James Doyle Sell Mining Collection

ACCESS STATEMENT

These digitized collections are accessible for purposes of education and research. We have indicated what we know about copyright and rights of privacy, publicity, or trademark. Due to the nature of archival collections, we are not always able to identify this information. We are eager to hear from any rights owners, so that we may obtain accurate information. Upon request, we will remove material from public view while we address a rights issue.

CONSTRAINTS STATEMENT

The Arizona Geological Survey does not claim to control all rights for all materials in its collection. These rights include, but are not limited to: copyright, privacy rights, and cultural protection rights. The User hereby assumes all responsibility for obtaining any rights to use the material in excess of "fair use."

The Survey makes no intellectual property claims to the products created by individual authors in the manuscript collections, except when the author deeded those rights to the Survey or when those authors were employed by the State of Arizona and created intellectual products as a function of their official duties. The Survey does maintain property rights to the physical and digital representations of the works.

QUALITY STATEMENT

The Arizona Geological Survey is not responsible for the accuracy of the records, information, or opinions that may be contained in the files. The Survey collects, catalogs, and archives data on mineral properties regardless of its views of the veracity or accuracy of those data.

Monthly Report
February 1991

General Exploration

Reconnaissance sampling of Kelvin/Wilkins property, Pinal County, Arizona, for Au and Ag. 4 days

Build rack to hold barrels filled with pulps at warehouse. 1 day

Dixie Project, Yuma County, Arizona - EA-0472

Located proposed drill site locations, staked them and found best road to them. Arranged for BLM field representative to approve road construction. Got drill bids for work to be done. Did some mapping and staked claims with Bill Gay. 8 days

Superior East Project, Pinal County, Arizona - EA-0010

Drilling continuing on hole A-16 (location plotted on November's monthly report). Hole is at approximate depth of 4700' as of February 28, 1991. I have picked up the core, hauled it to Tucson where it was logged, split, assayed and skeletonized. 6 days

	<u>Field Days</u>	<u>Office Days</u>	<u>Expense Acct.</u>	<u>Vehicle Exp.</u>
February	11	8	\$305.87	\$451.00
YTD	24	18	\$407.33	\$851.00
