2.3 The Vendors jointly and severally represent, but do not warrant, to each of Excellon U.S. and Excellon that:

- (a) to the best of their knowledge and belief, with respect to the unpatented mining claims comprised in the Property

and subject to the paramount title of the United States of America:

- (i) the claims are free and clear of all liens, charges and encumbrances,
- (ii) the claims have been properly laid out, monumented and posted, filings of location certificates have been properly and timely made in the real property records of Cochise County, Arizona, as well as in the Arizona State Office of the Bureau of Land Management pursuant to the Federal Land Policy and Management Act of 1976, 43 U.S.C. §1744(a), and in accordance with applicable laws, statutes and regulations of the State of Arizona,

2.4 The representations and warranties hereinbefore set out are conditions on which the parties have relied in entering into this Agreement and such representations and warranties, together with the covenants of the parties contained in this Agreement, will not merge but will survive the acquisition of any interest in the Property by Excellon U.S. and each party will indemnify and save the others harmless from all loss, damage, costs, actions and suits arising out of or in connection with any breach of any representation, warranty, covenant, agreement or condition made by them and contained in this Agreement.

2.5 Each of JABA and Charlou acknowledges that the Shares to be issued to it hereunder will not be registered under the 1933 Act as the transaction in which they are being acquired is exempt under section 4(2) of the 1933 Act as not involving any public offering, that the reliance of Excellon and others on this exemption is predicated in part upon its representations and warranties that it will be acquiring the Shares for its own account, with no present intention of selling or otherwise distributing the same to the public, and that the Shares are therefore subject to restrictions on transfer in the United States or to a U.S. person, unless subsequently registered under the 1933 Act or an exemption from registration is available.

2.6 Concurrently with the execution of this Agreement by the Vendors, each of JABA and Charlou will execute and deliver to Excellon an originally executed copy of the Investment Letter in the form attached hereto as Schedule "D".

3. PURCHASE AND SALE

3.1 The Vendors hereby agree to sell, assign and transfer to Excellon U.S., and Excellon U.S. agrees to purchase from the Vendors, all interest of the Vendors in and to the Property, subject to the payment to each of JABA and Charlou of a ONE AND ONE-QUARTER (1-1/4%) PERCENT Royalty, for and in consideration of the allotment and issuance by Excellon to each of JABA and Charlou of 47,575 Shares (95,150 Shares total).

3.2 On the Closing Date, and subject to the completion of the purchase and sale set forth in subsection 3.1, Excellon U.S. will allot and issue to Excellon common shares in its capital stock equal in value to the deemed value of the shares issued to JABA by Excellon.

3.3 Notwithstanding that each of JABA and Charlou retains a Royalty, the parties acknowledge that neither Excellon nor Excellon U.S. is under any obligation whatsoever to undertake any activities or perform any work on or with respect to the Property other than that required by law. The parties affirm that the expectation of the Vendors in entering into this Agreement is the belief that Excellon U.S. desires and intends to diligently proceed with the exploration on and, if warranted, development of the Property. However, no covenants or conditions relating to the exploration, development, mining or related operations on or in connection with the Property, or the timing thereof, will exist or be implied. After commencing any exploration, development, mining or related operations on or in connection with the Property, Excellon and Excellon U.S. may in their sole discretion curtail or cease such operations.

3.4 Subject to the sale of the Property to Excellon U.S. and issuing of Shares, as contemplated herein, upon the Closing Date and thereafter, unless Excellon U.S. surrenders or abandons its rights to the Property as provided in section 16.1, Excellon U.S. shall be the party of record responsible for dismissing all obligations and fees required to keep the Property in active and valid tenure with the jurisdiction of paramount title thereto.

4. ACQUISITION OF ROYALTY INTEREST

4.1 For and in consideration of payment of the sum of One (U.S. \$1.00) Dollar in lawful currency of the United States by Excellon U.S. to each of JABA and Charlou on the execution of this Agreement, Excellon U.S. will have, and each of JABA and Charlou hereby gives and grants to Excellon U.S., an option (the "NSR Option") to purchase from it, at any time within twenty-one (21) years after the date of execution of this Agreement, all of its right, title and interest in and to two-fifths (2/5) of the one and one-quarter (1-1/4%) percent Royalty held by it pursuant to subsection 3.1, for an adjusted total consideration, as provided hereinbelow, of One Hundred and Twenty-Five Thousand (\$125,000) Dollars in lawful money of the United States (the "NSR Option Price"). Excellon U.S. may exercise the NSR Option with respect to one or both of JABA and Charlou (provided that exercise by Excellon U.S. of the NSR Option in respect of either JABA or Charlou shall not obligate it to exercise the NSR Option in respect of the other) at any time by delivering written notice to that effect to JABA and/or Charlou, as applicable, accompanied by cash or a certified cheque or bank draft in payment of the NSR Option Price. Forthwith after receipt of such notice and cash, certified cheque or bank draft, JABA and/or Charlou, as applicable, will do or cause to be done all such acts, execute and deliver all such instruments, deeds or agreements, and give all such further assurances as may be reasonably necessary or desirable to give effect to the exercise of the NSR Option and to carry out the transfer to Excellon U.S. of all of its right, title and interest in and to two-fifths (2/5) of such Royalty. From and after the exercise of the NSR Option, the Royalty payable to a Vendor pursuant to subsection 3.1 in respect of which the NSR Option has been exercised will be equal to three-quarters (3/4%) percent, and Excellon U.S. will thereafter pay such reduced Royalty. Commencing sixty (60) months from the effective date of this Agreement and continuing thereafter for so long as the NSR Option is in effect, the NSR Option Price shall be adjusted upward to its equivalent dollar value by multiplying the initial NSR Option Price of One Hundred and Twenty Five Thousand (\$125,000) Dollars by a percentage equal to one hundred (100) plus the percentage difference shown by the Consumer Price Index published by the U.S. Bureau of Labor Statistics from the effective date of this Agreement to the date of the end of the last calendar month

before the NSR Option is exercised. Nothing in this paragraph or Agreement shall be interpreted to preclude either JABA or Charlou from transferring its interest in or right to assign the Royalty, provided such transfer or assignment is subject to the NSR Option.

5. DELIVERIES AT OR FOLLOWING CLOSING

5.1 On the Closing Date, the Vendors will deliver to Excellon U.S. a duly executed and recordable quitclaim deed in the form attached hereto as Schedule "C" and JABA will deliver to Charlou and Excellon U.S. a surrender of lease in the form attached as Schedule "E".

5.2 On the Closing Date, Excellon will deliver to each of JABA and Charlou share certificates representing an aggregate of 47,575 Shares.

5.3 Within sixty (60) days after the Closing Date, the Vendors will deliver all data in their possession with respect to the Property including, without limitation, all files, records, reports, maps, plans, drill logs, assays, sample pulps and drill cores, provided that it is understood and agreed that the Vendors may make and retain, for their own use, copies of all such data as either may deem necessary or desirable.

6. TAXES AND CONVEYANCES FEES AND EXPENSES

6.1 Excellon U.S. will pay and be responsible for the preparation of all and any conveyances, assignments, bills of sale and transfer documents and the payment of all federal, state and local transfer, sales or use taxes and fees which may be or become payable as a result of or in connection with the sale of the Property hereunder.

6.2 Subject to subsection 6.1, each party will bear its own costs and pay all its expenses (including legal, accounting and other professional fees) in connection with the negotiation and execution of this Agreement, the performance of its obligations hereunder, and the consummation of the transactions contemplated hereby.

7. ACCEPTANCE FOR FILING BY VANCOUVER STOCK EXCHANGE

7.1 This Agreement is subject to the acceptance for filing hereof on behalf of Excellon by the Exchange. Forthwith after the execution of this Agreement by all parties, Excellon will submit this Agreement to the Exchange and request acceptance for filing, and will diligently thereafter pursue such acceptance. If such

acceptance for filing has not been received by Excellon on or before April 15, 1993, Excellon may at its option and upon not less than fifteen (15) days notice to the Vendors, terminate this Agreement and all of its obligations hereunder. In such case, Excellon shall direct Excellon U.S. and Excellon U.S. shall comply in providing the Vendors with a release to all Property covered by this Agreement upon or before the date of termination. Thereafter neither Excellon nor Excellon U.S. will have an interest, either in whole or in part, direct or indirect, in the Property.

8. COVENANTS OF THE VENDORS

8.1 During the currency of this Agreement, each of JABA and Charlou will:

- (a) not do any act or thing which would or might in any way adversely affect the rights of Excellon U.S. hereunder;
- (b) promptly provide Excellon U.S. with any and all notices and correspondence from government agencies in respect to the Property; and
- (c) at the request of Excellon U.S., co-operate, at JABA consulting rates as to services provided by JABA only, with Excellon U.S. as necessary to permit Excellon U.S. to obtain patents to such of the unpatented mining claims comprised in the Property as it may desire.

8.2 JABA and Charlou, jointly and severally, warrant and will defend title to the Property and the ground covered thereby against all persons claiming by, through or under either of them.

9. RECORDATION OF AGREEMENT

9.1 Any of JABA, Charlou or Excellon U.S. will, at its expense, have the right at any time to record a short form memorandum with respect to this Agreement in the real property records of Cochise County, Arizona, and each party agrees to execute and deliver a short form memorandum satisfactory to the others in a form appropriate for recordation, if so requested.

10. APPLICABLE LAWS

10.1 This Agreement will be governed by and interpreted in accordance with the laws of the State of Arizona. The courts of the County of Cochise will have exclusive jurisdiction in respect of any matters arising therefrom and the parties hereby irrevocably

attorn to such jurisdiction. The venue for all such proceedings will be the County of Cochise.

11. FURTHER ASSURANCES

11.1 The parties agree to execute all such further documents, instruments or deeds, give all such further assurances and do or cause to be done all such acts and things necessary, both before and after the Closing Date, to implement and carry into effect this Agreement to the full extent contemplated herein.

11.2 In so much that Excellon U.S. is a fully owned subsidiary of Excellon, Excellon, under the fullest extent of the law shall use its best efforts to cause, direct, and provide means for Excellon U.S. to comply with, abide by, and conform with the terms, conditions and obligations undertaken herein by Excellon U.S. as they relate to the Vendors.

13. DEFAULT

13.1 If any party (a "Defaulting Party") is in default of any requirement set forth in this Agreement, the party affected by such default ("Affected Party") will give written notice to the Defaulting Party specifying the default and the Defaulting Party will not lose any rights under this Agreement unless within thirty (30) days after the giving of a notice of default by the Affected Party the Defaulting Party has not cured the default by the appropriate performance, unless such default is of such a nature as cannot be cured within such thirty (30) day period and the Defaulting Party commences within such thirty (30) day period to remedy such default and thereafter continues to diligently use its

best efforts to remedy such default. If the default is not cured as aforesaid, the Affected Party will be entitled to seek any remedy it may have on account of such default, including specific performance or other equitable remedy, damages or termination of this Agreement.

14. SUCCESSORS AND ASSIGNS

14.1 This Agreement will enure to the benefit of and be binding upon the parties hereto and their respective successors and permitted assigns.

14.2 Either Excellon or Excellon U.S. may assign all or any portion of their rights in and to the Property or this Agreement to any party without restriction, provided that no such assignment shall become effective until the transferee has agreed in writing with the Vendors to be bound by the provisions of this Agreement.

14.3 From and after the date hereof and until the Closing Date, neither JABA nor Charlou will transfer, convey, assign, mortgage, charge or grant any option in respect of or grant a right to purchase or in any manner transfer or alienate all or any part of its interest in and to the Property or this Agreement. After the Closing Date, neither JABA nor Charlou will transfer, convey, assign, mortgage, charge or grant any option in respect of or grant a right to purchase or in any manner transfer or alienate all or any of its interest in this Agreement or the Royalty without the prior written consent of Excellon and Excellon U.S., which consent will not be unreasonably withheld.

14.4 No change or division in the ownership of or entitlement to the Royalty pursuant to subsection 14.3, however accomplished, shall enlarge the obligations or diminish the rights of either Excellon U.S. or Excellon hereunder. Each of JABA and Charlou covenants that, subject to subsection 14.3, any change in its ownership of or entitlement to the Royalty shall only be effected in such a manner that neither Excellon nor Excellon U.S. shall be required to make payments, provide information or give notices to more than two persons, firms, corporations or other entities, and upon breach of this covenant, Excellon U.S. or Excellon, as the case may be, may retain all moneys otherwise due pursuant to the Royalty held by JABA or Charlou, as applicable, until such breach has been cured. In no event will any change or division in the ownership of or entitlement to the Royalty be binding on either Excellon or Excellon U.S. unless and until:

- (a) any transferee or assignee has acknowledged in writing with Excellon U.S. that the interest in the Royalty acquired by them is subject to the NSR Option; and

- (b) thirty (30) days after JABA or Charlou, as applicable, has given Excellon U.S. a certified copy of the recorded instrument evidencing such change or division.

15. ENTIRE AGREEMENT

15.1 This Agreement constitutes the entire agreement between the parties hereto and replaces and supersedes all prior agreements, memoranda, correspondence, communications, negotiations, warranties and representations, whether verbal or written, expressed or implied, statutory or otherwise, between the parties, or between a party and James A. Briscoe, with respect to the subject matter herein.

16. SURRENDER OR ABANDONMENT OF PROPERTY

16.1 If, at any time after the Closing Date, Excellon U.S. determines that, for any reason, it does not wish to retain any one or more of the parcels, tracts or claims comprising the Property, then Excellon U.S. may surrender or abandon such parcels, tracts or claims. If at any time Excellon U.S. proposes to so surrender or abandon any parcels, tracts or claims, it will deliver a notice in writing to the Vendors specifying its intention to do so at least ninety (90) days prior to the proposed surrender or abandonment, which notice will list the proposed parcels, tracts or claims to be surrendered or abandoned. If, within fifteen (15) days of receipt of such notice, the Vendors, or either of them, advise Excellon U.S. that they or it wish to acquire one or more of such parcels, tracts or claims to be surrendered or abandoned, Excellon U.S. will deliver to the Vendors or either of them, as applicable, a duly executed quitclaim deed in recordable form quitclaiming in favour of the Vendors, or either of them, as applicable, without any warranties as to title, all interest of Excellon U.S. in and to such parcels, tracts or claims divided between the Vendors as they may in writing direct. Effective upon the delivery of such quitclaim deed or, if neither JABA nor Charlou elects to acquire the surrendered or abandoned parcels, tracts or claims, upon such surrender or abandonment, neither Excellon or Excellon U.S. will thereafter have any further obligation to the Vendors with respect to any such parcels, tracts or claims including, without limitation, any obligation to pay any Royalty in respect thereof.

16.2 Notwithstanding subsection 16.1, Excellon U.S. will have the right at any time after the Closing Date (but not the obligation) to:

- (a) amend or relocate any or all of the unpatented mining claims comprised in the Property, and to locate any fractions existing on the date of this Agreement or

resulting from the location, amendment or relocation of such unpatented mining claims; or

- (b) where Excellon U.S. may be required, or finds it appropriate, to abandon certain rights in order to secure additional or ongoing rights to explore and mine the Property pursuant to any new or amended laws of the United States and/or State of Arizona concerning the acquisition and maintenance of mineral rights on the public domain of the United States and/or State lands, to do so.

16.3 JABA may, but is under no obligation to, prepare and publish professional papers and articles on or concerning the Property including, but not limited to, such matters as exploration philosophy, methodology, and models of the genesis of potential ore deposition. Any such papers or articles shall be first open to inspection by Excellon and Excellon U.S. for written approval, such written approval not to be unreasonably denied. For greater certainty, it is confirmed that no interest in the Property is retained by JABA by virtue of this subsection 16.3, and that nothing herein shall preclude Excellon or Excellon U.S. from preparing or publishing any information with respect to the Property without notice to JABA. However, where deemed professionally appropriate by Excellon and Excellon U.S., credit shall be given to JABA.

16.4 In the event of assignment to the Vendors, or either of them, of the Property in part or in its entirety pursuant to subsection 16.1, Excellon U.S. shall, within ninety (90) days after such assignment, at the Vendors' cost, make available to the Vendors at the place of storage all available drill chip, core and sample rejects, and deliver to the Vendors copies of all maps, drill logs, assay results and other technical data compiled by Excellon U.S., pertaining to that portion of the Property assigned. Neither Excellon nor Excellon U.S. shall in any event be liable for the accuracy or comprehensiveness of any data furnished to the Vendors.

17. ACCESS

17.1 The Vendors and their respective employees, on reasonable notice to Excellon U.S., may have access to the Property in order to examine same, provided that:

- (a) neither the Vendors nor their respective employees shall interfere with or obstruct the operations of Excellon U.S., its employees or agents on the Property;

- (b) the Vendors and their respective employees shall enter on the Property at their own risk and expense; and
- (c) each of the Vendors and their respective employees shall, jointly and severally, defend, indemnify and save each of Excellon U.S., Excellon and their respective directors, officers, employees and representatives harmless from and against all and any loss or damage of any kind or nature whatsoever in any way referable to the entry, presence or activities of the Vendors or their respective employees on the Property, including, without limitation, bodily injuries or death or damage to property at any time resulting therefrom.

17.2 All information, of whatever kind or nature, obtained by the Vendors or their respective employees as a result of the exercise of the right of access contained in subsection 17.1 shall be kept confidential by each of the Vendors and their respective employees and shall not be disclosed to any third party or to the public without the prior written consent of Excellon U.S. except with respect to disclosure of such information:

- (a) to the Vendors' professional advisers who require such information in order to advise the Vendors, and who are bound by law to keep such information confidential; or
- (b) as and to the extent required by law.

18. **TAXES AND ASSESSMENTS.**

18.1 Following the Closing Date, Excellon U.S., subject to, and until it exercises its rights under, section 16, and subject to its rights to dispute the requirement for or amount or legitimacy of any obligations or amounts due, shall or shall cause to be made, paid or performed:

- (a) all applicable assessment work or work requirements on unpatented mining claims;
- (b) all necessary filings;

NET SMELTER RETURNS

1. The Royalty which is payable to each of JABA and Charlou (hereinafter collectively called the "Payees") by Excellon U.S. (hereinafter called the "Payor") pursuant to subsection 3.1 of the Agreement will be the applicable percentage (subject to reduction pursuant to subsection 4.1 of the Agreement) of the Net Smelter Revenue (as hereinafter defined) and will be calculated and paid to the Payees in accordance with the terms of this Schedule "B". Terms having defined meanings in this Agreement and used herein will have the same meanings in this Schedule as assigned to them in the Agreement unless otherwise specified or the context otherwise requires.
2. The Net Smelter Revenue will be calculated on a calendar quarterly basis and will, subject to paragraph 7 hereof, be equal to Gross Revenue less Permissible Deductions for such quarter.
3. The following words will have the following meanings:
 - (a) "Gross Revenue" means the aggregate of the following amounts received in each quarterly period:
 - (i) the revenue received by the Payor from arm's length purchasers of all Mineral Products,
 - (ii) the Fair Market Value of all Mineral Products sold by the Payor in such month to persons not dealing at arm's length with the Payor, and
 - (iii) any proceeds of insurance on Mineral Products.
 - (b) "Mineral Products" means the end products derived from operating the Property as a mine including but not limited to all concentrates, metals, aggregates, sand, gravel, and industrial minerals, but for the purposes of calculating the Royalty does not include Mineral Products such as aggregates, sand or gravel, which are used by the Payor on the Property;
 - (c) "Permissible Deductions" means the aggregate of the following charges (to the extent that they are not deducted by any purchaser in computing payment) that are paid in each quarterly period:
 - (i) sales charges levied by any sales agent on the sale of Mineral Products,
 - (ii) any sales, severance, gross production, privilege or similar taxes assessed on or in connection

with the Mineral Products or measured by the value thereof (but not including income taxes),

- (iii) any royalties or fees paid to the United States or any State in connection with Mineral Products,
- (iv) transportation costs for Mineral Products in their concentrated and/or saleable form from the Property to the place of beneficiation, processing or treatment and thence to the place of delivery of Mineral Products to a purchaser thereof, including shipping, freight, handling and forwarding expenses,
- (v) all costs, expenses and charges of any nature whatsoever which are either paid or incurred by the Payor in connection with refinement, smelting and/or beneficiation of Mineral Products after leaving the Property, including all weighing, sampling, assaying and representation costs, metal losses, any umpire charges, and any penalties charged by the processor, refinery or smelter, and
- (vi) all insurance costs on Mineral Products,

provided that where a cost or expense otherwise constituting a Permissible Deduction is incurred by the Payor in a transaction with a party with whom it is not dealing at arm's length (as that term is defined in the Income Tax Act (Canada)), such cost or expense may be deducted, but only as to the lesser of the actual cost incurred by the Payor or the fair market value thereof, calculated at the time of such transaction and under all the circumstances thereof;

- (d) "Precious Metals" means Mineral Products which are gold and silver; and
- (e) "Fair Market Value" means whenever Mineral Products are delivered for direct sale or future processing thereof to a processing or sales facility owned or controlled by Payor, an affiliate or an assign (other than a processing facility constructed on the Property), or which processes or sells such Mineral Products on a toll basis for the Payor, an affiliate, or assign, the Net Smelter Revenue from such sale shall be an amount not less than the amount which would have been realized by Payor if the sale had been at the best price obtainable from a selection of the three (3) nearest independent purchasers of such product(s).

4. The Royalty will be calculated and paid within thirty (30) days after the end of each calendar quarter in which Gross Revenue is realized. At such time smelter settlement sheets, if any, and a statement setting forth calculations in sufficient detail to show the payment's derivation (the "Statement") must be submitted with the payment.
5. In the event that final amounts required for the calculation of the Royalty are not available within the time period referred to in paragraph 4 hereof, then provisional amounts will be estimated and the Royalty paid on the basis of this provisional calculation. Positive or negative adjustments will be made to the Royalty payment of the succeeding quarter.
6. All Royalty payments will be considered final and in full satisfaction of all obligations of the Payor with respect thereto, unless the Payees deliver to the Payor a written notice (the "Objection Notice") describing and setting forth a specific objection to the calculation thereof within six (6) months after receipt by the Payees of the Statement. If the Payees object to a particular Statement as herein provided, the Payees will, for a period of sixty (60) days after the Payor's receipt of such Objection Notice, have the right, upon reasonable notice and at a reasonable time, to have the Payor's accounts and records relating to the calculation of the Royalty in question audited by the auditors of one of the Payees. If such audit determines that there has been a deficiency or an excess in the payment made to the Payees, such deficiency or excess will be resolved by adjusting the next quarterly Royalty payment due hereunder. The Payees will jointly and severally pay all the costs and expenses of such audit unless a deficiency or excess of two and one-half (2-1/2%) percent or more of the amount due is determined to exist. The Payor will pay the costs and expenses of such audit if an excess or a deficiency of two and one-half (2-1/2%) percent or more of the amount due is determined to exist. All books and records used and kept by the Payor to calculate the Royalty due hereunder will be kept, at the option of the Payor, in accordance with either United States or Canadian generally accepted accounting principles. Failure on the part of the Payees to make claim against the Payor for adjustment in such six (6) month period by delivery of an Objection Notice will conclusively establish the correctness and sufficiency of the Statement and Royalty payments for such quarter.
7. All profits and losses resulting from the Payor engaging in any commodity futures trading, option trading, metals trading, gold loans or any combination thereof, and any other hedging transactions with respect to Mineral Products which are Precious Metals (collectively, "Hedging Transactions") are

specifically excluded from calculations of the Royalty pursuant to this Schedule "B" (it being the intent of the parties that the Payor will have the unrestricted right to market and sell Mineral Products to third parties in any manner it chooses and that the Payees will not have any right to participate in such marketing activities or to share in any profits or losses therefrom). All Hedging Transactions by the Payor and all profits or losses associated therewith, if any, will be solely for the Payor's account. The amount of Net Smelter Revenue derived from all Precious Metals subject to Hedging Transactions by the Payor will be determined pursuant to the provisions of this paragraph 7 and not paragraph 2. As to Precious Metals subject to Hedging Transactions by the Payor, Net Smelter Revenue will be determined without reference to Hedging Transactions and will be determined by using, for gold, the quarterly average price of gold, which will be calculated by dividing the sum of all London Bullion Market Association P.M. Gold Fix prices reported for the calendar quarter in question by the number of days for which such prices were quoted, and for silver, the quarterly average price of silver, which shall be calculated by dividing the sum of all New York Commodity Exchange ("COMEX") prices for silver quoted by and at the closing of COMEX reported for the calendar quarter in question by the number of days for which such prices were quoted, less, in each case, an amount reasonably equivalent to the deductions permitted by paragraph 3(c). Any Precious Metals subject to Hedging Transactions will be deemed to be sold, and revenues received therefrom, on the date of final settlement in which the amount of refined Precious Metals is allocated to the account of the Payor by a third party refinery, irrespective of such transactions. Furthermore, the Payor will have no obligation to fulfil, with Mineral Products, any futures contracts, forward sales, gold loans or other Hedging Transactions which the Payor or any of its associates or affiliates may hold.

8. The Payor may stockpile any Mineral Products at such place or places as the Payor may elect after first weighing and sampling in accordance with sound mining and metallurgical practices, either upon the Property or upon other properties. No Royalty will be payable in respect of such stockpiled Mineral Products unless and until Gross Revenue is received in respect of such Mineral Products. Any Mineral Products removed from the Property shall remain subject to this Agreement until Payor has paid the applicable Royalty to Payees therefor.
9. The Payor may commingle Mineral Products with ores, minerals or other products from other properties ("Other Ore"). Before commingling, the Payor will weigh and sample the Mineral Products and Other Ore for moisture and metal content in

accordance with sound mining and metallurgical practice and will assay the samples to determine metal content. The Payor will keep records including sample splits and pulps showing weights or volumes, moisture, percent metal content and gross metal content of the Mineral Products and Other Ore. The Royalty will be allocated between the Mineral Product and the Other Ore on the basis of gross metal content.

10. By notice given to the Payor on or before December 1 of any calendar year either or both Payees may elect to have all Royalties payable to it with respect to Precious Metals payable in the next succeeding calendar year, and each succeeding calendar year thereafter until notice is so given on or before the above date by such Payee that such Payee desires to terminate its election as provided herein, paid in kind by credit to the applicable Payee's metals account at the refiner or bullion dealer at which the Payor causes Precious Metals to be refined for its account. The election will be for an entire calendar year and will be irrevocable within that period. Before crediting the Royalty to the applicable Payee's metals account, the Payor will deduct the Payee's share of Permissible Deductions, determined by using the prices of Precious Metals used in determining Gross Revenue.

2. The Net Smelter Revenue will be calculated on a calendar quarterly basis and will, subject to paragraph 7 hereof, be equal to Gross Revenue less Permissible Deductions for such quarter.

- (vi) all insurance costs on Mineral Products,

provided that where a cost or expense otherwise constituting a Permissible Deduction is incurred by the Payor in a transaction with a party with whom it is not dealing at arm's length (as that term is defined in the Income Tax Act (Canada)), such cost or expense may be deducted, but only as to the lesser of the actual cost incurred by the Payor or the fair market value thereof, calculated at the time of such transaction and under all the circumstances thereof;

5. In the event that final amounts required for the calculation of the Royalty are not available within the time period referred to in paragraph 4 hereof, then provisional amounts will be estimated and the Royalty paid on the basis of this provisional calculation. Positive or negative adjustments will be made to the Royalty payment of the succeeding quarter.
6. All Royalty payments will be considered final and in full satisfaction of all obligations of the Payor with respect thereto, unless the Payees deliver to the Payor a written notice (the "Objection Notice") describing and setting forth a specific objection to the calculation thereof within six (6) months after receipt by the Payees of the Statement. If the Payees object to a particular Statement as herein provided, the Payees will, for a period of sixty (60) days after the Payor's receipt of such Objection Notice, have the right, upon reasonable notice and at a reasonable time, to have the Payor's accounts and records relating to the calculation of the Royalty in question audited by the auditors of one of the Payees. If such audit determines that there has been a deficiency or an excess in the payment made to the Payees, such deficiency or excess will be resolved by adjusting the next quarterly Royalty payment due hereunder. The Payees will jointly and severally pay all the costs and expenses of such audit unless a deficiency or excess of two and one-half (2-1/2%) percent or more of the amount due is determined to exist. The Payor will pay the costs and expenses of such audit if an excess or a deficiency of two and one-half (2-1/2%) percent or more of the amount due is determined to exist. All books and records used and kept by the Payor to calculate the Royalty due hereunder will be kept, at the option of the Payor, in accordance with either United States or Canadian generally accepted accounting principles. Attention: Mr. A. Douglas MacKenzie

Dear Sirs:

In connection with the acquisition by the undersigned of 47,575 common shares (the "Shares") without par value in the capital of Excellon Resources Inc. (the "Company"), a Canadian corporation, in exchange for certain unpatented mining claims pursuant to an agreement dated for reference February 24, 1993 (the "Agreement"), the undersigned represents and acknowledges as follows:

1. The Shares are not registered under the Securities Act of 1933 (the "Act") as the transaction in which they are being acquired is exempt under Section 4(2) of the Act as not involving any public offering. Reliance of the Company and others upon this exemption is predicated in part upon our representation (which we hereby confirm) that we are acquiring these securities for our own account with no present intention of selling or otherwise distributing the same to the public. We understand that in the view of the United States Securities and Exchange Commission (the "SEC") the statutory and administrative basis for exemption would not be present if, notwithstanding our representation, we have in mind merely acquiring these securities for sale upon the occurrence or non-occurrence of some predetermined event such as, for example, holding the securities for a market rise, or for sale if the market does not rise, or for a fixed or determinable period in the future.
2. The Shares must be held by the undersigned indefinitely unless they are subsequently registered under the Act or an exemption from registration is available. Any routine sales of these securities made in reliance upon the exemption afforded by Rule 144 of the SEC can be made only in limited amounts in accordance with the terms and conditions of that rule, and, in the event this rule is for some reason inapplicable, compliance with Regulations A or S of the SEC or some other disclosure exemption will be required.

3. The undersigned has retained the following person/firm/corporation as its "Purchaser Representative" in respect of its acquisition of the Shares, and hereby certifies that its Purchaser Representative:
- (a) is not an affiliate, director or officer or other employee of Excellon or Excellon Resources U.S.A., Inc., or any 10% shareholder of Excellon;
 - (b) has such knowledge and experience in financial and business matters that it is capable of evaluating the merits and risks of the prospective investment in Excellon; and
 - (c) has disclosed to the undersigned any material relationships between itself or its affiliates and Excellon and its affiliates that exists, that is mutually contemplated to exist or that has existed at any time in the past 2 years, and any compensation received or to be received as a result of such relationships.

performance required by, any agreement to which it is a party;

- (c) the execution and delivery of this Agreement and the agreements or instruments contemplated hereby will not materially violate or result in a material breach of the laws of any jurisdiction applicable to or pertaining thereto;
- (d) it has, prior to the execution of this Agreement, provided to Excellon U.S. and its representatives true and correct copies of all deeds, easements or other documents in its possession and to the best of its knowledge which bear upon the title of the Vendors to the Property (additional details of which are more fully described on Schedule A);

relying solely upon itself and its professional advisers for such advice.

2.3 The Vendors jointly and severally represent, but do not warrant, to each of Excellon U.S. and Excellon that:

- (a) to the best of their knowledge and belief, with respect to the unpatented mining claims comprised in the Property and subject to the paramount title of the United States of America:
 - (i) the claims are free and clear of all liens, charges and encumbrances,
 - (ii) the claims have been properly laid out, monumented and posted, filings of location certificates have been properly and timely made in the real property records of Cochise County, Arizona, as well as in the Arizona State Office of the Bureau of Land Management pursuant to the Federal Land Policy and Management Act of 1976, 43 U.S.C. §1744(a), and in accordance with applicable laws, statutes and regulations of the State of Arizona,

2.4 The representations and warranties hereinbefore set out are conditions on which the parties have relied in entering into this Agreement and such representations and warranties, together with the covenants of the parties contained in this Agreement, will

not merge but will survive the acquisition of any interest in the Property by Excellon U.S. and each party will indemnify and save the others harmless from all loss, damage, costs, actions and suits arising out of or in connection with any breach of any representation, warranty, covenant, agreement or condition made by them and contained in this Agreement.

2.5 Each of JABA and Charlou acknowledges that the Shares to be issued to it hereunder will not be registered under the 1933 Act as the transaction in which they are being acquired is exempt under section 4(2) of the 1933 Act as not involving any public offering, that the reliance of Excellon and others on this exemption is predicated in part upon its representations and warranties that it will be acquiring the Shares for its own account, with no present intention of selling or otherwise distributing the same to the public, and that the Shares are therefore subject to restrictions on transfer in the United States or to a U.S. person, unless subsequently registered under the 1933 Act or an exemption from registration is available.

2.6 Concurrently with the execution of this Agreement by the Vendors, each of JABA and Charlou will execute and deliver to Excellon an originally executed copy of the Investment Letter in the form attached hereto as Schedule "D".

3. PURCHASE AND SALE

3.1 The Vendors hereby agree to sell, assign and transfer to Excellon U.S., and Excellon U.S. agrees to purchase from the Vendors, all interest of the Vendors in and to the Property, subject to the payment to each of JABA and Charlou of a ONE AND ONE-QUARTER (1-1/4%) PERCENT Royalty, for and in consideration of the allotment and issuance by Excellon to each of JABA and Charlou of 47,575 Shares (95,150 Shares total).

3.2 On the Closing Date, and subject to the completion of the purchase and sale set forth in subsection 3.1, Excellon U.S. will allot and issue to Excellon common shares in its capital stock equal in value to the deemed value of the shares issued to JABA the Vendors by Excellon.

3.3 Notwithstanding that each of JABA and Charlou retains a Royalty, the parties acknowledge that neither Excellon nor Excellon U.S. is under any obligation whatsoever to undertake any activities or perform any work on or with respect to the Property other than that required by law. The parties affirm that the expectation of the Vendors in entering into this Agreement is the belief that Excellon U.S. desires and intends to diligently proceed with the exploration on and, if warranted, development of the Property. However, no covenants or conditions relating to the exploration,

development, mining or related operations on or in connection with the Property, or the timing thereof, will exist or be implied. After commencing any exploration, development, mining or related operations on or in connection with the Property, Excellon and Excellon U.S. may in their sole discretion curtail or cease such operations.

3.4 Subject to the sale of the Property to Excellon U.S. and issuing of Shares, as contemplated herein, upon the Closing Date and thereafter, unless Excellon U.S. surrenders or abandons its rights to the Property as provided in section 16.1, Excellon U.S. shall be the party of record responsible for dismissing all obligations and fees required to keep the Property in active and valid tenure with the jurisdiction of paramount title thereto.

4. ACQUISITION OF ROYALTY INTEREST

4.1 For and in consideration of payment of the sum of One (U.S. \$1.00) Dollar in lawful currency of the United States by Excellon U.S. to each of JABA and Charlou on the execution of this Agreement, Excellon U.S. will have, and each of JABA and Charlou hereby gives and grants to Excellon U.S., an option (the "NSR Option") to purchase from it, at any time within twenty-one (21) years after the date of execution of this Agreement, all of its right, title and interest in and to two-fifths (2/5) of the one and one-quarter (1-1/4%) percent Royalty held by it pursuant to subsection 3.1, for an adjusted total consideration, as provided hereinbelow, of One Hundred and Twenty-Five Thousand (\$125,000) Dollars in lawful money of the United States (the "NSR Option Price"). Excellon U.S. may exercise the NSR Option with respect to one or both of JABA and Charlou (provided that exercise by Excellon U.S. of the NSR Option in respect of either JABA or Charlou shall not obligate it to exercise the NSR Option in respect of the other) at any time by delivering written notice to that effect to JABA and/or Charlou, as applicable, accompanied by cash or a certified cheque or bank draft in payment of the NSR Option Price. Forthwith after receipt of such notice and cash, certified cheque or bank draft, JABA and/or Charlou, as applicable, will do or cause to be done all such acts, execute and deliver all such instruments, deeds or agreements, and give all such further assurances as may be reasonably necessary or desirable to give effect to the exercise of the NSR Option and to carry out the transfer to Excellon U.S. of all of its right, title and interest in and to two-fifths (2/5) of such Royalty. From and after the exercise of the NSR Option, the Royalty payable to a Vendor pursuant to subsection 3.1 in respect of which the NSR Option has been exercised will be equal to three-quarters (3/4%) percent, and Excellon U.S. will thereafter pay such reduced Royalty. Commencing sixty (60) months from the effective date of this Agreement and continuing thereafter for so long as the

NSR Option is in effect, the NSR Option Price shall be adjusted upward to its equivalent dollar value by multiplying the initial NSR Option Price of One Hundred and Twenty Five Thousand (\$125,000) Dollars by a percentage equal to one hundred (100) plus the percentage difference shown by the Consumer Price Index published by the U.S. Bureau of Labor Statistics from the effective date of this Agreement to the date of the end of the last calendar month before the NSR Option is exercised. Nothing in this paragraph or Agreement shall be interpreted to preclude either JABA or Charlou from transferring its interest in or right to assign the Royalty, provided such transfer or assignment is subject to the NSR Option.

5. DELIVERIES AT OR FOLLOWING CLOSING

5.1 On the Closing Date, the Vendors will deliver to Excellon U.S. a duly executed and recordable quitclaim deed in the form attached hereto as Schedule "C" and JABA will deliver to Charlou and Excellon U.S. a surrender of lease in the form attached as Schedule "E".

5.2 On the Closing Date, Excellon will deliver to each of JABA and Charlou share certificates representing an aggregate of 47,575 Shares, ~~(95,150 shares total)~~. ✓

5.3 Within sixty (60) days after the Closing Date, the Vendors will deliver all data in their possession with respect to the Property including, without limitation, all files, records, reports, maps, plans, drill logs, assays, sample pulps and drill cores, provided that it is understood and agreed that the Vendors may make and retain, for their own use, copies of all such data as either may deem necessary or desirable.

6. TAXES AND CONVEYANCES FEES AND EXPENSES

6.1 Excellon U.S. will pay and be responsible for the preparation of all and any conveyances, assignments, bills of sale and transfer documents and the payment of all federal, state and local transfer, sales or use taxes and fees which may be or become payable as a result of or in connection with the sale of the Property hereunder.

6.2 Subject to subsection 6.1, each party will bear its own costs and pay all its expenses (including legal, accounting and other professional fees) in connection with the negotiation and execution of this Agreement, the performance of its obligations hereunder, and the consummation of the transactions contemplated hereby.

7. ACCEPTANCE FOR FILING BY VANCOUVER STOCK EXCHANGE

7.1 This Agreement is subject to the acceptance for filing hereof on behalf of Excellon by the Exchange. Forthwith after the execution of this Agreement by all parties, Excellon will submit this Agreement to the Exchange and request acceptance for filing, and will diligently thereafter pursue such acceptance. If such acceptance for filing has not been received by Excellon on or before April 15, 1993, Excellon may at its option and upon not less than fifteen (15) days notice to the Vendors, terminate this Agreement and all of its obligations hereunder. In such case, Excellon shall direct Excellon U.S. and Excellon U.S. shall comply in providing the Vendors with a release to all Property covered by this Agreement upon or before the date of termination. Thereafter neither Excellon nor Excellon U.S. will have an interest, either in whole or in part, direct or indirect, in the Property.

8. COVENANTS OF THE VENDORS

8.1 During the currency of this Agreement, each of JABA and Charlou will:

- (a) not do any act or thing which would or might in any way adversely affect the rights of Excellon U.S. hereunder;
- (b) promptly provide Excellon U.S. with any and all notices and correspondence from government agencies in respect to the Property; and
- (c) at the request of Excellon U.S., co-operate, at JABA consulting rates as to services provided by JABA only, with Excellon U.S. as necessary to permit Excellon U.S. to obtain patents to such of the unpatented mining claims comprised in the Property as it may desire.

8.2 JABA and Charlou, jointly and severally, warrant and will defend title to the Property and the ground covered thereby against all persons claiming by, through or under either of them.

9. RECORDATION OF AGREEMENT

9.1 Any of JABA, Charlou or Excellon U.S. will, at its expense, have the right at any time to record a short form memorandum with respect to this Agreement in the real property records of Cochise County, Arizona, and each party agrees to execute and deliver a short form memorandum satisfactory to the others in a form appropriate for recordation, if so requested.

10. APPLICABLE LAWS

10.1 This Agreement will be governed by and interpreted in accordance with the laws of the State of Arizona. The courts of the County of Cochise will have exclusive jurisdiction in respect of any matters arising therefrom and the parties hereby irrevocably attorn to such jurisdiction. The venue for all such proceedings will be the County of Cochise.

11. FURTHER ASSURANCES

11.1 The parties agree to execute all such further documents, instruments or deeds, give all such further assurances and do or cause to be done all such acts and things necessary, both before and after the Closing Date, to implement and carry into effect this Agreement to the full extent contemplated herein.

11.2 In so much that Excellon U.S. is a fully owned subsidiary of Excellon, Excellon, under the fullest extent of the law shall use its best efforts to cause, direct, and provide means for Excellon U.S. to comply with, abide by, and conform with the terms, conditions and obligations undertaken herein by Excellon U.S. as they relate to the Vendors.

If the default is not cured as aforesaid, the Affected Party will be entitled to seek any remedy it may have on account of such default, including specific performance or other equitable remedy, damages or termination of this Agreement.

14. SUCCESSORS AND ASSIGNS

14.1 This Agreement will enure to the benefit of and be binding upon the parties hereto and their respective successors and permitted assigns.

14.2 Either Excellon or Excellon U.S. may assign all or any portion of their rights in and to the Property or this Agreement to any party without restriction, provided that no such assignment shall become effective until the transferee has agreed in writing with the Vendors to be bound by the provisions of this Agreement.

14.3 From and after the date hereof (with exception as provided by the assignment rights granted JABA by Charlou under their First Addendum to Mineral Lease) and until the Closing Date, neither JABA nor Charlou will transfer, convey, assign, mortgage, charge or grant any option in respect of or grant a right to purchase or in any manner transfer or alienate all or any part of its interest in and to the Property or this Agreement. After the Closing Date, neither JABA nor Charlou will transfer, convey, assign, mortgage, charge or grant any option in respect of or grant a right to purchase or in any manner transfer or alienate all or any of its interest in this Agreement or the Royalty without the prior written consent of Excellon and Excellon U.S., which consent will not be unreasonably withheld.

14.4 No change or division in the ownership of or entitlement to the Royalty pursuant to subsection 14.3, however accomplished, shall enlarge the obligations or diminish the rights of either Excellon U.S. or Excellon hereunder. Each of JABA and Charlou covenants that, subject to subsection 14.3, any change in its ownership of or entitlement to the Royalty shall only be effected in such a manner that neither Excellon nor Excellon U.S. shall be required to make payments, provide information or give notices to more than two persons, firms, corporations or other entities, and upon breach of this covenant, Excellon U.S. or Excellon, as the

case may be, may retain all moneys otherwise due pursuant to the Royalty held by JABA or Charlou, as applicable, until such breach has been cured. In no event will any change or division in the ownership of or entitlement to the Royalty be binding on either Excellon or Excellon U.S. unless and until:

- (a) any transferee or assignee has acknowledged in writing with Excellon U.S. that the interest in the Royalty acquired by them is subject to the NSR Option; and
- (b) thirty (30) days after JABA or Charlou, as applicable, has given Excellon U.S. a certified copy of the recorded instrument evidencing such change or division.

15. ENTIRE AGREEMENT

15.1 This Agreement constitutes the entire agreement between the parties hereto and replaces and supersedes all prior agreements, memoranda, correspondence, communications, negotiations, warranties and representations, whether verbal or written, expressed or implied, statutory or otherwise, between the parties, or between a party and James A. Briscoe, with respect to the subject matter herein.

16. SURRENDER OR ABANDONMENT OF PROPERTY

16.1 If, at any time after the Closing Date, Excellon U.S. determines that, for any reason, it does not wish to retain any one or more of the parcels, tracts or claims comprising the Property, then Excellon U.S. may surrender or abandon such parcels, tracts or claims. If at any time Excellon U.S. proposes to so surrender or abandon any parcels, tracts or claims, it will deliver a notice in writing to the Vendors specifying its intention to do so at least ninety (90) days prior to the proposed surrender or abandonment, which notice will list the proposed parcels, tracts or claims to be surrendered or abandoned. If, within fifteen (15) days of receipt of such notice, the Vendors, or either of them, advise Excellon U.S. that they or it wish to acquire one or more of such parcels, tracts or claims to be surrendered or abandoned, Excellon U.S. will deliver to the Vendors or either of them, as applicable, a duly executed quitclaim deed in recordable form quitclaiming in favour of the Vendors, or either of them, as applicable, without any warranties as to title, all interest of Excellon U.S. in and to such parcels, tracts or claims divided between the Vendors as they may in writing direct. Effective upon the delivery of such quitclaim deed or, if neither JABA nor Charlou elects to acquire the surrendered or abandoned parcels, tracts or claims, upon such surrender or abandonment, neither Excellon or Excellon U.S. will thereafter have any further obligation to the Vendors with respect

to any such parcels, tracts or claims including, without limitation, any obligation to pay any Royalty in respect thereof.

16.2 Notwithstanding subsection 16.1, Excellon U.S. will have the right at any time after the Closing Date (but not the obligation) to:

- (a) amend or relocate any or all of the unpatented mining claims comprised in the Property, and to locate any fractions existing on the date of this Agreement or resulting from the location, amendment or relocation of such unpatented mining claims; or
- (b) where Excellon U.S. may be required, or finds it appropriate, to abandon certain rights in order to secure additional or ongoing rights to explore and mine the Property pursuant to any new or amended laws of the United States and/or State of Arizona concerning the acquisition and maintenance of mineral rights on the public domain of the United States ~~and/or State lands~~, to do so.

16.3 JABA may, but is under no obligation to, prepare and publish professional papers and articles on or concerning the Property including, but not limited to, such matters as exploration philosophy, methodology, and models of the genesis of potential ore deposition. Any such papers or articles shall be first open to inspection by Excellon and Excellon U.S. for written approval, such written approval not to be unreasonably denied. For greater certainty, it is confirmed that no interest in the Property is retained by JABA by virtue of this subsection 16.3, and that nothing herein shall preclude Excellon or Excellon U.S. from preparing or publishing any information with respect to the Property without notice to ~~JABA~~ the Vendors. However, where deemed professionally appropriate by Excellon and Excellon U.S., credit shall be given to ~~JABA~~ the Vendors.

16.4 In the event of assignment to the Vendors, or either of them, of the Property in part or in its entirety pursuant to subsection 16.1, Excellon U.S. shall, within ninety (90) days after such assignment, at the Vendors' cost, make available to the Vendors at the place of storage all available drill chip, core and sample rejects, and deliver to the Vendors copies of all maps, drill logs, assay results and other technical data compiled by Excellon U.S., pertaining to that portion of the Property assigned. Neither Excellon nor Excellon U.S. shall in any event be liable for the accuracy or comprehensiveness of any data furnished to the Vendors.

17. ACCESS

17.1 The Vendors and their respective employees, on reasonable notice to Excellon U.S., may have access to the Property in order to examine same, provided that:

- (a) neither the Vendors nor their respective employees shall interfere with or obstruct the operations of Excellon U.S., its employees or agents on the Property;
- (b) the Vendors and their respective employees shall enter on the Property at their own risk and expense; and
- (c) each of the Vendors and their respective employees shall, jointly and severally, defend, indemnify and save each of Excellon U.S., Excellon and their respective directors, officers, employees and representatives harmless from and against all and any loss or damage of any kind or nature whatsoever in any way referable to the entry, presence or activities of the Vendors or their respective employees on the Property, including, without limitation, bodily injuries or death or damage to property at any time resulting therefrom.

17.2 All information, of whatever kind or nature, obtained by the Vendors or their respective employees as a result of the exercise of the right of access contained in subsection 17.1 shall be kept confidential by each of the Vendors and their respective employees and shall not be disclosed to any third party or to the public without the prior written consent of Excellon U.S. except with respect to disclosure of such information:

- (a) to the Vendors' professional advisers who require such information in order to advise the Vendors, and who are bound by law to keep such information confidential; or
- (b) as and to the extent required by law.

18. TAXES AND ASSESSMENTS.

18.1 Following the Closing Date, Excellon U.S., subject to, and until it exercises its rights under, section 16, and subject to its rights to dispute the requirement for or amount or legitimacy of any obligations or amounts due, shall or shall cause to be made, paid or performed:

- (iii) any royalties or fees paid to the United States or any State in connection with Mineral Products,
- (iv) transportation costs for Mineral Products in their concentrated and/or saleable form from the Property to the place of beneficiation, processing or treatment and thence to the place of delivery of Mineral Products to a purchaser thereof, including shipping, freight, handling and forwarding expenses,
- (v) all costs, expenses and charges of any nature whatsoever which are either paid or incurred by the Payor in connection with refinement, smelting and/or beneficiation of Mineral Products after leaving the Property, including all weighing, sampling, assaying and representation costs, metal losses, any umpire charges, and any penalties charged by the processor, refinery or smelter, and
- (vi) all insurance costs on Mineral Products,

provided that where a cost or expense otherwise constituting a Permissible Deduction is incurred by the Payor in a transaction with a party with whom it is not dealing at arm's length (as that term is defined in the Income Tax Act (Canada)), such cost or expense may be deducted, but only as to the lesser of the actual cost incurred by the Payor or the fair market value thereof, calculated at the time of such transaction and under all the circumstances thereof;

- (d) "Precious Metals" means Mineral Products which are gold and silver; and
- (e) "Fair Market Value" means whenever Mineral Products are delivered for direct sale or future processing thereof to a processing or sales facility owned or controlled by Payor, an affiliate or an assign (other than a processing facility constructed on the Property), or which processes or sells such Mineral Products on a toll basis for the Payor, an affiliate, or assign, the Net Smelter Revenue from such sale shall be an amount not less than the amount which would have been realized by Payor if the sale had been at the best price obtainable from a selection of the three (3) nearest independent purchasers of such product(s).

4. The Royalty will be calculated and paid within thirty (30) days after the end of each calendar quarter in which Gross Revenue is realized. At such time smelter settlement sheets, if any, and a statement setting forth calculations in sufficient detail to show the payment's derivation (the "Statement") must be submitted with the payment.
5. In the event that final amounts required for the calculation of the Royalty are not available within the time period referred to in paragraph 4 hereof, then provisional amounts will be estimated and the Royalty paid on the basis of this provisional calculation. Positive or negative adjustments will be made to the Royalty payment of the succeeding quarter.
6. All Royalty payments will be considered final and in full satisfaction of all obligations of the Payor with respect thereto, unless the Payees deliver to the Payor a written notice (the "Objection Notice") describing and setting forth a specific objection to the calculation thereof within six (6) months after receipt by the Payees of the Statement. If the Payees object to a particular Statement as herein provided, the Payees will, for a period of sixty (60) days after the Payor's receipt of such Objection Notice, have the right, upon reasonable notice and at a reasonable time, to have the Payor's accounts and records relating to the calculation of the Royalty in question audited by the auditors of one of the Payees. If such audit determines that there has been a deficiency or an excess in the payment made to the Payees, such deficiency or excess will be resolved by adjusting the next quarterly Royalty payment due hereunder. The Payees will jointly and severally pay all the costs and expenses of such audit unless a deficiency or excess of two and one-half (2-1/2%) percent or more of the amount due is determined to exist. The Payor will pay the costs and expenses of such audit if an excess or a deficiency of two and one-half (2-1/2%) percent or more of the amount due is determined to exist. All books and records used and kept by the Payor to calculate the Royalty due hereunder will be kept, at the option of the Payor, in accordance with either United States or Canadian generally accepted accounting principles. Failure on the part of the Payees to make claim against the Payor for adjustment in such six (6) month period by delivery of an Objection Notice will conclusively establish the correctness and sufficiency of the Statement and Royalty payments for such quarter.
7. All profits and losses resulting from the Payor engaging in any commodity futures trading, option trading, metals trading, gold loans or any combination thereof, and any other hedging transactions with respect to Mineral Products which are Precious Metals (collectively, "Hedging Transactions") are

specifically excluded from calculations of the Royalty pursuant to this Schedule "B" (it being the intent of the parties that the Payor will have the unrestricted right to market and sell Mineral Products to third parties in any manner it chooses and that the Payees will not have any right to participate in such marketing activities or to share in any profits or losses therefrom). All Hedging Transactions by the Payor and all profits or losses associated therewith, if any, will be solely for the Payor's account. The amount of Net Smelter Revenue derived from all Precious Metals subject to Hedging Transactions by the Payor will be determined pursuant to the provisions of this paragraph 7 and not paragraph 2. As to Precious Metals subject to Hedging Transactions by the Payor, Net Smelter Revenue will be determined without reference to Hedging Transactions and will be determined by using, for gold, the quarterly average price of gold, which will be calculated by dividing the sum of all London Bullion Market Association P.M. Gold Fix prices reported for the calendar quarter in question by the number of days for which such prices were quoted, and for silver, the quarterly average price of silver, which shall be calculated by dividing the sum of all New York Commodity Exchange ("COMEX") prices for silver quoted by and at the closing of COMEX reported for the calendar quarter in question by the number of days for which such prices were quoted, less, in each case, an amount reasonably equivalent to the deductions permitted by paragraph 3(c). Any Precious Metals subject to Hedging Transactions will be deemed to be sold, and revenues received therefrom, on the date of final settlement in which the amount of refined Precious Metals is allocated to the account of the Payor by a third party refinery, irrespective of such transactions. Furthermore, the Payor will have no obligation to fulfil, with Mineral Products, any futures contracts, forward sales, gold loans or other Hedging Transactions which the Payor or any of its associates or affiliates may hold.

8. The Payor may stockpile any Mineral Products at such place or places as the Payor may elect after first weighing and sampling in accordance with sound mining and metallurgical practices, either upon the Property or upon other properties. No Royalty will be payable in respect of such stockpiled Mineral Products unless and until Gross Revenue is received in respect of such Mineral Products. Any Mineral Products removed from the Property shall remain subject to this Agreement until Payor has paid the applicable Royalty to Payees therefor.
9. The Payor may commingle Mineral Products with ores, minerals or other products from other properties ("Other Ore"). Before commingling, the Payor will weigh and sample the Mineral Products and Other Ore for moisture and metal content in

accordance with sound mining and metallurgical practice and will assay the samples to determine metal content. The Payor will keep records including sample splits and pulps showing weights or volumes, moisture, percent metal content and gross metal content of the Mineral Products and Other Ore. The Royalty will be allocated between the Mineral Product and the Other Ore on the basis of gross metal content.

10. By notice given to the Payor on or before December 1 of any calendar year either or both Payees may elect to have all Royalties payable to it with respect to Precious Metals payable in the next succeeding calendar year, and each succeeding calendar year thereafter until notice is so given on or before the above date by such Payee that such Payee desires to terminate its election as provided herein, paid in kind by credit to the applicable Payee's metals account at the refiner or bullion dealer at which the Payor causes Precious Metals to be refined for its account. The election will be for an entire calendar year and will be irrevocable within that period. Before crediting the Royalty to the applicable Payee's metals account, the Payor will deduct the Payee's share of Permissible Deductions, determined by using the prices of Precious Metals used in determining Gross Revenue.

EXHIBIT "B"

NET SMELTER RETURNS

1. The royalty (the "Royalty") which is payable to each of JABA and Charlou (hereinafter collectively called the "Payees") by Excellon U.S. (hereinafter called the "Payor") will be ONE AND ONE-QUARTER (1-1/4%) PERCENT (subject to reduction pursuant to the Payor's right to purchase a portion of such Royalty) of the Net Smelter Revenue (as hereinafter defined) and will be calculated and paid to the Payees in accordance with the terms of this Exhibit "B".
2. The Net Smelter Revenue will be calculated on a calendar quarterly basis and will, subject to paragraph 7 hereof, be equal to Gross Revenue less Permissible Deductions for such quarter.
3. The following words will have the following meanings:
 - (a) "Gross Revenue" means the aggregate of the following amounts received in each quarterly period:
 - (i) the revenue received by the Payor from arm's length purchasers of all Mineral Products,
 - (ii) the Fair Market Value of all Mineral Products sold by the Payor in such ~~monthquarter~~ to persons not dealing at arm's length with the Payor, and
 - (iii) any proceeds of insurance on Mineral Products.
 - (b) "Mineral Products" means the end products derived from operating the Property as a mine including but not limited to all ~~ores~~, concentrates, metals, aggregates, sand, gravel, and industrial minerals, but for the purposes of calculating the Royalty does not include Mineral Products such as aggregates, sand or gravel, which are used by the Payor on the Property;
 - (c) "Permissible Deductions" means the aggregate of the following charges (to the extent that they are not deducted by any purchaser in computing payment) that are paid in each quarterly period:
 - (i) sales charges levied by any sales agent on the sale of Mineral Products,
 - (ii) any sales, severance, gross production, privilege or similar taxes assessed on or in connection with the Mineral Products or measured by the value thereof (but not including income taxes),

- (iii) any royalties or fees paid to the United States or any State in connection with Mineral Products,
- (iv) transportation costs for Mineral Products in their concentrated and/or saleable form from the Property to the place of beneficiation, processing or treatment and thence to the place of delivery of Mineral Products to a purchaser thereof, including shipping, freight, handling and forwarding expenses,
- (v) all costs, expenses and charges of any nature whatsoever which are either paid or incurred by the Payor in connection with refinement, smelting and/or beneficiation of Mineral Products after leaving the Property, including all weighing, sampling, assaying and representation costs, metal losses, any umpire charges, and any penalties charged by the processor, refinery or smelter, and
- (vi) all insurance costs on Mineral Products,

provided that where a cost or expense otherwise constituting a Permissible Deduction is incurred by the Payor in a transaction with a party with whom it is not dealing at arm's length (as that term is defined in the Income Tax Act (Canada)), such cost or expense may be deducted, but only as to the lesser of the actual cost incurred by the Payor or the fair market value thereof, calculated at the time of such transaction and under all the circumstances thereof;

- (d) "Precious Metals" means Mineral Products which are gold and silver;
- (e) "Property" means the unpatented mining claims more particularly set forth and described in Exhibit "A" to the within quitclaim deed; and
- (f) "Fair Market Value" means whenever Mineral Products are delivered for direct sale or future processing thereof to a processing or sales facility owned or controlled by Payor, an affiliate or an assign (other than a processing facility constructed on the Property), or which processes or sells such Mineral Products on a toll basis for the Payor, an affiliate, or assign, the Net Smelter Revenue from such sale shall be an amount not less than the amount which would have been realized by Payor if the sale had been at the best price obtainable from a

selection of the three (3) nearest independent purchasers of such product(s).

4. The Royalty will be calculated and paid within thirty (30) days after the end of each calendar quarter in which Gross Revenue is realized. At such time smelter settlement sheets, if any, and a statement setting forth calculations in sufficient detail to show the payment's derivation (the "Statement") must be submitted with the payment.
5. In the event that final amounts required for the calculation of the Royalty are not available within the time period referred to in paragraph 4 hereof, then provisional amounts will be estimated and the Royalty paid on the basis of this provisional calculation. Positive or negative adjustments will be made to the Royalty payment of the succeeding quarter.
6. All Royalty payments will be considered final and in full satisfaction of all obligations of the Payor with respect thereto, unless the Payees deliver to the Payor a written notice (the "Objection Notice") describing and setting forth a specific objection to the calculation thereof within six (6) months after receipt by the Payees of the Statement. If the Payees object to a particular Statement as herein provided, the Payees will, for a period of sixty (60) days after the Payor's receipt of such Objection Notice, have the right, upon reasonable notice and at a reasonable time, to have the Payor's accounts and records relating to the calculation of the Royalty in question audited by the auditors of one of the Payees. If such audit determines that there has been a deficiency or an excess in the payment made to the Payees, such deficiency or excess will be resolved by adjusting the next quarterly Royalty payment due hereunder. The Payees will jointly and severally pay all the costs and expenses of such audit unless a deficiency or excess of two and one-half (2-1/2%) percent or more of the amount due is determined to exist. The Payor will pay the costs and expenses of such audit if an excess or a deficiency of two and one-half (2-1/2%) percent or more of the amount due is determined to exist. All books and records used and kept by the Payor to calculate the Royalty due hereunder will be kept, at the option of the Payor, in accordance with either United States or Canadian generally accepted accounting principles. Failure on the part of the Payees to make claim against the Payor for adjustment in such six (6) month period by delivery of an Objection Notice will conclusively establish the correctness and sufficiency of the Statement and Royalty payments for such quarter.
7. All profits and losses resulting from the Payor engaging in any commodity futures trading, option trading, metals trading,

gold loans or any combination thereof, and any other hedging transactions with respect to Mineral Products which are Precious Metals (collectively, "Hedging Transactions") are specifically excluded from calculations of the Royalty pursuant to this Exhibit "B" (it being the intent of the parties that the Payor will have the unrestricted right to market and sell Mineral Products to third parties in any manner it chooses and that the Payees will not have any right to participate in such marketing activities or to share in any profits or losses therefrom). All Hedging Transactions by the Payor and all profits or losses associated therewith, if any, will be solely for the Payor's account. The amount of Net Smelter Revenue derived from all Precious Metals subject to Hedging Transactions by the Payor will be determined pursuant to the provisions of this paragraph 7 and not paragraph 2. As to Precious Metals subject to Hedging Transactions by the Payor, Net Smelter Revenue will be determined without reference to Hedging Transactions and will be determined by using, for gold, the quarterly average price of gold, which will be calculated by dividing the sum of all London Bullion Market Association P.M. Gold Fix prices reported for the calendar quarter in question by the number of days for which such prices were quoted, and for silver, the quarterly average price of silver, which shall be calculated by dividing the sum of all New York Commodity Exchange ("COMEX") prices for silver quoted by and at the closing of COMEX reported for the calendar quarter in question by the number of days for which such prices were quoted, less, in each case, an amount reasonably equivalent to the deductions permitted by paragraph 3(c). Any Precious Metals subject to Hedging Transactions will be deemed to be sold, and revenues received therefrom, on the date of final settlement in which the amount of refined Precious Metals is allocated to the account of the Payor by a third party refinery, irrespective of such transactions. Furthermore, the Payor will have no obligation to fulfil, with Mineral Products, any futures contracts, forward sales, gold loans or other Hedging Transactions which the Payor or any of its associates or affiliates may hold.

8. The Payor may stockpile any Mineral Products at such place or places as the Payor may elect after first weighing and sampling in accordance with sound mining and metallurgical practices, either upon the Property or upon other properties. No Royalty will be payable in respect of such stockpiled Mineral Products unless and until Gross Revenue is received in respect of such Mineral Products. Any Mineral Products removed from the Property shall remain subject to this Agreement until Payor has paid the applicable Royalty to Payees therefor.

9. The Payor may commingle Mineral Products with ores, minerals or other products from other properties ("Other Ore"). Before commingling, the Payor will weigh and sample the Mineral Products and Other Ore for moisture and metal content in accordance with sound mining and metallurgical practice and will assay the samples to determine metal content. The Payor will keep records including sample splits and pulps showing weights or volumes, moisture, percent metal content and gross metal content of the Mineral Products and Other Ore. The Royalty will be allocated between the Mineral Product and the Other Ore on the basis of gross metal content.

10. By notice given to the Payor on or before December 1 of any calendar year, either or both Payees may elect to have all Royalties payable to it with respect to Precious Metals payable in the next succeeding calendar year, and each succeeding calendar year thereafter until notice is so given on or before the above date by such Payee that such Payee desires to terminate its election as provided herein, paid in kind by credit to the applicable Payee's metals account at the refiner or bullion dealer at which the Payor causes Precious Metals to be refined for its account. The election will be for an entire calendar year and will be irrevocable within that period. Before crediting the Royalty to the applicable Payee's metals account, the Payor will deduct the Payee's share of Permissible Deductions, determined by using the prices of Precious Metals used in determining Gross Revenue.

Dear Sirs:

In connection with the acquisition by the undersigned of 47,575 common shares (the "Shares") without par value in the capital of Excellon Resources Inc. (the "Company"), a Canadian corporation, in exchange for certain unpatented mining claims pursuant to an agreement dated for reference February 24, 1993 (the "Agreement"), the undersigned represents and acknowledges as follows:

1. The Shares are not registered under the Securities Act of 1933 (the "Act") as the transaction in which they are being acquired is exempt under Section 4(2) of the Act as not involving any public offering. Reliance of the Company and others upon this exemption is predicated in part upon our representation (which we hereby confirm) that we are acquiring these securities for our own account with no present intention of selling or otherwise distributing the same to the public. We understand that in the view of the United States Securities and Exchange Commission (the "SEC") the statutory and administrative basis for exemption would not be present if, notwithstanding our representation, we have in mind merely acquiring these securities for sale upon the occurrence or non-occurrence of some predetermined event such as, for example, holding the securities for a market rise, or for sale if the market does not rise, or for a fixed or determinable period in the future.
2. The Shares must be held by the undersigned indefinitely unless they are subsequently registered under the Act or an exemption from registration is available. Any routine sales of these securities made in reliance upon the exemption afforded by Rule 144 of the SEC can be made only in limited amounts in accordance with the terms and conditions of that rule, and, in the event this rule is for some reason inapplicable, compliance with Regulations A or S of the SEC or some other disclosure exemption will be required.

MEMORANDUM OF ACQUISITION AGREEMENT

NOTICE IS HEREBY GIVEN that pursuant to that certain agreement entitled "Tombstone Property Acquisition Agreement (Block No. 4)" (the "Agreement") dated for reference and effective the 24th day of February, 1993 (the "effective date") by and among JABA, Inc., an Arizona corporation ("JABA"), Charlou Corporation, an Arizona Corporation ("CHARLOU") (JABA and CHARLOU being sometimes collectively hereinafter referred to as the "Vendors"), Excellon Resources U.S.A., Inc., an Arizona corporation ("Excellon U.S.") and Excellon Resources Inc., a British Columbia, Canada corporation ("Excellon"), Vendors agreed to sell, assign and transfer all of their rights in and to those certain unpatented lode mining claims situated in the Tombstone Mining District, Cochise County, State of Arizona and more particularly described on Schedule "A" attached hereto and by this reference made a part hereof (the "Property") and that by a quitclaim deed made the _____ day of _____, 1993 between Vendors and Excellon U.S., have granted, released and forever quitclaimed unto Excellon U.S. all of their right, title and interest in and to the Property, subject to reservation of a Royalty as hereinafter set forth.

This memorandum is executed for the purpose of affording notice of the existence of the Agreement and the terms and provisions thereof, which terms and provisions are incorporated herein by reference for all purposes. This memorandum is not intended to alter or vary the terms of the Agreement. All capitalized words in this memorandum have the same meaning as assigned to them in the Agreement. Some of the terms and provisions of the Agreement are hereby summarized as follows:

I. Pursuant to the Agreement, for TEN (\$10.00) DOLLARS and other valuable consideration, Vendors have sold, assigned and transferred to Excellon U.S. all of their right, title and interest in and to the Property subject to the reservation to each JABA and CHARLOU of a Royalty equal to one and one-quarter (1-1/4%) percent of Net Smelter Revenue from Mineral Products produced from the Property calculated and paid in accordance with Schedule "B" to the Agreement.

II. Excellon U.S. has, and each of JABA and CHARLOU has given and granted to Excellon U.S., the NSR Option to purchase from one or both JABA and CHARLOU, at any time within 21 years after February 24, 1993, all of its right, title and interest of each JABA and/or CHARLOU in and to two-fifths (2/5ths) of the one and one-fourth (1-1/4%) percent Royalty reserved by each JABA and CHARLOU for an adjusted total consideration as set forth in subsection 4.1 of the Agreement. The purchase price is subject to adjustment in accordance with changes in the Consumer Price Index published by the U.S. Bureau of Labor Statistics. Upon the exercise of the NSR Option, the Royalty reserved by and payable to either one or both JABA and CHARLOU will be reduced to three-quarters (3/4%) percent. Excellon U.S. may exercise the NSR Option with respect to one or both of JABA and CHARLOU (provided that the exercise by Excellon U.S. of the NSR Option in respect of either JABA or CHARLOU shall not obligate it to exercise the NSR Option in respect of the other).

III. If, at any time after [Closing Date], Excellon U.S. determines that it does not wish to retain any one or more of the parcels, tracts or claims comprising the Property, then Excellon U.S. may surrender or abandon such parcels, tracts or claims upon at least ninety (90) days prior notice to the Vendors. The Vendors, or either of them, will have fifteen (15) days after receipt of such notice to advise Excellon U.S. that they or it wishes to acquire one or more of such parcels, tracts or claims and, if the Vendors, or either of them, exercises such right, Excellon U.S. will deliver to the Vendors, or either of them, a duly executed quitclaim deed in recordable form quitclaiming in favour of the Vendors, divided as they may in writing direct, without any warranties as to title, all interest of Excellon U.S. in and to such parcels, tracts or claims. In the event of assignment of the Property in part or in its entirety to the Vendors, or either one of them as applicable, Excellon U.S. shall within ninety (90) days after assignment provide the Vendor, or either of them, at their cost, access to and copies of all available technical data and physical samples pertaining to the assigned parcels, claims or tracts.

IV. Excellon U.S. will have the right at any time after [Closing Date], 1993 (but not the obligation) to:

- A. amend or relocate any or all of the unpatented mining claims comprised in the Property, and to locate any fractions existing as of February 24, 1993 or resulting from the location, amendment or relocation of such unpatented mining claims; or
- B. where Excellon U.S. may be required, or finds it appropriate, to abandon certain rights in order to secure additional or ongoing rights to explore and mine the

Property pursuant to any new or amended laws of the United States and/or State of Arizona concerning the acquisition of maintenance of mineral rights on public domain of the United States, to do so.

V. Either Excellon or Excellon U.S. may assign any or all portion of their rights in and to the Property or the Agreement to any party without restriction, provided that no such assignment shall become effective until the transferee has agreed in writing with each of the Vendors to be bound by the provisions of the Agreement.

VI. Neither JABA or CHARLOU shall transfer, convey, assign, mortgage, charge or grant any option in respect of or grant a right to purchase or in any manner transfer or alienate any or all of its interest in the Agreement or the Royalty without the prior written consent of Excellon and Excellon U.S., which consent will not be unreasonably withheld, provided that no change or division in the ownership of or entitlement to the Royalty, however accomplished, shall enlarge the obligations or diminish the rights of either Excellon U.S. or Excellon under the Agreement. In no event will any change or division in the ownership of or entitlement to the Royalty be binding upon either Excellon or Excellon U.S. unless and until:

- A. any transferee or assignee has acknowledged in writing with Excellon U.S. that the interest in the Royalty acquired by them is subject to Excellon U.S.'s NSR Option to purchase a portion thereof; and
- B. thirty (30) days after JABA and/or CHARLOU has given Excellon U.S. a certified copy of the recorded instrument evidencing such change or division.

VII. A copy of the Agreement is on file with counsel for Excellon, whose address is:

W H E R E A S :

A. Charlou represents that it has, or its predecessors in title have, located, and that, subject to a lease and the First Addendum to Mineral Lease in favour of JABA, it is the sole legal and beneficial owner of and is in possession of certain unpatented mining claims situate in Tombstone Mining District, Cochise County, Arizona;

B. Charlou further represents that pursuant to the First Addendum to Mineral Lease with JABA that on the Closing Date of this Agreement, Charlou shall assign by Quitclaim Deed to JABA, an undivided one-half (1/2) interest in the afore referenced claims.

At that time, Charlou and JABA shall become equal and undivided co-owners of said claims.

C. Charlou and JABA have agreed to sell, assign and transfer all their respective rights in and to the Property to Excellon U.S., and Excellon U.S. has agreed to purchase the same, upon the terms and conditions hereinafter set forth; and

D. Excellon U.S. has agreed to issue shares of its capital stock to Excellon in consideration of Excellon issuing shares of its capital stock to the Vendors as hereinafter provided.

NOW THEREFORE THIS AGREEMENT WITNESSETH THAT for and in consideration of the sum of TEN (\$10.00) DOLLARS now paid by each of Excellon U.S. and Excellon to the Vendors (of which is hereby expressly acknowledged by Charlou and JABA) and of the promises and mutual covenants and agreements herein contained, the parties agree each with the other as follows:

1. INTERPRETATION

1.1 In this Agreement and in any Schedules or Exhibits hereto, the following words and phrases will have the following meanings:

- (a) "Closing Date" means the fifth business day after the day upon which Excellon has received written notification from the Exchange that the Exchange has accepted this Agreement for filing;
- (b) "Exchange" means the Vancouver Stock Exchange;
- (c) "Property" means the 76 unpatented mining claims more particularly set forth and described in Schedule "A", together with all rights held by the Vendors which are appurtenant or relate thereto, to the development thereof or to the operation of a mine thereon, including, without limitation, all water rights, and including all and any forms of after acquired, successor or substitute mineral tenure or rights to mine, extract or develop mines or minerals in respect of such claims;
- (d) "Royalty" means the percentage of net smelter returns payable to the Vendors pursuant to subsection 3.1 (subject to reduction under subsection 4.1), calculated and paid in accordance with Schedule "B" attached hereto; and

- (e) "Shares" means the common shares in the capital stock of Excellon to be allotted and issued to the Vendors pursuant to subsection 3.1; and
- (f) "1933 Act" means the United States Securities Act of 1933.

2. REPRESENTATIONS AND WARRANTIES

2.1 Excellon U.S. and Excellon each represent and warrant to the Vendors that:

- (a) it is a corporation duly organized and validly subsisting under the laws of its incorporating jurisdiction;
- (b) it has full power and authority to carry on its business and to enter into this Agreement and any agreement or instrument referred to or contemplated by this Agreement;
- (c) neither the execution and delivery of this Agreement, nor any of the agreements or instruments referred to herein or contemplated hereby, nor the consummation of the transactions hereby contemplated conflict with, result in the breach of or accelerate the performance required by, any agreement to which it is a party;
- (d) Excellon U.S. is an Arizona corporation which is a wholly owned subsidiary of Excellon;
- (e) it is not in default of any contract, lease, or other agreement to which it is a party;
- (f) it has disclosed to the Vendors all material information pertaining to its business and financial condition and to the transactions contemplated hereby.

2.2 Each of JABA and Charlou represents and warrants to each of Excellon U.S. and Excellon that:

- (a) it is a corporation duly organized and validly subsisting under the laws of Arizona, and has good right, full power and absolute authority to assign all right, title and interest which it has or may hereafter acquire in and to the Property in the manner set out in this Agreement;
- (b) neither the execution and delivery of this Agreement, nor any of the agreements or instruments referred to herein or contemplated hereby, nor the consummation of the transactions hereby contemplated, materially conflict with, result in a material breach of or accelerate the

- performance required by, any agreement to which it is a party;
- (c) the execution and delivery of this Agreement and the agreements or instruments contemplated hereby will not materially violate or result in a material breach of the laws of any jurisdiction applicable to or pertaining thereto;
 - (d) it has, prior to the execution of this Agreement, provided to Excellon U.S. and its representatives true and correct copies of all deeds, easements or other documents in its possession and to the best of its knowledge which bear upon the title of the Vendors to the Property (additional details of which are more fully described on Schedule A);
 - (e) it is not entering into this transaction as a result of any material changes with respect to the affairs of Excellon known to it (except for this transaction) which, to its knowledge, were not publicly disclosed as of the date hereof;
 - (f) in entering into this Agreement and selling the Property to Excellon U.S. in exchange for Shares, each of JABA and Charlou is acting as principal, and will be acquiring the Shares to be acquired by it as principal, for its own account and not on behalf of others and for the purpose of investment and not with the intention of effecting a distribution, and no other person, corporation, firm or other organization will have a beneficial interest in the Shares;
 - (g) it is a resident of Arizona for the purposes of all securities laws applicable to the transactions herein contemplated; and
 - (h) it is familiar with Excellon's business affairs as disclosed in publicly available information, and acknowledges that Excellon has made available to it and to the person acting as its Purchaser Representative (as such term is defined in the 1933 Act), all publicly available documents and records of Excellon in its possession, and has offered to it and its Purchaser Representative an opportunity to discuss this investment with Excellon and representatives of Excellon and to obtain any additional information necessary to verify the accuracy of any information furnished, provided that each of JABA and Charlou acknowledges that no information furnished by Excellon constitutes investment, accounting, legal or tax advice and that each of JABA and Charlou is

relying solely upon itself and its professional advisers for such advice.

2.3 The Vendors jointly and severally represent, but do not warrant, to each of Excellon U.S. and Excellon that:

(a) to the best of their knowledge and belief, with respect to the unpatented mining claims comprised in the Property and subject to the paramount title of the United States of America:

- (i) the claims are free and clear of all liens, charges and encumbrances,
- (ii) the claims have been properly laid out, monumented and posted, filings of location certificates have been properly and timely made in the real property records of Cochise County, Arizona, as well as in the Arizona State Office of the Bureau of Land Management pursuant to the Federal Land Policy and Management Act of 1976, 43 U.S.C. §1744(a), and in accordance with applicable laws, statutes and regulations of the State of Arizona,
- (iii) all required location and validation work has been properly performed on the claims,
- (iv) no other person, firm, corporation, partnership or other entity whatsoever claims any interest in the claims, and
- (v) to the extent required, all assessment work has been performed consistent with that required by law to maintain title to and possession of the claims, and all applicable filings, recordings and affidavits, including notices of intention to hold and proofs of labour, have been timely and properly recorded and filed with appropriate governmental agencies to maintain the claims in good standing under all applicable laws for each assessment year for which such recording and filing was required, to and including the assessment year ending September 1, 1992;

2.4 The representations and warranties hereinbefore set out are conditions on which the parties have relied in entering into this Agreement and such representations and warranties, together with the covenants of the parties contained in this Agreement, will

not merge but will survive the acquisition of any interest in the Property by Excellon U.S. and each party will indemnify and save the others harmless from all loss, damage, costs, actions and suits arising out of or in connection with any breach of any representation, warranty, covenant, agreement or condition made by them and contained in this Agreement.

2.5 Each of JABA and Charlou acknowledges that the Shares to be issued to it hereunder will not be registered under the 1933 Act as the transaction in which they are being acquired is exempt under section 4(2) of the 1933 Act as not involving any public offering, that the reliance of Excellon and others on this exemption is predicated in part upon its representations and warranties that it will be acquiring the Shares for its own account, with no present intention of selling or otherwise distributing the same to the public, and that the Shares are therefore subject to restrictions on transfer in the United States or to a U.S. person, unless subsequently registered under the 1933 Act or an exemption from registration is available.

2.6 Concurrently with the execution of this Agreement by the Vendors, each of JABA and Charlou will execute and deliver to Excellon an originally executed copy of the Investment Letter in the form attached hereto as Schedule "D".

3. PURCHASE AND SALE

3.1 The Vendors hereby agree to sell, assign and transfer to Excellon U.S., and Excellon U.S. agrees to purchase from the Vendors, all interest of the Vendors in and to the Property, subject to the payment to each of JABA and Charlou of a ONE AND ONE-QUARTER (1-1/4%) PERCENT Royalty, for and in consideration of the allotment and issuance by Excellon to each of JABA and Charlou of 47,575 Shares (95,150 Shares total).

3.2 On the Closing Date, and subject to the completion of the purchase and sale set forth in subsection 3.1, Excellon U.S. will allot and issue to Excellon common shares in its capital stock equal in value to the deemed value of the shares issued to the Vendors by Excellon.

3.3 Notwithstanding that each of JABA and Charlou retains a Royalty, the parties acknowledge that neither Excellon nor Excellon U.S. is under any obligation whatsoever to undertake any activities or perform any work on or with respect to the Property other than that required by law. The parties affirm that the expectation of the Vendors in entering into this Agreement is the belief that Excellon U.S. desires and intends to diligently proceed with the exploration on and, if warranted, development of the Property. However, no covenants or conditions relating to the exploration,

development, mining or related operations on or in connection with the Property, or the timing thereof, will exist or be implied. After commencing any exploration, development, mining or related operations on or in connection with the Property, Excellon and Excellon U.S. may in their sole discretion curtail or cease such operations.

3.4 Subject to the sale of the Property to Excellon U.S. and issuing of Shares, as contemplated herein, upon the Closing Date and thereafter, unless Excellon U.S. surrenders or abandons its rights to the Property as provided in section 16.1, Excellon U.S. shall be the party of record responsible for dismissing all obligations and fees required to keep the Property in active and valid tenure with the jurisdiction of paramount title thereto.

4. ACQUISITION OF ROYALTY INTEREST

4.1 For and in consideration of payment of the sum of One (U.S. \$1.00) Dollar in lawful currency of the United States by Excellon U.S. to each of JABA and Charlou on the execution of this Agreement, Excellon U.S. will have, and each of JABA and Charlou hereby gives and grants to Excellon U.S., an option (the "NSR Option") to purchase from it, at any time within twenty-one (21) years after the date of execution of this Agreement, all of its right, title and interest in and to two-fifths (2/5) of the one and one-quarter (1-1/4%) percent Royalty held by it pursuant to subsection 3.1, for an adjusted total consideration, as provided hereinbelow, of One Hundred and Twenty-Five Thousand (\$125,000) Dollars in lawful money of the United States (the "NSR Option Price"). Excellon U.S. may exercise the NSR Option with respect to one or both of JABA and Charlou (provided that exercise by Excellon U.S. of the NSR Option in respect of either JABA or Charlou shall not obligate it to exercise the NSR Option in respect of the other) at any time by delivering written notice to that effect to JABA and/or Charlou, as applicable, accompanied by cash or a certified cheque or bank draft in payment of the NSR Option Price. Forthwith after receipt of such notice and cash, certified cheque or bank draft, JABA and/or Charlou, as applicable, will do or cause to be done all such acts, execute and deliver all such instruments, deeds or agreements, and give all such further assurances as may be reasonably necessary or desirable to give effect to the exercise of the NSR Option and to carry out the transfer to Excellon U.S. of all of its right, title and interest in and to two-fifths (2/5) of such Royalty. From and after the exercise of the NSR Option, the Royalty payable to a Vendor pursuant to subsection 3.1 in respect of which the NSR Option has been exercised will be equal to three-quarters (3/4%) percent, and Excellon U.S. will thereafter pay such reduced Royalty. Commencing sixty (60) months from the effective date of this Agreement and continuing thereafter for so long as the NSR Option is in effect, the NSR Option Price shall be adjusted

upward to its equivalent dollar value by multiplying the initial NSR Option Price of One Hundred and Twenty Five Thousand (\$125,000) Dollars by a percentage equal to one hundred (100) plus the percentage difference shown by the Consumer Price Index published by the U.S. Bureau of Labor Statistics from the effective date of this Agreement to the date of the end of the last calendar month before the NSR Option is exercised. Nothing in this paragraph or Agreement shall be interpreted to preclude either JABA or Charlou from transferring its interest in or right to assign the Royalty, provided such transfer or assignment is subject to the NSR Option.

5. DELIVERIES AT OR FOLLOWING CLOSING

5.1 On the Closing Date, the Vendors will deliver to Excellon U.S. a duly executed and recordable quitclaim deed in the form attached hereto as Schedule "C" and JABA will deliver to Charlou and Excellon U.S. a surrender of lease in the form attached as Schedule "E".

5.2 On the Closing Date, Excellon will deliver to each of JABA and Charlou share certificates representing an aggregate of 47,575 Shares (95,150 shares total).

5.3 Within sixty (60) days after the Closing Date, the Vendors will deliver all data in their possession with respect to the Property including, without limitation, all files, records, reports, maps, plans, drill logs, assays, sample pulps and drill cores, provided that it is understood and agreed that the Vendors may make and retain, for their own use, copies of all such data as either may deem necessary or desirable.

6. TAXES AND CONVEYANCES FEES AND EXPENSES

6.1 Excellon U.S. will pay and be responsible for the preparation of all and any conveyances, assignments, bills of sale and transfer documents and the payment of all federal, state and local transfer, sales or use taxes and fees which may be or become payable as a result of or in connection with the sale of the Property hereunder.

6.2 Subject to subsection 6.1, each party will bear its own costs and pay all its expenses (including legal, accounting and other professional fees) in connection with the negotiation and execution of this Agreement, the performance of its obligations hereunder, and the consummation of the transactions contemplated hereby.

7. ACCEPTANCE FOR FILING BY VANCOUVER STOCK EXCHANGE

7.1 This Agreement is subject to the acceptance for filing hereof on behalf of Excellon by the Exchange. Forthwith after the execution of this Agreement by all parties, Excellon will submit this Agreement to the Exchange and request acceptance for filing, and will diligently thereafter pursue such acceptance. If such acceptance for filing has not been received by Excellon on or before April 15, 1993, Excellon may at its option and upon not less than fifteen (15) days notice to the Vendors, terminate this Agreement and all of its obligations hereunder. In such case, Excellon shall direct Excellon U.S. and Excellon U.S. shall comply in providing the Vendors with a release to all Property covered by this Agreement upon or before the date of termination. Thereafter neither Excellon nor Excellon U.S. will have an interest, either in whole or in part, direct or indirect, in the Property.

8. COVENANTS OF THE VENDORS

8.1 During the currency of this Agreement, each of JABA and Charlou will:

- (a) not do any act or thing which would or might in any way adversely affect the rights of Excellon U.S. hereunder;
- (b) promptly provide Excellon U.S. with any and all notices and correspondence from government agencies in respect to the Property; and
- (c) at the request of Excellon U.S., co-operate, at JABA consulting rates as to services provided by JABA only, with Excellon U.S. as necessary to permit Excellon U.S. to obtain patents to such of the unpatented mining claims comprised in the Property as it may desire.

8.2 JABA and Charlou, jointly and severally, warrant and will defend title to the Property and the ground covered thereby against all persons claiming by, through or under either of them.

9. RECORDATION OF AGREEMENT

9.1 Any of JABA, Charlou or Excellon U.S. will, at its expense, have the right at any time to record a short form memorandum with respect to this Agreement in the real property records of Cochise County, Arizona, and each party agrees to execute and deliver a short form memorandum satisfactory to the others in a form appropriate for recordation, if so requested.

10. APPLICABLE LAWS

10.1 This Agreement will be governed by and interpreted in accordance with the laws of the State of Arizona. The courts of the County of Cochise will have exclusive jurisdiction in respect of any matters arising therefrom and the parties hereby irrevocably attorn to such jurisdiction. The venue for all such proceedings will be the County of Cochise.

11. FURTHER ASSURANCES

11.1 The parties agree to execute all such further documents, instruments or deeds, give all such further assurances and do or cause to be done all such acts and things necessary, both before and after the Closing Date, to implement and carry into effect this Agreement to the full extent contemplated herein.

11.2 In so much that Excellon U.S. is a fully owned subsidiary of Excellon, Excellon, under the fullest extent of the law shall use its best efforts to cause, direct, and provide means for Excellon U.S. to comply with, abide by, and conform with the terms, conditions and obligations undertaken herein by Excellon U.S. as they relate to the Vendors.

13. DEFAULT

13.1 If any party (a "Defaulting Party") is in default of any requirement set forth in this Agreement, the party affected by such default ("Affected Party") will give written notice to the Defaulting Party specifying the default and the Defaulting Party will not lose any rights under this Agreement unless within thirty

(30) days after the giving of a notice of default by the Affected Party the Defaulting Party has not cured the default by the appropriate performance, unless such default is of such a nature as cannot be cured within such thirty (30) day period and the Defaulting Party commences within such thirty (30) day period to remedy such default and thereafter continues to diligently use its best efforts to remedy such default. If the default is not cured as aforesaid, the Affected Party will be entitled to seek any remedy it may have on account of such default, including specific performance or other equitable remedy, damages or termination of this Agreement.

14. SUCCESSORS AND ASSIGNS

14.1 This Agreement will enure to the benefit of and be binding upon the parties hereto and their respective successors and permitted assigns.

14.2 Either Excellon or Excellon U.S. may assign all or any portion of their rights in and to the Property or this Agreement to any party without restriction, provided that no such assignment shall become effective until the transferee has agreed in writing with the Vendors to be bound by the provisions of this Agreement.

14.3 From and after the date hereof (with exception as provided by the assignment rights granted JABA by Charlou under their First Addendum to Mineral Lease) and until the Closing Date, neither JABA nor Charlou will transfer, convey, assign, mortgage, charge or grant any option in respect of or grant a right to purchase or in any manner transfer or alienate all or any part of its interest in and to the Property or this Agreement. After the Closing Date, neither JABA nor Charlou will transfer, convey, assign, mortgage, charge or grant any option in respect of or grant a right to purchase or in any manner transfer or alienate all or any of its interest in this Agreement or the Royalty without the prior written consent of Excellon and Excellon U.S., which consent will not be unreasonably withheld.

14.4 No change or division in the ownership of or entitlement to the Royalty pursuant to subsection 14.3, however accomplished, shall enlarge the obligations or diminish the rights of either Excellon U.S. or Excellon hereunder. Each of JABA and Charlou covenants that, subject to subsection 14.3, any change in its ownership of or entitlement to the Royalty shall only be effected in such a manner that neither Excellon nor Excellon U.S. shall be required to make payments, provide information or give notices to more than two persons, firms, corporations or other entities, and upon breach of this covenant, Excellon U.S. or Excellon, as the case may be, may retain all moneys otherwise due pursuant to the Royalty held by JABA or Charlou, as applicable, until such breach

has been cured. In no event will any change or division in the ownership of or entitlement to the Royalty be binding on either Excellon or Excellon U.S. unless and until:

- (a) any transferee or assignee has acknowledged in writing with Excellon U.S. that the interest in the Royalty acquired by them is subject to the NSR Option; and
- (b) thirty (30) days after JABA or Charlou, as applicable, has given Excellon U.S. a certified copy of the recorded instrument evidencing such change or division.

15. ENTIRE AGREEMENT

15.1 This Agreement constitutes the entire agreement between the parties hereto and replaces and supersedes all prior agreements, memoranda, correspondence, communications, negotiations, warranties and representations, whether verbal or written, expressed or implied, statutory or otherwise, between the parties, or between a party and James A. Briscoe, with respect to the subject matter herein.

16. SURRENDER OR ABANDONMENT OF PROPERTY

16.1 If, at any time after the Closing Date, Excellon U.S. determines that, for any reason, it does not wish to retain any one or more of the parcels, tracts or claims comprising the Property, then Excellon U.S. may surrender or abandon such parcels, tracts or claims. If at any time Excellon U.S. proposes to so surrender or abandon any parcels, tracts or claims, it will deliver a notice in writing to the Vendors specifying its intention to do so at least ninety (90) days prior to the proposed surrender or abandonment, which notice will list the proposed parcels, tracts or claims to be surrendered or abandoned. If, within fifteen (15) days of receipt of such notice, the Vendors, or either of them, advise Excellon U.S. that they or it wish to acquire one or more of such parcels, tracts or claims to be surrendered or abandoned, Excellon U.S. will deliver to the Vendors or either of them, as applicable, a duly executed quitclaim deed in recordable form quitclaiming in favour of the Vendors, or either of them, as applicable, without any warranties as to title, all interest of Excellon U.S. in and to such parcels, tracts or claims divided between the Vendors as they may in writing direct. Effective upon the delivery of such quitclaim deed or, if neither JABA nor Charlou elects to acquire the surrendered or abandoned parcels, tracts or claims, upon such surrender or abandonment, neither Excellon or Excellon U.S. will thereafter have any further obligation to the Vendors with respect to any such parcels, tracts or claims including, without limitation, any obligation to pay any Royalty in respect thereof.

16.2 Notwithstanding subsection 16.1, Excellon U.S. will have the right at any time after the Closing Date (but not the obligation) to:

- (a) amend or relocate any or all of the unpatented mining claims comprised in the Property, and to locate any fractions existing on the date of this Agreement or resulting from the location, amendment or relocation of such unpatented mining claims; or
- (b) where Excellon U.S. may be required, or finds it appropriate, to abandon certain rights in order to secure additional or ongoing rights to explore and mine the Property pursuant to any new or amended laws of the United States and/or State of Arizona concerning the acquisition and maintenance of mineral rights on the public domain of the United States, to do so.

16.3 JABA may, but is under no obligation to, prepare and publish professional papers and articles on or concerning the Property including, but not limited to, such matters as exploration philosophy, methodology, and models of the genesis of potential ore deposition. Any such papers or articles shall be first open to inspection by Excellon and Excellon U.S. for written approval, such written approval not to be unreasonably denied. For greater certainty, it is confirmed that no interest in the Property is retained by JABA by virtue of this subsection 16.3, and that nothing herein shall preclude Excellon or Excellon U.S. from preparing or publishing any information with respect to the Property without notice to the Vendors. However, where deemed professionally appropriate by Excellon and Excellon U.S., credit shall be given to the Vendors.

16.4 In the event of assignment to the Vendors, or either of them, of the Property in part or in its entirety pursuant to subsection 16.1, Excellon U.S. shall, within ninety (90) days after such assignment, at the Vendors' cost, make available to the Vendors at the place of storage all available drill chip, core and sample rejects, and deliver to the Vendors copies of all maps, drill logs, assay results and other technical data compiled by Excellon U.S., pertaining to that portion of the Property assigned. Neither Excellon nor Excellon U.S. shall in any event be liable for the accuracy or comprehensiveness of any data furnished to the Vendors.

17. ACCESS

17.1 The Vendors and their respective employees, on reasonable notice to Excellon U.S., may have access to the Property in order to examine same, provided that:

- (a) neither the Vendors nor their respective employees shall interfere with or obstruct the operations of Excellon U.S., its employees or agents on the Property;
- (b) the Vendors and their respective employees shall enter on the Property at their own risk and expense; and
- (c) each of the Vendors and their respective employees shall, jointly and severally, defend, indemnify and save each of Excellon U.S., Excellon and their respective directors, officers, employees and representatives harmless from and against all and any loss or damage of any kind or nature whatsoever in any way referable to the entry, presence or activities of the Vendors or their respective employees on the Property, including, without limitation, bodily injuries or death or damage to property at any time resulting therefrom.

17.2 All information, of whatever kind or nature, obtained by the Vendors or their respective employees as a result of the exercise of the right of access contained in subsection 17.1 shall be kept confidential by each of the Vendors and their respective employees and shall not be disclosed to any third party or to the public without the prior written consent of Excellon U.S. except with respect to disclosure of such information:

- (a) to the Vendors' professional advisers who require such information in order to advise the Vendors, and who are bound by law to keep such information confidential; or
- (b) as and to the extent required by law.

18. TAXES AND ASSESSMENTS.

18.1 Following the Closing Date, Excellon U.S., subject to, and until it exercises its rights under, section 16, and subject to its rights to dispute the requirement for or amount or legitimacy of any obligations or amounts due, shall or shall cause to be made, paid or performed:

- (a) all applicable assessment work or work requirements on unpatented mining claims;

SCHEDULE "B"

NET SMELTER RETURNS

1. The Royalty which is payable to each of JABA and Charlou (hereinafter collectively called the "Payees") by Excellon U.S. (hereinafter called the "Payor") pursuant to subsection 3.1 of the Agreement will be the applicable percentage (subject to reduction pursuant to subsection 4.1 of the Agreement) of the Net Smelter Revenue (as hereinafter defined) and will be calculated and paid to the Payees in accordance with the terms of this Schedule "B". Terms having defined meanings in this Agreement and used herein will have the same meanings in this Schedule as assigned to them in the Agreement unless otherwise specified or the context otherwise requires.
2. The Net Smelter Revenue will be calculated on a calendar quarterly basis and will, subject to paragraph 7 hereof, be equal to Gross Revenue less Permissible Deductions for such quarter.
3. The following words will have the following meanings:
 - (a) "Gross Revenue" means the aggregate of the following amounts received in each quarterly period:
 - (i) the revenue received by the Payor from arm's length purchasers of all Mineral Products,
 - (ii) the Fair Market Value of all Mineral Products sold by the Payor in such quarter to persons not dealing at arm's length with the Payor, and
 - (iii) any proceeds of insurance on Mineral Products.
 - (b) "Mineral Products" means the end products derived from operating the Property as a mine including but not limited to all ores, concentrates, metals, aggregates, sand, gravel, and industrial minerals, but for the purposes of calculating the Royalty does not include Mineral Products such as aggregates, sand or gravel, which are used by the Payor on the Property;
 - (c) "Permissible Deductions" means the aggregate of the following charges (to the extent that they are not deducted by any purchaser in computing payment) that are paid in each quarterly period:
 - (i) sales charges levied by any sales agent on the sale of Mineral Products,
 - (ii) any sales, severance, gross production, privilege or similar taxes assessed on or in connection

with the Mineral Products or measured by the value thereof (but not including income taxes),

- (iii) any royalties or fees paid to the United States or any State in connection with Mineral Products,
- (iv) transportation costs for Mineral Products in their concentrated and/or saleable form from the Property to the place of beneficiation, processing or treatment and thence to the place of delivery of Mineral Products to a purchaser thereof, including shipping, freight, handling and forwarding expenses,
- (v) all costs, expenses and charges of any nature whatsoever which are either paid or incurred by the Payor in connection with refinement, smelting and/or beneficiation of Mineral Products after leaving the Property, including all weighing, sampling, assaying and representation costs, metal losses, any umpire charges, and any penalties charged by the processor, refinery or smelter, and
- (vi) all insurance costs on Mineral Products,

provided that where a cost or expense otherwise constituting a Permissible Deduction is incurred by the Payor in a transaction with a party with whom it is not dealing at arm's length (as that term is defined in the Income Tax Act (Canada)), such cost or expense may be deducted, but only as to the lesser of the actual cost incurred by the Payor or the Fair Market Value thereof, calculated at the time of such transaction and under all the circumstances thereof;

- (d) "Precious Metals" means Mineral Products which are gold and silver; and
- (e) "Fair Market Value" means whenever Mineral Products are delivered for direct sale or future processing thereof to a processing or sales facility owned or controlled by Payor, an affiliate or an assign (other than a processing facility constructed on the Property), or which processes or sells such Mineral Products on a toll basis for the Payor, an affiliate, or assign, the Net Smelter Revenue from such sale shall be an amount not less than the amount which would have been realized by Payor if the sale had been at the best price obtainable from a selection of the three (3) nearest independent purchasers of such product(s).

4. The Royalty will be calculated and paid within thirty (30) days after the end of each calendar quarter in which Gross Revenue is realized. At such time smelter settlement sheets, if any, and a statement setting forth calculations in sufficient detail to show the payment's derivation (the "Statement") must be submitted with the payment.
5. In the event that final amounts required for the calculation of the Royalty are not available within the time period referred to in paragraph 4 hereof, then provisional amounts will be estimated and the Royalty paid on the basis of this provisional calculation. Positive or negative adjustments will be made to the Royalty payment of the succeeding quarter.
6. All Royalty payments will be considered final and in full satisfaction of all obligations of the Payor with respect thereto, unless the Payees deliver to the Payor a written notice (the "Objection Notice") describing and setting forth a specific objection to the calculation thereof within six (6) months after receipt by the Payees of the Statement. If the Payees object to a particular Statement as herein provided, the Payees will, for a period of sixty (60) days after the Payor's receipt of such Objection Notice, have the right, upon reasonable notice and at a reasonable time, to have the Payor's accounts and records relating to the calculation of the Royalty in question audited by the auditors of one of the Payees. If such audit determines that there has been a deficiency or an excess in the payment made to the Payees, such deficiency or excess will be resolved by adjusting the next quarterly Royalty payment due hereunder. The Payees will jointly and severally pay all the costs and expenses of such audit unless a deficiency or excess of two and one-half (2-1/2%) percent or more of the amount due is determined to exist. The Payor will pay the costs and expenses of such audit if an excess or a deficiency of two and one-half (2-1/2%) percent or more of the amount due is determined to exist. All books and records used and kept by the Payor to calculate the Royalty due hereunder will be kept, at the option of the Payor, in accordance with either United States or Canadian generally accepted accounting principles. Failure on the part of the Payees to make claim against the Payor for adjustment in such six (6) month period by delivery of an Objection Notice will conclusively establish the correctness and sufficiency of the Statement and Royalty payments for such quarter.
7. All profits and losses resulting from the Payor engaging in any commodity futures trading, option trading, metals trading, gold loans or any combination thereof, and any other hedging transactions with respect to Mineral Products which are Precious Metals (collectively, "Hedging Transactions") are

specifically excluded from calculations of the Royalty pursuant to this Schedule "B" (it being the intent of the parties that the Payor will have the unrestricted right to market and sell Mineral Products to third parties in any manner it chooses and that the Payees will not have any right to participate in such marketing activities or to share in any profits or losses therefrom). All Hedging Transactions by the Payor and all profits or losses associated therewith, if any, will be solely for the Payor's account. The amount of Net Smelter Revenue derived from all Precious Metals subject to Hedging Transactions by the Payor will be determined pursuant to the provisions of this paragraph 7 and not paragraph 2. As to Precious Metals subject to Hedging Transactions by the Payor, Net Smelter Revenue will be determined without reference to Hedging Transactions and will be determined by using, for gold, the quarterly average price of gold, which will be calculated by dividing the sum of all London Bullion Market Association P.M. Gold Fix prices reported for the calendar quarter in question by the number of days for which such prices were quoted, and for silver, the quarterly average price of silver, which shall be calculated by dividing the sum of all New York Commodity Exchange ("COMEX") prices for silver quoted by and at the closing of COMEX reported for the calendar quarter in question by the number of days for which such prices were quoted, less, in each case, an amount reasonably equivalent to the deductions permitted by paragraph 3(c). Any Precious Metals subject to Hedging Transactions will be deemed to be sold, and revenues received therefrom, on the date of final settlement in which the amount of refined Precious Metals is allocated to the account of the Payor by a third party refinery, irrespective of such transactions. Furthermore, the Payor will have no obligation to fulfil, with Mineral Products, any futures contracts, forward sales, gold loans or other Hedging Transactions which the Payor or any of its associates or affiliates may hold.

8. The Payor may stockpile any Mineral Products at such place or places as the Payor may elect after first weighing and sampling in accordance with sound mining and metallurgical practices, either upon the Property or upon other properties. No Royalty will be payable in respect of such stockpiled Mineral Products unless and until Gross Revenue is received in respect of such Mineral Products. Any Mineral Products removed from the Property shall remain subject to this Agreement until Payor has paid the applicable Royalty to Payees therefor.
9. The Payor may commingle Mineral Products with ores, minerals or other products from other properties ("Other Ore"). Before commingling, the Payor will weigh and sample the Mineral Products and Other Ore for moisture and metal content in

accordance with sound mining and metallurgical practice and will assay the samples to determine metal content. The Payor will keep records including sample splits and pulps showing weights or volumes, moisture, percent metal content and gross metal content of the Mineral Products and Other Ore. The Royalty will be allocated between the Mineral Product and the Other Ore on the basis of gross metal content.

10. By notice given to the Payor on or before December 1 of any calendar year, either or both Payees may elect to have all Royalties payable to it with respect to Precious Metals payable in the next succeeding calendar year, and each succeeding calendar year thereafter until notice is so given on or before the above date by such Payee that such Payee desires to terminate its election as provided herein, paid in kind by credit to the applicable Payee's metals account at the refiner or bullion dealer at which the Payor causes Precious Metals to be refined for its account. The election will be for an entire calendar year and will be irrevocable within that period. Before crediting the Royalty to the applicable Payee's metals account, the Payor will deduct the Payee's share of Permissible Deductions, determined by using the prices of Precious Metals used in determining Gross Revenue.

EXHIBIT "B"

NET SMELTER RETURNS

1. The royalty (the "Royalty") which is payable to each of JABA and Charlou (hereinafter collectively called the "Payees") by Excellon U.S. (hereinafter called the "Payor") will be ONE AND ONE-QUARTER (1-1/4%) PERCENT (subject to reduction pursuant to the Payor's right to purchase a portion of such Royalty) of the Net Smelter Revenue (as hereinafter defined) and will be calculated and paid to the Payees in accordance with the terms of this Exhibit "B".
2. The Net Smelter Revenue will be calculated on a calendar quarterly basis and will, subject to paragraph 7 hereof, be equal to Gross Revenue less Permissible Deductions for such quarter.
3. The following words will have the following meanings:
 - (a) "Gross Revenue" means the aggregate of the following amounts received in each quarterly period:
 - (i) the revenue received by the Payor from arm's length purchasers of all Mineral Products,
 - (ii) the Fair Market Value of all Mineral Products sold by the Payor in such quarter to persons not dealing at arm's length with the Payor, and
 - (iii) any proceeds of insurance on Mineral Products.
 - (b) "Mineral Products" means the end products derived from operating the Property as a mine including but not limited to all ores, concentrates, metals, aggregates, sand, gravel, and industrial minerals, but for the purposes of calculating the Royalty does not include Mineral Products such as aggregates, sand or gravel, which are used by the Payor on the Property;
 - (c) "Permissible Deductions" means the aggregate of the following charges (to the extent that they are not deducted by any purchaser in computing payment) that are paid in each quarterly period:
 - (i) sales charges levied by any sales agent on the sale of Mineral Products,
 - (ii) any sales, severance, gross production, privilege or similar taxes assessed on or in connection with the Mineral Products or measured by the value thereof (but not including income taxes),

- (iii) any royalties or fees paid to the United States or any State in connection with Mineral Products,
- (iv) transportation costs for Mineral Products in their concentrated and/or saleable form from the Property to the place of beneficiation, processing or treatment and thence to the place of delivery of Mineral Products to a purchaser thereof, including shipping, freight, handling and forwarding expenses,
- (v) all costs, expenses and charges of any nature whatsoever which are either paid or incurred by the Payor in connection with refinement, smelting and/or beneficiation of Mineral Products after leaving the Property, including all weighing, sampling, assaying and representation costs, metal losses, any umpire charges, and any penalties charged by the processor, refinery or smelter, and
- (vi) all insurance costs on Mineral Products,

provided that where a cost or expense otherwise constituting a Permissible Deduction is incurred by the Payor in a transaction with a party with whom it is not dealing at arm's length (as that term is defined in the Income Tax Act (Canada)), such cost or expense may be deducted, but only as to the lesser of the actual cost incurred by the Payor or the Fair Market Value thereof, calculated at the time of such transaction and under all the circumstances thereof;

- (d) "Precious Metals" means Mineral Products which are gold and silver;
- (e) "Property" means the unpatented mining claims more particularly set forth and described in Exhibit "A" to the within quitclaim deed; and
- (f) "Fair Market Value" means whenever Mineral Products are delivered for direct sale or future processing thereof to a processing or sales facility owned or controlled by Payor, an affiliate or an assign (other than a processing facility constructed on the Property), or which processes or sells such Mineral Products on a toll basis for the Payor, an affiliate, or assign, the Net Smelter Revenue from such sale shall be an amount not less than the amount which would have been realized by Payor if the sale had been at the best price obtainable from a

selection of the three (3) nearest independent purchasers of such product(s).

4. The Royalty will be calculated and paid within thirty (30) days after the end of each calendar quarter in which Gross Revenue is realized. At such time smelter settlement sheets, if any, and a statement setting forth calculations in sufficient detail to show the payment's derivation (the "Statement") must be submitted with the payment.
5. In the event that final amounts required for the calculation of the Royalty are not available within the time period referred to in paragraph 4 hereof, then provisional amounts will be estimated and the Royalty paid on the basis of this provisional calculation. Positive or negative adjustments will be made to the Royalty payment of the succeeding quarter.
6. All Royalty payments will be considered final and in full satisfaction of all obligations of the Payor with respect thereto, unless the Payees deliver to the Payor a written notice (the "Objection Notice") describing and setting forth a specific objection to the calculation thereof within six (6) months after receipt by the Payees of the Statement. If the Payees object to a particular Statement as herein provided, the Payees will, for a period of sixty (60) days after the Payor's receipt of such Objection Notice, have the right, upon reasonable notice and at a reasonable time, to have the Payor's accounts and records relating to the calculation of the Royalty in question audited by the auditors of one of the Payees. If such audit determines that there has been a deficiency or an excess in the payment made to the Payees, such deficiency or excess will be resolved by adjusting the next quarterly Royalty payment due hereunder. The Payees will jointly and severally pay all the costs and expenses of such audit unless a deficiency or excess of two and one-half (2-1/2%) percent or more of the amount due is determined to exist. The Payor will pay the costs and expenses of such audit if an excess or a deficiency of two and one-half (2-1/2%) percent or more of the amount due is determined to exist. All books and records used and kept by the Payor to calculate the Royalty due hereunder will be kept, at the option of the Payor, in accordance with either United States or Canadian generally accepted accounting principles. Failure on the part of the Payees to make claim against the Payor for adjustment in such six (6) month period by delivery of an Objection Notice will conclusively establish the correctness and sufficiency of the Statement and Royalty payments for such quarter.
7. All profits and losses resulting from the Payor engaging in any commodity futures trading, option trading, metals trading,

gold loans or any combination thereof, and any other hedging transactions with respect to Mineral Products which are Precious Metals (collectively, "Hedging Transactions") are specifically excluded from calculations of the Royalty pursuant to this Exhibit "B" (it being the intent of the parties that the Payor will have the unrestricted right to market and sell Mineral Products to third parties in any manner it chooses and that the Payees will not have any right to participate in such marketing activities or to share in any profits or losses therefrom). All Hedging Transactions by the Payor and all profits or losses associated therewith, if any, will be solely for the Payor's account. The amount of Net Smelter Revenue derived from all Precious Metals subject to Hedging Transactions by the Payor will be determined pursuant to the provisions of this paragraph 7 and not paragraph 2. As to Precious Metals subject to Hedging Transactions by the Payor, Net Smelter Revenue will be determined without reference to Hedging Transactions and will be determined by using, for gold, the quarterly average price of gold, which will be calculated by dividing the sum of all London Bullion Market Association P.M. Gold Fix prices reported for the calendar quarter in question by the number of days for which such prices were quoted, and for silver, the quarterly average price of silver, which shall be calculated by dividing the sum of all New York Commodity Exchange ("COMEX") prices for silver quoted by and at the closing of COMEX reported for the calendar quarter in question by the number of days for which such prices were quoted, less, in each case, an amount reasonably equivalent to the deductions permitted by paragraph 3(c). Any Precious Metals subject to Hedging Transactions will be deemed to be sold, and revenues received therefrom, on the date of final settlement in which the amount of refined Precious Metals is allocated to the account of the Payor by a third party refinery, irrespective of such transactions. Furthermore, the Payor will have no obligation to fulfil, with Mineral Products, any futures contracts, forward sales, gold loans or other Hedging Transactions which the Payor or any of its associates or affiliates may hold.

8. The Payor may stockpile any Mineral Products at such place or places as the Payor may elect after first weighing and sampling in accordance with sound mining and metallurgical practices, either upon the Property or upon other properties. No Royalty will be payable in respect of such stockpiled Mineral Products unless and until Gross Revenue is received in respect of such Mineral Products. Any Mineral Products removed from the Property shall remain subject to this Agreement until Payor has paid the applicable Royalty to Payees therefor.

9. The Payor may commingle Mineral Products with ores, minerals or other products from other properties ("Other Ore"). Before commingling, the Payor will weigh and sample the Mineral Products and Other Ore for moisture and metal content in accordance with sound mining and metallurgical practice and will assay the samples to determine metal content. The Payor will keep records including sample splits and pulps showing weights or volumes, moisture, percent metal content and gross metal content of the Mineral Products and Other Ore. The Royalty will be allocated between the Mineral Product and the Other Ore on the basis of gross metal content.

10. By notice given to the Payor on or before December 1 of any calendar year, either or both Payees may elect to have all Royalties payable to it with respect to Precious Metals payable in the next succeeding calendar year, and each succeeding calendar year thereafter until notice is so given on or before the above date by such Payee that such Payee desires to terminate its election as provided herein, paid in kind by credit to the applicable Payee's metals account at the refiner or bullion dealer at which the Payor causes Precious Metals to be refined for its account. The election will be for an entire calendar year and will be irrevocable within that period. Before crediting the Royalty to the applicable Payee's metals account, the Payor will deduct the Payee's share of Permissible Deductions, determined by using the prices of Precious Metals used in determining Gross Revenue.

Attention: Mr. A. Douglas MacKenzie

Dear Sirs:

In connection with the acquisition by the undersigned of 47,575 common shares (the "Shares") without par value in the capital of Excellon Resources Inc. (the "Company"), a Canadian corporation, in exchange for certain unpatented mining claims pursuant to an agreement dated for reference February 24, 1993 (the "Agreement"), the undersigned represents and acknowledges as follows:

1. The Shares are not registered under the Securities Act of 1933 (the "Act") as the transaction in which they are being acquired is exempt under Section 4(2) of the Act as not involving any public offering. Reliance of the Company and others upon this exemption is predicated in part upon our representation (which we hereby confirm) that we are acquiring these securities for our own account with no present intention of selling or otherwise distributing the same to the public. We understand that in the view of the United States Securities and Exchange Commission (the "SEC") the statutory and administrative basis for exemption would not be present if, notwithstanding our representation, we have in mind merely acquiring these securities for sale upon the occurrence or non-occurrence of some predetermined event such as, for example, holding the securities for a market rise, or for sale if the market does not rise, or for a fixed or determinable period in the future.
2. The Shares must be held by the undersigned indefinitely unless they are subsequently registered under the Act or an exemption from registration is available. Any routine sales of these securities made in reliance upon the exemption afforded by Rule 144 of the SEC can be made only in limited amounts in accordance with the terms and conditions of that rule, and, in the event this rule is for some reason inapplicable, compliance with Regulations A or S of the SEC or some other disclosure exemption will be required.

3. The undersigned has retained the following person/firm/corporation as its "Purchaser Representative" in respect of its acquisition of the Shares, and hereby certifies that its Purchaser Representative:

- (a) is not an affiliate, director or officer or other employee of Excellon or Excellon Resources U.S.A., Inc., or any 10% shareholder of Excellon;
- (b) has such knowledge and experience in financial and business matters that it is capable of evaluating the merits and risks of the prospective investment in Excellon; and
- (c) has disclosed to the undersigned any material relationships between itself or its affiliates and Excellon and its affiliates that exists, that is mutually contemplated to exist or that has existed at any time in the past 2 years, and any compensation received or to be received as a result of such relationships.

MEMORANDUM OF ACQUISITION AGREEMENT

NOTICE IS HEREBY GIVEN that pursuant to that certain agreement entitled "Tombstone Property Acquisition Agreement (Block No. 4)" (the "Agreement") dated for reference and effective the 24th day of February, 1993 (the "effective date") by and among JABA, Inc., an Arizona corporation ("JABA"), Charlou Corporation, an Arizona Corporation ("CHARLOU") (JABA and CHARLOU being sometimes collectively hereinafter referred to as the "Vendors"), Excellon Resources U.S.A., Inc., an Arizona corporation ("Excellon U.S.") and Excellon Resources Inc., a British Columbia, Canada corporation ("Excellon"), Vendors agreed to sell, assign and transfer all of their rights in and to those certain unpatented lode mining claims situated in the Tombstone Mining District, Cochise County, State of Arizona and more particularly described on Schedule "A" attached hereto and by this reference made a part hereof (the "Property") and that by a quitclaim deed made the _____ day of _____, 1993 between Vendors and Excellon U.S., have granted, released and forever quitclaimed unto Excellon U.S. all of their right, title and interest in and to the Property, subject to reservation of a Royalty as hereinafter set forth.

This memorandum is executed for the purpose of affording notice of the existence of the Agreement and the terms and provisions thereof, which terms and provisions are incorporated herein by reference for all purposes. This memorandum is not intended to alter or vary the terms of the Agreement. All capitalized words in this memorandum have the same meaning as assigned to them in the Agreement. Some of the terms and provisions of the Agreement are hereby summarized as follows:

I. Pursuant to the Agreement, for TEN (\$10.00) DOLLARS and other valuable consideration, Vendors have sold, assigned and transferred to Excellon U.S. all of their right, title and interest in and to the Property subject to the reservation to each JABA and CHARLOU of a Royalty equal to one and one-quarter (1-1/4%) percent of Net Smelter Revenue from Mineral Products produced from the Property calculated and paid in accordance with Schedule "B" to the Agreement.

II. Excellon U.S. has, and each of JABA and CHARLOU has given and granted to Excellon U.S., the NSR Option to purchase from one or both JABA and CHARLOU, at any time within 21 years after February 24, 1993, all of its right, title and interest of each JABA and/or CHARLOU in and to two-fifths (2/5ths) of the one and one-fourth (1-1/4%) percent Royalty reserved by each JABA and CHARLOU for an adjusted total consideration as set forth in subsection 4.1 of the Agreement. The purchase price is subject to adjustment in accordance with changes in the Consumer Price Index published by the U.S. Bureau of Labor Statistics. Upon the exercise of the NSR Option, the Royalty reserved by and payable to either one or both JABA and CHARLOU will be reduced to three-quarters (3/4%) percent. Excellon U.S. may exercise the NSR Option with respect to one or both of JABA and CHARLOU (provided that the exercise by Excellon U.S. of the NSR Option in respect of either JABA or CHARLOU shall not obligate it to exercise the NSR Option in respect of the other).

III. If, at any time after [Closing Date], Excellon U.S. determines that it does not wish to retain any one or more of the parcels, tracts or claims comprising the Property, then Excellon U.S. may surrender or abandon such parcels, tracts or claims upon at least ninety (90) days prior notice to the Vendors. The Vendors, or either of them, will have fifteen (15) days after receipt of such notice to advise Excellon U.S. that they or it wishes to acquire one or more of such parcels, tracts or claims and, if the Vendors, or either of them, exercises such right, Excellon U.S. will deliver to the Vendors, or either of them, a duly executed quitclaim deed in recordable form quitclaiming in favour of the Vendors, divided as they may in writing direct, without any warranties as to title, all interest of Excellon U.S. in and to such parcels, tracts or claims. In the event of assignment of the Property in part or in its entirety to the Vendors, or either one of them as applicable, Excellon U.S. shall within ninety (90) days after assignment provide the Vendor, or either of them, at their cost, access to and copies of all available technical data and physical samples pertaining to the assigned parcels, claims or tracts.

IV. Excellon U.S. will have the right at any time after [Closing Date], 1993 (but not the obligation) to:

- A. amend or relocate any or all of the unpatented mining claims comprised in the Property, and to locate any fractions existing as of February 24, 1993 or resulting from the location, amendment or relocation of such unpatented mining claims; or
- B. where Excellon U.S. may be required, or finds it appropriate, to abandon certain rights in order to secure additional or ongoing rights to explore and mine the

Property pursuant to any new or amended laws of the United States and/or State of Arizona concerning the acquisition of maintenance of mineral rights on public domain of the United States, to do so.

V. Either Excellon or Excellon U.S. may assign any or all portion of their rights in and to the Property or the Agreement to any party without restriction, provided that no such assignment shall become effective until the transferee has agreed in writing with each of the Vendors to be bound by the provisions of the Agreement.

VI. Neither JABA or CHARLOU shall transfer, convey, assign, mortgage, charge or grant any option in respect of or grant a right to purchase or in any manner transfer or alienate any or all of its interest in the Agreement or the Royalty without the prior written consent of Excellon and Excellon U.S., which consent will not be unreasonably withheld, provided that no change or division in the ownership of or entitlement to the Royalty, however accomplished, shall enlarge the obligations or diminish the rights of either Excellon U.S. or Excellon under the Agreement. In no event will any change or division in the ownership of or entitlement to the Royalty be binding upon either Excellon or Excellon U.S. unless and until:

- A. any transferee or assignee has acknowledged in writing with Excellon U.S. that the interest in the Royalty acquired by them is subject to Excellon U.S.'s NSR Option to purchase a portion thereof; and
- B. thirty (30) days after JABA and/or CHARLOU has given Excellon U.S. a certified copy of the recorded instrument evidencing such change or division.

VII. A copy of the Agreement is on file with counsel for Excellon, whose address is:
