mining claim(s). No appeal, protest, or petition for reconsideration will be entertained from this decision after the appeal period has expired.
