ACCESS STATEMENT

These digitized collections are accessible for purposes of education and research. We have indicated what we know about copyright and rights of privacy, publicity, or trademark. Due to the nature of archival collections, we are not always able to identify this information. We are eager to hear from any rights owners, so that we may obtain accurate information. Upon request, we will remove material from public view while we address a rights issue.

CONSTRAINTS STATEMENT

The Arizona Geological Survey does not claim to control all rights for all materials in its collection. These rights include, but are not limited to: copyright, privacy rights, and cultural protection rights. The User hereby assumes all responsibility for obtaining any rights to use the material in excess of "fair use."

The Survey makes no intellectual property claims to the products created by individual authors in the manuscript collections, except when the author deeded those rights to the Survey or when those authors were employed by the State of Arizona and created intellectual products as a function of their official duties. The Survey does maintain property rights to the physical and digital representations of the works.

QUALITY STATEMENT

The Arizona Geological Survey is not responsible for the accuracy of the records, information, or opinions that may be contained in the files. The Survey collects, catalogs, and archives data on mineral properties regardless of its views of the veracity or accuracy of those data.

To all to whom these presents shall come, Greeting:—
Whereas, In pursuance of the provisions of the Revised Statutes
of the United States of the United States, Chapter Six, Title
Thirty-two, and legislation supplemental thereto, there
have been deposited in the General Land Office of the
United States the Plat and Field Notes of survey and
the Certificate No. 480, of the Register of the Land Office at
Tucson, in the Territory of Arizona, accompanied by other
evidence whereby it appears that the Telephone Mining

and Reduction company, did, on the fifteenth day of December A.D. 1890, duly enter and pay for that certain mining claim or premises, known as the Telephone lode mining claim designated by the Surveyor-General as lot No. 214, embracing a portion of the unsurveyed public domain in the Tombstone Mining District, in the County of Cochise and Territory of Arizona, in the District of Lands subject to sale at Tucson and bounded, described, and platted as follows, with magnetic variation variation eleven degrees and forty-three minutes east.

Beginning at initial monument a post four inches square marked I. M. Telephone M. C. No. 1, situate at south end center of claim.

Thence, first course, south forty-three degrees and thirty-four minutes east two hundred and eighty-eight feet intersect southeast end line of lot No. 116, the Anchor mining claim, at south twenty-one degrees and sixteen minutes west two hundred and twenty-four feet from post No. 3 of said claim; three hundred feet to a post marked T. M. C. No. 2.

Thence, second course, north thirty-seven degrees and fifty-two minutes east one thousand one hundred and sixteen and five tenths feet to a post marked T. M. C. No. 3.

Thence, third course, north forty-three degrees and thirty-four minutes west thirty-one feet intersect south end line of lot No. 43, the S. Ex. Grand Central mining claim, at south seventy-eight degrees and twenty-seven minutes east one hundred and eight and five tenths feet from post No. 5 of said claim, one hundred and thirty-two feet intersect west side line of said lot No. 43, at north thirty-seven degrees and twenty-five minutes east sixty-two and five tenths feet from post No. 5 of said claim; two hundred and eighty-eight feet to the north end center of claim,

a post four inches square marked I.M.C. No. 4, on monument of earth and stone, from which U.S. mineral monument No. 2 bears north fifty seven degrees and fifty minutes west two thousand one hundred and seventy three feet distant; the quarter corner between sections thirteen and eighteen, on the east boundary of township twenty south of range twenty-two east, Gila and Salt River meridians, bears south eighty-four degrees and nine minutes east eleven thousand two hundred and forty-one feet distant; a shaft bears south thirty-four degrees and twenty six minutes west six hundred and eighteen feet distant, and a shaft bears south forty-one degrees west five hundred and fifty-nine feet distant; five hundred and eighty eight feet to a post marked I.M.C. No. 5.

Thence, fourth course, south thirty-eight degrees and twenty-nine minutes west seven hundred and ninety-four feet intersect the northeast side line of said lot No. 116, at north thirty-one degrees and thirty-five minutes west five hundred and fifty feet from post No. 3 of said claim, one thousand one hundred and fifteen feet to a post marked I.M.C. No. 6.

Thence, fifth course, south forty-three degrees and thirty-four minutes east three hundred feet to said initial monument, the place of beginning.

Expressly excepting and excluding from these presents all that portion of the grounds, hereinbefore described, embraced in said mining claims or lots No. 43 and 116, and also all that portion of said Telephone vein or lode, and of all veins, lodes and ledges throughout their entire depth, the tops or apexes of which lie inside of such excluded ground; said lot No. 214 extending one thousand one hundred and fifteen feet in length along said Telephone vein or lode; the granted premises in said lot containing

seven acres and seventy seven hundredths, an acre of land, more or less.

Now Know Ye, That there is therefore hereby granted by the United States unto the said Telephone Mining and Reduction Company and to its successors and assigns, the said mining premises hereinbefore described, and not expressly excepted from these presents, and all that portion of the said Telephone vein, lode, or ledge, and of all other veins, lodes and ledges, throughout their entire depths, the top or apex of which lie inside of the surface boundary lines of said granted premises in said Lot No. 214 extending downward vertically, although such veins, lodes or ledges in their downward course may so far depart from a perpendicular as to extend outside the vertical side lines of said premises: Provided, That the right of possession to such outside parts of said veins, lodes, or ledges shall be confined to such portions thereof as lie between vertical planes drawn downward through the end lines of said Lot No. 214, so continued in their own directions that such planes will intersect such exterior parts of said veins, lodes or ledges; And provided further, That nothing herein contained shall authorize the grantee herein to enter upon the surface of a claim owned or possessed by another. To have and to hold said mining premises, together with all the rights, privileges, immunities, and appurtenances of whatsoever nature thereunto belonging unto the said grantee above named and to its successors and assigns forever, subject nevertheless to the above-mentioned and to the following conditions and stipulations; First. That the premises hereby granted, with the exception of the surface, may be entered by the proprietor of any other vein, lode or ledge, the top or apex of which lies outside of the boundary of said granted premises, should the same in its dip be

found to penetrate, intersect, or extend into said premises, for the purpose of extracting and removing the ore from such other vein, lode, or ledge.

Second. That the premises hereby granted shall be held subject to any vested and accrued water rights for mining, agricultural, manufacturing, or other purposes, and rights to ditches and reservoirs used in connection with such water rights as may be recognized and acknowledged by the local laws, customs, and decisions of courts. And there is reserved from the lands hereby granted, a right of way thereon for ditches or canals constructed by the authority of the United States.

Third. That in the absence of necessary legislation by Congress, the Legislature of Arizona may provide rules for working the mining claim or premises hereby granted, involving easements, drainage, and other necessary means to its complete development.

In Testimony Whereof I, Benjamin Harrison, President of the United States of America, have caused these letters to be made Patent, and the seal of the General Land Office to be hereunto affixed.

Given under my hand at the City of Washington the first day of July in the year of our Lord one thousand eight hundred and ninety-two, and of the Independence of the United States the one hundred and sixteenth.

Scale 3 Chains. to an inch.

The original field notes of the survey of the
mining claim from which this plat has been made, have been examined and approved and are
on file in this office, and I hereby certify that they furnish such an accurate description of
said **Tornsite** mining claim as will, if incorporated into a
patent, serve fully to identify the premises; and that such reference is made therein to natural
objects and permanent monuments as will perpetuate and fix the locus thereof.

I further certify that the value of the labor and improvements upon said mining claim,
placed thereon by the applicant, and their grantors, is not less than five hundred dollars,
and that said improvements consist of

4 Shafts 100ft, 100ft, 30ft, and 10ft deep.
respectively.
a Cut 20x4x6 feet.

And I further certify that this is a correct plat of said **Tornsite**
mining claim or premises, made in conformity with said original field-notes of survey thereof.

Now know that the United States
of America in consideration of the premises
and in conformity with the said Revised
Statutes of the United States have given
and granted and by these presents do
give and grant unto the said Joseph
H. White and William L. Parsons and to
their heirs and assigns the said mining
premises hereinbefore described as lot
No 49 embracing a portion of the survey
except public domain with the exclusive
right of possession and enjoyment
of all land included within the exterior
lines of said survey not herein expressly
excepted from these presents and of
thirteen hundred and eighty three and
three tenths (1383 $\frac{3}{10}$) linear feet of the
said Tranquility river bed ledge or
deposit for the length hereinbefore
described throughout its entire depth
although it may enter the land adjoining
and also of all other river bed ledges
or deposits throughout their entire
depth the tops or apices of
which lie inside the exterior
lines of said survey at the
surface extended downward
vertically although such river
bed ledges or deposits in their
downward course may so far
depart from a perpendicular as
to extend outside the vertical
side lines of said survey
provided
that the right of possession hereby

granted to each other parts of said
vein lode ledge or deposit shall
be confined to such portions thereof
as lie between vertical planes
drawn ^{downward} through the end lines of said
survey at the surface so continued
in their own direction that such
vertical planes will intersect such
entire parts of said vein lode ledge
or deposit.

And provided further that nothing in
this conveyance shall authorize the
grantee herein their heirs or assigns
to enter upon the surface of a mining
claim owned or possessed by ano-
ther.

We have and to hold said
mining premises together with all the
rights privilege immunities and
appurtenances of whatever nature
thereunto belonging unto the said
Josiah H. White and William B. Parsons
and to their heirs and assigns forever
subject nevertheless to the following
conditions and stipulations:

First that the grant hereby made
is restricted to the land hereinbefore
described as Lot No 49 with thirteen
hundred and eighty three and
three tenths $(1383\frac{3}{10})$ linear feet of
the "Tranquility" vein lode ledge or
deposit for the length aforesaid
throughout its entire depth as
aforesaid together with all other

veins, lode, ledge or deposit through-
out their entire depths as aforesaid to
top or apex of which lie inside the
exterior line of said survey.

Second that the premises hereby
conveyed with the exception of the
surface may be entered by the
proprietor of any other vein, lode,
ledge or deposit the top or apex of
which lies outside the exterior ^{line} of
said survey should the same
in its downward course be
found to penetrate.

intersect entered into or underlie
the premises hereby granted for
the purpose of extracting and
removing the ore from such
other vein, lode, ledge or deposit.

Third that the premises hereby
conveyed shall be held subject
to any vested and accrued water
rights for mining, agricultural man-
ufacturing or other purposes and
rights to ditches and reservoirs used
in connection with such water
rights as may be recognized and
acknowledged by the local laws,
customs and decisions of Courts.

Fourth That in the absence of necessary
legislation by Congress the Legislature
of Arizona may provide rules for
working the mining claim or
premises hereby granted involving
easements, drainage and other necessary

Means to its complete development.
